King County

YOUTH & YOUNG ADULT TRAUMA RESPONSE TEAM

Helping Children in Crisis

A pilot project in King County Council District 3

Research shows that youth and young adults who are not cared for during traumatic times of distress can be negatively impacted for their entire life. The **YOUTH & YOUNG ADULT TRAUMA RESPONSE TEAM** will help children in crisis, which could include:

- a domestic violence dispute
- a crime scene or a car accident
- the traumatic loss of a loved one
- or any crisis situation where youth and young adults are present.

The project brings together first responders (law enforcement, EMTs and hospitals), youth and young adult serving agencies (schools and nonprofits), the faith community, and community members to make certain that all children in King County involved in crisis situations receive the care they need to thrive.

We want to hear from you!

Join us for a planning session to share your input so we can make the most impact for youth and young adults in crisis.

Tuesday, January 17 at 7pm
Si View Community Center
400 SE Orchard Dr, North Bend
