KING COUNTY PUBLIC HEALTH

General Information

COVID-19 is a new virus strain spreading from person-to-person. Health experts are concerned because this new virus has the potential to cause severe illness and pneumonia in some people — especially people over age 60 or who have weakened immune systems.

Health experts are still learning more about the spread and severity of illness COVID-19 causes. Currently it is thought to spread:

- through respiratory droplets when an infected person coughs, sneezes, or talks
- between people who are in close contact with one another (within about 6 feet)
- by touching a surface or object with the virus and then touching the mouth, nose, or eyes

People with COVID-19 have had a wide range of symptoms reported – from mild symptoms to severe illness. Symptoms may appear 2-14 days after exposure to the virus. People with the following symptoms may have COVID-19:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle pain or body aches
- Headache
- Sore throat
- New loss of taste or smell
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

PSA videos: Public Health – Seattle and King County videos are now available in 21 languages.

King County COVID-19 Data Dashboards
Testing for COVID-19

Public Health – Seattle & King County urges anyone who has COVID-19 symptoms or close contact with someone who has COVID-19 be tested right away. For anyone facing any barriers to getting tested, Public Health – Seattle & King County is working with local partners to open additional free COVID-19 testing sites in King County. Contact a healthcare provider to discuss the need for testing.

Don’t wait to test if you have symptoms: Early in the crisis, COVID-19 testing was limited. COVID-19 testing is now widely available in King County, and Public Health’s testing guidance has changed accordingly in alignment with Washington state Department of Health.

Public Health FAQs | DOH FAQs

Free COVID-19 Testing

The following locations provide free COVID-19 testing – regardless of immigration or insurance status. They are open to anyone who cannot access a COVID-19 test through their regular healthcare provider. Most sites are non-profit Community Health Centers. For more information please visit the interactive map or call the King County COVID-19 Call Center (open 7 days a week, 8 AM – 7 PM), at 206-477-3977.

Seattle Testing Sites
Public Health – Seattle & King County is supporting the City of Seattle and the University of Washington to launch two free drive-through COVID-19 testing sites. The facilities are located in north and south Seattle and will operate Monday through Saturday, from 10:00 a.m. to 3:00 p.m. and accommodate drive-through clients who book ahead through the website. Tests will be administered by the Seattle Fire Department.

SCAN: New Testing Program to Better Understand COVID-19 Outbreak
Public Health – Seattle and King County has partnered with the Seattle Flu Study to launch a home testing program called Seattle Coronavirus Assessment Network (SCAN). On June 10th, SCAN resumed testing of home-based, self-collected samples for COVID-19 and return of results. Learn more about it here.

Viral PCR Test
A viral PCT test is a diagnostic tool and is administered when someone is suspected of having COVID-19. A positive result means it’s confirmed that the patient has or has recently had COVID-19.

Antibody Test
A new type of test called serology (antibody) tests, measures antibodies to the SARS-CoV2 virus (which causes COVID-19). It is a blood test that can be done on anyone with or without symptoms, and it is not a diagnostic tool. The antibody tests show if someone was exposed to the SARS-CoV-2 virus. It is becoming available, but there are important limitations.

An antibody test might not show if you have a current infection because it can take 1–3 weeks after infection for your body to make antibodies. Having antibodies to the virus that causes COVID-19 might provide protection from getting infected with the virus again. If it does, we do not know how much protection the antibodies might provide or how long this protection might last.

“It’s important to understand that there is no reliable way at this time to know if someone is protected based on results of an antibody test, and any product that provides an ‘immunity certificate’ or other statement indicating protection based on the test result is unlawful and should be reported to the FDA and the Washington State Office of the Attorney General.”
Isolation & Quarantine

The purpose of this set of actions is to provide safe Isolation/Quarantine locations for County residents who cannot safely isolate or quarantine in their home, either because they do not have one or because they share their home with a vulnerable person.

CDC Guidelines | Public Health Guidelines | FAQs

Local Health Officer Quarantine Directive and Isolation Order

Effective March 28, 2020, individuals who have tested positive for COVID-19 or who are exhibiting symptoms of COVID-19 and have a test result pending may place other vulnerable members of the public at risk. To protect the health of our community and prevent the spread of COVID-19, the Local Health Officer issued the following:

Quarantine Directive

Everyone with COVID-19 symptoms (fever, cough, and/or difficulty breathing) who has a test result pending shall stay in a quarantine location (your home if you have one or in a government directed or publicly provided location if one is available) in accordance with CDC and Public Health guidance.

Isolation Order

• All individuals who tested positive for COVID-19 shall enter and remain in isolation. Do not leave your home or recovery facility, except to receive medical care.
• For individuals with symptoms, discontinue isolation only under the following conditions:
  o At least 24 hours have passed since recovery defined as resolution of fever without the use of fever reducing medications and improvement in respiratory symptoms (e.g., cough, shortness of breath); AND
  o At least 10 days have passed since symptoms first appeared.
• For individuals who tested positive but have not had any symptoms, discontinue isolation when at least 10 days have passed since the date of the first positive COVID-19 diagnostic test, and there has been no subsequent illness.

Compliance

All individuals are strongly urged to voluntarily comply with this directive and order without delay. Individuals who fail to comply may be subject to involuntary detention pursuant to public health authority under RCW 70.05.070 (2)-(3) and WAC 246-100-036 (3).

Isolation/Quarantine Sites

https://www.youtube.com/watch?v=lCvmqmnQh5Q

• Kent Motel (former Econo Lodge) | 15 rooms initially; total capacity 79
  1233 Central Avenue North, Kent | https://www.youtube.com/watch?v=mleu9H6b-Ds
• North Seattle/Aurora | Six modular units; total capacity 23
  1132 N. 128th Street, Seattle | https://www.youtube.com/watch?v=LmTr_syU_rg
• Issaquah Hotel (leased former Holiday Inn) | total capacity 99
  1801 12th Avenue NW, Issaquah
Assessment Center/Recovery Center (AC/RC)

A large, congregate care facility designed to provide Public Health-supervised care to symptomatic or COVID positive adults who are not able to follow public health guidance for isolation, quarantine, or recovery in their own home, or because they do not have a home. AC/RC facilities can serve as flex space for hospitals, making it possible to discharge non-serious COVID cases to the AC/RC, freeing hospital beds for the most acute cases.

The purpose of this set of actions is to provide “surge” capacity for hospital diversion during the projected peak of an outbreak. This emergency strategy will provide congregate settings for larger groups of people to be assessed for COVID-19 and to receive nurse-level Public Health supervision for people who do not need—or who no longer need—hospital-level care.

King County has identified the following sites for AC/RC assistance (others may be added):

- Shoreline: 19030 – 1st Avenue NE, Shoreline (150)
- Eastgate: 13620 Eastgate Way, Bellevue (150)
- Interbay: 601 Elliott Avenue West, Seattle (72)
- SoDo: 1039 Sixth Ave. S., Seattle (250)

This video highlights an example of how local companies are stepping up to support County residents who will recover at AC/RC sites.

Shelters

King County Reduces Shelter Concentrations

April 2, 2020

King County continues to reduce shelter concentrations by moving nearly 400 people to hotels. This is another in a series of actions King County is taking to “de-intensify” the concentration of people in shelters. This action also will allow locations to stay open 24/7, and meals will be provided. Onsite services and oversight will be provided by the shelter operators. These are not isolation and quarantine facilities. The people who are moving are presumed to be well.

The purpose of this set of actions is to support existing institutions to implement Public Health guidance to prevent transmission of COVID-19. This strategy focuses on preventing people from contracting COVID-19 in the first place.

- **The Sophia Way** is moving 100 people from a shelter site in Bellevue to a hotel in Bellevue, at 625 116th Avenue NE.
- **Catholic Community Services** is moving 90 people from shelter sites in Kent, Federal Way and Renton to a SeaTac hotel, at 2900 S. 192nd Street. It is also moving approximately 40 people from the King County Airport shelter to the Inn at Queen Anne.
- **Downtown Emergency Service Center (DESC)** is moving 200 people from its Seattle shelters to a hotel in Renton, at 1 South Grady Way.
- **The Salvation Army** is moving about 60 people from the King County Administration Building and the King County 4th and Jefferson Building Shelter to the Civic Hotel.
Shelter “De-intensification”
https://www.youtube.com/watch?v=4i5tMlrU

Seattle and King County created space for shelter “de-intensification” that allows shelters to maintain the minimum six-foot distance between residents that Public Health recommends.

Facial Coverings Mandatory Statewide
Gov. Jay Inslee has announced a statewide mandate requiring facial coverings when in public effective June 26th. The statewide order includes exemptions for children under 5 and those who are deaf or hard of hearing. Additionally, beginning July 7th, businesses must require all employees and customers to wear face coverings. Under this proclamation, businesses may not serve any customer, services or goods, if they do not comply with the state-wide face covering order. The decision comes as counties across the state, including King County, have seen COVID-19 infections on the rise in the last month as more people interact with each other. On July 23rd, the state also expanded its face covering mandate to include common areas, such as elevators, hallways, lobbies and similar areas effective July 25th.

King County Face Covering Directive
Face coverings are required in all public indoor spaces, and outdoors when you cannot remain 6 feet apart. The Washington State Department of Health has issued a statewide order requiring individuals to wear a face covering in indoor public spaces such as stores, offices and restaurants. The order also requires face coverings outdoors when you can’t stay 6 feet apart from others. A face covering is not needed when you are outside walking, exercising, or otherwise outdoors if you are able to regularly stay 6 feet away from other people who do not live with you.

WA DOH Full Guidance | COVID-19 Page

Wear fabric face coverings, such as cloth face masks, scarves, and bandanas. The face covering must fit over your nose and mouth. It is important to save medical-grade surgical masks and N95 respirators for healthcare workers and people who have special health needs.
Instructions on making cloth masks.

To protect yourself, wear face coverings properly.
- Your mask should always cover your nose and mouth.
- Always wash your hands with soap and water or use an alcohol-based hand sanitizer before you put on a face covering and after removing it.
- Change your face covering when it gets moist.
- Wash your face covering after each use.

Some people do not need to follow this directive, including:
- Children ages 2 years and younger. Babies and toddlers under age two should never wear cloth face coverings.
- Children ages 3-5 are encouraged to wear a face covering when possible.
- Anyone with a disability that makes it hard for them to wear or remove a face covering.
- Anyone who is deaf and moves their face and mouth to communicate.
- Anyone who has been advised by a medical professional to not wear a face covering because of personal health issues.
- Anyone who has trouble breathing, is unconscious, or unable to remove the face covering without help.
**REMEMBER:** Staying home is still the safest way to prevent spreading COVID-19. When out, wear your face covering, stay 6 feet apart from others, wash your hands frequently, and stay local. Businesses are required to post signage advising individuals to wear face coverings on the premises. Businesses can download a sign that can be used for this purpose at [www.kingcounty.gov/masks](http://www.kingcounty.gov/masks).

**King County Mask Distribution Program**

King County purchased 25 million cloth and disposable masks to provide these critical supplies to our communities as we enter new phases of re-opening in the wake of COVID-19. We are working with Chambers of Commerce, King County Cities, County Councilmembers, Community Organizations, Churches and Faith-Based Organizations, Transit Agencies, Food Banks, Senior Centers, and other key stakeholders to get supplies out to King County residents. Please visit this [website](http://www.kingcounty.gov/masks) for more information on how to access these supplies.

**Free Face Masks at all King County Safeway Stores**

King County has partnered with Safeway and United Food and Commercial Workers International Union Local 21 to distribute 750,000 free face masks at Safeway locations throughout King County starting today. Customers at the 59 Safeway locations in King County can obtain two free reusable masks per person in their household, for up to 12 masks total, while at the check stand. Disposable masks will also be available for customers who may have forgotten or misplaced their masks at all stores. For a list of other mask distribution sites in King County, please visit this [website](http://www.kingcounty.gov/masks).

**King County Donation Website**

The [King County Regional Donations Connector](http://www.kingcounty.gov/donations) is now available online to link up individuals, businesses, non-profits, and others who have resources with those who need them during the COVID-19 pandemic.

**King County Project CARE**

On April 14th, King County launched the [Project C.A.R.E. website](http://www.projectcarewa.org) (C.A.R.E stands for COVID-19 ACTION and RESPONSE ENLISTMENT). It is a comprehensive website that centralizes donations and volunteer opportunities to encourage people to give back to their community and help connect would-be volunteers with the organizations where their help is most needed.

**King County 2020 Broadband Access Study**

King County has completed its 2020 broadband access study which highlights that sustaining vibrant communities must include removing barriers that prevent low-income and rural residents in our community from full and equitable digital engagement. Read more about it [here](http://www.kingcounty.gov/broadband). For results specific to District 7, click [here](http://www.kingcounty.gov/broadband).
Office of Equity and Social Justice

Resource Guide

The King County Office of Equity and Social Justice has expanded their resource guide, highlighting financial resources for individuals, families, and small businesses.

Translations: Amharic | Arabic | Chinese | Korean | Oromo | Russian | Somali | Spanish | Tigrinya | Vietnamese

Equity Impact Awareness Tool

There are 3 primary factors that can identify communities whose health is especially vulnerable to an economic crisis during COVID-19 response. This tool can be used as a reference for understanding these factors as they present in the data.

Anti-Stigma Resources

Misinformation about coronavirus can create fear and hostility that hurts people and makes it harder to keep everyone healthy. We’re stronger as a community when we stand together against discrimination. Take advantage of these resources to prevent, interrupt, and respond to stigma.

GOVERNMENT EMERGENCY ACTIONS

Federal Emergency Actions and Guidance

The Centers for Disease Control and Prevention COVID-19 page is an excellent source of information and guidance about federal actions and guidance for travelers, employers, schools and community and faith-based organizations.

State Emergency Actions

Gov. Jay Inslee has announced a series of emergency actions to stop the spread of coronavirus. Learn more about state emergency actions or view recent and upcoming press conferences.

Local Emergency Actions

Local jurisdictions may choose to impose additional actions or guidance to their communities. Visit Public Health — Seattle & King County’s website and see King County’s response to COVID-19.

Enforcement

On March 30th, Gov. Jay Inslee, outlined three tiers of response to complaints of suspected violation of the order.

- The first tier is to educate the suspected violator about how to comply with the order.
- For those who don’t comply at that point, the state could issue citations or suspend permits, including revocation of business licenses.
- At the third tier, for continued violators, cases could be referred to the Attorney General for either civil or criminal charges.
People who suspect a business is violating the order can visit the state’s coronavirus site to report online or can contact local law enforcement through non-emergency numbers. Inslee and other officials stressed that people should not call 911 to report such violations.

In King County, violating a Local Health Order is a misdemeanor. Violators of the Governor’s Proclamations may be subject to criminal penalties. King County will not be actively searching for violations, our focus is on helping people understand the importance social distancing, rather than citations. If you have specific questions or reports related to this Guidance, please email coronavirus@kingcounty.gov.

FDA Warns the Public About Methanol-based Hand Sanitizers
The U.S. Food and Drug Administration has issued a warning about methanol-based hand sanitizers. The FDA is advising consumers not to use certain hand sanitizers due to the potential presence of methanol, a toxic alcohol that can cause blindness or death when absorbed through the skin or when swallowed. Read the Department of Labor and Industries’ press release.

Guidelines for Opening up America Again
Developed by the top medical experts from across the Government and based on verifiable metrics regarding the situation on the ground, the guidelines outline a phased return to reopening including specific steps for State, Local, and Tribal officials to follow in tailoring their response. The plan, exclamation points and all, can be found here: Guidelines for Opening up America Again! This marks all levels of government starting to coalesce around a stepwise re-emergence strategy centered on sound public health guidance.

Contact Tracing
On May 12th, Gov. Jay Inslee announced the launch of a statewide contact tracing plan that will allow more businesses to open and more people to be active in public while helping to slow and prevent the spread of COVID-19.

The responsibility for contact tracing in Washington state essentially lies with the counties. Public Health — Seattle and King County have 61 contact tracers handling about 500 cases per week. The agency believes they are reaching most people who have COVID-19.

However, not all counties have the resources to do so, which is why the state Department of Health will step in with three layers of help: the agency’s own contact tracers, a contractor with 78 trained individuals and a plan to hire more, and the Washington National Guard, which has 250 trained contact tracers. The Guard believes they will only need 133 but are prepared to use all 250 if needed to contact potentially exposed people. Read more about it here.
COVID-19 Risk Assessment Dashboard
The State has put together a COVID-19 Risk Assessment Dashboard that provides a high-level overview of the main data points discussed among state leaders and the level of risk experts perceive around the current numbers and situation. The dashboard gives more details on the metrics discussed by Gov. Inslee that will be used to determine readiness to proceed safely through a phased reopening.

Safe Start Approach
On May 31st, Gov. Jay Inslee issued his Safe Start Washington: A Phased Approach to Recovery proclamation, and gave details on the county-by-county approach allowing for flexibility and local control to address COVID-19 activity geographically. Effective June 1st, counties may apply to the Secretary of Washington State Department of Health, to advance phases. Applications will be evaluated by a county’s ability to meet target metrics and will be considered holistically in their readiness and ability to respond.

Smaller counties can apply for a variance from the order which would allow them to open even more businesses than allowed statewide. Counties are now eligible to apply if they have less than 10 new cases per 100,000 residents over a 14-day span.

Phased reopening application is currently on pause.

Governor Extends Pause on Phased Reopening
Gov. Jay Inslee extended the pause on phased reopening indefinitely as statewide cases continued to rise. The pause means no counties can be approved for moving to the next phase of reopening until that date if the order is not extended further.

Governor Ends “Stay Home, Stay Healthy” Order
Updated on May 29, 2020

On March 23rd, Gov. Inslee issued the Stay Home, Stay Healthy order, which requires everyone in the state to stay home. The “Stay Home, Stay Healthy” order ended on May 31st as the Governor issued a new proclamation that shifts the state to Safe Start – Washington’s Phased Reopening, a county-by-county approach that provides more flexibility for counties that don’t meet the criteria to fully move to the next phase.

To clarify status, or to petition to be added to the list of essential businesses, please email: business@mil.wa.gov

Governor Announces New Statewide Restrictions
On Sunday, November 15th, Gov. Jay Inslee announced a four-week statewide set of restrictions on gatherings and business activity as COVID-19 cases continued spiking in Washington. The restrictions took effect on November 16th at 11:59 PM, while the modified restrictions for restaurants will take effect on November 18th at 12:01 AM. These restrictions will remain in effect until Monday, December 14th. Inslee said he is committing an additional $50 million to help mitigate the economic impacts on businesses and workers through a combination of grants and
loans. He expects to have this funding available by the end of the year. Visit the Governor’s Medium Page for more information. Business owners with questions about how the new restrictions might apply to them can fill out an inquiry form and contact the state to get more information.

- **The restrictions prohibit all indoor gatherings** with people outside your household, unless everyone has quarantined and tested negative. Outdoor social gatherings are limited to no more than five people from outside your household.
- **Indoor service at bars and restaurants is prohibited**, and outdoor service will be limited to parties of five or less.
- **Indoor gyms and fitness centers, movie theaters, bowling alleys and museums** must close.
- **Religious services** are limited to 25% of capacity or 200 people, whichever is less, and masks must always be worn. Singing at such events is prohibited.
- **Wedding and funeral ceremonies** are limited to 30 people and receptions are prohibited.
- **Retail businesses, including shopping malls**, must limit occupancy to 25% and food court seating is closed.
- **Offices must be closed to the public**. Offices are required to mandate employees to work from home if possible, and limit occupancy to 25% if they remain open.
- **Personal care businesses**, such as salons and barbers, are limited to 25% capacity and real estate open houses are prohibited.
- **Youth and adult sports** are only allowed outdoor and for intrateam practice, and athletes must all wear masks.
- Long-term care facilities can only have visitors in outdoor settings.

**King County Moves to Phase 2**

On June 19th, King County entered Phase 2 of the Safe Start plan. Effective immediately, salons and barbershops can increase capacity, and retail stores, restaurants & bars can reopen with limited capacity. For inquiries, please contact the Business & Community Compliance line at 206-296-1608.

**Advisory Groups**

On May 5th, Gov. Jay Inslee announced three new advisory groups that will focus on certain areas as the state moves to reopen in phases from the closures brought on by the COVID-19 pandemic. More information is available [here](#).

- Public Health and Health Care Systems (DOH)
- Safe Work and Economic Recovery (DOC)
- Social Supports (DSHS)

Phase 3

On June 5th, Gov. Jay Inslee released a template for businesses in Phase 3 of the Washington Safe Start plan. Each business or entity operating in Phase 3 must develop a written safety plan outlining how its workplace will prevent the spread of COVID-19. A business may fill out this template to fulfill the requirement or may develop its own safety plan.

Guidance for the Agricultural Industry

On June 2nd, Gov. Jay Inslee issued guidance further clarifying requirements for the agricultural industry. This comes after the governor issued Proclamation 20-57 concerning the health of agricultural workers. It also builds on the Agricultural Safety Plan and previous guidance from the Washington State Department of Labor and Industries.

Agricultural Worker Testing

On August 19th, Gov. Inslee issued an update to Proclamation 20-57, “Concerning the Health of Agricultural Workers.” The proclamation now requires agricultural employers to test their workforce broadly when health officials identify an outbreak that passes certain thresholds. Read more about it here.

COVID-19 Food Production Worker Paid Leave Program

On August 13th, Gov. Inslee issued a proclamation, Food Production Workers Paid Leave, while concurrently setting aside $3 million to fund the program. This Washington state program requires and reimburses certain food production employers for paying leave to workers who may or do have a positive COVID-19 diagnosis and is meant to complement the federal Families First Coronavirus Response Act. Read more about it here.
Additional COVID-19 Financial Support
On November 20th, Gov. Inslee announced additional financial support funds for families and businesses impacted by the COVID-19 pandemic. The total new economic supports amount to $135 million. Included in that total is $70 million in business support grants, $30 million for the recovery loan program, $20 million for rental assistance, and $15 million for energy bills for low-income households. Read more about it here.

Cap on Third-Party Delivery Fees to Help Restaurants
On November 19th, Gov. Inslee announced a new cap on fees charged to restaurants by third-party delivery platforms, such as Uber Eats, DoorDash, GrubHub, Postmates and others. The proclamation caps delivery fees at 15% and total fees at 18% of the purchase price of an order. Third party delivery platforms have seen increased usage as fewer people are dining indoors this year due to health restrictions and concerns over contracting COVID-19. Read more about it here.

Funding for Rent Assistance, Small Businesses, Non-profits, Tribal Recovery Efforts
On July 1st, Gov. Jay Inslee announced the state distributed $365 million in federal funds to help with continuing COVID-19 relief efforts in the state of Washington. This sum includes $351 million from the CARES Act fund and $13.5 million from FEMA. To date, the state had distributed more than $950 million in federal COVID-19 relief and federal response funds. $163 million of this week’s distribution went to the state Department of Commerce to help populations hit hardest by the pandemic. You can read more about it here.

Funds allocated included:

- $100 million for low-income renters at risk of becoming homeless, including rental assistance through an existing framework that sends payments directly to landlords;
- $20 million to provide grants to small businesses, support for local economic development organizations that give assistance to businesses and support for data-driven recovery plans by region and industry;
- $20 million to provide operating grants for non-profit organizations that are working to address disparities and inequities exacerbated by increased need and funding shortfalls due to COVID-19. Many of these include community and youth development programs;
- $20 million to help tribes with pandemic recovery efforts.

Driver Licenses Temporary Extension
Gov. Inslee has taken action to allow the Department of Licensing (DOL) to temporarily extend the expiration dates of driver licenses and learner permits expiring March 1 – April 30, 2020 and October 1 – December 31, 2020. This provides extra time to renew online or schedule an appointment without incurring penalties or late fees. Permit holders can continue to practice driving. Some licensing offices have reopened and are accepting limited in-person driver licensing appointments. Visit DOL’s website for more information.
New Protections for High-Risk Workers
On April 13th, Gov. Jay Inslee issued a proclamation giving high-risk workers the right to protect themselves from COVID-19 without jeopardizing their employment status or loss of income. The proclamation provides older workers and those with underlying health conditions a series of rights and protections, including:

- The choice of an alternative work assignment, including telework, alternative or remote work locations if feasible, and social distancing measures.
- The ability to use any accrued leave or unemployment benefits if an alternative work assignment is not feasible and the employee is unable to safely work. Employers must maintain health insurance benefits while high risk employees are off the job.
- Employers are prohibited from permanently replacing high-risk employees.

High-risk individuals are defined by the Centers for Disease Control and Prevention (CDC) and specifically include people 65 years of age or older and people of all ages with underlying medical conditions.

Telemedicine Expanded for Medicaid Clients, Public Employees and School Workers
The state has taken several steps to support expanded use of telehealth for Medicaid clients as well as public employees and school workers. This includes providing services through telephone interaction; online digital interaction through a patient portal; and video-based evaluation and management health services. Learn much more on their website.

Reducing COVID-19 Transmission Risk in Correctional Facilities
On April 13th, Gov. Jay Inslee announced steps to protect the health of incarcerated individuals by focusing on the early release of vulnerable populations, including nonviolent individuals who are due to be released within the coming weeks and months. The plan will focus on individuals incarcerated for nonviolent and drug- or alcohol-related offenses, as well as people held on lower-level supervision violations.

Department of Adult and Juvenile Detention
The Department of Adult and Juvenile Detention is taking emergency action to ensure the health and safety of people in custody, visitors, and staff at all correctional facilities during the COVID-19 outbreak. King County Executive Dow Constantine also signed an order on March 24th suspending the work release program as part of several steps to reduce the number of people in custody and ensure the health of everyone in correctional facilities during the COVID-19 pandemic.

King County Council Approves Fifth Round of Federal Emergency Funding
On November 10, the King County Council approved the fifth round of federal emergency funding in response to the COVID-19 pandemic. The additional $46.7 million approved will be used to continue the support for the local response to the pandemic, including funds to improve pandemic safety in select childcare centers across King County. To learn more about this most
recent appropriation, visit this site, and to learn more about King County's COVID response and recovery funding to date, click here.

RESIDENTS | CONSUMERS

Food Assistance

**USDA Meals for Kids**
The U.S. Department of Agriculture (USDA) launched the “Meals for Kids” Site Finder to help families find meals for children while schools are closed during the coronavirus pandemic.

**Free and Reduced-Price Meals**
As the economic impacts of COVID-19 continue, more families are taking advantage of free meals provided by school districts. School districts have been able to provide free meals to all children aged 0–18, or older if enrolled in the K–12 school system, through the end of December 2020, thanks to waivers granted by the U.S. Department of Agriculture (USDA). However, once the funds run out at the end of the calendar year, many students will still need access to free or reduced-price meals from their school. Read more about it here.

**Basic Food Employment and Training Program (BFET)**
The U.S. Department of Agriculture (USDA) recently approved Washington’s proposal to allow low-income students in a wider range of certificate, degree and industry-recognized programs to receive food assistance through the state’s Basic Food Employment and Training Program, or BFET, provided they meet all the other eligibility criteria. Previously, this support was available only to income-eligible students enrolled in vocational programs or basic skills classes, severely limiting the number of students potentially eligible for BFET. Read more about it here.

**Map of Free Food Resources**
Public Health – Seattle & King County and the City of Seattle released a map of free food resources, which will be updated weekly. This new tool includes information about resources across King County in order to provide emergency food during COVID-19.

**Emergency Food Access Resources**
Public Health – Seattle and King County has assembled an array of resources for people who need help staying fed during the COVID-19 pandemic. The page, which will be continuously updated as new resources become available, includes information on food delivery, pick-up, and access in general with specific information for older adults, children, pregnant people and new moms, people without shelter, and more. You can access the site here.

**Women, Infants, Children**
WIC is the Special Supplemental Nutrition Program for Women, Infants and Children. The program gives families access to nutritious foods, nutrition education and breastfeeding support, health assessments and referrals. People seeking WIC services do not need to visit a WIC clinic. WIC
services are available by phone or video chat even when physical buildings are closed. To find WIC services in your area: Call the Help Me Grow WA Hotline at 1-800-322-2588 | Text "WIC" to 96859 | Visit ParentHelp123’s ResourceFinder | Download the WIC Shopper app for more information.

**Pandemic EBT**

P-EBT is a new emergency program for ALL children in grades K-12, who receive free or reduced-price school meals. P-EBT is not subject to public charge and will not affect your immigration status. P-EBT provides families with funds to pay the cost of meals while schools are closed due to COVID-19. If your family receives Basic Food through DSHS and your children receive free or reduced-price school meals, you do not need to apply for P-EBT. You will automatically receive these one-time benefits on your EBT card. Check with your school district to find out if you need to apply for free or reduced-price school meals so your family can receive P-EBT funds.

If your children are eligible for free or reduced-price school meals but do not receive Basic Food benefits, you will need to apply for P-EBT or call 877-501-2233. The deadline to apply has been extended to September 11th at 5:00PM.

**Financial Assistance**

**Department of Financial Institutions Resources**

The Washington State Department of Financial Institutions has developed a list of financial resources for Washington consumers impacted by the Coronavirus. We will add to this list as more resources become available.

**KCLS Financial Assistance Navigation Services**

The King County Library System Financial Assistance Navigation Service helps point King County residents to the financial assistance programs they need, such as business loans, unemployment claims and rent assistance. Residents looking for guidance may visit KCLS Financial Assistance website to complete an online form detailing their small business and/or personal financial needs, and they will receive personalized financial information and referrals from KCLS staff. Those without computer or Internet access may call (800) 462-9600 to schedule a phone appointment.

**Disaster Cash Assistance Program**

Washington State has made an emergency change to how Disaster Cash Assistance Program (DCAP) funds can be used in order to further assist people in need during the COVID-19 crisis. It is normally used to help low-income families following natural disasters, but the State has made an emergency change to the WAC to allow funds to be used during the pandemic.

This policy change will provide assistance for one month to Washington families and people without children who are not eligible for other cash programs, and who meet the income and resource limits of the program. People can apply for assistance by calling the Customer Service Contact Center at 877-501-2233 or by applying online at WashingtonConnection.org.
Federal Stimulus Check
Cash assistance from the federal government’s stimulus package, of up to $1,200 per person depending on income, were sent to eligible households in early April. For additional information and to request your Economic Impact Payment, visit the Economic Impact Payments Information Center.

Mental Health Support

Washington Recovery Helpline
This is a time of stress and anxiety for many Washingtonians. It’s important that people stay home as much as possible and practice social distancing, but that can also feel isolating. The workers in our behavioral health community are ready to help. If you or a family member needs emotional or mental health support, or treatment resources for substance use, please consider calling the Washington Recovery Helpline at 1–866–789–1511.

Washington Listens
The Washington Department of Health has launched Washington Listens, a support program and phone line to help people manage elevated levels of stress due to COVID-19. The program is anonymous, and a support specialist will connect you to community resources in your area. To speak with a support specialist, call 1-833-681-0211 or dial 711 for the Washington Relay Service.

State and King County Resources
If you’re feeling lonely, stressed or anxious, check out this State Department of Health blog post for three ways you can take control. King County also has mental health resources available to its residents. For professional mental health services and support, call the King County 24-Hour Crisis Line at 1-866-427-4747.

Rental Assistance

King County Eviction Prevention and Rent Assistance Program
King County has created a new program to assist households economically impacted by the coronavirus due to illness, loss of income or unemployment who have been unable to meet rent obligations and are at risk for eviction. The new Eviction Prevention and Rent Assistance Program is accepting interest forms from the following who wish to participate:

- Tenants
- Small Landlords
- Large Property Landlords and Managers
- Manufactured Home Park Owners and Managers
- Local Non-Profits

For questions, please contact CommerceRAgrant@kingcounty.gov or call 206-263-9105.

United Way King County
United Way has an expanded program of rental assistance since April 10th. One month of rental assistance is being offered to people in King County struggling to pay rent due to the coronavirus.
Listed below are the requirements to qualify and a link to the application. Funds are available on a first come, first served basis. United Way is currently fundraising for additional support. Please provide your email and they will let you know if the program reopens. You may also send an email to RentHelp@uwkc.org.

If you’re a King County resident who has been impacted financially by COVID-19 and are behind on your rent, you may qualify for assistance. If you meet the requirements, please fill out the online application at www.uwkc.org/renthelp or call 2-1-1.

You may apply for this assistance if you:
- Live in King County, WA
- Are behind in rent
- Are economically impacted by COVID-19
- Have a current monthly household income that is below these amounts (50% of Area Median Income):
  - 1 Person: up to $3,483
  - 2 Persons: up to $3,983
  - 3 Persons: up to $4,479
  - 4 Persons: up to $4,975
  - 5 Persons: up to $5,375
  - 6 Persons: up to $5,775

Statewide Moratorium on Evictions
On October 14th, Gov. Jay Inslee extended protections for renters to December 31st as COVID-19 continues to impact the finances of Washingtonians statewide. The governor first proclaimed a moratorium on evictions in mid-March, then extended and expanded the moratorium in mid-April and June. The King County Sheriff’s Office has said it won’t enforce evictions during the continuing outbreak.

Unincorporated King County Tenant Protections
On June 23rd, King County Council passed a new legislation protecting tenants who are unable to pay their rent due to the financial impacts of COVID-19. The ordinance extends protections to residential tenants, including manufactured homeowners, and small commercial tenants in King County. Learn more about it here.

Homeowners and Mortgage Assistance
Federal Housing Support (CARES Act)
For homeowners with federally backed mortgages and properties that receive federal subsidies, the CARES Act provides:
- a 12-month forbearance on mortgage payments
- a 60-day moratorium on foreclosures
- a 120-day moratorium on evictions and late fees for renters

Emergency Solutions Grant
The Emergency Solutions Grant (ESG) program utilizes federal funds to support communities in providing street outreach, emergency shelter, rental assistance, and related services. This program provides resources for adults and families with children experiencing or at-risk of homelessness. More information about Washington state’s Emergency Solutions Grants available here.
Coronavirus Support and Assistance
- **List of COVID-19 Mortgage Assistance and Relief Programs**
  List of federal government programs and mortgage lenders offering relief.

- **Consumer Financial Protection Bureau suggestions**

Internet Access

**Drive-in WiFi Hotspots**
The Washington State Broadband Office estimates over 300 new drive-in Wi-Fi hotspots coming online statewide through an initiative to bring free public broadband internet access to all residents. Access is available to all residents with specific emphasis on remote learning for students. Additionally, this service can be used for job searches, telehealth, telework, unemployment filing, and census participation. For complete information and a map of locations, visit [www.driveinwifi.wa.gov](http://www.driveinwifi.wa.gov).

**Xfinity WiFi Public Hotspots**
Xfinity is offering free WiFi hot spots, unlimited data, and no disconnects or late fees. A map of free hotspot locations and info on how to connect is [here](http://www.driveinwifi.wa.gov). There are thousands of these hotspot locations across King County.

**Comcast Internet Essentials**
Comcast is offering 60 days of free internet access for low-income families. To sign up, applicants can visit their [website](http://www.driveinwifi.wa.gov).

**AT&T Access**
AT&T offers low-cost internet service for eligible households who participate in the Supplemental Nutrition Assistance Program (SNAP). Visit their [website](http://www.driveinwifi.wa.gov) for more information.
Utilities Assistance
If you need help paying your utility bills, contact your service provider immediately.

Ratepayer Assistance and Preservation of Essential Services
Proclamation 20-23 prohibits all energy, telecommunications, and water providers in Washington State from conducting the following activities: (1) Disconnecting any residential customers from energy, telecommunications, or water service due to nonpayment on an active account, except at the request of the customer. (2) Refusing to reconnect any residential customer who has been disconnected due to nonpayment; (3) Charging fees for late payment or reconnection of energy, telecommunications, or water service; and (4) Disconnecting service to any residential customer who has contacted the utility to request assistance from the utility’s COVID-19 Customer Support Program.

These prohibitions on disconnecting, refusing to reconnect, and charging late fees in this proclamation, as amended, are extended until termination of the COVID-19 State of Emergency or 11:59 p.m. on December 31, 2020, whichever comes first.

Utilities and Transportation Commission
UTC offers energy assistance programs. For questions, email consumer@utc.wa.gov or call 1-888-333-9882.

Federal Government
Federal government also has assistance programs to help with telephone and heating bills. For questions, call USAGov at 1-844-872-4681.

Puget Sound Energy
PSE will not disconnect customers, will waive late fees and offer payment plans. PSE will also make funds available to help customers who have been impacted by the COVID-19 pandemic through its Crisis-Affected Customer Assistance Program (CACAP).

City of Seattle
Seattle City Light and Seattle Public Utilities will not shut off service for Seattle residents during the emergency. They also offer deferred payment plans and discount programs. For more information, call 206-684-3000 or send an email 24/7 at http://www.seattle.gov/utilities/about-us/email-question.

City of Bellevue
Bellevue’s Utilities Department is not disconnecting water service for non-payment currently. Additionally, it is temporarily waiving late fees for non-payment. For questions, call 425-452-6932 or email Utilities@bellevuewa.gov.

CenturyLink
CenturyLink is not disconnecting internet service or assessing late fees currently. Eligible customers can get more information and contact CenturyLink at 1-800-871-9244.
T-Mobile
T-Mobile is not disconnecting small business customers due to inability to pay currently. Additionally, it is temporarily waiving any late fees that small business customers incur due to the COVID-19 situation. Eligible customers can find more information from T-Mobile. If you are past due you can set up a payment arrangement online, or dial 611 from your T-Mobile device to speak to your Team of Experts to find the best solution for you.

HELP FOR VICTIMS OF VIOLENCE

RESOURCES FOR VETERANS

King County Veterans Program is here to help with emergency support, employment, housing & financial stability, and legal & end of life planning. Auburn Senior Activity Center is offering consultation hours over the phone during COVID-19. Call Paul Stayback for assistance at 206-477-0648.

The White House’s interagency veteran suicide prevention task force released a two-year, $53 million strategy outlining public health approaches to suicide prevention, with emphasis on the
special needs of veterans. Read more about this [here](#). Visit this [website](#) to learn more about VA’s suicide prevention resources and programs.

Veterans who are in crisis or having thoughts of suicide, and those who know a veteran in crisis, can call Veterans Crisis Line for confidential support 24 hours a day. Call 800-273-8255 and press 1, send a text message to 838255 or chat online at [VeteransCrisisLine.net/Chat](#).

**RESOURCES FOR IMMIGRANTS & REFUGEES**

**COVID-19 Immigrant Relief Fund**
The Washington COVID-19 Immigrant Relief Fund will provide $40 million in federal funds allocated by the state to assist Washington workers who miss work due to COVID-19 but are unable to access federal stimulus programs and other resources due to their immigration status. While the fund is operational, eligible recipients will receive $1,000, with a limit of $3,000 per household. [Applications are open](#) through December 6th. Benefits will be disbursed by December 28th.

**Other Resources for Immigrants**
One America has compiled a list of resources in Washington State (some in multiple languages) to ensure everyone in our communities is able to receive the care and necessities they need. You can access these [resources here](#) or on the council’s [www.kingcounty.gov/council/gethelp](#) site.

Columbia Legal Services has a developed a coronavirus [benefits information guide](#) for people without immigration status, currently available in English and Spanish—and they are in the process of translating it into other languages.

**RESOURCES FOR WASHINGTON STATE TRIBES**
The Washington State Department of Commerce announced $5 million in emergency grants is now available to the 29 federally recognized tribes in the state to bolster their response to the COVID-19 pandemic. Each tribal government will receive an immediate grant of $100,000, with the remaining $2.1 million distributed based on a formula currently under development between Commerce and tribal leaders. More information about the grants is [posted here](#) under the “COVID-19 Emergency Response Grant for Tribal Governments” section.

On May 28th, Gov. Inslee announced the release of a proclamation related to provisions restricting tribes’ use of fuel tax refunds to highway and transportation-related purposes. The [proclamation](#) is effective immediately and will expire on June 27, 2020.
**ASSISTANCE FOR KING COUNTY PET OWNERS**

Regional Animal Services of King County (RASKC) has joined an amazing regional effort to ensure pet owners are able to keep their animals happy and healthy by addressing food insecurity in the wake of the COVID-19 pandemic.

Through the generous support of GreaterGood.org, a national nonprofit that protects people, pets and the planet, Seattle Humane worked with a team of shelter partners to create a distribution hub to get ongoing donations of pet food and supplies to those struggling financially.

King County has leased a warehouse to store pallets of pet food and supplies, which will be distributed across the state. The groups have created an updated interactive map to help pet owners find distribution sites around the region. Pet owners who are unable to visit a physical location can visit this link to fill out and submit a Pet Food Bank request form. For questions, please call 425-649-7566 or email outreach@seattlehumane.org.

Click [here](#) to learn more about King County’s Pet Assistance Program.

**RESOURCES FOR ARTISTS & CULTURAL ORGANIZATIONS**

A national group of community members has established a long list of resources geared toward freelancers and artists. This includes actors, designers, musicians, composers, craft artists, teaching artists, writers, and others.

- **Seattle Artists Relief Fund** - to assist Seattle's creative professionals such as musicians, DJ's, independent chefs, writers, etc.

- **Cultural Relief Fund** - The King County Council has approved $2 million towards 4Culture’s COVID-19 response efforts. Click [here](#) to view the recipients of the 2020 Cultural Relief Fund.

- **Amplifier** - 4Culture is partnering with Amplifier to select 10 King County artists to provide artwork for an emergency, global campaign around the themes of public health and safety, or mental health and well-being. Each selected artist will receive a $1,000 award. [Open call is closed](#).

- **American Guild of Musical Artists (AGMA) Relief Fund** is providing support and temporary financial assistance to members in need.

- **Equal Sound** has established a coronavirus Relief Fund available to musicians who have lost income due to a cancelled show.

- **Foundation for Contemporary Arts** offers an Emergency Fund for visual and performing artists who meet certain eligibility guidelines. The average grant award totals about $1,600.
Recording Academy offers MusiCares, a short-term financial assistance program for personal needs which have arisen due to unforeseen circumstances.

New York Foundation for the Arts operates the Rauschenberg Emergency Grant program, which provides one-time grants of up to $5,000 to artists who experience an unexpected medical emergency.

Sweet Relief has established a donor-directed assistance fund to offer short-term financial support for musicians and music industry workers affected by the COVID-19 novel coronavirus.

OTHER GRANT-BASED ASSISTANCE

4Culture: Landmarks Capital Funding
The Landmarks Capital Funding Program is now accepting applications to support urgent repairs, including emergencies and time-sensitive projects. It will prioritize projects that prevent further damage or disrepair to historic properties, or address life safety issues. The deadline to submit your application is on September 16th at 5:00 PM. Visit their website for workshop schedules and more information, or contact Dana Phelan at 206-263-1604 or dana.phelan@4culture.org.

4Culture’s Reopen Fund: Organizations + Landmarks
4Culture, through an allocation by the King County Council, has committed a total of $1.4 million to support King County cultural organizations and historic properties in their efforts to reopen their programs to the public during the COVID-19 pandemic. The Reopen Fund supports training, protective equipment, infrastructure improvements, systems upgrade, additional personnel and other measures needed to do these activities successfully. Applicants must be cultural organizations, municipalities, or owners/stewards of historic properties in King County. Cultural organizations applying for these funds must have a primary mission related to one or more of 4Culture’s funding areas: arts, heritage, and preservation. The deadline to apply is August 17th at 5:00 PM. Visit 4Culture’s website to apply.

Seattle Small Business Stabilization Fund
For microbusinesses with 5 or fewer employees, owner with low/medium income (less than 80% area median income), and a physical location. The City of Seattle has delayed B&O taxes for small business and established a small business stabilization fund to provide grants of up to $10,000.

Seattle Foundation COVID-19 Response Fund
The Seattle Foundation announced a total of $9.2 million in grants, funded by private philanthropic donors to support childcare, mental and behavioral health, and emergency financial assistance for vulnerable workers and families. You can learn more about the grants here.

For community-based organizations disproportionately impacted by COVID-19 and its consequences. The Seattle Foundation announced over $10 million in grants to nonprofit organizations providing a variety of critical services in this difficult time.
Amazon Neighborhood Small Business Relief Program
Will provide assistance for businesses with fewer than 50 employees or $7 million in annual revenue, as well as a physical presence near Amazon's buildings in South Lake Union, Denny Regrade or downtown Bellevue. Funds are expected to be disbursed in early April.

BUSINESSES

Federal Small Business Administration

Paycheck Protection Program
Paycheck Protection Program (PPP) is an SBA loan designed to provide a direct incentive for small businesses to keep their workers employed and on the payroll during the Coronavirus (COVID-19) crisis. SBA will forgive loans if all employees are kept on the payroll for eight weeks and the money is used for payroll, rent, mortgage interest, or utilities. Small businesses will be able to apply if they were harmed by COVID-19 between February 15, 2020 and June 30, 2020. The program is retroactive to February 15, 2020 in order to help bring workers who may have already been laid off back onto payrolls.

The SBA resumed accepting Paycheck Protection Program applications from participating lenders. The new deadline to apply for a Paycheck Protection Program loan is August 8, 2020. The new PPP Flexibility Act offers more flexibility and longer timelines to maximize loan forgiveness, along with reductions to the minimum required use of proceeds for payroll costs.

COVID-19 Economic Injury Disaster Loan
Small businesses with less than 500 employees in many Washington counties are now eligible to apply for low-interest federal SBA Economic Injury Disaster Loans. The interest rate is no higher than 4%, and the duration of the loans are no more than 30 years but looks like the specific rates/duration are determined through the application process.
To apply: https://disasterloan.sba.gov/ela

SBA Debt Relief
The SBA is providing a financial reprieve to small businesses during the COVID-19 pandemic. The SBA will automatically pay the principal, interest, and fees of current 7(a), 504, and microloans for a period of six months. The SBA will also automatically pay the principal, interest, and fees of new 7(a), 504, and microloans issued prior to September 27, 2020.

SBA Express Bridge Loans
This loan enables small businesses who currently have a business relationship with an SBA Express Lender to access up to $25,000 quickly. These loans can provide vital economic support to small
businesses to help overcome the temporary loss of revenue they are experiencing and can be a term
loans or used to bridge the gap while applying for a direct SBA Economic Injury Disaster loan.

State Resources

Washington COVID-19 Immigrant Relief Fund
The application for the Washington COVID-19 Immigrant Relief Fund is now open. Immigrants
who are experiencing financial hardship and are not eligible for federal financial relief or
unemployment insurance are eligible to receive a one-time direct payment of $1,000 or up to
$3,000 per household. Call 1-844-724-3737 for help with your application. Support is available in
multiple languages. Read more about it here.

COVID-19 Relief Grants for Non-profit Organizations
The Washington State Department of Commerce is partnering with Philanthropy Northwest to
provide $2 million of relief funding from the federal CARES Act with a focus on community-based
nonprofits and Tribal organizations most impacted by COVID-19. This is a short opportunity –
grant applications are due tomorrow, November 6th. The full news release includes links to the
application materials and how to find technical and translation assistance, and can be found here

Labor and Industries (L&I) Consultation Program
L&I’s Consultation Program offers confidential, no-fee, professional advice and assistance to
Washington businesses. These services can help you find and fix hazards in your workplace and
strengthen your safety program. List of Services | Request an onsite consultation | Call a
consultant near you (King County 206-835-1065)

Working Washington Small Businesses Emergency Grant Program
Gov. Inslee has created this $5M Grant Program for small businesses using a portion of the state’s
Strategic Reserve Fund (SRF). See the list of grant recipients here. Applications closed in King
County.

Association of Washington Business
The Association of Washington Business announced a new website aimed at helping Washington
businesses safely welcome back employees and customers. It features an online portal to connect
Washington businesses with ‘Made in Washington’ manufacturers of personal protective
equipment (PPE), plus a toolkit for small businesses to help prepare their physical spaces for
reopening and assist in communicating new health and safety protocols with employees and
customers.

Business Response Center
The state Economic Resiliency Team (ERT) has started a Business Response Center to answer
general business inquiries around financial help or other business assistance during the COVID-19
outbreak. Businesses with questions can visit this one-stop portal to get information related to
COVID-19.
Small Business Resiliency Assistance
In partnership with Washington State’s ethnic commissions, Commerce is contracting with community-based organizations to provide linguistically and culturally appropriate help to business owners. Visit their website for more information.

Washington State Department of Commerce
The Washington Department of Commerce has created a list of crisis planning tools and resources where you can get information about emergency grants, disaster loans, and other small business support.

Washington State Department of Revenue
The Washington State Department of Revenue can provide extensions on taxes and/or waive filing fees. Contact DOR at 360-705-6705 or visit their website.

Export Assistance
The Washington State Department of Commerce’s Export Assistance Team division can help companies identify alternative markets and provide firms with STEP Vouchers to defray the costs of trade show or trade mission fees, airfare, interpreter and translation services, business matchmaking, export training programs and more. Contact the Export Assistance team at 206-256-6100.

The SBA’s Export Working Capital Program can help small businesses obtain working capital advances from lenders on export orders, export receivables or letters of credit. SBA’s Senior International Credit Officers can work directly with an impacted company to explain the program and application process.

King County Resources
Small Business Assistance Program - Unincorporated King County
King County is launched a new program to help small businesses in unincorporated King County that have been hurt by COVID-19. To learn more about this program, visit www.kingcounty.gov/localbusinesshelp.

To find out if your business is in unincorporated King County, here are two ways to find out:
- Find your business on this map. The green layer indicates unincorporated King County.
- Enter the business address in King County’s Parcel Viewer and see what’s listed for Jurisdiction.

Coaching & Technical Assistance
If your business is in unincorporated King County, you can get help from a U.S. Treasury-certified community development financial institution. Technical assistance coaches can help you with...
- Information about the latest (federal, state, and local) funding and loan resources
- Utility bill assistance
- Filling out grant or funding application forms
- Coaching to help your business survive the impacts of COVID-19 closures
• Other advice and assistance
To access this technical assistance, call 206-331-3275 and leave a voice mail with your contact information. A technical services coach will call you back within two business days. You may also fill out and submit a Technical Assistance/Coaching Request Form at this.

Grants
The second round of King County’s Small Business Assistance Grant Program will accept applications beginning Aug. 21st through Sept. 11th. Visit this website for more information.

If you would like help filling out your application from a technical assistance coach and/or a language interpreter, either fill out the online form in the Coaching section above or call 206-331-3275 and leave your contact information and the name of the language you would like to speak, and ask for help filling out your grant application. A technical assistance coach will call you back within two business days with an interpreter on the line (if needed). To have your application considered, you must request assistance no later than Sept. 11th. The application period for the second round of King County’s Small Business Assistance Grant Program has ended.

Grants for Chambers of Commerce and Community-based Organizations
King County Local Services has a new grant program which aims to support existing chambers of commerce and community-based organizations (CBOs) that provide marketing and technical assistance to small businesses in unincorporated King County. Interested chambers of commerce and CBOs must apply by 5:00 PM, Friday, October 30th. King County Local Services, which is administering the program, will notify applicants of their status in early November. Click here for more information.

King County Offers Grant for Science, Arts, Culture, Independent Music Venues
King County is providing one-time economic support grants to certain types of organizations in King County including science organizations; arts, culture, and science organizations that provide educational programs; and independent live music venues. The grant application period is now closed. King County will notify applicants by August 14th of award status.

For questions, please call 206-296-1608 and leave a voicemail with your name and phone number. If you need an interpreter, please indicate what language you speak. The technical assistant will call back with an interpreter within two business days. Click here for more information.

King County Office of Equity & Social Justice Community Response Fund
On May 5th, the King County Council approved a second emergency supplemental budget proposed by Executive Dow Constantine to provide additional resources related to the COVID-19 pandemic. Included in the legislation is $1 million for the Office of Equity and Social Justice (OESJ) to expand funding for the COVID-19 Community Response Fund. The application is now closed.
Local Resources

Kent Small Business Emergency Relief Grant
The City Council authorized the use of $1 million of its federal CARES Act funds for Emergency Relief Grants to help businesses recover. Businesses could receive grants of $4,500 each to help with economic relief from the pandemic. The application deadline has been extended to August 9th at 8:00PM. Visit the city's website for more information. The application is now closed.

Federal Way COVID-19 Small Business Assistance Grant Program
Local small businesses may now begin applying online for the second round of the Federal Way COVID-19 Small Business Assistance Grant. There will be $1,000 and $2,000 grants available. Applications are accepted until August 19th until 5:00 PM. For questions, call 253-835-2414 or email CovidGrant@cityoffederalway.com. The application is now closed.

Financial services
Many banks and credit unions have options for their clients. Their advice is to call them directly and work out the best plan for your business. Support includes: 1st Security Bank, Bank of America, BECU, First Financial Northwest Bank, JP Morgan Chase, Salal Credit Union, Umpqua Bank, US Bank, Verity Credit Union, Wells Fargo.

WORKERS

Paid Family and Medical Leave
Paid Family and Medical Leave program can provide paid leave benefits for Washington workers who need to take time off from work due to a serious health condition or to care for a family member with a serious health condition. Certification by a healthcare provider is required for applications for Paid Family and Medical Leave due to a serious health condition. Paid Family and Medical Leave COVID-19 FAQ | How Paid Leave Works

Paid Sick Leave
Workers may use accrued paid sick leave if their employer is shut down due to a health-related reason, including COVID-19. Additionally, the Families First Coronavirus Response Act (FFCRA) requires certain employers to provide workers with paid sick leave or expanded family and medical leave for specified reasons related to COVID-19. L&I Paid Sick Leave FAQ | FFCRA Employee Paid Leave Rights

Food Production Paid Leave Program
Gov. Jay Inslee issued a proclamation that sets forth the parameters for the Washington COVID-19 Food Production Paid Leave Program. The proclamation went into effect on August 18th. The program provides a $3 million fund to support workers in the food production industry who are unable to obtain leave through the Families First Coronavirus Response Act. These workers are
often ineligible for other forms of paid leave, even when exposed to COVID-19. Read more about it [here](#).

**Regular Unemployment**

ESD adopted a series of emergency rules to relieve the burden of temporary layoffs, isolation and quarantine for workers and businesses [esd.wa.gov/unemployment](esd.wa.gov/unemployment). Some of the changes include:

- You must provide basic information, including:
  - Your name, date of birth, and Social Security number
  - Names and addresses of all employers
  - Dates you worked at each employer
  - Your citizenship status or authorization to work

- **Job search requirements** are optional for all claimants until December 7, 2020.
- You can request **standby status for up to 12 weeks**.
- The one-week waiting period to be eligible for unemployment benefits is **waived until December 7, 2020**.
- Once you are approved, you will need to submit a weekly claim for each week you are unemployed.
- If you are unsure of your eligibility, apply anyway. Complete the application as best you can and ESD will follow up with you as soon as possible.
- For information on temporary layoffs, standby and furloughs, [click here](#).

**FAQs:**

**Tips for Workers Seeking Unemployment**

ESD recommends workers take the following four steps to help ensure their unemployment benefits are filed correctly and start quickly:

1. Sign up for the agency’s COVID-19 action alerts.
2. Download and review the ESD eligibility checker. This will help workers determine if they are currently eligible for benefits.
3. Download and read the application checklist to make sure that you have what you need.
4. A Secure Access Washington (SAW) account is needed to file an unemployment claim. ESD recently posted a video that explains the process to be followed in order to apply for benefits. After reviewing the video, please sign up for a SAW account.

Fraudulent Unemployment Claims
If you have reason to believe someone has applied for unemployment benefits using your information or used a scam to obtain your private information, please report that to us using the information below. You can go to https://secure.esd.wa.gov/home/ to log in or create an account and verify your identity to ensure that your social security number isn’t associated with an email that isn’t yours. If someone else is claiming benefits under your name, you will need to report the fraud as soon as possible.

Workers' Compensation
Workers’ compensation is a state-run insurance program that provides benefits for people who suffer job-related injuries or illnesses. It is operated by the Washington State Department of Labor & Industries (lni.wa.gov). In most cases, exposure to or contraction of COVID-19 is not considered to be an allowable, work-related condition. FAQs

However, under certain circumstances, claims from health care providers and first responders involving COVID-19 may be allowed. For a COVID-19 claim, you must show:

- There is an increased risk due to your occupation
- If not for your job, you would not have been exposed
- You can identify a specific source or event in your job that led to your exposure (for instance, you treated a patient with the virus)

How can I file a COVID-19 claim?
For workers: Online via FileFast tool | By phone: 1-877-561-3453 (FILE)
At your doctor's office (if you complete the Report of Accident at your doctor's office, the doctor files the form for you).

---

**Employment Security Department:**
The Employment Security Department is an equal opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities. Language assistance services for limited English proficient individuals are available free of charge. Washington Relay Service: 711
INSURANCE

The Washington State Office of the Insurance Commissioner has resources and information available for consumers who have insurance related questions.

Health Insurance
Information about coronavirus and health insurance for consumers, insurers and medical providers can be found here. For questions, call 1-800-562-6900 or send a message via chat.

Washington Health Plan
Insurance experts are available by phone to answer questions and get you enrolled. You can call them to get help or make an appointment. Those who are currently uninsured should contact a Navigator for help filling out an application and selecting a plan. Special Enrollment information | Navigator search

Property and Liability Insurance
Information about the coronavirus pandemic and how it is affecting property and liability insurance in Washington state can be found here.

Business and Commercial Insurance
Information for Washington state businesses about coronavirus and its impact on commercial insurance and business operations can be found here.

Event Cancellation Insurance
Event venues typically recommend the person or company booking a scheduled event to have event cancellation insurance coverage. Coverage for communicable disease outbreaks, such as a coronavirus, is typically not included in a standard event cancellation insurance policy. Read more about it here.

Travel Insurance
Travel insurance can protect you against financial loss if you're forced to cancel, delay or interrupt your vacation, business trip, or other travels. It can also offer you protection if you experience a medical emergency, damage to personal property and even if a death occurs while you're traveling.

Before buying travel insurance
Check to see if it covers trip cancellation due to health and disease outbreaks (i.e., Coronavirus) or natural disasters where you are traveling to.

Insurance Assistance
The Washington State Insurance Commissioner can help answer questions about insurance coverage for damages related to COVID-19.
**What you need to be covered:** To be covered against any business losses due to a communicable disease, such as COVID-19, you would need to have purchased an additional endorsement to your policy. Contact your insurance agent or insurance company directly to find out if you already have this added coverage. If you don’t have added coverage and would like to buy it, contact your insurance agent or company to see if it’s available. If you didn’t buy the added endorsement prior to the outbreak and you want to buy it, the insurer may not want to sell you the endorsement.

NOTE: The Office of the Insurance Commissioner does not have the authority to require insurers to sell any type of coverage or policy endorsements to consumers.

---

**EDUCATION & CHILD CARE**

**Technology Investment for Washington Students and Staff**

On October 30th, Gov. Inslee announced the allocation of $24 million in Coronavirus Relief Funds to purchase approximately 64,000 computing devices for students across the state. These devices will enable students to receive their education in the new COVID-19 remote learning environment. The first shipment of 20,000 devices is expected in the coming weeks. Read more about it [here](#).

**Tuition Waiver Proclamation**

On September 25th, Gov. Inslee extended a proclamation related to the Washington residency requirement for public university tuition waivers in response to the COVID-19 pandemic. Read the full proclamation [here](#).

**New Proclamations Related to Public Education**

On August 26th, Gov. Jay Inslee issued two proclamations related to public education in response to the COVID-19 pandemic. The first proclamation suspends the residency requirement that allows public university graduate students to receive tuition waivers in exchange for performing teaching and research functions. The proclamation is effective for 30 days and will expire on September 25th.

The second proclamation addresses student transportation for public K-12 schools. It prohibits school districts from interpreting the Student Transportation statutes in a manner that would restrict a school’s ability to use its current transportation allocation for certain purposes. The permitted purposes include using buses and bus drivers to deliver educational materials (homework/educational packets/other tangible instructional materials); meals; and any technology (like WiFi hotspots) that will enable students to learn remotely. School districts can also transport students to and from learning centers.

**New Recommendations for 2020–2021 School Year**

On August 5th, Gov. Jay Inslee, joined by Chris Reykdal, state Superintendent of Public Instruction, announced new recommendations from the Washington State Department of Health for resuming in-person instruction in public and private K-12 education for the upcoming 2020–2021
school year. The plan allows local health departments and school districts decide if and how they will allow students back in the classroom. Read more about it here.

**Campus Reopening Guide: Plan to Restart Higher Education**
On June 24th, Gov. Jay Inslee was joined by presidents of Washington colleges and universities to unveil the guidance for reopening in-person instruction at higher education institutions in the fall. The announcement comes with a proclamation providing specific health guidance for four-year public and private institutions, as well as two-year community and technical colleges, apprenticeships and private career schools.

**Washington Schools Expected to Reopen for Fall Classes**
Washington schools are expected to reopen for in-person classes and other activities this fall, though with several safety guidelines in place and the possibility of distance learning as needed on a district by district basis, announced Chris Reykdal, Superintendent of Public Instruction. Read the full planning guide here.

**Washington School-Based Health Alliance**
WA SBHA has released Guidance for Washington School-Based Health Centers (SBHCs) for 2020-2021 School Reopening. This resource was developed to support coordination between Washington school-based health centers (SBHCs) and the school districts they serve as schools reopen during the COVID-19 pandemic.

**School Closures**
On April 6th, Gov. Jay Inslee announced that the closure of schools to reduce the spread of COVID-19 will be extended through the end of the school year in June. It was initially set to expire on April 24. Distance learning will continue through the end of the year, and Inslee said seniors in good standing could still expect to receive their diplomas this year. You can find more details on the order here.

**Guidance and Resources for Distance Learning**
The Office of the Superintendent of Public Instruction published new guidance on student learning and grading for the duration of the school closures and distance learning. You can view the new resources and guidance here.

**King County Schools COVID-19 Response Toolkit**
Public Health – Seattle & King County (PHSKC) has developed the King County Schools COVID-19 Response Toolkit to support schools as they reopen for in-person instruction. This guidance is intended to supplement WA Department of Health K-12 Schools Fall 2020-21 Guidance and Office of Superintendent of Public Instruction resources with local contact tracing and COVID-19 response guidance.
Child Care

Emergency Child Care for Essential Workers in King County

- King County Council unanimously passed legislation appropriating $2.2M in funding to provide emergency childcare for first responders and other essential workers who live or work in King County. The legislation ensures essential workers will have access to safe, consistent and uninterrupted care. The County collaborates with Child Care Resources to identify providers and match families with vacant slots, and their Department of Community and Human Services oversees the program.

For details, call Child Care Resources at 1-800-446-1114 or email Cory Snelson at snelson@childcare.org. After intake, a resources specialist will work to match you with an eligible childcare provider that meets your family needs. Please note, verification of employment and/or home address will be required to complete intake. To expedite the intake process, please send the required verification documents to subsidy@childcare.org.

- For those essential workers who work or live in Seattle, the City of Seattle rolled out an Emergency Child Care program to support first responders and essential workers. If you are an essential worker living or working in the City of Seattle, please visit this website to fill out an interest form.

Recommendations and Guidance for Child Care Providers

King County Public Health announced new guidance for child care and early learning providers that are considered essential during the stay-at-home order. These updated guidelines from Public Health will help these providers prevent and prepare for cases of COVID-19.

Career Connect Washington
On May 5th, Gov. Jay Inslee and Superintendent of Public Instruction Chris Reykdal kicked off Career Connected Learning Month in Washington. As part of the effort, Career Connect will bring daily learning opportunities to students across the state. Every school day at 3:30 P.M., students can hear from real people doing real jobs in Washington.

Student Loans Deferment
To provide relief to student loan borrowers during the COVID-19 national emergency, federal student loan borrowers are automatically being placed in an administrative forbearance, which allows you to temporarily stop making your monthly loan payment. On Aug. 8, 2020, President Trump directed the Secretary to continue to suspend loan payments, stop collections, and waive interest on ED-held student loans until Dec. 31, 2020. You can still make payments if you choose to do so. https://studentaid.gov/announcements-events/coronavirus

Support and Ideas for Families with Kids
The Washington Healthy Youth (WHY) Coalition supports families by providing up-to-date resources, including articles about talking to youth about the COVID-19 pandemic, links to virtual parenting sessions and seminars, and ideas for keeping youth busy and engaged while staying at home. Visit www.starttalkingnow.org to find these resources. They also are posted regularly on the Start Talking Now Facebook page.
TRAVELERS & COMMUTERS

Travel Advisory
On November 13th, Gov. Inslee issued a travel advisory for Washington state, recommending a 14-day quarantine for interstate and international travel and asking residents to stay close to home instead. The advisory also recommend people limit their interactions with their immediate household to help reduce the spread of COVID-19. Oregon and California have issued the same advisory for their residents. Read more about it here.

New Standards for Airports in Washington
On September 24th, Gov. Inslee announced that Washington is setting new requirements for commercial airports and recommendations for airlines. This is a statewide approach to the COVID-19 pandemic to help protect the health and safety of workers, passengers and crew in the aviation sector. In addition to the new baseline guidance from the state, Delta Air Lines, Alaska Airlines and the Port of Seattle announced additional steps to protect the health and safety of airline passengers and staff. Read more about it here.

International Travel
If you’re planning to travel outside the U.S., be aware of COVID-19 international travel advisories and restrictions. Check for the latest information before you travel.

CDC is frequently updating its Travel Alerts and may add travelers returning from other countries to the list of who should be monitored.

Passengers returning to the United States who have been in mainland China within the previous 14 days will have a health screening by the CDC at eleven designated airports. The airports to which all flights carrying passengers from China will be funneled are:
SEA | JFK | ORD | SFO | HNL | LAX | ATL | IAD | DFW | DTW | EWR

Seattle-Tacoma International Airport
Seattle-Tacoma International Airport continually prepares for the gradual reopening of our economy. This includes doubling down on cleaning. Measures being taken include frequent disinfection with medical-grade cleaning products with an emphasis on high-touch areas, and an additional 250 hand sanitizer stations throughout the terminal. Coming soon, bathrooms that aren’t already touchless will be converted, two-hour cleaning at security checkpoints and deep cleaning TSA bins after hours, and electrostatic sprayers from Clorox and Victory will be added into their fleet of cleaning equipment. You can learn more at the Port of Seattle’s progress report. Get the latest about the airport, travel restrictions and updates.

Alaska Airlines offers rapid testing for Hawaii-bound travelers
Alaska Airlines will partner with Carbon Health to offer rapid COVID-19 testing at its pop-up clinics across the west coast, starting October 12th in Seattle. Hawaii will begin to welcome visitors back by allowing out-of-state travelers to enjoy the islands without a 14-day quarantine when they test
negative for COVID-19 within 72 hours of their final leg of departure to Hawaii. Read more about it here.

**Travel and COVID-19 Testing**

Sea-Tac International Airport (SEA) and Washington state do not require COVID-19 testing prior to travel or quarantines upon arrival, but SEA has begun a partnership with Discovery Health MD to do COVID-19 testing for ticketed passengers heading to destinations that require arriving passengers to have been tested. The COVID-19 PCR testing is by appointment, up to 72 hours in advance of your travel, and there is a $250 charge for the testing. Results are returned the same or next day. For passengers departing from SEA and seeking a COVID-19 test before travel other than at the Airport, you can find out more information and some suggested testing sites here.

**Amtrak**

Amtrak continues to monitor the coronavirus situation closely and is taking action based on guidance from public health experts. Check the Amtrak’s website before you travel by train.

**Washington State Ferries**

The state ferry system has taken many actions to help stop the spread of the COVID-19 virus and keep its facilities as safe as possible. Check its webpage for the latest information. The ferry system also offers a free travel alert subscription service via email or text message.

**Students who plan to travel**

Students returning from travel to areas with community spread of COVID-19 must follow guidance they have received from health officials. COVID-19 information for travel is updated regularly on the CDC website. For questions about students who plan to travel, or have recently traveled, to areas with community spread of COVID-19, refer to CDC’s FAQ for travelers.

**Traveling to Medical Appointments**

Public Health is working with Metro to develop COVID-transportation for people with disabilities. Metro Access is maintaining its traditional service area, hours and days of service, and may be an option for fixed-route riders with disabilities who are not currently certified for Access service.

- **Customers with disabilities who are no longer able to reach their essential destinations** using fixed-route service can contact the Access Transportation Call Center at 206-205-5000 for assistance with both urgent and ongoing essential transportation needs.

- **Customers with disabilities who have urgent transportation needs do not need to be currently certified for Access service**. However, those with an ongoing need for transportation will need to apply for Access service through Metro’s temporarily streamlined eligibility process. To learn more about safely travelling to medical appointments, see Public Health Insider, the news blog for Public Health.
Sound Transit

Read Sound Transit’s Platform blog post for the latest information on how Sound Transit is responding to heightened COVID-19 concerns.

Fares

Starting July 1st, fare collection has resumed on ST Express buses*. With this resumption, Sound Transit has also transitioned to a single flat fare of $3.25 for all Adult riders on ST Express, regardless of distance traveled. Flat fares for ORCA LIFT, youth, seniors and riders with disabilities remain the same. $3.25 adult flat fare aligns ST with other regional agencies. More information about the flat fare is available here.

* Fare collection is dependent on the completion of safety measure being installed at the front of the buses, so some routes may continue to be fare-free until these measures are complete.

Temporary Recovery Fares on Link light rail and Sounder trains expire and fares return to regular full fares published for Link light rail and Sounder service. Passengers who qualify can now apply for ORCA Lift online or over the phone without having to visit a processing site.

Fare Enforcement Officers

Starting May 19th, fare enforcement officers will begin educating riders about the resumption of fares, including the Temporary Recovery Fare, and providing information about ORCA Lift. Once fares resume, fare enforcement officers will follow social distancing guidelines and request that riders show an ORCA card, a Transit GO Ticket app activated ticket, or a ticket as proof of payment.

Service Changes

Sound Transit’s annual fall service change begins Saturday, September 19th, for Link light rail and ST Express bus routes operated by King County Metro. It begins Sunday, September 20th, for ST Express bus routes operated by Community Transit or Pierce Transit, and Monday, September 21st, for Sounder train. Visit the Service Changes site for more information.

Starting September 19th, service on Link Light Rail will run every eight minutes during peak hours on weekdays, every 15 minutes on weekends and off-peak on weekdays, and every 30 minutes on evenings.

Starting September 21st, Sounder South will increase to nine round trips from seven round trips, and schedule adjustments will be made to several ST Express routes to better meet rider demand.

Starting November 16th, Route 522 will have two morning trips and one afternoon trip.

Starting December 20th, Route 574 will have an additional early morning northbound trip, Route 590 will have nine additional northbound trips in early morning between 4:30 am and 7:30 am, and Route 577/578 will have extra morning, midday, and afternoon peak trips to fill in gaps in the Sounder schedule.
King County Metro
Read Metro Matters blog for the latest information on its response to COVID-19.
Accessible in 14 languages.

Fare Collection
Beginning October 1st, King County Metro will resume fare collection for all transit services: buses, Access paratransit, Seattle Streetcar (First Hill and South Lake Union), Vanpool, Via to Transit and other flexible services, and water taxi (Vashon Island and West Seattle).

While Metro continues to accept cash and paper tickets, as well as provide paper transfers, riders are encouraged to use a contactless payment option – ORCA card or Transit GO Tickets – to speed up the boarding process, and further protect both themselves and the operator.

- Acquire an ORCA card online or in-person
- Acquire Transit GO Tickets through your mobile device.
- Pass Sales Office recently reopened to assist customers in getting ORCA cards and reloading their E-purses.
- ORCA LIFT is available to help reduce the cost of riding Metro for those who qualify
- Youth and seniors are also eligible for reduced fares. To learn more and for help enrolling, call Metro at 206-553-3000 or visit www.kingcounty.gov/metro/fares.

Metro will suspend fare enforcement through the end of 2020. Fare enforcement officers will continue to provide a broad range of customer services, including answering questions related to using transit and navigating new safety innovations. Read more about it here.

Service Restoration
On June 22nd, Metro will restore service to some routes and increase water taxi service as more industries reopen and restrictions are gradually lifted. For a complete list of service changes, visit King County Metro.

- If your route is not operating, transit planners have created a list of options to consider. Also, customer service is available to help with trip planning 6 a.m. to 8 p.m. Monday through Friday at 206-553-3000.
- To support public health and prevent the spread of COVID-19, riders are still required to wear masks when riding transit and in situations where they cannot maintain six feet of distance from other people.
- Fares are not yet being collected on Metro services through end of September. Riders should board at the middle or back doors unless they need to access the ADA area or boarding assistance.
- Access paratransit program continues normal operations and follows its enhanced daily sanitization procedures. Access is pleased to present an easy and convenient way to book trips ahead with their new online Trip Manager. Access also restarted fare collection on October 1st along with all other Metro services. Riders can pay with cash, Transit GO Ticket app, or ORCA monthly pass. In the coming months, an online fare payment for Access will also be launched. Read more about it here.
• Metro added **trips and seat signs** to support public health and passenger safety.

**Text to Departures** - as the new schedule rolls out, buses may be running less often, during fewer hours, and/or be canceled. As such, we encourage riders to text their bus stop ID # to 62550 to find out when the next bus will arrive.

**To plan your trips**, call Metro Customer Service at 206-553-3000 (WA Relay: 711). If you need an interpreter, select the interpreter option (Press 1). Nearly **200 languages** are covered by the translation line. Please note that interpreter calls may take longer.

**For routes that experienced service cuts** (i.e., fewer hours and/or frequency of trips), there’s an [Interactive Web Tool](#) listing specific trips cut for each route.

During the COVID-19 response riders should take into account that electronic resources such as Google maps, One Bus Away and other applications and websites won’t have accurate information for all trips.

### More Reliable Transportation in South King County from Metro

On September 19th, King County Metro service changes in South King County took place to get you where you need to go. These changes will improve bus service through improved efficiency, more convenient routes and better east-west travel. Learn more about what’s changing, check whether your route is affected, and review the latest guidance on how to ride safely, at [www.kingcounty.gov/GetReady](http://www.kingcounty.gov/GetReady).

### Passenger Limits

Metro institutes [passenger limits to maintain safe spacing on buses](#). To help maintain six feet of separation from others, Metro identified the optimal number of riders on to be 12 on a 40-foot bus and 19 on a 60-foot bus. The optimal number of passengers in the ADA priority seating area is one. When a bus reaches or exceeds the optimal number, the driver will pass subsequent stops unless current passengers wish to exit. Drivers may show their bus is at capacity by switching the external destination from “Essential Trips Only” reminder to “Coach is Full, Sorry.” Customers are asked to please reserve transit for first responders, medical personnel, other essential workers, and people who rely on Metro for access to food, medicine and other essential needs.

### Planned Service Cuts and Revisions in September

As customers look to return to transit, Metro is preparing for this fall’s regular service change in September. Due to reduced revenue, the September change will include cuts and suspensions to routes while maintaining a countywide transit network and its commitments to safety, equity, and sustainability. Click [here](#) for a complete list of service cuts and revisions.

### VanPool/VanShare

To support COVID-19 response and recovery efforts, Metro is offering essential workers the opportunity to form temporary vanpools with as few as two riders. Metro Vanpools have been reduced to a minimum of two people for new and existing groups, and Metro is not collecting fares on the service until further notice. Additionally, Metro has designated a limited supply of vans to provide essential workers with a rideshare option where other transit options are unavailable. You can learn more [here](#).
Effective April 1st, participants’ vanpool/vanshare costs above their employer subsidy will be waived until further notice. Fares will be waived in-full for participants with no employer subsidy. Metro is also temporarily easing the van ridership requirements. For more information, email vanpool@kingcounty.gov, visit www.kingcounty.gov/metrovans or call 206-625-4500.

KING COUNTY LIBRARY SYSTEM

The King County Library System (KCLS) is pleased to add two new services to select locations during the COVID-19 closures, including book returns and curbside to go. Additionally, KCLS Executive Director Lisa Rosenblum has extended the library’s fine-free policy through the end of 2020. Books and materials should still be returned, but given the current disruptions related to COVID-19 no late fees will be applied.

Visit www.kcls.org/reopening for more information on KCLS’ multiphase plan to expand services. For questions, contact KCLS at 425-462-9600 or chat with a staff at https://kcls.org/ask/.

PHASE 2: All libraries remain closed to the public.
Staff are allowed in buildings with physical distancing and health protocols in place. Patrons may place and pick up holds and materials with Curbside To Go services at select locations, in a multiphase rollout. Modifications are likely. KCLS offers limited mobile outreach delivery with Library2Go.

PHASE 3: Some or all libraries are open to the public with modified operations

PHASE 4: All libraries are open to the public; full-service operations resume

- KCLS continues to provide online services, programs and resources, such as digital collections and virtual programming to ensure that patrons of all ages can continue to learn, build skills, and stay entertained while at home.
- Revamped its K-12 webpage with links to a wide variety of education support resources, tips and activities, from homework help through Tutor.com to STEM learning from Tumblemath.com.
- Small business webpage with links to information and resources which includes COVID-19 information and resources for Washington state businesses.
- Databases like Lynda.com for skill building on a host of topics.
- Access for market research tools, and access to Microsoft Office certification classes, plus 425 Startup, a popular program series for entrepreneurs.
- A wide range of streaming content to keep us entertained and engaged. Offerings include movies, TV shows, PBS’ highly regarded Great Courses series, and health and fitness classes for all ages.

PARKS & RECREATION

King County Parks
On June 19th, the state Department of Health approved King County’s application to move into Safe Start Phase 2, which includes new guidance for recreation and fitness. Parks’ level of service is dependent upon their workforce capacity, which has been limited due to COVID-19. Click here to see what’s open now.
Limited Reopening of Boating, Fishing, Parks

On April 27th, Gov. Jay Inslee announced that he will allow a phased reopening of recreational boating, fishing and day use of state parks. The Governor noted that local jurisdictions could keep restrictions in place longer, if appropriate. Read more about the amended proclamation here.

State Parks

More than 100 Washington state parks reopen for day use on Tuesday, May 5th. Many others remain closed and there are restrictions and guidelines that must be followed. Click here to view a list of what is and isn’t open.

Ready to get outside in a physically distanced way? Here are some tips:

• If you feel sick at all, even a little bit, you need to stay home. Wait until you feel better.
• Gatherings are still prohibited. You can golf or fish or hunt or go to the park with people in your own household, but not with your other friends or family just yet.
• Spend your time outside far away from other people. If you are temporarily unable to be at least six feet away from others, wear a cloth face covering.
• Do not travel to outdoor recreation areas. Enjoy the outdoors that is closer to your home. Overnight trips and camping are still prohibited.

Please note that bathrooms may not be open yet at all locations, especially at parks and other areas that were closed for the winter. Do not forget to wash your hands. Bring water and soap with you and don’t forget to scrub for 20 seconds. You may want to bring some hand sanitizer and toilet paper in your backpack too.

Individual parks may close again with limited notice if large groups of people congregate there or if there are other safety or physical distancing concerns. If you see any issues of crowding, trash, or other concerns of wildlife areas or boat launches, you can report those issues online.

AVOIDING SCAMS

Consumers should be on alert for increased fraud during the COVID-19 outbreak. Consumers should be vigilant about protecting their finances and should not share financial or other sensitive information with anyone who contacts you unsolicited.

Here are some tips to help you keep the scammers at bay:

• Your bank or credit union should not ask for you financial account details via email. If you receive an email, contact your bank or credit union with the contact information listed on their website.

• Don’t click on links from sources you don’t know. They could download viruses onto your computer or device.

• Watch for emails claiming to be from the Centers for Disease Control and Prevention (CDC) or experts saying that have information about the virus. For the most up-to-date information about
the Coronavirus, visit the Centers for Disease Control and Prevention (CDC) and the World Health Organization (WHO).

- Ignore online offers for vaccinations. There currently are no vaccines, pills, potions, lotions, lozenges or other prescription or over-the-counter products available to treat or cure Coronavirus disease 2019 (COVID-19) — online or in stores.

- Do your homework when it comes to donations, whether through charities or crowdfunding sites. Don’t let anyone rush you into donating. If someone wants donations in cash, by gift card, or by wiring money, don’t do it.

**Office of the Attorney General: Consumer Alerts**

Accessible public information is the most effective weapon in our fight to free our market from unfair and deceptive business practices. In our attempt to increase consumer awareness, the Attorney General’s Office has created an assortment of informational services to meet the needs of our diverse audience.

We strive to provide the most accurate information, in the most convenient formats, to Washington’s businesses and consumers. Traditional news releases, alerts, blogs, tweets, brochures, and special training opportunities all take center stage in our efforts to improve Washington’s economy.
