

Frye Museum Walk

1.0 mile round trip
Degree of difficulty: ●●●

Walking Tips

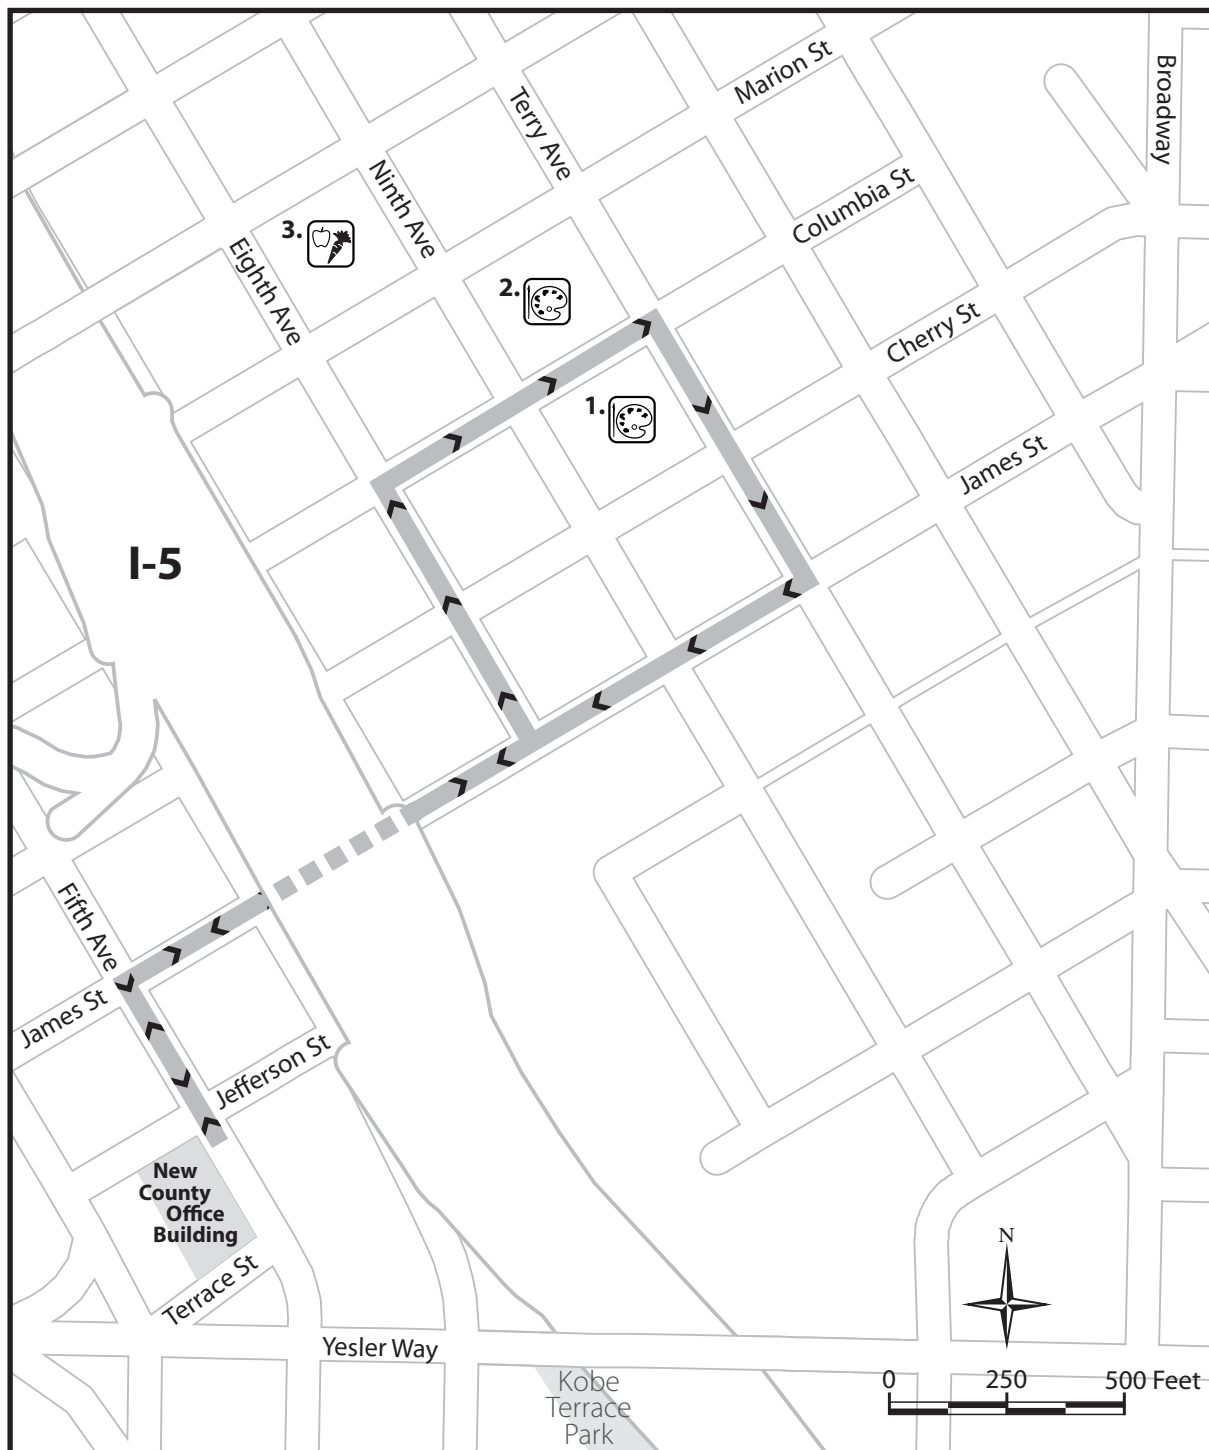

Walkers have the right of way, but cars are bigger. When walking, keep these safety tips in mind:

- Do your part and follow basic traffic rules.
- Make eye contact with drivers – this is the best way to make sure they see you.
- Stay on sidewalks.
- Only cross at marked crosswalks or corners and do not cross if you can't make it to the other side before the light changes.
- Finally, watch out for cars and bicycles – some drivers and riders may not see or obey traffic signs or signals. Don't assume you're safe because you're in a crosswalk.
