## When are children eligible?

- For medical, dental and vision coverage, your child is eligible until age 26 if he/she does not have access to medical coverage through an employer-sponsored health plan other than a parent's plan. For supplemental life and supplemental accidental death and dismemberment (AD&D) insurance, your child is eligible until age 25 if he/she is unmarried and dependent on you for more than 50% support and maintenance, according to IRS regulations.
- "Children" or "child" means:
  - biological children;
  - adopted children, or children legally placed with you for adoption or for whom you assume total or partial legal obligation for support in anticipation of adoption;
  - stepchildren; and
  - legally designated wards, who include legally placed foster children, children placed with you as legal guardian or children named in a Qualified Medical Child Support Order (QMCSO) as defined under federal law and authorized by the plan;
- a disabled adult child age 26 or older may continue on your benefits if the child:
  - was incapacitated and covered under your benefits before age 26;
  - continues to be incapacitated due to a developmental or physical disability;
  - is incapable of self-sustaining employment; and
  - is dependent on you for more than 50% support and maintenance.
