Ordinance 16984

Proposed No. 2010-0527.3

1 AN ORDINANCE that adopts the 2011 Annual Budget and
2 makes appropriations for the operation of county agencies
3 and departments and capital improvements for the fiscal
4 year beginning January 1, 2011, and ending December 31,
5 2011.

6 PREAMBLE:

7 These tough economic times require individuals, families and
8 governments to tighten their belts and make difficult choices on how to
9 spend money. These realities are the same for King County. The 2011
10 budget reduces expenses and services in every corner of county
11 government. The 2011 budget eliminates more than 300 jobs and
12 implements painful cuts, such as reducing the number of prosecutors and
13 sheriff's deputies, as well as court probation officers, court clerks, juvenile
14 probation officers and court reporters.

15 Additionally, deep reductions to services for at-risk mothers, and early learning
16 and after-school programs provided through the children and family commission
17 were required.

18 Along with these reductions, the council and executive are budgeting for
19 greater efficiency in how the work of the county is accomplished. The

20 2011 budget honors the commitments of those King County employees
21 who voluntarily gave up their cost of living increases. Because of this
22 partnership between the county and our employees, the county was able to
23 save some vital programs and services such as family court, alternatives to
24 incarceration programs and public defense services.

25 Despite these difficult cuts, the council and the executive have not lost
26 sight of their shared duty to protect the county's most vulnerable residents.

27 The council, through this budget, is able to maintain limited support to
28 vital programs that provide services to survivors of domestic violence and
29 sexual assault, as well as reprioritizing funds to maintain the juvenile
30 domestic violence program Step Up.

31 Acknowledging the ongoing nature of this recession, the council is
32 exercising fiscal discipline by not spending the major reserves, including
33 the county's \$31 million cash reserves and the \$15 million rainy day fund.

34 In addition, the council's budget establishes a \$1.5 million criminal justice
35 reserve for emergent public safety needs.

36 The 2011 budget, as adopted by the King County council, addresses our
37 immediate needs, sets careful priorities and limits expenditures. This budget does
38 all it can to preserve our quality of life while preparing for fiscal challenges in the
39 coming years.

40 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

41 SECTION 1. Findings: The council makes the following findings of fact:

42 A. King County government is responsible for providing a variety of services to
43 all residents of the county. These include: regional services, such as criminal justice,
44 public health and wastewater treatment; subregional services through contracts with
45 many suburban cities for police protection, jail services and municipal court services; and
46 local services to unincorporated areas, such as sheriff protection, agriculture, roads,
47 surface water management, local parks and land use regulation.

48 B. Under the King County Charter, the metropolitan King County council sets
49 policy and adopts budgets for the county. The 2011 budget totals \$5.1 billion, of which
50 \$621 million is in the general fund.

51 C. King County faces a projected 2011 general fund revenue shortfall of \$55
52 million. The shortfall is primarily attributable to state law limiting the growth of county
53 property tax collections to one percent annually plus new construction. This rate of
54 growth is insufficient to meet the increasing costs of providing services. The imbalance
55 between increasing costs and decreasing resources results in a structural gap.
56 Compounding this ongoing structural gap is the continuing recession that has depressed
57 revenues from retail sales and real estate taxes. The combined shortfall of these major
58 revenue sources requires King County to significantly reduce services in 2011 and
59 beyond.

60 D. The metropolitan King County council established the service, operational and
61 budget priorities for King County government and its employees through Ordinance
62 16897, which established the King County Strategic Plan 2010 - 2014.

63 E. The council adopted Motion 13202 establishing council priorities. This
64 budget addresses these priorities through the following:

65 1. Trust in Government.

66 **Employee Sacrifices:** More than ninety percent of all King County employees
67 have agreed to forgo their cost of living adjustment (COLA) for 2011. Each of these
68 employees rose to the challenge of doing his or her share to preserve services to the
69 public. They should be commended for their true dedication to "sharing the pain" in this
70 year's budget. Altogether, these actions will preserve \$23.5 million in services across all
71 county agencies for 2011. Of that amount, \$6.2 million of the savings is in the general
72 fund.

73 2. Financial Stewardship.

74 **Efficiencies:** The executive's proposed budget included level of service
75 reductions to address the \$55 million shortfall in the county's general fund with further
76 projected reductions of three percent in 2012 and 2013. Within this adopted budget the
77 legislative branch, similar to other agencies, has taken a 9.5 percent overall reduction to
78 the 2011 proposed status quo budget. This legislative branch reduction was achieved by
79 implementing the first phase of business process redesign and realignment within the
80 legislative branch. This has begun with eliminating vacant positions, reducing
81 administrative expenses and reducing office and facility use charges through space
82 consolidation. This reduction also includes setting a baseline for councilmember offices.
83 To achieve additional three percent reductions over the subsequent two years, the council
84 is committed to further this analytic approach by developing the framework for the 2012
85 and 2013 legislative branch budgets within the first three quarters of 2011.

86 This budget implements a new office of performance, strategy and budget, linking
87 King County government's performance and budget decision making while also reducing
88 expenses through reorganizing two offices into a single management structure.

89 Furthermore, the council recognizes the need to improve the operations of the
90 county's detention facilities. The county will improve operations by better managing the
91 secure detention population and reducing jail costs, while maintaining safe and humane
92 detention facilities.

93 **Facility and Technology Savings:** The council's budget makes further
94 reductions beyond those included in the executive's proposed budget to preserve more
95 direct services to the residents of King County. Nevertheless, the council expects
96 technology services to be provided more efficiently.

97 The council also cut some county construction projects to focus resources on
98 preserving direct services. In other cases, the council recognized projects were necessary,
99 but reduced the funding as much as possible.

100 **Administrative Reductions:** The council thoroughly analyzed countywide
101 administrative overhead costs and identified reductions that will preserve more direct
102 services for King County residents.

103 **Predictability in Permitting:** The council implemented flat-rate fees for most
104 building permits. This will allow for financial predictability when King County residents
105 build or remodel their homes, or make changes to their property.

106 **AAA Bond rating:** The credit rating agencies recently reaffirmed the county's
107 AAA bond rating. Through fiscal restraint, the council has not spent any of the county's
108 \$15 million rainy day fund or any of its six percent cash reserve, which amounts to an

109 additional \$31 million in reserves. These cash reserves prepare the county for unforeseen
110 emergencies and are vital to maintain the county's high credit rating, which saves
111 taxpayers millions of dollars every year.

112 **Solid Waste Management:** This budget recognizes that a transfer station system
113 upgrade is needed and will entail a significant funding obligation. While a rate
114 adjustment to address those costs is anticipated, a rate adjustment was not proposed for
115 2011 in light of ongoing regional and national economic constraints. The budget includes
116 a proviso requiring a rate study and rate proposal by March 30, 2011, which will address
117 the revenue obligation for the transfer station upgrade, as well as fund balance issues,
118 contracted participation terms by cities, comparative rate levels with other major regional
119 solid waste utilities and options for eventual waste disposal.

120 3. Safe, Healthy and Vibrant Communities.

121 **Criminal Justice Reserve:** The council has great concern about the criminal
122 justice agency reductions that were necessary to balance the 2011 budget. Throughout
123 2010, the council heard about many potential and troubling impacts that could result from
124 these reductions. In order to allow the county to be in the best position to quickly
125 respond to the most pressing and emergent criminal justice and public safety needs in
126 2011, the council has set-aside a \$1.5M reserve in this budget.

127 **Public Defense:** The council and defender agencies determined more efficient
128 practices to handle lower-level civil cases. This ensures that the county fulfills its
129 constitutional obligations to provide a public defender for indigent people.

130 **Prosecuting Attorney:** The executive's proposed cuts were mitigated by
131 prosecuting attorney's office staff voluntarily giving up pay increases. Attorney
132 caseloads will increase, making it more difficult to prosecute crimes.

133 **District Court:** The court reduced probation officers by one third. Elimination
134 of these positions means that some offenders will go without probation supervision.

135 **Family Court Operations:** The council worked with the superior court to
136 preserve family court services, which provide mediation, parent coaching and evaluation
137 and child advocacy to troubled families.

138 **Protecting the Vulnerable:** This budget continues to support domestic violence
139 shelters along with legal aid and services for sexual assault survivors. The council has
140 also taken a proactive approach to the growing youth prostitution problem, providing
141 shelter beds that will help take youths off the streets, away from prostitution.

142 **King County Sheriff Office:** This budget restores several positions in the
143 sheriff's office using savings associated with sheriff employees that agreed to forgo their
144 cost of living adjustment increase for 2011. These positions include a fire investigator, a
145 records and evidence specialist and 3 communications operators in the 911 call center.
146 The council generally accepted the sheriff's proposal regarding how and where to make
147 reductions in the 2011 KCSO budget including an associated loss of 28 deputies. This
148 budget does include specific direction from the council that the sheriff prioritize the
149 equivalent of 2 deputy positions for investigation of property crimes.

150 4. Equity and Social Justice.

151 **Ensuring Fairness:** This budget furthers the county's equity and social justice
152 initiative, in accordance with Ordinance 16948, by requiring regional equity in the
153 distribution of cultural and recreational resources and opportunities.

154 SECTION 2. Effect of proviso or expenditure restriction veto. It is hereby
155 declared to be the legislative intent of the council that a veto of any proviso or
156 expenditure restriction that conditions the expenditure of a stated dollar amount or the use
157 of FTE authority upon the performance of a specific action by an agency shall thereby
158 reduce the appropriation authority to that agency by the stated dollar or FTE amount.

159 SECTION 3. The 2011 Annual Budget is hereby adopted and, subject to the
160 provisions hereinafter set forth and the several amounts hereinafter specified or so much
161 thereof as shall be sufficient to accomplish the purposes designated, appropriations are
162 hereby authorized to be distributed for salaries, wages and other expenses of the various
163 agencies and departments of King County, for capital improvements, and for other
164 specified purposes for the fiscal year beginning January 1, 2011, and ending December
165 31, 2011, out of the several funds of the county hereinafter named and set forth in the
166 following sections.

167 SECTION 4. Within the fund appropriations are sums to cover merit pay and
168 labor settlements. The county executive is authorized to distribute the required portions
169 of these funds among the affected positions in each operating fund effective January 1,
170 2011. In the event cost-of-living adjustments are greater than funding provided, all
171 budgets shall be augmented as required from funds available to the county not otherwise
172 appropriated, but only if an ordinance shall be forwarded to the council appropriating the
173 funds by appropriation unit.

SECTION 5. Notwithstanding sections 3 and 4 of this ordinance, sections 120, 121, 122, 123 and 124 of this ordinance take ten days after the executive's approval as provided in the King County Charter.

The executive should collaborate with the Master Builders Association, the department of transportation, the department of natural resources and parks and the department of development and environmental services in preparing this report. 386 report must contain, by year: (1) a tabular list of all community services division and
387 community services operating contracts from 2008 through 2010; (2) the amount of

389 supplemental ordinances by year from 2008 through 2010; (3) the actual amount of
390 funding contracted with each entity by year; (4) any differences between the amount
391 budgeted for each contract, the amount actually contracted, and the amount actually paid
392 on each contract, including all carryover and encumbrance amounts, by year; and (5) an
393 indication of whether and the manner in which the council was informed of any
394 differences between the adopted amounts and the amounts actually paid in each instance
395 where a difference between the budgeted contract and paid contract amount exists. The
396 report should make recommendations to the council for how and when the department
397 will communicate such differences to the council in the future.

398 The executive must transmit to the council the report and motion required by this
399 proviso by May 15, 2011, filed in the form of a paper original and an electronic copy
400 with the clerk of the council, who shall retain the original and provide an electronic copy

to all councilmembers, the council chief of staff and the lead staffs for the budget and fiscal management committee and the law, justice, health and human services committee or their successors.

The executive must transmit to the council the ordinance required by this proviso by April 4, 2011, filed in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff and the lead staff for the government accountability and oversight committee, or its successor.

P1 PROVIDED THAT:

Of this appropriation, \$1,500,000 shall not be expended or encumbered until the executive transmits and the council adopts a motion that references the proviso's ordinance, section and number and states that the executive has responded to the proviso. This proviso requires the department of adult and juvenile detention to review and report on operational changes that may result in cost savings as identified in operational master plans and in audit reports completed by the King County auditor. This review should include a report on the status of operational master plan study recommendations and the department's efforts to implement recommendations from the county auditor.

Specifically, the review should: (1) examine staffing alternatives that might reduce costs at the King County correctional facility and at the Norm Maleng regional justice center, such as changes to the county's current policies for staffing "double bunking." This examination should review alternative staffing-to-inmate ratios while considering the daily volatility and complexity of the population. The review should concentrate on alternative staffing plans and inmate mixes that lead to the lowest staff-to-inmate ratios and any other changes that result in lower costs; (2) update the status of recommendations related to third shift floor control at the King County correctional facility, and any other recommendations stemming from the improvements made during the integrated security project and other capital improvements to date. The department should also consider options for greater use of video supervision in lieu of staff-only supervision for

788 specialized populations; and (3) examine models for Intake/Transfer/Release Remodel
789 and review previous recommendations for efficiencies in this area.

790 The executive must transmit to the council the motion and report by April 28,
791 2011, filed in the form of a paper original and an electronic copy with the clerk of the
792 council, who shall retain the original and provide an electronic copy to all
793 councilmembers, the council chief of staff and the lead staff for the law, justice, health
794 and human services committee and the budget and fiscal management committee or their
795 successors.

796 P2 PROVIDED FURTHER THAT:

797 Of this appropriation, \$100,000 shall not be expended or encumbered until the
798 executive transmits and the council adopts a motion that references the proviso's
799 ordinance, section and number and states that the executive has responded to the proviso.
800 This proviso requires the department of adult and juvenile detention to engage the
801 services of a nationally recognized expert or group, such as the National Institute of
802 Corrections, to provide technical assistance to prepare a report that evaluates the
803 department's secure adult detention programs that, at a minimum, addresses, identifies
804 and evaluates alternatives and national models, including, but not limited to: (1) the
805 optimal use of county secure detention capacity, including examples of the most cost
806 effective staffing models for secure housing units; (2) examples of how other similarly
807 situated jurisdictions address declines or increases in secure detention population; (3) a
808 review of the county's secure detention classification system, comparing it to other
809 jurisdictions and national best practices; (4) examples of how other jurisdictions have
810 successfully reduced jail operating costs; and (5) alternative fee-setting strategies for

contract jail services. The report shall reflect the following objectives for the county's secure adult detention system: (1) identify efficiencies that will lead to significant cost savings without jeopardizing the safety and security of the jails; (2) maintain safe, secure and humane detention facilities that comply with legal and regulatory requirements; (3) manage jail costs through efficient operations; (4) ensure adequate and affordable regional jail capacity, with shared risks and a fair sharing of costs with King County cities; and (5) provide alternatives to secure detention in the least restrictive setting without compromising public safety.

The executive must transmit to the council the motion and the report required by this proviso by September 30, 2011, filed in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff and the lead staff for the law, justice, health and human services committee and the budget and fiscal management committee or their successors.

P3 PROVIDED FURTHER THAT:

Of this appropriation, \$250,000 shall not be expended or encumbered until the executive transmits and the council adopts a motion that references the proviso's ordinance, section and number and states that the executive has responded to the proviso. This proviso requires that the department of adult and juvenile detention provide a report showing an independent analysis and business process mapping (where "business process mapping" is defined as a technique that identifies both barriers to efficient operation and duplication of effort and also offers benchmarks for how operations can be improved) of the department's intake, transfer and release workload that identifies workload

834 components and maps key processes for inmate intake, transfer and release at both of the
835 county adult detention facilities. The report should also contain data on the time and
836 resources required to provide security supervision and to complete other operational tasks
837 through the use of time motion or random moment study, and should also set benchmark
838 performance targets for each of the component operations. The report should make
839 recommendations for staffing and shall identify any other resources needed to address
840 current workload and any changes in the nature and the volume of the workload that
841 would indicate the need to add or reduce resources. The report shall also show how the
842 time and resources data will be used for facility utilization and operations planning,
843 budget development, contract fee setting and contract revenue projections. This required
844 report must be reviewed by the King County auditor before transmittal and must
845 incorporate any changes or comments suggested by the auditor.

846 The executive must transmit to the council the report and motion required by this
847 proviso by June 1, 2011, filed in the form of a paper original and an electronic copy with

854 executive transmits and the council adopts a motion that references the proviso's
855 ordinance, section and number and states that the executive has responded to the proviso.
856 This proviso requires that the department of adult and juvenile detention provide a report

857 showing its methodology and planning assumptions for its secure adult population
858 forecast for 2012 and future years. The plan shall include the department's forecasts,
859 forecast model and supporting data in an understandable form that fully describes the
860 assumptions used in the preparation of the forecasts, describes how the department
861 examined recent changes in secure detention utilization and identifies the cause of the
862 changes and describes how the department will provide timely updates to support
863 decision-making for budget preparation and other planning purposes. The department
864 shall also show how the forecasts will be used for facility utilization and operations
865 planning, budget development, contract fee setting, contract revenue projections and
866 regional jail planning. The required report that includes a methodology and forecast plan
867 must be reviewed by the King County auditor and must incorporate any changes or
868 comments suggested by the auditor.

869 The executive must transmit to the council the motion and plan required by this
870 proviso by June 1, 2011, filed in the form of a paper original and an electronic copy with
871 the clerk of the council, who shall retain the original and provide an electronic copy to all
872 councilmembers, the council chief of staff and the lead staff for the law, justice, health
873 and human services committee and the budget and fiscal management committee or their
874 successors.

875 P5 PROVIDED FURTHER THAT:

876 The department of adult and juvenile detention shall prepare each month a report
877 showing the projected number of average daily population and the expected revenues for
878 inmates held in secure detention under contract with the county as adopted in the 2011
879 budget and compare the projected data to actual average daily population and the actual

880 revenue billed showing the variance of between projected and actual data. The report
881 shall show this comparative data detailing the projected information used for the
882 preparation of the budget versus actual information for cities and state department of
883 corrections holds contracts separately. The department may include this data in its
884 monthly detention and alternatives report.

885 The executive should file the first monthly report required to be submitted by this
886 proviso by February 25, 2011, and continue every month thereafter, in the form of a
887 paper original and an electronic copy with the clerk of the council, who shall retain the
888 original and provide an electronic copy to all councilmembers, the council chief of staff
889 and to lead staff for the law, justice, health and human services committee and the budget
890 and fiscal management committee or their successors. Upon receipt, the clerk shall
891 provide a proof of receipt to the director of the office of performance, strategy and
892 budget.

893 P6 PROVIDED FURTHER THAT:

894 Of this appropriation, \$500,000 shall not be expended or encumbered until the
895 executive transmits and the council adopts a motion that references the proviso's
896 ordinance, section and number and states that the executive has responded to the proviso.
897 This proviso requires that the department of adult and juvenile detention provide a report
898 demonstrating how the department could continue booking operations at the Norm
899 Maleng regional justice center intake, transfer and release program. The report should
900 contain: (1) an analysis of the time and resources required to provide security
901 supervision and to complete other current booking tasks associated with current
902 operations; and (2) proposals for alternatives that would allow law enforcement agencies

to continue to book arrestees at the facility. The department should consider alternative hours of operation, different staffing configurations and any other options that allow for continued booking at reduced costs. This study should make recommendations for staffing and shall identify any other resources needed to address current workload as measured by the current number of bookings and how any of the proposed options would impact workload.

The executive must transmit to the council the report and motion required by this proviso by March 31, 2011, filed in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff and the lead staffs for the law, justice, health and human services committee and the budget and fiscal management committee or their successors.
