

MWPAAC Web site Update

Nov. 26, 2008

Jamie Foulk and Valerie Garza, WTD Staff

In 2007, King County acquired a new web address, "kingcounty.gov", and set a plan in motion to move all web content on "metrokc.gov" to this new address by end of 2008. The "metrokc.gov" address will go offline in 2009 (this was part of the agreement to acquire the new address).

Schedule: the WTD agency and MWPAAC Web sites will move to "kingcounty.gov" in mid December, 2008. An announcement will be issued to the MWPAAC agencies and we encourage you to pass this along to your customers.

MWPAAC Web site

Existing URL: <http://dnr.metrokc.gov/wtd/mwpaac/home.htm>

New URL: <http://www.kingcounty.gov/environment/wastewater/MWPAAC.aspx>

WTD agency (there will be a prominent link to MWPAAC on our home page)

Existing URL: <http://dnr.metrokc.gov/wtd/>

New URL: <http://www.kingcounty.gov/environment/wtd.aspx>

"Short cut" URL: <http://www.kingcounty.gov/wtd> will redirect you to WTD home page

Engineering & Planning Subcommittee Meetings

The Engineering and Planning Subcommittee meets on the first and third Wednesday of each month at King Street Center. Below is a listing of the presentations with meeting notes and speakers' information from the past Engineering & Planning Subcommittee meetings. Please see our [Schedule](#) page for information on the upcoming meeting. To find out where a meeting is located please see the [Locations & Directions](#) page.

The Engineering & Planning Subcommittee makes recommendations to WTD on scope of comprehensive system planning efforts such as the Regional Wastewater Services Plan, WTD policies, and future amendments thereto. The subcommittee also reviews implementation plans such as operational master plan updates, asset management plans and conveyance system improvement updates.

Past presentations are available in Adobe [Portable Document Format](#) (PDF).

Meeting	Presentations
Nov. 5, 2008 -- Agenda , E&P Subcommittee	<p>Handouts for use in the discussion on the existing King County reclaimed water program</p> <ul style="list-style-type: none"> -- Summary of Reclaimed Water Production Costs and Customer Charges. -- Rates for Existing or Under Contract Reclaimed Water Customers. -- Assessment of Water Resources that Might Benefit from Augmentation, Development of Preliminary Environmental Information for the Reclaimed Water Comprehensive Plan <p>-- Also view agenda and hand outs from the Reclaimed Water Comprehensive Plan Workshop held Oct. 30, 2008</p> <p>Handout for use in the discussion on the research results from the UW research on application of reclaimed water to turf grass</p> <ul style="list-style-type: none"> -- Fate of Personal Care Products and Pharmaceuticals and Growth
