**AMENDMENT TO THE KING COUNTY COUNTYWIDE PLANNING  
POLICES FINAL DRAFT, DATED JUNE 15, 2011.**

*In Chapter Environment on page 14 amend Policy EN-17, as follows:*

**EN-17** Establish a countywide greenhouse gas reduction target that meets or exceeds the statewide reduction requirement that is stated as the 2050 goal of a 50 percent reduction below 1990 levels.

**Effect:** The proposed amendment reinstates the language in the public review draft. It sets a countywide goal that is tied to the state goal. Cities are more likely to collaborate on the effort if it is seen as achievable and not getting out in front of the state.
