1.1 Introduction

The purpose of this Invitation to Bid is to establish a contract to provide goods or services on an as-needed basis. Any quantities listed herein are for bidding purposes only and represent King County's estimated annual requirements. The County will be neither obligated nor restricted to the quantities or locations indicated.

1.2 Bid Submittal Procedure

The **original and (1) copy of this solicitation** document shall be completed, signed and submitted. Failure to return the solicitation document may result in disqualification of the Bidder. The original shall be noted or stamped "original". Bids and modifications thereof shall be enclosed in a sealed envelope, with the "Bid Opening Label" completed and affixed.

Bidders are encouraged to use recycled paper in the preparation of additional documents submitted with this solicitation, and shall use both sides of paper sheets where practicable.

Sealed bids shall contain all required attachments and information and be submitted to King County (hereinafter "County") no later than the date, time and place stated on the front of this ITB or as amended. The bidder shall show the title and number, the due date specified, and the name and address of the bidder on the face of the envelope. Bidders are cautioned that failure to comply may result in non-acceptance of the bid. The Bidder accepts all risks of late delivery of mailed bids or of mis-delivery regardless of fault. Bids properly and timely submitted will be publicly opened.

Bids will only be accepted from Contractors able to complete the delivery of goods or services described in the specifications. Joint ventures shall submit one bid for the team, with accompanying proof of the joint venture agreement.

If a company chooses not to submit a bid, the County requests the company advise the Buyer by email if they desire to remain listed for the subject of this ITB and state reason they did not submit a bid.

1.3 Electronic Commerce and Correspondence

King County is committed to reducing costs and facilitating quicker communication to the community by using electronic means to convey information. As such, most Invitations to Bid, Requests for Proposal, and Requests for Qualifications as well as related exhibits, appendices, and issued addenda can be found on the King County Internet Web Site, located at http://www.kingcounty.gov/procurement Current bidding opportunities and information are available by accessing the "**Solicitations**" tab in the left hand column.

King County Procurement Services features an **Online Vendor Registration (OVR)** program that permits vendors, consultants and contractors to register their business with the County. This OVR system allows interested parties to either directly register their firm by creating a unique User ID, or to visit the website as a guest. Information regarding bid documents will be available to all users; however, site visitors accessing the site as a guest will not be able to document their interest in a project or add their name to the document holder's list. They will receive no automatic notification of issued addenda. As such, the County encourages full registration in order to directly communicate with document holders regarding any issued addenda or other important information concerning the solicitation.

After submittals have been opened in public, the County will post a listing of the businesses submitting proposals, and later, any final award determination.

Full information on vendor registration is available at the website.

1.4 Alterations to Document

Any addition, limitation or provision made or attached to the bid may render it non-responsive and/or irregular and be cause for its rejection.

Bidders may be required to submit additional documents as part of the bid package. Any alteration of such documents by erasure or interlineations shall be explained or noted and initialed by the Bidder.

1.5 Late Bids

Bids, modifications of bids, and withdrawal of bids received at the office designated in the solicitation after the exact hour and date specified for receipt will not be considered.

The County may change the date and time for submitting bids prior to the date and time established for submittal.

If at any time, the County changes, revises, deletes, clarifies, increases, or otherwise modifies the ITB, the County will issue a written Addendum to the ITB.

1.8 Questions and Interpretation of the ITB

No oral interpretations of the ITB will be made to any Bidder. All questions and any explanations must be requested in writing and directed to the Buyer no later than seven (7) days prior to the due date specified in the solicitation. Oral explanations or instructions are not binding. Any information modifying a solicitation will be furnished to all bidders by an addendum.

No claim for additional compensation shall be allowed which is based upon a lack of knowledge or misunderstanding of this ITB.

1.10 Modifications of Bid or Withdrawal of Bid Prior to Bid Due Date

exact hour and date set for receipt of bids. All requests for modification or withdrawal of bids, whether in person or written, shall not reveal the amount of the original bid.

1.11 Bid Withdrawal After Public Opening

Except for claims of error granted by the County, no Bidder may withdraw a bid after the date and time established for submitting bids, or before the award and execution of a Contract pursuant to this ITB, unless the award is delayed for a period exceeding the period for bid effectiveness.

Requests to withdraw a bid due to error must be submitted in writing along with supporting evidence for such claim for review by the county. Evidence must be delivered to the county within two (2) business days after request to withdraw. The County reserves the right to require additional records or information to evaluate the request. Said exemption is made pursuant to Chapter 32 of the Internal Revenue Code and Registry No. A-1 02374. When requested, an exemption certificate will be furnished.

3.8 Taxes, Licenses, and Certificate Requirements

This Contract and any of the work provided hereunder is contingent and expressly conditioned upon the ability of the Contractor to provide the specified goods or services consistent with applicable federal, state or local laws and regulations. If, for any reason, the Contractor's required compliances are terminated, suspended, revoked or in any manner modified from their status at the time this Contract becomes effective, the Contractor shall notify the County immediately of such condition in writing.

The Contractor and subcontractor(s) shall maintain and be liable for all taxes (except sales/use taxes), fees, licenses, permits and costs as may be required by applicable federal, state or local laws and regulations as applicable to the work under this Contract.

If assignment is approved, this Contract shall be binding upon and inure to the benefit of the successors of the assigning party. This provision shall not prevent the Contractor from pledging any

proceeds from this Contract as security to a lender so long as King County Policy Fin10-1 (AP), paragraph 6.1.3 is followed. If assignment is approved, it shall be accepted by either party upon the posting of all required bonds, securities and the like by the assignee, and the written agreement by assignee to assume and be responsible for the obligations and liabilities of the Contract, known and unknown, and applicable law.

3.10 Indemnification and Hold Harmless

A. In providing services under this Contract, the Contractor is an independent contractor, and neither the Contractor nor its officers, agents or employees are employees of the County for any purpose. The Contractor shall be responsible for all federal and/or state tax, industrial insurance and Social Security liability that may result from the performance of and compensation for these services and shall make no claim of career service or civil service rights which may accrue to a County employee under state or local law.

The County assumes no responsibility for the payment of any compensation, wages, benefits, or taxes by or on behalf of the Contractor, its employees and/or others by reason of this Contract. The Contractor shall protect, indemnify, defend and save harmless the County and its officers, agents and employees from and against any and all claims, costs, and/or losses whatsoever occurring or resulting from (1) the Contractor's failure to pay any such compensation, wages, benefits or taxes; and/or (2) the supplying to the Contractor work, services, materials, and/or supplies by Contractor employees or other suppliers in connection with or in support of the performance of this Contract.

B. The Contractor further agrees that it is responsible for and shall repay the County all indicated amounts following an audit exception which occurs due to the negligence, intentional act and/or failure for any reason to comply with the terms of this Contract by the Contractor, its officers, employees, agents, and/or representatives. This duty to repay shall not be diminished or extinguished by the prior termination of the Contract pursuant to the Duration of Contract, or the Termination section.

C. 1. Add the following as Section 5.7:

5.7 Technical Specifications

It is the intent of these specifications to describe the minimum acceptable performance standards for obtaining boiler repair and maintenance services and repair parts. The quantity listed represents King County's anticipated annual requirements during the contract period and used in the bid evaluation analysis. The boilers are located at the following Wastewater Treatment plants:

1. South Treatment Plant
   1200 Monster Rd SW
   Central Digester Tunnel
   Renton, WA 98055
2. WestPoint Treatment Plant
   1400 Utah St. W.
   Raw Sewage Pump Bldg
   Seattle, WA 98199
3. Alki CSO Treatment Plant
   3380 Beach Dr. SW
   Seattle, WA 98116
4. Brightwater Treatment Plant
   22505 State Rd 9 SE
   Energy Building 750
   Woodinville, WA 98072

Following is a description of the boilers located at each plant.

A. South Treatment Plant

South Treatment Plant uses the boilers to heat the four (4) digesters to maintain the anaerobic digestion process for the stabilization of biosolids. Under normal circumstances the boiler is operated every day of the year. The gas-fired boiler is the primary heat source for the plant. In order to meet the requirement for Class B Biosolids the digestion tanks must maintain a temperature greater than 95 degrees Fahrenheit and a solids detention time greater than 15 days. The average heat demand to maintain the digestion process is approximately 7.5 MMBTU/hr. (Million British thermal unit per hour) The average output during peak demand days is close to 12 MMBTU/hr. The anaerobic digesters also produce methane gas which is sold to Puget Sound Energy or used internally at the plant as an energy source. More than 95% of the gas used to fire the boiler is scrubbed digester gas that has a heating value of 980 – 1000 Btu/cu.ft. The remaining gas is purchase from PSE when the gas scrubbing system is out of service.

Two Electric boilers supplement the heat supply for the maintenance and administration buildings for South Plant.

Note: Boiler No. 4 is the only boiler located at Alki CSO Treatment Plant

B. Westpoint Treatment Plant

Westpoint Treatment Plant uses 3 Federal/Eastmond fire tube boilers to provide 165F degree hot water for process uses in heating the digesters and non process uses in heating facilities.

Boilers can be fired on propane or digester gas (500 BTU/cu.ft.). The dual fuel use is managed by Gordon Piatt burner assemblies. Boilers 1 & 2 are supplied from the medium pressure gas system at 5.0 psig. Boiler 3 is supplied from the auxiliary gas system at 20 psig. Boilers are used 24/7, 365 days a year.

C. Brightwater Treatment Facility

Boilers are used for heating of Anaerobic Digesters and heat loop system for each building. The boilers are four-pass, forced-draft, horizontal, scotch marine firetube-updraft

boilers. The boilers have approximately 5 square feet of heating surface per rated boiler horsepower. The boilers are mounted on heavy steel frames with integral-forced draft fans and fuel trains for digester gas, natural gas, and pilot lights. The boiler frame package units also includes a control panel and associated trim, which is considered instrumentation, valves, gauges, etc. The burners are designed to burn digester gas and natural gas. Automatic switchover from digester gas to natural gas occurs when low digester gas pressure is sensed locally.
