2.10.010 Purpose. King County shall develop an effective performance management and accountability system designed to enhance government accountability, transparency, service performance and resource allocation. The performance management and accountability system shall be comprised of strategic and business planning at countywide, system, department and agency levels that effectively uses performance measurement to support continuous organizational evaluation and improvement. There is consensus among county leadership that the performance management and accountability system effectively aligns collaborative efforts towards common county goals while respecting the needs of individual agencies to pursue organizational goals, and separately elected officials' obligation to deliver on their commitments to the public.

A. The purpose of creating and implementing a countywide performance management and accountability system shall be to promote a culture of accountability within King County government and will:

1. Engage the public in the development of countywide priorities as part of the development of a countywide strategic plan;
2. Demonstrate to the public and its decision makers the county's achievement in meeting its prioritized goals;
3. Increase the ability of county managers and staff to improve county management and customer service delivery and assess program effectiveness; and
4. Assist county elected leaders in making policy and budget decisions.

In order for the performance management and accountability system to be successful it is the intent of King County that the system shall use strategic business planning to develop high-level strategic plans for the entire county government and for each individual county agency, executive department and office that are directly related to the executive proposed county budget. The office of performance, strategy and budget will provide leadership in and coordination of countywide performance management and measurement. It is the intent that the countywide performance management and accountability system be developed and implemented in a fiscally responsible manner.

B. The King County performance management and accountability system should be guided by the following guiding principles:

1. The public and elected leaders are engaged to develop countywide prioritized goals and align services to those goals;
2. King County publicly reports on how well it is meeting its performance goals;
3. Performance measures are directly linked to policy and resource allocation decisions;
4. Performance measurement is used by managers for strategic planning, program evaluation, operational improvements and budgeting; and
5. Performance measures are not to be used in a punitive manner but are used to support continuous organizational evaluation and improvement in collaboration with the workforce. (Ord. 16960 § 2, 2010: Ord. 16308 § 2, 2008: Ord. 16202 § 1, 2008: Ord. 11980 § 3, 1995).

2.10.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise:

A. "Accountability" means a process to set priorities, measure performance, and inspire the workforce to improve the overall performance and customer service of county government. County leadership should relentlessly follow up on commitments made in strategic and business plans and should also regularly monitor results over time to verify that change is real and sustainable.

B. "Agency" means the legislative branch, prosecuting attorney's office, superior court, district court, sheriff's office, the assessor's office and the office of economic and financial analysis.

C. "Benchmarks" means internal or external points of comparison to help understand performance results and should be used to help set targets and provide context for county results.

D. "Business plan" means a plan that reflects how individual agencies, departments, divisions or offices will contribute to achievement of the goals identified in the strategic plan during the next one to two years. The business plan provides an opportunity for continuous monitoring of the strategic plan. In addition to stating the agency's vision, mission and goals, the business plans shall identify internal and external change dynamics and strategies and evaluate how they will affect budget priorities and program direction. Business plans should be aligned with the budget and should provide performance measures that support budget decisions.

E. "Executive branch departments and offices" means all county departments and offices directly reporting to the county executive.

F. "Goals" means the results that the organization plans to achieve within a defined period of time.

G. "King County" or "countywide" means all county agencies and executive branch departments and offices.

H. "Mission statement" means the purpose of the organization. The purpose shall be described in terms of the outcomes or results the organization intends to achieve.

I. "Objectives" means the identification of some of the specific ways in which goals are to be achieved.

An operational master plan builds on an organization's strategic plan and shall include analysis of agency strategies, alternatives and their lifecycle costs to accomplish defined goals and objectives, performance measures, projected workload, needed resources, implementation schedules and general cost estimates. The operational master plan shall also address how the organization will respond in the future to changed conditions. K.C.C. 4.04.200 requires that an operational master plan is done in conjunction with the director of the office of performance, strategy and budget. The completed operational master plan includes an implementation plan and schedule and feeds into capital planning efforts for an organization.

K. "Outcomes" means results that are expected to be achieved and assessed by the use of performance measures that can indicate a rate of change over time. They measure the extent to which goals and objectives have been achieved.

L. "Performance management" means the systemic use of performance measurement information to help set performance goals, allocate and prioritize resources, inform decision making about program performance, policy and budget, to evaluate results achieved and to report on the success of meeting goals.

O. "Strategic plan" means a plan that clarifies the strategic direction on where an organization will be in five years and how it intends to get there. A strategic plan should define the current status of the organization, including its vision, mission and goals. It should also identify strengths, weaknesses, opportunities and challenges, both internal and external, that will either advance or impede the execution of the plan. A strategic plan should include prioritized strategies and actions that describe how goals will be achieved given the projected opportunities and challenges. The strategic plan should also include a monitoring plan that describes, tracks and evaluates key outcomes to be achieved and high-level performance measures relevant to the stated goals.

P. "Targets" means a quantified statement of what level of performance a program or agency plans to achieve. Targets help to evaluate performance and should be based on baseline data, regulatory or industry standards, policy decisions, program evaluation, or the performance of comparable organizations or benchmarks.

Q. "Vision" means the vision statement that describes what the agency, department, office or program would like to achieve by delivering on the stated mission. The vision should be stable and can be very long-term and difficult to achieve. The vision shall be specific to the mission of the organization. (Ord. 16948 § 1, 2010).

2.10.210 Fair and just principle - definitions. The definitions in this section apply throughout K.C.C. 2.10.200, 2.10.210, 2.10.220 and 2.10.230 unless the context clearly requires otherwise.

"Equity and social justice foundational practices" means those practices that can increase the county's influence on access to the determinants of equity when applied to the county's actions in: siting and delivery of services; policy development and decision making; education and communication within county government; and community engagement and partnerships. Equity and social justice foundational practices are goals for all governmental actions; across countywide strategic plan goals, objectives and strategies; and across agencies, programs and services. The equity and social justice foundational practices are efforts that enable King County government to:

1. Raise and sustain the visibility of the countywide strategic plan's "fair and just" principle and equity and social justice values, policies and foundational practices;

2. Increase focus on the determinants of equity in order to make progress in the elimination of the root cause of inequities;

F. "Fair and just" means the county serves all residents by promoting fairness and opportunity and eliminating inequities through actions to which equity and social justice foundational practices are applied.

G. "Inequity" means differences in well-being that disadvantage one individual or group in favor of another. These differences are systematic, patterned and unfair and can be changed. Inequities are not random; they are caused by past and current decisions, systems of power and privilege, policies and the implementation of those policies.

H. "Social justice" means all aspects of justice, including legal, political and economic, and requires the fair distribution of public goods, institutional resources and life opportunities for all people. (Ord. 16948 § 2, 2010).

(Ord. 16948 § 3, 2010).

2.10.230 Fair and just principle - intent - not basis of private right of action. It is the intent of the council that K.C.C. 2.10.200, 2.10.210, 2.10.220 and 2.10.230 is a general statement of county policy that cannot form the basis of a private right of action. (Ord. 16948 § 4, 2010).

D. This section shall not apply to infrequent provision of non-statutorily required reports if the collection of service fees is determined by a department to be cost ineffective. (Ord. 8068, 1987).

2.12.170 Enhanced program for preserving, copying, maintaining and indexing documents - fee.

A. There is established within the records and licensing services division an enhanced program for preserving, copying, maintaining and indexing documents officially recorded and filed with the county that require preservation in the public interest against age and environmental degradation before they are irreparably damaged. The program shall take advantage of the latest technology for records preservation to include, but not limited to, photomicrographic and computerized electronic digital storage methods.

B. To support the program, the manager of the records and licensing services division shall collect the fee authorized under RCW 36.22.170 for each document recorded in the recorder's office, which shall be in addition to any other authorized fee or charge. The fee shall be used for only those purposes outlined by state law as amended, that is, to provide for the installation and maintenance of an improved system for copying, preserving and indexing documents recorded in King County and for the preservation of those records deemed archival. (Ord. 16679 § 15, 2009; Ord. 15971 § 32, 2007; Ord. 9168 § 2, 1989).

2. Those statements of policy and interpretations of policy, statute and the constitution which have been adopted by the agency;
3. Administrative staff manuals and instructions to staff that affect a member of the public;
4. Planning policies and goals and interim and final planning decisions;
5. Factual staff reports and studies, factual consultant's reports and studies, scientific reports and studies, and any other factual information derived from tests, studies reports or surveys, whether conducted by public employees or others; and
6. Correspondence, and materials referred to in the correspondence either prepared or received by the agency relating to any regulatory, supervisory or enforcement responsibilities of the agency, in which the agency determines, or opines upon, or is asked to determine or opine upon, the rights of the state, the public, a subdivision of state government or any private party.

B. An agency need not maintain such an index if to do so would be unduly burdensome, but it shall in that event:

1. Issue and publish a formal order specifying the reasons why and the extent to which compliance would unduly burden or interfere with agency operations; and
2. Make available for public inspection and copying all indexes maintained for agency use.

C. An agency's record retention schedule approved in accordance with chapter 40.14 RCW may serve as an index for the purposes of this section. (Ord. 14266 § 6, 2001; Ord. 2165 § 4, 1974. Formerly K.C.C. 2.98.040).

2.12.210 Public records - rules adopted - clarification by agencies - King County as political subdivision.

A. The county adopts the rules on records in K.C.C. 2.12.220, 2.12.230, 2.12.240, 2.12.250, 2.12.260, 2.12.270 and 2.12.280, which are based on chapter 44-14 WAC. However, chapter 44-14 WAC and its comments are not adopted.

B. These rules may also be further clarified and implemented by each agency to the extent that the clarifications do not conflict with state law.

C. King County is a political subdivision of the state of Washington and is a home rule charter county composed of multiple agencies. (Ord. 16679 § 18, 2009).

2.12.220 Public records - authority and purpose.

A. RCW 42.56.070(1) requires each agency to make available for inspection and copying nonexempt "public records" in accordance with published rules. Chapter 42.56 RCW defines "public record" to include any "writing containing information relating to the conduct of government or the performance of any governmental or proprietary function prepared, owned, used, or retained" by the agency.

B. The purpose of this chapter is to establish the procedures the county will follow in order to provide full access to public records that are not exempt from disclosure under applicable law. This chapter provides information to persons wishing to request access to public records of the county and establish processes for both requestors and county staff that are designed to best assist members of the public in obtaining such access.

C. The purpose of chapter 42.56 RCW is to provide the public full access to records concerning the conduct of government that are not exempt from disclosure under applicable law, mindful of individuals' privacy rights and the desirability of the efficient administration of government. Chapter 42.56 RCW and this chapter will be interpreted in favor of disclosure. In carrying out its responsibilities under chapter 42.56 RCW, the county will be guided by the provisions of the act describing its purposes and interpretation. (Ord. 16679 § 19, 2009).

2.12.230 Public records - public records officer - contact information - requests to each agency - assistance - education and training - minimize interference and disruption.

A. Each agency shall appoint a public records officer and shall identify the officer in a way reasonably calculated to provide notice to the public, including posting, at the agency's public service counters, if any, and on its website, the officer's name, office address, telephone number, fax number and email address. Each agency shall include on its website home page a link to the web page on which the agency provides this contact information and instructions on how to make a public records request.

B. Any person wishing to request access to public records of an agency, or seeking assistance in making such a request, should contact the public records officer of the agency. A request to one agency does not constitute a request to any other agency. A separate request must be made to each agency from which access to public records is requested or assistance in making such a request is sought.

C. The public records officer, or the public records officer's designee, for each agency shall oversee compliance by the agency with chapter 42.56 RCW. The agency shall:

1. Provide the fullest assistance to requestors;
2. Provide education and training within an agency to ensure that public records are protected from damage or disorganization and are promptly produced for inspection and copying upon request to the extent required by law; and
3. Prevent fulfillment of public records requests from causing excessive interference with essential functions of the agency or unreasonably disrupting the operations of the agency. (Ord. 16679 § 20, 2009).

2.12.240 Public Records - availability of public records - hours for inspection - index - organization - requests.

A. Public records are available for inspection and copying during normal business hours of the agency, or department thereof. Original records must be inspected at the offices of the agency, unless the agency provides an alternative.

B. An index of public records of each agency is available through the archives and records management program established under K.C.C. 2.12.035. The index may be accessed online at the archive and records management program's website.

C.1. An agency shall maintain its records in a reasonably organized manner. An agency should take reasonable actions to protect records from damage and disorganization.

2. A requestor shall not take an agency's records from the agency's offices.

3. A variety of records is available on the county website at www.kingcounty.gov. Requestors are encouraged to view the documents available on the website before submitting a records request.

D.1. A person wishing to inspect or copy public records of an agency is encouraged to make the request in writing on the agency's request form, which shall be created and maintained by the agency's public records officer and made available on the agency's website. The agency request form shall:

a. recite that inspection of records is free, provide the per-page charge for standard photocopies and indicate that the requestor may inspect the records, receive a copy of the records or inspect the records first and then select records to copy;

b. prompt the requestor to provide contact information including name, phone number, mailing address and email address if available;

c. prompt the requestor to identify the public records adequately for the public records officer or designee to locate the records; and

- d. prompt the requestor to provide the date and time of day of the request.
- 2. If a request is made orally, unless it is promptly fulfilled, the public records officer shall provide written confirmation of the request to the requestor.
- 3. If the requestor wishes to have copies of the records made instead of simply inspecting them, the requestor should so indicate and make arrangements to pay for copies of the records or a deposit. Charges for copies shall be made in accordance with RCW 42.56.070. (Ord. 16679 § 21, 2009).

2.12.250 Public records - processing requests - general - providing full access - process upon request - notice to affected parties - exempt records - inspection - copies - installments - closing withdrawn or abandoned request - later-discovered documents.

A. Each agency shall provide full access to public records that are not exempt from disclosure under applicable law, protect records from damage or disorganization, prevent excessive interference with other essential functions of the agency, provide fullest assistance to requestors and provide the most-timely possible action on public records requests.

B. The public records officer or designee shall process requests in the order allowing the most requests to be processed in the most efficient manner; in order to process requests as efficiently as possible, smaller requests may be processed before substantially larger requests that were received earlier.

C.1. Within five business days of receipt of the request, the public records officer shall do one or more of the following:

- a. make the records available to the requestor for inspection or copying;
- b. if copies are requested and payment of a deposit for the copies, if any, is made or terms of payment are agreed upon, send the copies to the requestor;
- c. provide to the requestor a reasonable estimate of when records will be available;
- d. if the request is unclear or does not sufficiently identify the requested records, request clarification from the requestor. The clarification may be requested and provided by telephone, in which case the public records officer shall make a written record of the clarification. The public records officer or designee may revise the estimate of when records will be available. If the requestor fails to clarify the request, the agency need not respond to it; or
- e. deny the request and notify the requestor of the denial. Denials of requests shall be accompanied by a written statement of the specific reasons therefor.

2. Additional time required to respond to a request may be based upon the need to clarify the intent of the request, to locate and assemble the information requested, to notify third persons or agencies affected by the request or to determine whether any of the information requested is exempt and that a denial should be made as to all or part of the request.

D. In the event that the requested records contain information that affects other agencies or third persons, the public records officer may, before providing the records, give notice to those persons in accordance with RCW 42.56.540. The notice shall include a copy of the request.

E. Some records are exempt from disclosure, in whole or in part. If the agency believes that a record or any part of a record is exempt from disclosure and should be withheld, the public records officer shall provide to the requestor a writing identifying the record or portion withheld, the specific exemption relied upon and the authority for the exemption, and briefly explaining how the exemption applies to the record or portion withheld, including enough information for a requestor to make a threshold determination of whether the claimed exemption is proper. If only a portion of a record is exempt from disclosure, but the remainder is not exempt, the public records officer shall redact the exempt portions and provide the nonexempt portions.

F.1. The agency shall promptly provide space to inspect public records except when and to the extent that it would cause excessive interference with other essential functions of the agency or unreasonably disrupt agency operations. No member of the public may remove a document from the viewing area or disassemble or alter any document. The requestor shall indicate which documents the requestor wishes the agency to copy.

2. The requestor must claim or review the assembled records within thirty days of the agency's notification to the requestor that the records are available for inspection or copying. The agency shall notify the requestor in writing of this requirement and inform the requestor that the requestor should contact the agency to make arrangements to claim or review the records. If the requestor or a representative of the requestor fails to claim or review the records within the time prescribed in this subsection F.2. or make other arrangements, the agency may close the request. Other public records requests may be processed ahead of a subsequent request by the same person for the same or almost identical records, which may be processed as a new request.

G. After inspection is complete, the public records officer or designee shall make the requested copies or arrange for copying.

H. When the request is for a large number of records, the public records officer or designee shall provide access for inspection and copying in installments, if the public records officer or designee reasonably determines that it would be practical to provide the records in that way. If, within thirty days after notification that the records are available for inspection or copying under subsection C., D. or E. of this section, the requestor fails to inspect the entire set of records or one or more of the installments, as applicable, the public records officer or designee may stop searching for the remaining records and close the request. The requestor shall be notified in writing of this action.

I. When the requestor either withdraws the request or fails to fulfill his or her obligations to inspect the records or pay the deposit or final payment for the requested copies, the public records officer shall close the request and indicate to the requestor that the agency has closed the request.

J. If, after the agency has informed the requestor that the agency has provided all available records, the agency becomes aware of additional responsive documents existing at the time of the request, the agency shall promptly inform the requestor of the additional documents and provide the documents on an expedited basis.

K. If a public records officer or designee responding to a public records request believes that one or more other agencies are likely to have records that are responsive to the request, he or she should, in writing, so inform the requestor and provide the requestor with the name and contact information of the public records officer of each such agency, including the officer's title, office phone number, office address, and email address. The public records officer is not required to review records or otherwise investigate for the purpose of determining whether other agencies are likely to have additional records that are responsive to the request. This subsection is intended to enhance the public's access to public records, not to impose any legal obligation on agencies beyond those imposed by chapter 42.56 RCW. (Ord. 17128 § 1, 2011; Ord. 16679 § 22, 2009).

2.12.260 Public records - processing electronic records - request - provision - customized access.

A. The process for requesting electronic public records is the same as for requesting paper public records.

B. When a requestor requests records in an electronic format, the agency's public records officer shall provide the nonexempt records or portions of those records that are reasonably locatable in an electronic format that is used by the agency and is generally commercially available, or in a format that is reasonably translatable from the format in which the agency keeps the record. Costs for providing electronic records are governed by K.C.C. 2.12.280.B.

C. The agency may provide customized access under RCW 43.105.280 if the record is not reasonably locatable or not reasonably translatable into the format requested. The agency may charge a fee consistent with RCW 43.105.280 for the customized access. (Ord. 16679 § 23, 2009).

2.12.270 Public records - exemptions.

A. The Public Records Act provides that a number of types of documents are exempt from public inspection and copying. In addition, documents are exempt from disclosure if any other statute exempts or prohibits disclosure. Exemptions outside the Public Records Act that restrict the availability of some documents held by the county or its agencies for inspection and copying include, but are not limited to, those set forth for counties and municipalities in the most-recent list of other such statutes posted on the website of the Municipal Research and Services Center of Washington, which is, as of November 1, 2009, www.mrsc.org/Publications/pr06.pdf, Appendix C, and which is incorporated in this chapter by reference.

B. King County and its agencies are prohibited by statute from disclosing lists of individuals for commercial purposes. (Ord. 16679 § 24, 2009).

2.12.280 Public records - fees - payment.

A.1. There is no fee for inspecting public records. A requestor may obtain copies, for which charges shall be made in accordance with RCW 42.56.070 or other applicable law. For certified copies, eight and one-half inches by fourteen inches or smaller, for the first page the fee shall be two dollars, and for each additional page the fee shall be one dollar.

2. Before beginning to make the copies, the public records officer or designee may require a deposit of up to ten percent of the estimated costs of copying all the records selected by the requestor. The public records officer or designee may also require the payment of the remainder of the copying costs before providing all the records, or the payment of the costs of copying an installment before providing that installment. The agency shall not charge sales tax when it makes copies of public records.

B.1. The cost of electronic copies of records shall be the actual cost of the medium used.

2. If the agency incurs a cost of transferring a paper record to electronic form, that cost may be charged.

3. If the agency uses an outside vendor, the vendor's charge to the agency, including applicable sales tax, shall be passed on to the requestor.

C. An agency may also charge actual costs of mailing, including the cost of the shipping container.

D. Payment for the costs under this section may be made to the agency or the agency's designee by cash, check or money order to the agency or its designee.

E. Charges for paper copies of official records shall be in accordance with fees set forth in applicable chapters of the RCW.

F. Charges for copies of material in the archival collection shall follow the guidelines of the Washington state Archives and WAC 434-690-080. (Ord. 16679 § 25, 2009).

2.12.290 Public records - review of denial - petition - process.

A. Any person who objects to the initial denial or partial denial of a public records request may petition in writing to the public records officer for a review of the decision. The petition shall include a copy of or reasonably identify the written statement by the public records officer denying the request.

B. The public records officer shall promptly provide the petition and any other relevant information to the public records officer's supervisor or any other agency official designated by the agency to conduct the review. The reviewing officer shall review the decision and provide the requestor with a response.

C. Any person may obtain court review of the denial of a public records request made in accordance with RCW 42.56.550 at the conclusion of two business days after the initial denial regardless of any internal administrative appeal. (Ord. 16679 § 26, 2009).

2.12.300 Public records - performance reports - lawsuit reports.

A.1.a. No later than April 1 of each year, the public records officer of each county agency shall submit to the county council a report on the agency's performance in responding to public records requests during the preceding calendar year. The report shall include, at a minimum, a listing of all requests that either were closed during the preceding calendar or remained open at the end of the preceding calendar year, including, for each such request:

- (1) the name of the requestor;
- (2) a summary of the request;
- (3) the date the request was received;
- (4) whether the five-day response requirement in K.C.C. 2.12.250.C.1 was met;
- (5) the date the request was closed, if it has been closed; and
- (6) for each closed request for which more than six months elapsed from the date the request was received until the date the request was closed, and for each open request that had been open for more than six months at the end of the preceding calendar year, an explanation of why the request was not closed more promptly.

2. For the purpose of this section, a request is closed if the agency has provided all responsive records, has indicated that there are no responsive records or that all of the responsive records are exempt from disclosure or has provided records and indicated that no additional records will be produced because the remaining records are exempt from disclosure, or if the request is closed pursuant to K.C.C. 2.12.250.F., H. or I.

3. A paper original and an electronic copy of the report shall be filed with the clerk of the council, who shall email the electronic copy to all councilmembers. In the electronic copy of the report, the listing of public records requests shall be in the form of an electronic spreadsheet.

B. On January 15 and July 15 of each year, the county prosecuting attorney shall submit to the county council a report listing all pending lawsuits alleging that the county has violated chapter 42.56 RCW, including the name of the case, the court in which it was filed, the date on which it was filed, the case number, a brief summary of the claims made against the county and the current case status. A. The board of directors of the public facilities district shall consist of seven members, four to be appointed by the executive, subject to confirmation by the council, and three to be appointed by the Governor. No executive appointee shall exercise any of the powers of office until confirmed by the council. The first order of business for the district shall be to execute an interlocal agreement with King County guaranteeing that the district shall make as its first priority avoiding any action which might place the current expense fund or bond rating of King County at unreasonable risk.

B. Reports and agreements to implement project. Recognizing that the council will be asked to issue debt in connection with the financing of the baseball stadium, and must therefore remain fully informed of the planning for and determination of potential costs of the project, the council will require that the public facilities district, the major league baseball team, the executive, and the City of Seattle achieve the following objectives:

1. Provide monthly reports to the council on the status of the public facilities district's decision-making with respect to site selection, project design, mitigation requirements, project costs and budget, and financing recommendations. A decision by the public facilities district concerning the preferred site recommendation for the stadium shall be made by August 1, 1996. The executive and the district shall provide the council with a comprehensive report on the status of these items together with the best possible information then available on costs and financing by December 1, 1996.

2. Execute by March 1, 1996, and prior to any lease negotiations or issuance of any contracts for construction work on the stadium, interlocal agreements between:

a. King County, Seattle, and the public facilities district, that are approved by the council, addressing expedited permit processing, environmental review and other necessary design and construction approvals.

b. King County and the public facilities district, approved by the council, that ensures that King County will be consulted in connection with structuring the financing of the stadium project, as required by EHB 2115 [Chapter 1, Laws of Washington 1995, 3rd Spc Sess.], and that the principles set forth in the county's debt issuance policy (K.C.C. 4.28.020) will be satisfied in structuring that financing. The district shall agree that its first priority shall be avoiding any action which might place the current expense fund or bond rating of King County at unreasonable risk.

C. Land assembly and conveyance. It is the intent of King County to assemble such real property as the district determines to be necessary for the baseball stadium, consistent with applicable state law and the project budget. Property which is necessary for this project that was owned by the county as of October 17, 1995, shall be contributed to the district consistent with state law. Property which is necessary for this purpose that the county acquires on or after October 17, 1995, shall be conveyed to the district by interlocal agreement as a cost to the baseball stadium project and, therefore, subject to the project's budget. The district shall promptly reimburse King County for the cost of such property as well the cost of its acquisition. (Ord. 12000 § 6, 7, 9, 1995).

4. Develop treatment goals and service plans based on mutual respect for the consumer's aspirations and capabilities and the provider's knowledge, skills and assets.
5. Help people with serious mental illness develop personal understanding and control of their symptoms.
6. Pursue activities in the larger community, rather than the clinical setting, to foster full integration in the community;

2.43.015 Adoption and implementation of a recovery plan.

A. The Recovery Plan for Mental Health Services dated August 2004, which is Attachment A to Ordinance 15327*, is adopted as an overall guide and a five-year work program for transforming King County's mental health service system from one based on community support and maintenance to one based on recovery and resilience.

B. The department of community and human services, or its successor, shall complete a detailed recovery system implementation plan. The department shall submit, by June 2007, an ordinance to the council for approval of the plan. The plan shall result from completion of work described in Phase I of the Recovery Plan for Mental Health Services and shall include:

*Available in the clerk of the council's office.

2. Identification and analysis of best practices and promising practices for replication in such areas as outreach and engagement, assessment and case planning, medication and symptom management, housing, employment, peer support, consumer involvement in service planning and provision and collaboration and integration of services with other key systems, including housing and homeless intervention, substance abuse treatment and recovery services, employment and employment training and criminal justice;

3. Assessment of existing services, resources, reimbursement and contract models in light of best practices to identify needed service, resource alignment and modifications to the reimbursement and contracting model. In addition, this assessment shall identify any county, state and federal restrictions that pose obstacles to full implementation of the recovery model;

4. Strategies, goals, action steps and timelines for implementing the identified system changes necessary to achieve a fully recovery-oriented service system;

2.58.010 Findings and declaration of purpose. The council finds that:

A. Currently, many emergency radio communication systems within King County lack the capacity to manage normal daily operations and many others are unable to accommodate any growth in their existing operations. None of the existing systems could manage the additional radio traffic which would occur in the event of a large or widespread disaster. Communication links between jurisdictions are very limited, making coordination of a response to a major emergency difficult or impossible. Existing communication systems are also physically vulnerable to earthquakes or other natural catastrophes. Major dispatch centers currently have no backup facilities and if one of these dispatch centers is destroyed during a major disaster, emergency-911 response in the affected area would be drastically curtailed.

B. The emergency radio communication system (the "System") required by the county to meet its needs and the needs of the jurisdictions within King County and which is authorized to be acquired and installed by this chapter represents recent technological advances which will allow an integrated emergency communications system to be implemented on a county-wide basis. This new radio communication technology will increase communication capacity within each jurisdiction and also allow different governmental agencies throughout King County to communicate directly with each other. This technology should dramatically improve the ability of government agencies throughout King County to respond in a coordinated manner to a major disaster and would enhance the safety of front-line emergency response personnel. The new technology will also provide a highly reliable communications network, better able to withstand damage resulting from an earthquake, as well as backup dispatch communication capacity to be shared by all emergency response agencies within King County.

C. The City of Seattle and several other governmental entities, have commenced acquisition of such systems. These systems include a microwave transmission network, an 800 MHz trunked two-way radio system, and related equipment, materials and services. The City of Seattle prepared its procurement and contracting documents in such a manner as to allow participation in the acquisition and installation of such systems by all other governments in King County that need such systems and that execute agreements with the City of Seattle that enable procurement from the City of Seattle's vendors on the same terms and conditions.

D. In addition to serving the needs of public safety and public disaster management and relief, access to the System may also be made available, as capacity allows, to other public entities and to private entities, provided that such private entities perform emergency response duties.

E. The System, which has been proposed for acquisition and installation, satisfies the above-described criteria and meets the needs of the county and the jurisdictions within King County. The proposed System contemplates an 800 megahertz "trunked" radio communications system, with compatible mobile and portable radios, microwave transmission network, base stations, control stations, two network controllers, one of which will actively control the entire system and the other of which will actively control the entire system and the other of which will act as a fully redundant backup, and other related equipment. The System also will have the capacity to interface with non-800 MHz radio systems of those jurisdictions which are not fully covered by the 800 MHz System.

The components of the proposed System and cost estimates for such components are described in more detail in Exhibit 1* to Ordinance 10464. (Ord. 10464 § 1, (part) 1992).

2.58.020 Definitions. As used in this chapter, the words hereinafter defined have the meaning set forth in this section.

A. Agreement means an interlocal Cooperation Agreement, entered into pursuant to RCW 39.34.

B. Board means the Regional Communications Board established pursuant to Section 2.58.050 of this chapter.

C. Central Allocation means a central fund including contingency, which is identified in Exhibit 1* to Ordinance 10464 and is to be administered by the county in accordance with this chapter.

D. County means the county of King.

E. Eastside Cities means the Eastside Public Safety Communications Agency, a public agency created pursuant to RCW 39.34, initially consisting of the cities of Bellevue, Redmond, Kirkland and Mercer Island.

* Available in the office of the clerk of the council.

F. Legislative Authority means the council and executive of King County.

G. Levy means the levy of regular property taxes in excess of the 106% limitation on levies, for the specific purposes and terms as provided herein and authorized by the qualified electors of King County pursuant to state law.

H. Levy proceeds means the principal amount of funds raised by the levy, any interest earnings thereon and the proceeds of any interim financing authorized following voter approval of the levy.

I. Port of Seattle means the Port of Seattle, a municipal corporation of the state of Washington.

J. Project means all authorized costs and activities relating to the development, acquisition and installation of an emergency radio communication System using levy proceeds as described in this chapter and as subsequently modified as set forth in this chapter. Pursuant to the terms of this chapter, the term also includes non-800 MHz radio equipment and the capacity to interface with the non-800 MHz radio systems of jurisdictions which will not be included fully within the coverage of the 800 MHz System. Pursuant to the terms of this chapter, the term also includes radio communications enhancements for public agencies with responsibility for public safety and disaster management and relief.

K. Subregion(s) or Subregional System Management Group(s) means the county, Seattle, the Port of Seattle, Eastside Cities and Valley Communication Center or their successors or replacements if any of the identified subregions fails to execute an agreement with the county in accordance with this chapter or perform in accordance with the terms and obligations of such agreements, thereby terminating such agreements.

L. Seattle means the City of Seattle.

M. System means an 800 megahertz "trunked" radio communications system with compatible mobile and portable radios, base stations, a microwave transmission network, network controllers and other related equipment.

N. Valley Communications means the Valley Communications Center, a public agency created pursuant to RCW 39.34, initially consisting of the cities of Kent, Tukwila, Auburn and Renton. (Ord. 10464 § 2, 1992).

2.58.030 Eligible expenditures. If approved by the qualified electors of King County, all proceeds of the levy authorized herein shall be used to pay the costs of the project. The primary purpose of the project is to design, acquire and install a fully integrated emergency radio communications network, together with the radio and control station units necessary to provide emergency radio communications access among and to police, fire, emergency medical services, public school districts and public hospitals within King County.

The secondary purpose of the project is to provide, to the extent possible within the constraints of available funding and limited available frequencies, sufficient capacity within the System to serve other public agencies.

The third purpose of the project is to provide for general radio communications enhancements for public agencies with responsibilities for public safety and for disaster management and relief, if funds are available after the primary and secondary purposes of the project have been either: (a) fulfilled; or (b) fulfilled to the extent technically feasible within the constraints of the available 800 MHz frequencies.

Eligible expenditures of levy proceeds shall include: all costs associated with the purchase and installation of radios, other equipment and material, which are part of the project; project planning, engineering, design and management; project systems integration and implementation. Eligible expenditures shall also include payment of any debt issuance and debt service to retire any debt incurred for the project, as well as the funding, refunding, financing or refinancing of debt or the refunding of expenditures already incurred by government agencies within King County to acquire components of the System prior to the availability of levy proceeds. (Ord. 10464 § 4, 1992).

*Available in the office of the clerk of the council.

(King County 12-2010)

2.58.040 Use of the Central Allocation and Project Revisions. It is the intention of the county that the Central Allocation be used to pay the costs identified in Exhibit 1* and such other project costs as are determined by the process set forth herein. The Central Allocation may be allocated or reallocated by county ordinance, but only after the county has asked for a recommendation from the Board, established as described in Section 2.58.050. Levy proceeds allocated to the subregions may be reallocated by county ordinance, but only after the county has asked for a recommendation from the Board and only after a subregion has failed to meet its responsibilities for implementation of the project as specified in this chapter or in an agreement between the county and that subregion. In no case shall the primary purpose of the project, as described in Section 2.58.010, be altered by such reallocation.

If actual project costs are lower than currently estimated, and after the primary and secondary purposes of the project have been fulfilled, the subregions may reallocate such excess levy proceeds to provide public radio communication enhancements, which are compatible with the purposes of the project. (Ord. 10464 § 6, 1992).

2.58.050 Establishment of Regional Communications Board. Upon approval by the electors of King County of the ballot proposition set in this chapter, a Regional Communications Board shall be appointed by the county legislative authority to advise the county regarding the distribution of levy proceeds, project revisions and other matters that affect more than one subregion. Representation on this board shall consist of the following: one member from the county subregion, one member from each other subregion that executes an agreement with the county and one member nominated by public emergency service agencies within King County, which do not have a voting representative on the governing body of any subregion, to represent the interests of such agencies and other public agencies which may use the System. Subregions shall nominate their own representatives. (Ord. 10464 § 7, 1992).

2.58.060 Distribution of Levy Proceeds.

A. Distribution of levy proceeds to subregions shall be in accordance with the subregional fund allocation identified in Ordinance 10464, section 5 and, except as to the county subregion, which is addressed below, pursuant to agreements executed between the county and the subregions, which agreements shall require said subregions, at a minimum, to:

1. Complete implementation, maintain and operate the portions of the System applicable to each subregion in accordance with the design and minimum operation and maintenance standards approved by the Board, and the subregional fund allocation identified in Exhibit 1*. At a minimum, such standards shall require that the System shall be implemented, operated and maintained in such a manner so that no police, fire or emergency medical agency using the system shall suffer a degradation of radio services or coverage as compared to the radio services and coverage which existed prior to the implementation of the System.

2. Make available to each city and fire district listed as part of their respective subregions in Exhibit 2*, levy proceeds for the purchase of 800 MHz radios which are compatible with the System, in the amount of \$3700 per radio multiplied times the number of radios listed in Exhibit 2*, plus as additional three (3) percent of that amount for the purchase of spare radio units.

3. Provide access to the System for police, fire and emergency medical agencies listed as part of their respective subregions in Exhibit 2* and for other public users if sufficient System capacity permits, at rates that do not exceed the costs of maintaining, operating and collecting replacement reserves for that portion of the System which is utilized by such other public users. Such rates shall not discriminate between public users which have voting representatives on the governing body of the subregion charging rates and all other public users.

4. Make microwave capacity obtained as part of the project available to other subregions sufficient to integrate the System. Such access shall be made available at rates that do not exceed a proportionate share of the costs of operating, maintaining and collecting replacement reserves for such microwave systems;

*Attached to Ordinance 10464, available in the office of the clerk of the council.

5. Maintain accounts and records, as may be deemed necessary by the county to ensure proper accounting for all levy proceeds and project funds;

6. Provide right of access to the county at all reasonable times to its facilities and records for inspection, review or audit;

7. Provide the county and the board implementation schedules and progress reports;

8. Place sufficient licensed and reserved but not licensed 800 MHz frequencies held by the subregion or a member jurisdiction into a pool for reallocation to public agencies as part of the Project to fully implement the primary purpose of the project and, to the extent that there exist sufficient frequencies for allocation, the secondary purpose of the Project as described in Section 2.58.030; and

9. Provide for the joint ownership by all subregions of System network controllers.

B. Implementation, operation and maintenance of the project and the System within the county subregion shall be consistent with the provisions described in Section 2.58.010-.020, .030, .050-.070.

1. Levy proceeds shall be made available by the county each city and fire district listed as part of its subregion in Exhibit 2*, with the exception of Fire Districts 10, 27, 38, 45, 49 and 50, for the purchase of 800 MHz radios, which are compatible with the System, in the amount of \$3700 per radio, plus an additional three (3) percent of that amount for the purchase of spare radio units.

2. Because the geography of their territories renders service by the System more difficult, Levy Proceeds shall be made available by the county to Fire Districts 10, 27, 38, 45, 49 and 50, for the purchase of 800 MHz or non-800 MHz radios in the amount of \$3700 per radio multiplied times the number of radios listed in Exhibit 2*, plus an additional three (3) percent of that amount for the purchase of spare radio units, if in their sole discretion, said Fire Districts elect not to use an 800 MHz System within their jurisdictions if; (a) following implementation of the 800 MHz System, said Fire Districts field test 800 MHz radios to evaluate their adequacy; and (b) said Fire Districts set aside a sufficient portion of the levy proceeds they receive from the county and use it to pay for integrating any non-800 MHz system with the regional 800 MHz System. (Ord. 10464 § 8, 1992).

2.58.070 Limitation on Imposition of Levy and Future Support. It is essential to the implementation of the project that sufficient 800 MHz frequencies be made available to support a regional System. The council recognizes that the availability of such frequencies may not be finally determined prior to the authorization of the levy by the electors of King County. Imposition of the levy or any portion thereof and any county obligation to provide any financial support to the project shall be dependent upon a determination by the county legislative authority that sufficient 800 MHz frequencies have been made available to the project to accomplish the project's purposes. The county shall not be obligated to provide funding for the Project or project enhancements beyond the proceeds of the levy authorized in this chapter and imposed by the county legislative authority. (Ord. 10464 § 9, 1992).

2.58.080 Deposit of Proceeds. All funds collected pursuant to the Levy authorized herein shall be deposited into the King County emergency communications fund, which shall be a first tier fund and shall be invested for its own benefit as set forth in K.C.C. 4.10. Such fund is hereby established, subject to approval by the electors of the ballot proposition contained herein. The King County department of information and administrative services shall be the fund manager and exercise the powers specified in K.C.C. 4.08. (Ord. 12075 § 18, 1995).

*Attached to Ordinance 10464, available in the office of the clerk of the council.

When possible, the surveys and ascertainment studies should be done in cooperation with the cable franchisee to reduce costs. Results of all surveys and ascertainment studies shall be transmitted to the executive, the chair of the council, the presiding judges of the superior and district courts and the prosecuting attorney and shall also be available for the public.

F.1. CTV shall cablecast programming provided by government agencies and other production entities, as well as programming produced internally by CTV staff. Other programming or events shall be delayed and cablecast on a tape-delayed basis as long as they do not lose their newsworthiness. CTV programs shall carry a visual disclaimer of "live." This information shall be displayed at appropriate times throughout the program. Should incorrect information be carried over a live event, CTV is not liable for the inaccuracy of the information.

H. CTV shall not be used for the purpose of assisting a campaign for election of any person to any office or for the promotion or opposition to any ballot proposition. 2.68.005 Purpose and intent.

A. The King County council finds that a unified, countywide district court, utilizing existing court facilities as satellites, while at the same time supporting the concept of local filing and handling of cases, would provide for a more equitable and cost-effective system of justice for the citizens of King County. It is the intent of council to establish such a unified district court system.

B. The council has received the districting committee report dated September 28, 1988, which unanimously recommended to the council the concept of a unified single district court. The council finds that the interest and welfare of the public would be best served by a unified single district court. This would provide the best institutional setting for district courts. While recognizing and respecting the constitutional separation of power, the council would encourage the court to continue moving forward, under the administrative authority of a strong presiding judge, to achieve and enhance equity in policies, uniform court rules, forms and administrative procedures, standard personnel classification and procedures, flexibility for judicial assignments in order to balance the workload of the various satellite facilities, and achieve overall cost savings where found appropriate through centralization and consolidation of facilities, personnel and case assignments.

C. While the council recognizes the importance of meeting the needs of all citizens it serves in the region, it also recognizes the need to operate in a cost-effective manner in order to address continuing current expense deficits. The council supports the provision of district court services throughout the county, but also expects that county agencies, including the district court, provides services in the most cost-effective way. As a consequence, the council is amending the county district court plan for 2003 to reduce the number of court divisions and provide for greater flexibility in the court's allocation of resources and facilities.

D. As a result of the 2004-05 planning effort, the councils further reaffirms that it is county policy that to retain for the long term the aspiration to be the court of choice for court of limited jurisdiction in the county, focusing its energy and resources on improving operations and services balancing the needs of citizens, the court, the county and the cities. The council finds that the district court should develop and apply quality service standards and measures for its operations. The council also finds that the county shall:

1. Continue to support problem-solving courts, improving access to problem-solving courts and incorporating problem-solving courts in the district court's planning process;
2. Continue and make explicit the strategy of improving efficiency through unification of governance, administration and planning, centralizing workload where appropriate;
3. Continue to develop and implement technological improvements to support the district court operations in order to increase access to court services and information;
4. Continue to support the district court's function to serve cities through contracts and support flexibility in providing services and facilities for district court customers;
5. Continue to support a unified, countywide district court, using existing facilities, to provide for a more equitable and cost-effective system of justice for the citizens of King County:
 - a. ensuring court facilities promote system efficiencies, quality services and access to justice;
 - b. consolidating district court facilities that exist in the same city;
 - c. reconsidering facilities if there are changes with contracting cities or changes in leases; and
6. Work together with stakeholders to gain cooperation and assistance to meet the needs of the judicial system at the state and local levels. (Ord. 15195 § 2, 2005: Ord. 14374 § 4, 2002: Ord. 8935 § 3, 1989. Formerly K.C.C. 2.68.060).

The powers and duties of the presiding judge shall be those in GR 29 and shall specifically include the power to temporarily reassign judges from one electoral district to another to ensure the expeditious and efficient handling of all cases and equal distribution of the workload among the several judges. (Ord. 15529 § 1, 2006: Ord. 14374 § 1, 2002: Ord. 9282 § 1, 1990).

2.68.020 Division of probation. There is established a division of probation responsible for providing probation services to the King County district courts. The division of probation shall be administered by the district court presiding judge, supervised by a division director and funded in the same manner as the district courts. Existing employees of the corrections division of the department of rehabilitative services who are transferred to the division of probation and who were county career service employees on the effective date of the transfer shall be provided with employment rights at least equivalent to those which they were accorded under the career service system, as established by Article 5 of the King County Charter. Employees of the division of probation who are hired after the effective date of the transfer shall be exempt from the career service, as defined by Section 550 of the King County Charter. 2.84.010 Phased implementation and program description.

A. In an effort to become more competitive on a global scale, King County will implement policy initiatives in several phases to create conditions further developing its economy, while preserving and maintaining a quality environment, through trade expansion (Phase I), infrastructure improvement (Phase II), human resource management (Phase III), utilization of technology (Phase IV); manufacturing growth and retention (Phase V), regulatory reform (Phase VI), and a regional funding strategy (Phase VII).

B. Program description. The county intends to accomplish the purposes of this chapter in partnership with an agency or agencies presently collaborating with both the public and private sectors to promote the trade interest of this region in domestic and international markets. (Ord. 12468 §§ 1, 7, 1996).

2.84.020 Policy. It is the policy of King County as the regional government to provide leadership necessary to provide increased opportunities for international trade and related economic development for the benefit of the people and businesses in smaller cities and unincorporated communities throughout urban and rural areas in the county. This applies particularly to midsize and small businesses, engaged in or desiring to be engaged in international exporting, joint venture partnerships, technology transfer, niche marketing and related local job creation. This initiative addresses two issues related to trade expansion: first, it is concerned with providing greater efficiency, productivity and organizational purpose among the various county-managed trade-related activities; second, the initiative is intended to assist businesses located in the county to access markets in an increasingly complex international economy. The county further intends its expanded trade initiative to be complimentary not duplicative of existing trade and economic development activities in the region. Consistent with this effort, the county intends to continue promotion of reciprocal cultural, professional and trade exchanges, including "sister county" relationships which can help to launch trade and economic development opportunities between newly identified businesses abroad and local companies. It is the policy of the county to measure the accomplishment of purposes of this chapter, in part, by means of public performance criteria by which it will be held accountable. (Ord. 12468 § 5, 1996).

2.84.030 Program management and contracts.

A. The King County International Airport is designated as the advocate and lead agency to implement the county's international trade expansion and related economic goals through management of contracts with the appropriate agencies.

B. Executive authorized to sign contracts. The executive is authorized to negotiate and sign contracts to achieve the purposes of this chapter consistent with K.C.C. 4.16. (Ord. 12468 §§ 6, 11, 1996).

For the purposes of this chapter the term "services" means high technology (biotechnology, research, communications, electronic, computers and software), agricultural and wood products, as well as health services and professional services (financial, legal, accounting, education, business advice and environmental).

B. "International trade" refers to federally defined 'wholesale trade' which includes businesses primarily engaged in selling merchandise to retailers, or to contractors, or to professional business users, or to other wholesalers, or to agents or brokers with chief functions that include re-packaging bulk goods and delivery. For the purposes of this chapter, this definition shall also include exports; marine port and air cargo activity; investment and tourism.

They are designated by the Foreign Trade Zone Board of the U.S. Department of Commerce and operate under the supervision of the U.S. Customs Service. FTZs serve to attract and promote international trade and commerce which allow imported goods to be admitted into a designated FTZ without payment of customs duties or specific government taxes, or without general U.S. quota restrictions which are very limited. (Ord. 12468 § 3, 1996).

2.84.050 Initial goals. The initial goals of the international trade expansion and economic development initiative shall be as follows:

C. Support trade exchanges in conjunction with the "sister county" program, local chambers of commerce local communities;

D. Research local markets (for example, provide local company profiles to verify the stability of potential business ventures abroad);

E. Recommend training for local businesses concerning accessing international markets through local chambers of commerce and use of the King County International Airport for trade development. This could include matching local businesses with businesses in various foreign countries;

C. "Development regulation" means the controls placed on development or land use activities by the county including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances and binding site plan ordinances, together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in an ordinance by the county.

D. "Director" means the director or the director's designee of the King County department with primary responsibility for administering or implementing a particular development regulation.

2.100.030 Requests – acknowledgement – notice.

A. A person may request a code interpretation by submitting a request in accordance with this chapter. The director may also issue a code interpretation on the director's own initiative.

B. A request for a code interpretation must be submitted in writing to the director of the department with primary responsibility administering or implementing the development regulation that is the subject of the request. If the person is uncertain as to the appropriate department to which the code interpretation request should be submitted, the person shall submit the request to the director of the department of development and environmental services, who shall make the determination and forward the request to the appropriate department, and notify the person as to which department is responsible for responding to the request.

C. A code interpretation request must:

1. Be in writing and shall be clearly labeled "Request for Code Interpretation." Failure to satisfy this requirement relieves the director of any obligation to acknowledge or otherwise process the request;

2. Identify the person seeking the code interpretation and provide an address to which correspondence regarding the requested code interpretation should be mailed;

3. Identify the specific section or sections of King County's development regulations for which an interpretation is requested;

4. Identify the parcel or site, if the code interpretation request involves a particular parcel of property or site;

5. Identify the code enforcement action, if the code interpretation request involves a code enforcement case;

6. Be accompanied by the fee required under K.C.C. 2.100.070; and

7. Be limited to a single subject, which may require interpretation of one or more code sections.

D.1. Within fifteen business days after receiving a code interpretation request, the director shall acknowledge receipt of the request. The director shall mail the acknowledgment to the person submitting the request at the address provided in the request. The acknowledgment shall include the following information, as applicable:

a. If the director determines that the code interpretation request does not contain the information required under this section, the director shall identify in the acknowledgment the deficiencies in the code interpretation request. In such a situation, the director is under no obligation to process the code interpretation request until a code interpretation request complying with this chapter is submitted;

b. If the director determines that the code interpretation request is ambiguous or unclear, the director may request that the person making the request to clarify the request. The director is under no obligation to process the code interpretation request until an adequately clarified code interpretation request is submitted;

c. If the director determines that the code interpretation request presents substantially the same issue as is pending before an adjudicatory body, such as the King County hearing examiner, the King County council when acting as a quasi-judicial body, any other quasi-judicial agency or any local, state or federal court, the director shall so state in the acknowledgment. The director is then under no obligation to further process the code interpretation request; and

d. If a code interpretation is requested regarding an issue that the director has previously addressed through a code interpretation, the director is not obligated to issue another code interpretation and shall so state in the acknowledgment required by this section and shall identify the previous code interpretation.

2. If the director determines that the code interpretation request relates to a particular parcel of property, the director shall cause notice of the code interpretation request to be given to the taxpayer of record for the subject parcel.

3. If the code interpretation request relates to a specific development project pending before the county, the director shall cause notice of the code interpretation request to be given to all parties of record for that project, including the applicant.

4. The notice required under this section must include a copy of the code interpretation request and a copy of the director's acknowledgment. Notice required under this section may be by United States mail or other appropriate method of delivery. (Ord. 15605 § 1, 2006: Ord. 14033 § 4, 2001).

2.100.040 Procedure for issuance.

A. A person may submit written analysis and supporting documentation to assist the director in analyzing a code interpretation request.

B. The director may conduct research or investigation as the director deems necessary to resolve the issue presented in the code interpretation request and may refer the request to department staff and other county staff for review and analysis.

C. A code interpretation must be in writing, clearly labeled "Code Interpretation," and describe the basis for the interpretation.

D. The director shall issue a code interpretation within sixty days after receiving the code interpretation request, unless the director determines that based on the unusual nature of the issue additional time is necessary to respond to the request. If the code interpretation request relates to a specific development proposal that is pending before the department of development and environmental services or relates to a code enforcement action that is subject to appeal under K.C.C. chapter 23.36, the code interpretation shall become final when the department of development and environmental service issues its final decision on the underlying development proposal for a type 1 or 2 decision, the department makes its recommendation on a type 3 or 4 decision or, based on the code interpretation, the department issues a notice and order, citation or stop work order under K.C.C. Title 23. If the director determines that a code interpretation request does not relate to a specific development proposal that is currently pending before the county or to a code enforcement action, the code interpretation is final when issued by the director.

E. The director shall maintain a list of indexed code interpretations for public inspection and post the index and code interpretations on a King County web site and transmit a copy of each code interpretation to the clerk of the King County council.

F. The director shall mail copies of the code interpretation to the following:

1. The person who requested the code interpretation;
2. If the director determines that the code interpretation relates to a specific development proposal that is pending before the county, the applicant and all other parties of record for that proposal;
3. If the director determines the code interpretation relates to a specific parcel of property, the taxpayer of record for that parcel; and
4. Any person who has submitted written comments regarding the director's review of the code interpretation request.

G. When it is final, a code interpretation remains in effect until it is rescinded in writing by the director or it is modified or reversed on appeal by the hearing examiner, the King County council or an adjudicatory body.

H. A code interpretation issued by the director governs all staff review and decisions unless withdrawn or modified by the director or modified or reversed on appeal by the King County hearing examiner, King County council, or an adjudicatory body. (Ord. 15605 § 2, 2006: Ord. 14033 § 5, 2001).

2.100.050 Administrative appeals.

A. Except as provided in subsection B. of this section, the director's decision is final.

B. If the director determines that a code interpretation is necessary for review of a specific development proposal that is currently before the department, and the development project is subject to an administrative appeal, any appeal of the code interpretation shall be consolidated with and is subject to the same appeal process as the underlying development project. If the director determines that a code interpretation request relates to a code enforcement action, any appeal of the code interpretation shall be consolidated with and is subject to the same appeal process as the code enforcement action. If the King County hearing examiner makes the county's final decision with regard to the underlying permit, other approval type or code enforcement action regarding which the interpretation was requested, the hearing examiner's decision constitutes the county's final decision on the code interpretation request.
