

Text Message Opt-In & Consent Form

Public Health's Breast Cervical and Colon Health Program (BCCHP) offers the option to send text messages to you as a patient, to provide you with important information, to remind you of your appointments, or to check in with you.

BCCHP only sends text messages for this purpose. The patient can opt-out at any time by texting "**Stop**" to **206-375-0584**.

BCCHP will not cover the cost your telephone company may charge to receive text messages. Standard text messaging rates apply.

Occasionally, text messages can get lost or intercepted before they get to your phone. Therefore, BCCHP cannot guarantee that you will receive the messages.

Public Health-Seattle & King County strongly recommends that you protect your phone with a password to prevent others from reading your text messages.

It is important to inform us if your cell phone number changes.

By including my cell phone number below and my signature, I agree to get text messages from Public Health's Breast Cervical and Colon Health Program (BCCHP).

I understand that this consent form expires 12 months after the date I sign this form. I must re-enroll for BCCHP services after 12 months to continue services.

Client Name: _____
