Seattle, WA 98116

Pursuant to RCW 78.44, a Reclamation Permit hereby granted to the above-named permit holder to engage in surface mining on the property described in the application and material on file under this permit. The total area to be disturbed by surface mining, including the deposition of surface-mining refuse, shall be in accordance with the reclamation plan filed with and approved the by the Department of Natural Resources under this permit, and in accordance with the conditions and descriptions set forth in Exhibit "A" attached hereto and made a part hereof, and RCW 78.44.

TERM OF PERMIT

This permit shall be in effect from the date of issuance and shall remain in effect so long thereafter as the permit holder pays the annual basic fee for each site, complies with the Surface Mining Act and the rules promulgated thereunder, complies with the reclamation plan, and maintains a performance security as required by the Act.

CHANGE OR MODIFICATION OF RECLAMATION PLAN

The permit holder shall obtain written approval from the Department prior to any change or departure from the approved reclamation plan.

PERFORMANCE SECURITY

A performance security shall be submitted to and approved by the Department prior to commencement of surface mining. The permit holder may submit a cash deposit, assignment of a savings account or certificate of deposit, bank letter of credit, negotiable securities, or a corporate surety bond in the amount specified. The amount of the performance security shall be subject to adjustment according to RCW 78.44.

TRANSFER OF PERMIT

The transfer of this permit to another permit holder shall not be made unless approved in writing by the Department. A transfer shall not be approved unless the successor permit holder assumes all duties of the former permit holder to complete the reclamation of the land and the Department approves the successor permit holder's performance security.

PENALTIES

The Department may suspend surface mining or impose civil penalties if the permit holder conducts surface mining in any manner not authorized by RCW 78.44, the rules adopted thereunder, the approved reclamation plan, or this permit.

Permitted issued on April 27, 1994 . Permit revised on February 22, 2019 .

RE: Surface Mining Reclamation Permit #70-012688 (FRANKLIN RIDGE SAND & GRAVEL)

Dear Permit Holder:

Enclosed is Surface Mine Reclamation Permit #70-012688, which authorizes surface mine reclamation within a 110-acre permitted area in a portion of Section 30, Township 21 North, Range 07 East, Willamette Meridian, King County. Please refer to the permit number listed above when submitting inquiries or reports.

The Department acknowledges approval of Performance Security No. 4001259288 for \$100,000.00 issued by Columbia Bank.

RCW 78.44 requires that reclamation of each segment of the permitted area shall be completed within two years of cessation of mining in that segment. We strongly recommend, however, that reclamation of each segment occur concurrent with the removal of the minerals.

You are required to mail a Permit Fee Invoice and Reclamation Report (Form SM7) annually to Washington Department of Natural Resources. The form must be completed and returned to the Department with the appropriate annual permit fee prior to the anniversary date of the permit.

If you have any questions please feel free to contact me by calling 360-902-1433.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rian Skov".
