International Airport  
Boeing Field

## ***BFI AIRPORT ADVISORY***

**DATE:** February 26, 2016

**TO:** King County International Airport Tenants  
Distributed by e-mail

**FROM:** Randall D. Berg A.A.E., Airport Director

**SUBJECT:** Boeing Field Letter to Airmen- South Flow  
Westbound VFR Departures

In an effort to mitigate TCAS incidents and improve separation between KSEA arrivals and KBFI departures in a south flow in the Class B airspace, KBFI Air Traffic Control has implemented the following changes.

Effective immediately, when operating in south flow, the Vashon Departure is NOT AUTHORIZED. Fixed Wing Aircraft requesting the Vashon or west departure shall be issued a **“close in right downwind, east of the river, at or below 800’ until the South Park Bridge, then westbound below SEA Class B airspace.”**

Please direct any questions or concerns regarding these departure procedures to our Air Traffic Control Manager, Kevin Nolan, at [kevin.nolan@faa.gov](mailto:kevin.nolan@faa.gov).

The continued commitment to aviation safety by our pilot community is appreciated.
