

The King County Wastewater Treatment Division has completed the cured-in-place pipe lining repair of the Lakehills Interceptor sewer main. The county's contractors have recently begun to dismantle the sewage bypass system. All bypass pumps and pipes should be removed from the work site by the second week of March. The contractors will be finishing replacement of manholes and then begin the street and sidewalk restoration work on Bellevue-Redmond Road and 140th Ave NE. This work is expected to last 2-3 weeks.

Hours of Construction:

- Some weekends: 9:00 a.m.-6:00 p.m.
 - **Saturday, March 7, 7:00am – 5:00pm**, replacement of manholes on Bellevue-Redmond Rd and 140th NE
- Monday through Friday: 7:00 a.m.-4:00 p.m.
 - **March 9 – March 20**, Street, curb, and driveway restoration

What to Expect:

- Traffic revisions/congestion
 - Street and sidewalk repair along and across Bellevue-Redmond Road
 - Westbound curb lane of Bellevue-Redmond Road to be closed between Northeast 20th Place and 134th Avenue Northeast
 - Sidewalk closed: north side of Bellevue-Redmond Road from 134th Avenue Northeast to 143rd Avenue Northeast (bus stop just west of 140th Avenue Northeast to remain accessible)
- Construction activity/equipment
 - Demobilization of sewage by-pass pumps and pipes
 - Trucks
 - Backhoe
- Noise
 - Construction equipment and activities
- Bus Rte. #233 revisions
 - Westbound bus stop at Highland Community Center will be relocated to approximately 100 feet east of Northeast 20th Place for the project duration.

King County is committed to being a good neighbor during construction. The project team will continue to work with community members to minimize disruptions to the daily lives of those living and working near the construction zone. **A project construction information hotline has been set-up to answer any questions or concerns, (206) 205-3884**
