ESTIMATED ANNUAL CONTRACT VALUE....$10,000.00

Authorized Signature

SECTION 4 Specific Contractual Terms & Conditions

4.1 Contract Value

The estimated annual value of this contract is approximately $10,000.00. King County will not be limited, restricted or bound by this dollar value, nor shall the County be obligated to purchase any items contained in this ITB.

4.2 Contract Term

The term of this Contract will be five (5) years, subject to the termination clauses contained herein. King County reserves the right to extend the term if determined to be in the best interest of the County.

Contracts or purchase orders will be issued by the County. Contract amendments or change orders issued by the County may reflect modification(s) of contract terms, funding or other matters.

King County reserves the right to purchase the goods or services described herein from other sources. The Contractor does not have the exclusive right to fill all of the County's requirements for the goods or services awarded nor will the County be obligated to purchase the estimated annual quantity, or any quantity contained in this Contract.

4.3 Contract Administrative Fee

This contract is subject to an Administrative Fee (Fee), of 1% (.01), when used by political subdivisions outside of King County's Departments, Divisions, or Agencies. The Fee shall be based on total sales made to each governmental entity, less sales/use tax, freight and any credit(s), (if applicable), in accordance contract terms and conditions. The Fee shall be paid by the contractor, payable and remitted to King County Procurement and Contract Services Section on July 31st and January 31st of each year and cover sales for the first and second half of the calendar year respectively. Fees submitted shall reference its respective contract number and include a sales report for the payment period showing the total sales to each governmental entity, excluding King County. The contractor shall not invoice the Fee to any contract user as an item on a sales invoice or by any other means.

4.4 Price Revisions

Prices shall remain firm for the duration of the Contract period. The Contractor may request price changes, in writing, after the initial year of the contract. Price revisions shall be tied to the Consumer Price Index for the Seattle-Tacoma-Bremerton area, for the prior twelve (12) month period in which the request is made. The Contractor shall provide documentation satisfactory to King County for increases in excess of this index. In no instance shall the Contractor submit a request for a price increase more than once per contract year.

King County will evaluate this information to determine if revising the pricing is considered fair and reasonable to the satisfaction of King County. Requests for any such change shall be made in writing to the Buyer in the Procurement Services Section office. A written change order issued by the County will institute the price adjustment, provide the new prices and establish the effective date for the new prices.

The Contractor shall endeavor to give the King County Procurement Services Section thirty (30) days but not less than fourteen (14) days written notice prior to the effective date of the

price increase. The County may cancel the contract if the price increase request is not approved.

All price reductions at the manufacturer's or distributor's level shall be reflected in a reduction of the contract price(s) to King County retroactive to the effective date of the price reductions.

4.5 Shipping Charges

All prices shall include freight FOB to the designated delivery point. The County will reject requests for additional compensation for freight charges.

4.6 Packing Slips

Each delivery to the County shall have a packing slip enclosed that identifies the requester, purchase order number, part number, unit price and quantity of each part shipped. If the delivery is a partial shipment, indicate on the packing slip that it is not a complete shipment of that order and identify the items not shipped and provide a projected completion date of the order.

If the delivery combines items from more than one purchase order, separate packing slips shall be included in the shipment for each.

4.7 Use Report

The Contractor shall, if requested, submit to the Buyer a report of sales made to King County under this Contract. The report, in a format acceptable to King County, shall identify the detail required by the Buyer, which may include but is not limited to, delivery location, the item description, whether it's a Contract or non-Contract item, quantity, price and discount.

4.8 Warranty

The Contractor warrants that the work performed under this Contract shall be free from defects in material and workmanship, and shall conform to all requirements of this Contract, for a period of at least twelve (12) months from date of acceptance of such work by the County. Any work corrected shall be subject to this subsection to the same extent as the work initially provided.

The bidder shall provide, upon request by the County, their standard warranty. King County may avail itself of the bidder or manufacturer's standard warranty if more beneficial to the County.

Conducting of tests or inspections, acceptance, or the processing of payment(s) by the County shall not constitute a waiver of any rights under this Contract or in law. The termination of this Contract shall in no way relieve the Contractor from its warranty responsibility.

The Contractor shall ensure that the warranty requirements of this Contract are enforceable through and against the Contractor's suppliers, vendors, distributors and Subcontractors. The Contractor shall cooperate with the County in facilitating warranty related work by such suppliers, vendors, distributors and Subcontractors.

Contractor warrants that the Services shall in all material respects conform to the requirements of this Contract. Contractor warrants that qualified professional personnel with in-depth knowledge shall perform the Services in a timely and professional manner; and that the Services shall conform to the standards generally observed in the industry for similar Services.

Contractor warrants that the Services shall be in compliance with all applicable laws, rules and regulations.

4.9 Warranty Remedies

Whenever possible, the contractor shall provide "on the spot" settlement of warranty claims or disputes, and authorize local representatives to act on the equipment manufacturer's behalf.

If at any time during the twelve (12) month period immediately following acceptance of any work covered by this Contract, Contractor or the County discovers one or more material defects or errors in the work or any other aspect in which the work materially fails to meet the provisions of the warranty requirements herein Contractor shall, at its own expense and within thirty (30) days of notification of the defect by the County, correct the defect, error or nonconformity.

The County shall give written notice of any defect to the Contractor. If the Contractor has not corrected defect within thirty (30) days after receiving the written notice, the County, in its sole discretion, may correct the defect itself. In the case of an emergency where the County believes delay could cause serious injury, loss or damage, the County may waive the written notice and correct the defect. In either case the County shall charge-back the cost for such warranty repair to the Contractor.

The Contractor is responsible for all costs of repair or replacement in order to restore the work to the applicable Contract requirements, including shipping charges, for work found defective within the warranty period, regardless of who actually corrects the defect.

4.10 Compliance with Section 504 of the Rehabilitation Act of 1973, as amended (Section 504) and the American with Disabilities Act of 1990 as amended (ADA)

Pursuant to Title II of the ADA, and Section 504, King County must not discriminate against people with disabilities in providing services, programs or activities even if those services, programs or activities are carried out by contractors. The Contractor agrees that it shall provide all programs, services, and activities to County employees or members of the public under this Contract in the same manner as King County is obligated to under Title II of the ADA, and Section 504 and shall not deny participation or the benefits of such services, programs, or activities to people with disabilities on the basis of such disability. Failure to comply with this section shall be a material breach of, and grounds for the immediate termination of, this Contract.

The Contractor agrees to provide to persons with disabilities access to programs, activities and services provided under the Contract or agreement, as required by the disability access laws as defined by KCC 12.16; and:

The Contractor shall not discriminate against persons with disabilities in providing the work under the Contract. In any subcontracts for the programs, activities and services under their Contract or agreement with the County, the Contractor shall include the requirement that the subcontract provide to persons with disabilities access to programs, activities and services provided under the Contract or agreement, as required by the disability access laws as defined by KCC 12.16, that the subcontractor shall not discriminate against persons with disabilities in providing the work under the Contract and that the subcontractor shall provide that the County is a third party beneficiary to that required provision.

4.11 Independent Status of Contractor

In the performance of this Contract, the parties shall be acting in their individual, corporate or governmental capacities and not as agents, employees, partners, joint ventures, or associates of one another. The parties intend that an independent contractor relationship shall be created by this Contract. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever. Contractor shall not make any claim of right, privilege or benefit, which would accrue, to an employee under chapter 41.06 RCW or Title 51 RCW.

4.12 Insurance Requirements

Prior to the award of a contract, the Contractor shall obtain and maintain the minimum insurance set forth herein for the duration of this contract for itself and any subcontractor performing work. By requiring such minimum insurance, the County shall not be deemed or construed to have assessed the risks that may be applicable to the Contractor under this Contract. The Contractor shall assess its own risks and, if it deems appropriate and/or prudent, maintain greater limits and/or broader coverage. The Contractor shall maintain limits and scope of insurance no less than:

General Liability: $1,000,000 combined single limit per occurrence for bodily injury, personal injury and property damage, and for those policies with aggregate limits, a $2,000,000 aggregate limit;

Automobile Liability: $1,000,000 combined single limit per accident for bodily injury and property damage;

Workers' Compensation: Statutory requirements of the state of residency;

Employers Liability Stop Gap: $1,000,000

Except for Workers Compensation, the county, its officers, officials, employees and agents are to be covered as additional insureds as respects liability arising out of activities performed by or on behalf of the Contractor in connection with this Contract. Use the above exact language on the Endorsement Form. **The County requires this Endorsement to complete the Contract.**

SECTION 5 Technical Specifications

5.1 General

A. Tires to be recycled come from different sources.

1. The King County (KC) Solid Waste Division (SWD) manages a program to clean up litter and illegal dump sites on public land throughout King County. The County identifies the dump sites, arranges for them to be cleared, and has the tires brought to collection bins at Transfer Stations. The Solid Waste Division also recycles tires from SWD vehicles.
2. King County Roads Services recycles tires from the County's various fleets (except for the bus fleet), as well as tires left along unincorporated King County road right-of-ways. Those tires are collected at the Divisions 1 - 4 locations and KC ER&R.
3. King County parks recycle tires abandoned on parks lands and trails. Due to limited space, Parks has a need to recycle tires through drop-off at the Contractors facility.

B. Acceptable use for tires accepted under the contract shall be:

1. Reused as used or retreaded tires
2. Reprocessed
3. Granulated for incorporation into new products
4. Shredded
5. Used as tire derived fuel (TDF)
6. Rims shall be recycled at a steel/metal recycler.

C. UNDER NO circumstances shall any tire hauled from a county facility or other location be disposed of unlawfully, stored long term on the Contractor's property, or placed in a landfill, unless prior approval by King County.

5.2 Tire Pick-up Locations

A. King County reserves the right to add locations at a later date.

5.3 Contractor Responsibility

A. The Contractor shall coordinate with county staff at each location for pick-up requirements. Some locations require a King County employee be present at each pick up to verify tire count and type picked up for recycling.

B. The Contractor shall provide a receipt for tires picked up or dropped off at the time of pick- up and drop-off.

C. The Contractor shall pick up tires at King County Facilities and yet to be determined locations; when notified by King County staff. The time between notification and tire pick up shall not exceed five (5) working days unless prior written approval by King County. The Contractor shall notify the King County contact manager of the date of pick up.

D. The Contractor shall provide all labor, equipment and vehicles for loading and transportation of tires to the vendor facility.

E. The Contractor shall provide all labor and equipment for the unloading of tires dropped off at the vendor facility.

F. The Contractor shall provide a receipt with each invoice indicating quantity and category of the tires picked up and the number recycled.

5.4 County Responsibility

A. Have personnel available at time and location mutually agreed to by the County and Contractor.

B. The County will notify Contractor when there are at least 100 tires for pickup.

C. The County may elect to deliver tires to the Contractor.

5.5 Contractor Qualification

To be eligible for award the bidders shall:

A. Be an established waste recycler of used tires,

B. Have adequate facilities, personnel and equipment necessary to perform all requirements, terms, and conditions of the contract.

C. Be operating out of a commercial facility that is open and accessible without prior notice, a minimum of eight (8) consecutive hours per day, anytime between 6:00 am and 6:00 pm. Monday through Friday.

D. Have a facility with easy access and adequate space for tire drop-off as well as equipment for unloading.

E. Possess all the required permits, state and local business license(s).

F. Have recycling facility(s) located within 50 miles of the Seattle Core Business District.

The County may at any time during the contract period verify that the Contractor is in compliance with all terms and conditions of the contract.

WASTE TIRE QUALIFICATIONS

Please let us introduce you to Tire Disposal and Recycling, Inc. (TD&R) & Waste Recovery West, Inc. (WRW).

Although TD&R and WRW began doing business on July 1, 1998, their key management has over 30 years experience in regional and national scrap tire recycling. Both companies come together to provide a central focus on proper, legal, and service driven scrap tire collection and recycling programs in four western states.

Business is currently being conducted in Oregon, Washington, and Idaho as Tire Disposal and Recycling, Inc. while business in California & Nevada is operated under Waste Recovery West, Inc. Our waste tire haulers permit number in California is CalRecycle #0937, TPID # 1003974. In Nevada, our power units are permitted and regulated via Nevada State DEP Reg. #019, Washoe County Permit #WM1000035.

TDR has an Oregon DEQ Waste Tire Storage Site / Carrier Combination Permit # 1268, and WRW operates under a Hauler Permit # WTC-1303, dba Bear Creek Resources. Idaho does not require any specific permits to haul or collect tires within the State. However, we permit our vehicles in Oregon, California, and Washington. We meet all financial assurance requirements in these three states. In Washington, our power units are permitted and regulated under both the Washington Utilities and Transportation Commission (WUTC), permit # MC439221, serial # 02-12169-10743 and the Department of Licensing/Department of Ecology as a "Waste Tire Carrier." ID#*******765.

All tires collected are either disposed or recycled in an appropriate manner at one of our facilities, or **facilities licensed to accept such material, as well as others not listed here,** as follows:

1. ❖Tire Disposal and Recycling's recovery and disposal center at Prineville, Oregon, Oregon DEQ permit # 1175

2a. ❖Tire Disposal and Recycling's recovery and processing center at Portland, Oregon DEQ SWLA#A2638 and SWDP#1209

2b. ❖Tire Disposal and Recycling's recovery and processing center at Portland, Oregon Metro Solid Waste Facility #L-022-10 & #NSL-022-04

3 ❖RB Recycling's processing site, Portland, Oregon
