

November 13, 2014

## Night work on Rainier Avenue S. near S. Bayview Street on Saturday, November 15, 2014 *Center lane closed between S. College Street and S. Bayview Street*

King County crews will be working in Rainier Avenue South on the night of Saturday, November 15, 2014 to confirm the location of a gas line running under Rainier Avenue South. King County is building a new sewage pipe near the line to keep Rainier Valley sewage and stormwater out of the Duwamish River. Call the 24-hour project information line at 206-205-9178 for more information. You can learn more about the project by searching "Rainier tank" at [kingcounty.gov](http://kingcounty.gov).

### Project Location (see map)

Work will occur in the Rainier Avenue S. center lane between S. College Street and S. Bayview Street.

### What you can expect

- Work from 9 p.m. Saturday November 15 to 6 a.m. Sunday November 16
- Crews will work in the Rainier Ave. S. center lane north of S. Bayview Street
- Trolley routes will be handled by buses during work hours
- Bus service will operate normally

*Proposed traffic detours and signs during overnight work*
