

# SAVE THE DATE

## Open House: Community Design Study for the Northgate Light Rail Station Area

Thursday, Dec. 8, 2011  
6:00 - 8:30 p.m.

**Aljoja Senior Apartments  
at Thornton Place**

450 NE 100th Street

*Off-street parking available at  
Group Health (south of 100th St.)*

*Come See Our Ideas and Tell Us What You Think...*

Following the public meeting in late July and the online survey, we have drawn up a few options that show future urban design and development possibilities for this area south of the Mall. They include some interesting ideas about creating urban plazas, active and green streetscapes, and a more complete neighborhood district near the light rail station.

Your feedback on the ideas will make a difference in the future planning for:

- Pedestrian and bicycle connections to the station
- Public spaces in the vicinity
- Creating an active neighborhood near the station
- Connecting bus and rail service
- Creating a healthy and sustainable community

We look forward to seeing you at the Open House for the Design Study on Thursday, December 8<sup>th</sup>!
