## **CSO CONTROL PROJECT**

**King County**

Department of  
Natural Resources and Parks  
**Wastewater Treatment  
Division**

# **Murray Combined Sewer Overflow Control Facility Public Meeting**

**Thursday, October 20, 2011**

**6:30 – 8:30 p.m.**

King County is beginning design of the Murray CSO Control facility near Lowman Beach Park that will protect public health and clean up Puget Sound. Take this opportunity to:

- meet the project team
- review the facility design process and project schedule
- learn how you can help King County design a facility that fits the community.

**Fauntleroy Church Fellowship Hall**

**9140 California Avenue SW, Seattle, WA**
