44 PREAMBLE:

45 The existing Board of Health regulations relating to the management of
46 properties contaminated by hazardous chemicals were established in 1989
47 and codified in BOH Title 11, consisting of six chapters. The existing
48 Board of Health regulations relating to local hazardous waste management
49 coordination were established in 1991 and codified in BOH chapter 2.08,
50 consisting of a single chapter. The board determines that existing and
51 future Board of Health legislation relating to hazardous materials
52 management should be codified in a single title of the Board of Health
53 Code to help improve organization of the code by subject matter, and that
54 Title 11 is the most logical and appropriate title for this purpose. To
55 facilitate the codification of regulations on hazardous materials
56 management in BOH Title 11, the board determines that each of the
57 sections of chapter 2.08 on local hazardous waste management
58 coordination and each of the sections of Title 11 on the management of
59 properties contaminated by hazardous chemicals should be recodified as
60 separate chapters in Title 11.

61 BE IT ADOPTED BY THE KING COUNTY BOARD OF HEALTH:

62 SECTION 1. There is hereby established a new chapter in BOH Title 11. The
63 chapter shall contain Section 3 of this rule, BOH 2.08.010, as recodified by this rule,
