ATTACHMENT C**SUPERSEDING PROVISIONS TO STATE COOPERATIVE
WSCA RFP #FV7901
FOR THE STATE OF UTAH AND
MICHELIN NORTH AMERICA, INC.**

The following provisions are hereby made a part of WSCA RFP #FV7901 and the resulting Contract ("the Contract") and supplement all other provisions of the Contract and supersede any provision in conflict in whole or in part with the provisions set forth below:

[Note: Michelin's Attachment C, Revision 2 changes that have been approved by the State are included in this Attachment.]

1. INDEMNIFICATION/HOLD HARMLESS.

(a) Indemnification/Hold Harmless as required by the Terms and Conditions in the original Request for Proposal and made part of the Contract shall be in full force and effect. The Contractor shall defend all actions brought upon such matters to be indemnified hereunder and pay all costs and expenses incidental thereto, but the Buyer shall have the right, at its option, to participate in the defense of any such action without relieving the Contractor of any obligation hereunder. Any Contractor submitted exclusions from a warranty or limit on this indemnification shall not apply, except to the extent a wrongful act or negligence under (1)(c) below is the cause of claim for personal property or personal injury damage.

(b) Any Contractor submitted exclusions from a warranty or limit on this indemnification shall not apply to any reasonably foreseeable use of the tires by the Participating State ("State") under the Contract. Also, there shall be no exclusion from warranty for commercial or governmental use of the tires.

(c) Notwithstanding any of the above, to the extent there is personal property or personal injury damage incurred as a primary result of the wrongful acts or negligence of the State, its agents, employees and anyone for whom the State is liable (i.e. customer abuse, modifications not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear under normal usage), Contractor shall not be liable for such resulting damage.

(d) Notwithstanding anything else in the Contract, Contractor agrees to indemnify and hold harmless the Buyer (State) only from and against any and all damages, and liabilities, including reasonable attorneys' fees which arise out of injury or damage proximately caused by defective workmanship or materials in products manufactured by Contractor and sold to the Buyer pursuant to this Contract. Contractor shall not be liable in any way for any errors or omissions by Contractor's authorized independent dealers or franchisees who may provide Services to Buyer.

2. REVIEW, APPROVAL OR ACCEPTANCE.

Any review, approval or acceptance of any the performance or product under this Contract shall not relieve Contractor from any liability imposed by this Contract.

3. LIABILITY INSURANCE.

(a) Contractor is responsible for having the appropriate levels of liability insurance to cover its risks under this Contract throughout the period of this Contract. Contractor is also responsible for assuring that it has the appropriate indemnity and insurance provisions in its subcontracts or other

contracts with installers and other entities involved in performing services on its behalf for the Buyer under this Contract.

(b) The carrying of any insurance required by this Contract shall in no way be interpreted as relieving the Contractor of any other responsibility or liability under this Contract or any applicable law, statute, rule, regulation or order.

(c) Contractor shall not violate or knowingly permit to be violated any of the provisions of the policies on insurance required under these General Conditions.

(d) Irrespective of the requirements as to insurance to be carried by Contractor as provided herein; insolvency, bankruptcy or failure of any insurance company to pay all claims accruing, shall not be held to relieve Contractor of any obligations hereunder.

(e) Any and all deductibles in the above described policies shall be assumed by, for the account of, and at sole risk of Contractor.

(f) Contractor is only responsible for the Liability Insurance, as set forth in Section 3 of the Superseding Provisions to State Cooperative WSCA RFP #FV7901, as related to the workmanship and materials in products manufactured by Contractor and supplied under this Contract. Contractor's independent authorized dealers and franchisees shall be solely responsible for having and maintaining the appropriate levels of liability insurance, as set forth in Section 3 of the Superseding Provisions to State Cooperative WSCA RFP #FV7901, for the services provided by the independent authorized dealers and franchisees. Contractor shall cooperate with the Participating States in identifying the qualified dealers and franchisees as indicated in paragraph 4 below.

4. OTHER SERVICE PROVIDERS.

(a) Buyer recognizes that Contractor is providing services under this Contract through its own contracts with various installers and authorized distributors.

(b) The parties agree that the Dealers ("Dealers" herein includes Contractor's independent authorized dealers and franchisees) shall be responsible for the liabilities, insurance requirements, and warranties directly related for their actions and for the services they perform. The State of Utah intends to have Dealers sign an Agreement ("Dealer Agreement") that identifies the Dealer's liabilities, insurance requirements, and warranties within the State of Utah before a Dealer will be authorized to provide services to the State of Utah. Other Participating States may require a similar Agreement with the Dealers in their state. The Dealer Agreements may be mandatory from the Participating State before a Dealer will be authorized to provide services in each state. Contractor will cooperate with the Participating States to email or otherwise provide Dealer Agreements to the Dealers that may be considered to provide the Services under this Contract within each State.

5. CLAIMS PROCESS.

(a) Within ninety (90) days of when Buyer becomes aware, or should have reasonably become aware, of the circumstances giving rise to a claim against the Contractor, including those that the Contractor is liable for, related to personal injury or property damage, the Buyer shall send written notice to the Contractor of the claim by U.S. certified mail to the Contractor's assigned representative for notices

under the Contractor. Thereafter, the Buyer will cooperate in providing information to the Contractor regarding the claim, including, but not limited to, information related to the Contractor's subcontracted installers. The Buyer will cooperate with the Contractor in allowing the Contractor access to any evidence regarding the tires or vehicle that is reasonably capable of being preserved after an incident giving rise to such a claim.

(b) Prior to litigation related to a claim for personal injury or property damage, the parties agree to select a mediator to assist in resolving any dispute under the Contract. Efforts in any such mediation process shall toll any applicable statute of limitations or statute of repose.

(c) Venue for any legal proceeding under this Contract shall be in the State that is provided the service under this Contract. The State will not be obligated to use Arbitration to settle claims; although the parties may mutually agree to Arbitration for specific cases.

(d) This contract shall be construed in the accordance with the laws of the State that is provided the service under this Contract.

Subject: WSCA Tire Bid FV7901 "Best and Final"

Frank, I have faxed to you the Attachment C which Roger Handren signed and Attachment C - Revision# 2 that Roger Handren has signed.

Also, you wanted a brief summary of how we would implement the State of Utah program to our dealers and sales force if Michelin is awarded anything.

We use the following procedures:

1. A letter explaining the program and pricing is put together by my office and we put this information on the Michelinb2b.com website where our sales force has access to distribute the program to the dealers they call on.
2. We also create a web page for every State that we have a program in place where State employes can access the program/pricing through the Michelinb2b.com website whenever they need information and pricing.
3. We also have a dedicated government sales department located in Greenville, SC that handles any customer service needs the State may require.

Thanks,
Kaye Pittman

Request for Proposal

PARTICIPANTS: The Western States Contracting Alliance (herein WSCA) is a cooperative group contracting consortium for state government departments, institutions, agencies and political subdivisions (i.e., colleges, school districts, counties, cities, etc.) for the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Minnesota, Montana, Nevada, New Mexico, Oregon, South Dakota, Utah, Washington and Wyoming. Obligations under this contract are limited to those Participating States who have signed (and not revoked) an Intent to Contract at the time of award, or who have executed a Participating Addendum where contemplated by the solicitation. Financial obligations of Participating States are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating States incur no financial obligations on behalf of political subdivisions. Unless otherwise specified in the solicitation, the resulting award(s) will be permissive.

QUALITY ESTIMATES: WSCA does not guarantee to purchase any amount under the contract to be awarded. Estimated quantities are for the purposes of submitting proposals only and are not to be construed as a guarantee to purchase any amount.

SPECIFICATIONS: Any deviation from specifications must be clearly indicated by offeror; otherwise, it will be considered that the proposal is in strict compliance. When BRAND NAMES or manufacturers' numbers are stated in the specifications they are intended to establish a standard only and are not restrictive unless the RFP states "No substitute". Proposals will be considered on other makes, models or brands having comparable quality, style, workmanship and performance characteristics. Alternate proposals offering lower quality or inferior performance will not be considered.

ACCEPTANCE OR REJECTION OF PROPOSALS: WSCA reserves the right to accept or reject any or all proposals or parts of proposals, and to waive informalities therein.

PATENTS, COPYRIGHTS, ETC.: The Contractor shall release, indemnify and hold the Buyer, its officers, agents and employees harmless from liability of any kind or nature, including the Contractor's use of any copyrighted or uncopyrighted composition, secret process, patented or unpatented invention, article or appliance furnished or used in the performance of this contract.

AWARD: WSCA may award multiple contracts as the result of this solicitation. Awards shall be made to the responsible offeror(s) whose proposal is determined to be the most advantageous to WSCA, taking into consideration price and the other evaluation factors set forth in the RFP.

NON-COLLUSION: By signing the proposal the offeror certifies that the proposal submitted, has been arrived at independently and has been submitted without collusion with, and without any agreement, understanding or planned common course of action with, any other vendor of materials, supplies, equipment or services described in the Request for Proposal, designed to limit independent bidding or competition.

2.2 Low Roll Resistance Tires

Passenger and Light Truck tires: Do not currently have any nationally ranked testing procedures that would make comparisons between brands meaningful. Michelin does produce low roll resistance tires, but can only make comparisons to our own brands. Truck tires: Michelin produces many low resistance products that are compared to competitor's tires, however the comparison is based on an arbitrary index.

GENERAL COMMENT MEMO

3.1 Availability:

Michelin has 3 major distribution centers that service the West. These are located Houston, TX., Ontario, CA., and Reno, NV.

The purpose of these distribution centers is to supply our Independent Dealer Network in a timely manner with their requirements. Our dealers will normally carry a sufficient inventory of the most common sizes or special needs of the customer and then rely on Michelin to back-fill their needs. Michelin takes great care to insure a high fill-rate of all its' products to adequately supply the markets' needs.

3.4 Product Guarantee and Adjustments:

Michelin agrees to the minimum Warranty Requirements in this RFP but would like to point out that the Standard Warranty (enclosed) is for a longer period of time than that being asked for.

3.9 Administrative Fees:

Michelin agrees to the fee of ½ of 1% on the Invoice price of tires purchased under this Contract. The fee will not be paid on services. This fee will be on the purchases made by the State of Utah, which is the lead State for the WSCA contract. Michelin will consider other fee's from States that choose to purchase under the WSCA contract. Michelin can provide an Excel spreadsheet on all the tire purchases made under this contract however, it needs to be in a format that has been accepted from many other States. It would be to time consuming to have to re-type this information into another format.

GENERAL INSTRUCTIONS

BILLING INSTRUCTIONS:

To ensure proper invoice/credit is passed on a timely basis, please adhere to the following instructions:

1. Customer Requirements

Refer to the **North American Fleet Account Directory** (Certified/Supported reference is Michelin B2B Portal Fleet Account Directory and BIB NET™ On-Line) for specific instructions or limitations for each **North American Fleet Account** customer. Be sure customer has correct authorization for service required, e.g. vehicle log number, vehicle number, purchase order number, physical copy of purchase order, Fleet Member Card number or coupon. When additional service or substitutions are necessary or requested by driver, **PRIOR** approval must be obtained from the **North American Fleet Account**. Consult the **North American Fleet Account Directory** (Certified/Supported reference is Michelin B2B Portal Directory/Daily Update and BIB NET On-Line) listing for individual customer's specific instructions in obtaining such approval. If no instructions are given, the North American Fleet Account's prior approval is necessary. You **MUST** show on the Delivery Receipt the date, name and title of the individual giving approval. Drivers do not have the authority for final approval. Be sure the service work requested is not covered by the vehicle manufacturer's warranty.

2. Procedure

Many services have been combined including parts and labor for a single amount. Only the combined NIMSPN is provided. If the service performed requires both parts and labor, and the labor is not included in the purchase of the part (or the part is not included in the cost of the labor), both Non-Inventory Michelin Sales Product Number (NIMSPN) catalog numbers must be shown (part and labor), e.g., Repair Parts - S0544, Labor - S0545.

For parts and/or labor prices that are listed as LCP (Local Competitive Pricing) in this "Passenger and Light Truck Service and Parts Price Book", you must price these items consistent with current industry prices.

3. Delivery Receipt

Service Provider must submit Delivery Receipt via BIB NET within thirty (30) days of transaction date. Carefully record on your Delivery Receipt the minimum description, Michelin Sales Product Number (MSPN) and/or Non-Inventory MSPN (NIMSPN), quantity, P.O. #, signature by customer, vehicle log number or fleet specific requirements (if applicable).

Service Provider is responsible for retaining this documentation for a three (3) year time period from date of invoice/credit. If requested, a copy of the "proof of delivery," e.g., Delivery Receipt, must be provided to Michelin North America, Inc. or the customer within ten (10) days. In the event of a customer invoice dispute or discrepancy, failure of the Sales and Service Provider to produce the transaction document may result in a reversal of the credit to the Sales and Service Provider.

4. Correction Procedure

All National Account transactions billed incorrectly for overages, shortages, wrong product codes and incorrect quantities will not be corrected without approval from the National Account. Dealers must contact the National Account to resolve the dispute. **The National Account will contact Michelin to authorize the correction via phone or email.**

If items were left off the original Delivery Receipt (DR), you will need to create a new DR, obtain a new Purchase Order number and signature from the National Accounts for processing via Bibnet. If the National Account initiates all DRs in eFleet, the missing products and/or services must be submitted on a new eFleet order.

Michelin will reverse any unauthorized service work (not covered by the National Account purchase offer) that is disputed by the National Account. **It will be the responsibility of the servicing dealer to resolve this dispute with the National Account.**

The Delivery Receipt form must be signed by the individual receiving the tires and/or services..
2. Provide a copy of the Delivery Receipt to the customer, and maintain a file of signed Delivery Receipts for future validation purposes for a period of three (3) years.
3. Ensure that Delivery Receipt is submitted via "BIB NET" in a timely manner to avoid delays in processing (within six days of the transaction). **DO NOT MAIL IN DELIVERY RECEIPTS.**

FOR LEASE MANAGEMENT CUSTOMERS ONLY

LIMITED WARRANTY ADMINISTRATION PROCEDURES

The Repair Facility shall follow these Procedures in the event that Limited Warranty holder seeks performance by the Repair Facility under the terms of the Lease Management Service and Parts Limited Warranty ("Limited Warranty").

1. The Repair Facility shall require that the customer deliver to the Repair Facility a copy of the invoice from the Original Repair Facility that performed the warranted repairs. If the original invoice is not available, the Lease Management Company must provide an electronic screen shot of service history or other agreed upon documentation ("Original Repair Documentation") for Repair Facility and/or Warranty Administrator.
2. The Repair Facility shall confirm that:
 - a) The vehicle presented for repair covered by the Limited Warranty is the vehicle on which the warranted work in question was performed;
 - b) Less than twelve months have elapsed from the date of the original repair invoice or Original Repair Documentation;
 - c) Less than 12,000 miles have been registered on the odometer of the vehicle to be repaired from the mileage shown on the original repair invoice or Original Repair Documentation; and
 - d) The Original Repair Facility that performed the warranted repair is located 25 miles or more from the customer's breakdown location. In such instances, the Warranty Administrator shall issue reimbursement of any warrantable claims to the Repair Facility by check or credit card.

The Repair Facility may seek assistance from the Warranty Administrator with obtaining the original repair invoice or Original Repair Documentation.

3. If any of the conditions specified in Subparagraphs "2.a." through "2.c." above are not met, the Repair Facility shall advise customer of the reason(s) why the customer is not eligible for an approved Limited Warranty adjustment. If Subparagraph 2.d. is the only condition not met, the Repair Facility shall direct the customer to present the warranty claim to the Original Repair Facility for evaluation.
4. If all of the conditions of Paragraph 2 are met, the Repair Facility shall diagnose the automotive problem and confirm that the original repair has proven ineffective as a result of improper or incomplete labor and/or part(s) failure.
5. The Repair Facility shall estimate the cost of the parts and labor necessary to repair the automobile.

FOR LEASE MANAGEMENT CUSTOMERS ONLY

6. The Repair Facility shall call Sonsio ("Warranty Administrator") at **1-800-317-3867** ***PRIOR*** to beginning the re-repair work. The Repair Facility shall discuss the situation in sufficient detail so as to give the Warranty Administrator the necessary information to make a decision on the merits of the claim. The Warranty Administrator shall determine the scope of work to be performed by the Repair Facility, approve the amount of costs, and issue authorization number.
7. The Repair Facility shall write on the new repair invoice: "**No Charge—Lease Management Service and Parts Limited Warranty Adjustment**". The Repair Facility shall not charge the customer for the cost of Limited Warranty re-repair work. The Repair Facility shall write the authorization number issued by the Warranty Administrator in the upper right hand corner of the repair invoice. The Repair Facility and the customer must both sign the new repair invoice.
8. The Repair Facility shall issue a separate invoice to the customer for any repair work done that is not related to the original warranted repair. The customer will be charged in accordance with the Repair Facility's normal business practices for this unrelated work.
10. The Repair Facility shall mail or fax all invoices to the Warranty Administrator at the following address:
Repair Warranty Center
Attn: TCAR Lease Management Service and Parts Limited Warranty
P.O. Box 17659
Golden, CO 80402-6027
Fax: 303-421-3460
11. Upon receipt and approval of the required documentation, the Repair Facility will be reimbursed by the Warranty Administrator for the authorized amount.

13. The Repair Facility shall refer the customer directly to the Warranty Administrator (by providing the customer with the toll free number: **1-800-317-3867**) in the event of a disagreement with a customer regarding the merits of a warranty claim. The Repair Facility shall implement, in good faith, any course of action recommended by the Warranty Administrator in an attempt to resolve the disagreement.

LEASE MANAGEMENT FLEET PROCESS GUIDE

When a Fleet/Company Car driver selects your location he/she has chosen you because, out of many competitors, they believe you will best serve his/her needs. Meet and exceed expectations by handling this transaction in a knowledgeable, professional and timely manner.

1 IDENTIFY THE DRIVER *Know who we're dealing with*

- Ask the questions:
 - “Is this your personal or company vehicle?”
 - “Will we be billing tires and services through Michelin’s National Account Program?”
 - “May I have your fleet credentials, driver’s guide, books or cards?”
 - “Is there a phone number where I can reach you quickly today?”

2 INITIAL SERVICE REQUESTS *“What’s the vehicle here for today?”*

- Establish authorization - **who** authorizes this service and determines the limits in either \$ or items. **Don’t call if you don’t need to!**

3 INSPECTIONS OF THE VEHICLE

- Verify, with the driver, what work is to be done (either relating to problems or based on driver request).
- **Physically verify** that the vehicle matches the credentials, or driver’s materials, as well as information that may be stored in a point-of-sale computer system from a previous visit, address, vehicle number, VIN number, and tag number.

4 IDENTIFY & RECORD THE FLEET REQUIREMENTS

Check and record the required information:

- Coupon Numbers, Credit Card Numbers or Special Order Numbers

LEASE MANAGEMENT FLEET PROCESS GUIDE

5 PREPARE THE RECOMMENDATIONS AND ESTIMATE

Follow a systematic order that is meaningful to fleet customers. The fleet industry norm for discussing services are the three Cs.

Describe the **Complaint** - Describe the **Cause** - Describe the **Correction**

Then do the following:

- First list and estimate the services related to addressing the driver's primary reason for bringing the vehicle in.
- List any related service recommendations.
- List other recommendations based on other items noticed or possible maintenance inquiries or suggestions.
- Have your professional justification ready to support your recommendations, i.e., Tread depths, Rotor/Drum micrometer readings and mfg. specs, wear assessments based on repair industry standard (**MAP**).
- Have all product codes and prices ready to ensure that your billing will agree with the purchase order you are seeking.

6 OBTAIN THE ADDITIONAL AUTHORIZATION NEEDED TO PERFORM THE SERVICES

- **Don't call the Lease Management Service Advisor if you don't need to!** (See Step 2) There may be limits on the driver's credentials that allow you to move ahead without a call.
- Keep in mind you will be talking to another vehicle professional like yourself.
- After you have made your recommendations, ask if other services are needed.
- Be sure to note the following on your tickets:
 1. Name of the authorizing person
 2. Time/Date of Call
 3. Purchase Order Authorization Number
 4. Total Dollars for Services Agreed Upon*

*Be **sure** to verify that your invoice matches the amount recorded by the customer for the P.O.

7 DO THE WORK

- Do **only** what was agreed upon through the authorization call!
- **Call Back the Service Advisor** to advise of any additional work required.

8 REVIEW THE WORK ORDER WITH THE DRIVER

- **REMEMBER!** The driver chose your location and his/her satisfaction will be based on your professional handling of this fleet transaction.

8 STEPS FOR A GOOD AUTHORIZATION EXPERIENCE

1 PREPARE BEFORE YOU CALL

Have all the necessary information ready before you pick up the phone to call the Lease Management Service Advisor. Use the 8 Step Guide To The Lease Management Fleet Process as your checklist.

2 COMMUNICATE EFFECTIVELY

Advise the Lease Management Service Advisor on any deadlines, promises made to the driver or any issues the driver has. The more they know, the better they can respond in a timely manner.

3 BUILD GOOD RELATIONSHIPS

You are talking to other vehicle professionals. Respect and courtesy will be rewarded with trust and confidence; it's all part of professionalism.

4 STAY INFORMED

The Lease Management Service Advisor you are dealing with should be able to provide reasons for declining work or authorization delays. Ask for that information so you are not at a loss to explain the situation to your customer, the fleet driver.

5 IF FACED WITH AUTHORIZATION DELAYS, CALL TO FOLLOW UP

Sometimes additional assistance is available when faced with delays. Politely request supervisor intervention if delays become excessive.

6 KEEP THE DRIVER IN THE LOOP

If a delay has become excessive, communicate this to the driver and ask for his assistance in expediting the process with The Lease Management Service Advisor.

7 DOCUMENT YOUR EFFORTS

Good record keeping helps you and whoever you may contact for assistance.

8 KEEP A POSITIVE ATTITUDE

Attitude alone can motivate people to respond to your requests and make an extra effort when you most need it.
