

WORK CONTINUES TO UPDATE THE COMPREHENSIVE PLAN

King County departments have been hard at work over the past few months reviewing the Comprehensive Plan and considering changes to address [Council Motion 14351](#), the adopted Scope of Work. As noted in the May e-newsletter, the motion identified a number of specific [land use proposals](#), a wide variety of policy topics and a small set of potential code amendments.

COMMUNITY MEETINGS SCHEDULED FOR PUBLIC REVIEW DRAFT

King County will release the 2016 Comprehensive Plan Public Review Draft on **November 6, 2015**, via the County's [website](#) and through an email notice sent to the mailing list (note: If you are receiving this e-newsletter, you are already on the mailing list). Following release, the County has scheduled four community meetings to share the draft Plan and listen to community comments.

The Public Comment Period will continue until **January 6, 2016**. After this, departments will finalize the "Executive Recommended Draft" and transmit to the County Council on **March 1, 2016**.

COMPREHENSIVE PLAN DOCKET REQUESTS

In addition to Motion 14351, the update responds to requests submitted through the Docket Process. Required by the Growth Management Act, the Docket allows citizens to [request changes](#) to the Plan, land use designations or development regulations.

If the docket requires a change to a land use designation, those who submitted the docket are referred to the second step, which is the process for obtaining a site-specific land use amendment (the same applies for rezone requests). **The 2015 requests are found [here](#).**

Per the King County Code, the Executive will transmit the "Executive Docket Report" to the County Council on the first business day of December. Prior to that, responses will be provided to those who submitted the Docket requests.
