## **SECTION 1      Instruction to Bidders**

### **1.1      Introduction**

The purpose of this Invitation to Bid is to establish a contract to provide goods or services on an as-needed basis. Any quantities listed herein are for bidding purposes only and represent King County's estimated annual requirements. The County will be neither obligated nor restricted to the quantities or locations indicated.

### **1.2      Bid Submittal Procedure**

The original and one (1) paper copy of this solicitation document shall be completed, signed and submitted. Failure to return the solicitation document may result in disqualification of the Bidder. The original shall be noted or stamped "original". Bids and modifications thereof shall be enclosed in a sealed envelope, with the "Bid Opening Label" completed and affixed.

Bidders are encouraged to use recycled paper in the preparation of additional documents submitted with this solicitation, and shall use both sides of paper sheets where practicable.

Sealed bids shall contain all required attachments and information and be submitted to King County (hereinafter "County") no later than the date, time and place stated on the front of this ITB or as amended. The bidder shall show the title and number, the due date specified, and the name and address of the bidder on the face of the envelope. Bidders are cautioned that failure to comply may result in non-acceptance of the bid. The Bidder accepts all risks of late delivery of mailed bids or of mis-delivery regardless of fault. Bids properly and timely submitted will be publicly opened.

Bids will only be accepted from Contractors able to complete the delivery of goods or services described in the specifications. Joint ventures shall submit one bid for the team, with accompanying proof of the joint venture agreement.

If a company chooses not to submit a bid, the County requests the company advise the Buyer by email if they desire to remain listed for the subject of this ITB and state reason they did not submit a bid.

### **1.3      Electronic Commerce and Correspondence**

King County is committed to reducing costs and facilitating quicker communication to the community by using electronic means to convey information. As such, most Invitations to Bid, Requests for Proposal, and Requests for Qualifications as well as related exhibits, appendices, and issued addenda can be found on the King County Internet Web Site, located at <http://www.kingcounty.gov/procurement>. Current bidding opportunities and information are available by accessing the "Solicitations" tab in the left hand column.

King County Procurement Services features an Online Vendor Registration (OVR) program that permits vendors, consultants and contractors to register their business with the County. This OVR system allows interested parties to either directly register their firm by creating a unique User ID, or to visit the website as a guest. Information regarding bid documents will be available to all users; however, site visitors accessing the site as a guest will not be able to document their interest in a project or add their name to the document holder's list. They will receive no automatic notification of issued addenda. As such, the County encourages full

registration in order to directly communicate with document holders regarding any issued addenda or other important information concerning the solicitation.

After submittals have been opened in public, the County will post a listing of the businesses submitting proposals, and later, any final award determination.

Full information on vendor registration is available at the website.

#### **1.4 Alterations to Document**

Any addition, limitation or provision made or attached to the bid may render it non-responsive and/or irregular and be cause for its rejection.

Bidders may be required to submit additional documents as part of the bid package. Any alteration of such documents by erasure or interlineations shall be explained or noted and initialed by the Bidder.

#### **1.5 Late Bids**

Bids, modifications of bids, and withdrawal of bids received at the office designated in the solicitation after the exact hour and date specified for receipt will not be considered.

#### **1.6 Cancellation of ITB or Postponement of Bid Opening**

The County reserves the right to cancel the ITB at any time.

The County may change the date and time for submitting bids prior to the date and time established for submittal.

#### **1.7 Addenda**

If at any time, the County changes, revises, deletes, clarifies, increases, or otherwise modifies the ITB, the County will issue a written Addendum to the ITB.

#### **1.8 Questions and Interpretation of the ITB**

No oral interpretations of the ITB will be made to any Bidder. All questions and any explanations must be requested in writing and directed to the Buyer no later than seven (7) days prior to the due date specified in the solicitation. Oral explanations or instructions are not binding. Any information modifying a solicitation will be furnished to all bidders by an addendum.

Days, as referenced in this document, are calendar days unless otherwise specified.

Communications concerning this bid, with other than the listed Buyer may cause the Bidder to be disqualified.

#### **1.9 Examination of Bid Documents**

The submission of a bid shall constitute an acknowledgement upon which the County may rely that the Bidder has thoroughly examined and is familiar with the ITB, including any work site identified in the ITB, and has reviewed and inspected all applicable statutes, regulations, ordinances and resolutions addressing or relating to the goods or services to be provided hereunder.

The failure of a Bidder to comply with above requirement shall in no way relieve the Bidder from any obligations with respect to its bid or to any Contract awarded pursuant to this ITB. No

claim for additional compensation shall be allowed which is based upon a lack of knowledge or misunderstanding of this ITB.

**1.10 Modifications of Bid or Withdrawal of Bid Prior to Bid Due Date**

Modifications or withdrawal of bids already received will be considered only if the requested modification or withdrawal is made prior to the scheduled closing time for the receipt of the bids. All modifications or withdrawals must be made in writing, over the signature of the Bidder.

**1.11 Bid Withdrawal After Public Opening**

Except for claims of error granted by the County, no Bidder may withdraw a bid after the date and time established for submitting bids, or before the award and execution of a Contract pursuant to this ITB, unless the award is delayed for a period exceeding the period for bid effectiveness.

Requests to withdraw a bid due to error must be submitted in writing along with supporting evidence for such claim for review by the county. Evidence must be delivered to the county within two (2) business days after request to withdraw. The County reserves the right to require additional records or information to evaluate the request. Any review by the County of a bid and/or any review of such a claim of error, including supporting evidence, creates no duty or liability on the County to discover any other bid error or mistake, and the sole liability for any bid error or mistake rests with the Bidder.

**1.12 Cost of Bid and Samples**

The County is not liable for any costs incurred by Bidder in the preparation and evaluation of bids submitted. Samples of items required must be submitted to the location and by the time specified. Unless otherwise specified, samples shall be submitted with no expense to the County. If not destroyed by testing, samples may be returned at the bidder's request and expense.

**1.13 Collusion**

By signing this bid, the Bidder certifies that they have not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding. If the County determines that collusion has occurred among Bidders, none of the bids from the participants of such collusion will be considered. The County's determination will be final.

**1.14 Bid Effective Date**

All bids submitted shall be a firm bid for a minimum period of 90 days after the bid opening date, unless otherwise stated in writing in the bid. The County may request a Bidder grant an extension of the bid effective period.

**1.15 Bid Price and Tax**

The bid price shall include everything necessary for the prosecution and completion of the Contract, except as may be provided otherwise in this ITB.

Taxes: Sales/use taxes and Federal excise taxes shall not be included in the bid price. The County shall pay any Washington State sales/use taxes applicable to the Contract price or

The County is exempt from Federal excise and Transportation taxes. All other government taxes, duties, fees, licenses, permits, royalties, assessments and charges shall be included in the bid price. Said exemption is made pursuant to Chapter 32 of the Internal Revenue Code and Registry No. A-1 02374. When requested, an exemption certificate will be furnished.

#### **1.16 Protest Procedures**

King County has a process in place for receiving protests based upon invitation to bid or contract awards. The protest procedures are available at <http://www.kingcounty.gov/procurement/faq>, Suppliers web page.

## **SECTION 2 Bid Evaluation and Contract Award**

### **2.1 Evaluation of Bids**

Bids will be evaluated by the County to determine which bid, if any, may be deemed to be the low responsive bid from a responsible bidder, and should be accepted in the best interest of the County.

The King County Contracting Opportunities Program is incorporated in this ITB. The determination of lowest responsive, responsible bidder will include the application of the ten (10) percent incentive factor for Small Contractors and Suppliers (SCS).

King County may use prompt payment discount terms in evaluation of this ITB; however, discounts terms of less the twenty (20) days will not be considered. Minimum acceptable payment terms by the County without benefit of twenty (20) day discount will be net 30 days.

In the event of a discrepancy between the unit price and the extended amount for a bid item, the unit price will govern.

### **2.3 Financial Resources and Auditing**

If requested by the County, prior to the award of a contract, the bidder shall submit proof of adequate financial resources available to carry out the execution and completion of work required by this contract.

King County reserves the right to audit the Contractor throughout the term of this contract to assure the Contractor's financial fitness to perform and comply with all terms and conditions contained within this contract. King County will be the sole judge in determining the Contractor's financial fitness in carrying out the terms of this contract.

## **2.4 King County Contracting Opportunities Program**

The purpose of the King County Contracting Opportunities Program is to maximize the participation of Small Contractors and Suppliers (SCS) through the use of a ten percent (10%) incentive factor in the award of King County contracts for the purchase of goods or services. The Program is open to all SCS firms certified by King County's Business Development and Contract Compliance Office. To learn more about this program, or becoming a Certified Firm, as well as a list of Certified Firms, may be obtained by visiting the King County Contracting Opportunities Program Web-site at <http://www.kingcounty.gov/BDCC> or contacting the Program office at 206-263-9734.

Where indicated, brands of equal quality, performance and use may be considered by the county, provided the bidder submits with their bid the brand, model, product number and other data necessary for comparison. The county retains the sole right to accept or reject substitutions.

## **2.6 Forms Required Before Contract Award**

The Bidder shall submit, within five (5) Days of notification from the County, the applicable documents, insurance, bonds, sworn statements, and other requirements prior to award. Failure by the Bidder to submit required documents may result in rejection of the bid.

In consideration for the County's review and evaluation of its bid, the Bidder waives and releases any claims against the County arising from any rejection of any or all bids, including any claim for costs incurred by Bidders in the preparation and presentation of bids submitted in response to this ITB. In addition, Bidders waive the costs of providing additional information requested.

## **2.8 Single Bid Receipt**

If the County receives a single responsive, responsible bid, the County may request an extension of the bid acceptance period and/or conduct a price or cost analysis on such bid. The Bidder shall promptly provide all cost or pricing data, documentation and explanation requested by the County to assist in such analysis. By conducting such analysis, the County

shall not be obligated to accept the single bid; the County reserves the right to reject such bid or any portion thereof.

## **2.9 Public Disclosure of Bids**

This Contract shall be considered a public document and will be available for inspection and copying by the public in accordance with the Public Records Act, Chapter 42.56 RCW (the "Act").

If a request is made for disclosure of such portion, the County will determine whether the material should be made available under the Act. If the Contractor fails or neglects to take such action within said period, the County will release the portions of record(s) deemed by the County to be subject to disclosure. The County may accept any individual item, or group of items, or schedules of any bid, unless otherwise stated herein.

A written award mailed or otherwise furnished to a Contractor within the time for acceptance shall be a binding contract.

## **SECTION 3 Standard Contractual Terms and Conditions**

### **3.1 Administration**

This Contract is between the County and the Contractor who shall be responsible for providing the goods or services described herein. The County is not party to defining the division of work between the Contractor and its Subcontractors. Failure to comply with these requirements or to provide an invoice in conformance with the contract may delay payment.

Upon acceptance of payment, the Contractor waives any claims for the goods or services covered by the Invoice. No advance payment shall be made for the goods or services furnished by Contractor pursuant to this Contract.

King County will not be bound by prices contained in an invoice that are higher than those in the currently approved price list. If a price increase has not been accepted in writing by King County, the invoice may be rejected and returned to the Contractor for a correction.

The Contractor shall have ten (10) Days from the date the Notice to Cure was served to cure the default or provide the County with a detailed written plan, which indicates the time and methods needed to bring the work into compliance and cure the default.

If the Contractor has not cured the default or the plan to cure the default is not acceptable to the County, the County may terminate the Contract. Termination shall occur by serving a Notice of Termination by certified mail (return receipt requested) or delivery service capable of providing a receipt on the Contractor setting forth the manner in which the Contractor is in default and the effective date of termination.

### **3.8 Taxes, Licenses, and Certificate Requirements**

This Contract and any of the work provided hereunder is contingent and expressly conditioned upon the ability of the Contractor to provide the specified goods or services consistent with applicable federal, state or local laws and regulations. If, for any reason, the Contractor's required compliances are terminated, suspended, revoked or in any manner modified from their status at the time this Contract becomes effective, the Contractor shall notify the County immediately of such condition in writing.

The Contractor and subcontractor(s) shall maintain and be liable for all taxes (except sales/use taxes), fees, licenses, permits and costs as may be required by applicable federal, state or local laws and regulations as applicable to the work under this Contract.

### **3.9 Assignment**

If assignment is approved, this Contract shall be binding upon and inure to the benefit of the successors of the assigning party. This provision shall not prevent the Contractor from pledging any proceeds from this Contract as security to a lender so long as King County Policy Fin 10-1-1 (AP). This indemnification obligation shall include, but is not limited to, all claims against the County by an employee or former employee of the Contractor or its Subcontractors, and the Contractor, by mutual negotiation, expressly waives all immunity and limitation on liability, as respects the

County only, under any industrial insurance act, including Title 51 RCW, other Worker's Compensation act, disability benefit act, or other employee benefit act of any jurisdiction which would otherwise be applicable in the case of such claim. In the event that the County incurs any judgment, award and/or cost including attorney's fees arising from the provisions of this subsection, or to enforce the provisions of this subsection, any such judgment, award, fees, expenses and costs shall be recoverable from the Contractor. In the event of litigation between the parties to enforce the rights under this subsection, reasonable attorney fees shall be allowed to the substantially prevailing party.

In the event the County incurs attorney fees and/or costs in the defense of claims under this provision such attorney fees and costs shall be recoverable from the Contractor. In addition King County shall be entitled to recover from the Contractor its attorney fees, and costs incurred to enforce the provisions of this section.

The indemnification, protection, defense and save harmless obligations contained herein shall survive the expiration, abandonment or termination of this Contract.

Nothing contained within this provision shall affect and/or alter the application of any other provision contained within this Contract.

### **3.11 Applicable Law and Forum**

Except as hereinafter specifically provided, this Contract shall be governed by and construed according to the laws of the State of Washington, including, but not limited to, the Uniform Commercial Code, Title 62A RCW. Any claim or suit concerning this Contract shall only be filed in either the King County Superior Court or U.S. District for the Western District of Washington, in Seattle.

### **3.12 Conflicts of Interest and Non-Competitive Practices**

Requests for any such change are to be made in writing to the Buyer in the Procurement Services Division office. A written change order issued by the County will institute the price adjustment, provide the new prices and establish the effective date for the new prices.

The Contractor shall endeavor to give the King County Procurement Services Section thirty (30) days but not less than fourteen (14) days written notice prior to the effective date of the price increase. The County may cancel the contract if the price increase request is not approved.

In the case of an emergency where the County believes delay could cause serious injury, loss or damage, the County may waive the written notice and correct the defect. In either case the County shall charge-back the cost for such warranty repair to the Contractor.

The Contractor is responsible for all costs of repair or replacement in order to restore the work to the applicable Contract requirements, including shipping charges, for work found defective within the warranty period, regardless of who actually corrects the defect.

These specifications require that the bidder be responsible for all labor, equipment, materials and supervision necessary for the supply and delivery of sodium hypochlorite in accordance with this Invitation to Bid.

The bidder must be an established distributor or dealer with facilities, personnel and equipment to perform all expected requirements of these specifications in the event of Contract award.

Deliveries must be made in a professional manner. Any repair or clean up services shall be made at the Contractor's expense to the satisfaction of the County. Upon the failure of the Contractor to comply with these requirements in a reasonable time, the County may deem it expedient to repair damages and perform the necessary services at the expense of the Contractor.

If sodium hypochlorite is unloaded into the wrong storage tank, the Contractor is responsible for the immediate removal and replacement of both products, for any resulting damage and the loss of revenue.

12.5% Sodium Hypochlorite supplied to the municipality shall comply with all federal, state and local regulations, directives and accepted industry standards as currently in use and as revised in the future.

Any change in specifications shall immediately be submitted to the County for evaluation and/or approval. The County reserves the right to independently have chemical samples tested in determining contract compliance with the specifications. The supply and delivery of non-conforming chemical could result in contract termination.

## **5.7 Product Quality**

All chemical delivered shall be free from impurities including water, dirt, harmful oils or additives, fibrous materials, and other contaminants. Any chemical delivered that is contaminated, shall be removed and replaced within forty-eight (48) hours. In case of damage directly traceable to contamination, the Contractor shall be responsible for all damages and costs incurred.

## **5.8 Equipment**

King County requires that all equipment utilized by the Contractor be maintained in a clean and safe working condition. The County reserves the right to inspect any and all equipment prior to and during the contract period and to prohibit the use of equipment found to be unsafe or otherwise in an unsatisfactory condition. Prohibited equipment shall immediately be removed and replaced with acceptable equipment.

It is the Contractor's responsibility to visit the sites to determine whether their equipment is appropriate for the job and that they possess the necessary fittings and connections required to safely transfer chemicals from the delivery truck into the storage tanks.

King County shall not be liable for the damage to or theft of any Contractor owned equipment at any County facility or site.

All containers shall be certified by the Washington State Department of Weights and Measures at no cost to the County. Such certification shall be easily readable and convenient to identify.

## **5.9 Chemical Deliveries**

The Contractor must have tankers either equipped with compressors to generate or have the means to provide their own air for chemical off loading. No pressurized air will be made available by the County for unloading purposes.

## **5.10 Tare and Chemical Weights**

The quantity of Sodium Hypochlorite delivered shall be determined by the difference of weighing the tanker prior to delivery and again after the chemical has been unloaded. A density of 10 lbs per gallon shall be used to determine the total number of gallons of Sodium Hypochlorite delivered. For quality control purposes, all deliveries to the South Treatment Plant must go through the truck scale prior to and after unloading the chemical. If there is a significant difference between the weighed quantity from the contractor's scale and that of the quantity at the receiving plant, then King County will pay the quantity determined from the scale at the South Treatment Plant (South Plant deliveries only).

## **5.11 Deliveries**

The bulk of the deliveries to the South Treatment Plant will go into four (4) 12,000 gallon tanks. Other tanks located at the South Treatment Plant will be filled on an as-needed basis. The County also has chemical storage tanks at the following off-site facilities: Henderson Inlet Regulator Station, York Pump Station and the Carnation Plant. Since the usage of Sodium Hypochlorite at the Carnation Plant is minimal a smaller load may be ordered (no more than three times a year) and the balance delivered to either the Brightwater Plant or South Treatment Plant. No extra freight charges will be paid for this service.

Bulk deliveries at the West Point Plant will go into four (4) 12,000 gallon tanks. The West Point Plant also maintains the chemical storage tanks at the Alki Storm Weather Treatment Plant, Carkeek Storm Weather Treatment Plant and Elliot West CSO facility. The chemical tank at the Alki Storm Weather Plant has a capacity of 3,000 gallons so delivery to this facility can be made by one of the following options: 1) deliver a smaller load of 3,000 gallons to fill the tank or 2) having the contractor deliver the maximum load of 4,800 gallons, with the balance of the chemical after delivery to the Alki Plant going to the West Point Treatment Plant. No extra freight charges will be paid for this service.

The Brightwater Treatment Plant has two (2) 12,000 gallon tanks. Deliveries of Sodium Hypochlorite will also be made to the influent pump station located in the city of Bothell.

Total estimated usage for all of the King County facilities is in excess of a million gallons per year. Deliveries to off-site locations will generally occur during the wet weather season (November through May).

Deliveries shall be made between the hours of 7:00 a.m. and 3:00 p.m. or delivery arrangements can be mutually agreed upon by the County and Contractor. The Contractor shall notify King County personnel at the Division Control Buildings (manned 24-hour locations) one to two hours prior to intended delivery. For off-site deliveries, King County will coordinate with the Contractor on specific times for unloading chemical as these locations are not manned and require County personnel to unlock the gates at the sites.

Due to dangerous chemicals and plant processes at the South, West Point and Brightwater Treatment Plants, the driver of the truck unloading chemical may be required to watch a video regarding chemical awareness and safety upon their initial visit to these facilities. A product Safety Data Sheet and Certificate of Analysis must accompany each delivery.

Specific King County locations will schedule deliveries directly with the Contractor and the Contractor Shall notify the user if a scheduled delivery will not be made or delivered on time. The Contractor must respond within 48 hours if a delivery cannot be made on a specified date.

In the event of emergencies the Contractor must be able to meet 24 hour delivery requests. Repeated non-delivery or failure to notify the County of an inability to deliver may be cause for Contract termination.
