Seattle, WA 98104

May 29, 2020

The Honorable Claudia Balducci
Chair, King County Council
Room 1200
C O U R T H O U S E

Dear Councilmember Balducci:

We are pleased to submit to you the first quarter 2020 Budget Management Report. This report presents revenues and expenditures through March 31, 2020 at the fund level and updates financial plans for funds which have gone through financial monitoring for the quarter. It also includes reports for Mandatory Phased Appropriation (MPA) projects, baselined projects, emergent need contingency use and grants contingency use. More detailed information is available in the financial system of record. Performance, Strategy and Budget staff are also available to address specific questions.

1st Quarter General Fund Analysis

Revenues

- Preliminary actual revenues through 2020 Q1 were \$1,063.9 M, which is 57.8% of the current budget. This is slightly below the expected rate of 62.5% for the biennia.
- Estimated 2019-2020 biennial revenues are about \$12.7 M higher than the adopted budget. This is a decrease of \$30.4 M from the 4th quarter 2019. The largest adjustments since the 4th quarter budget report include:
 - \$42.8 M decrease in sales tax, based on the April 2020 interim OEFA forecast.
 - \$10.6 M decrease in charges for services.
 - \$2.6 M decrease in property tax.
 - \$22.3 M increase in federal and state revenue, primarily from COVID-19 relief funds (which have offsetting expenditures).

Expenditures

- Preliminary actual expenditures through 2020 Q1 were \$1,151.2 M, which is 60.5% of the current budget.
- Estimated 2019-2020 expenditures are \$1,913.3 M, which is \$89 M higher than the adopted budget:

- Adopted supplementals have increased appropriation by \$77 M.
- Pending and expected supplementals are estimated to total about \$12.1 M, primarily due to the 3rd Omnibus.
- The current underexpenditure assumption of \$32.1 M is unchanged from the standard assumption, which assumes \$22 M of true underspend and \$10.1 M of reappropriation.

As a result of these current estimates, the projected 2019-2020 ending fund balance is \$64.2 M which is a \$60 M decrease from the 2020 4th Quarter Report and consists of a \$30.4 M decline in revenue, a \$27.2 increase in expenditures and \$2.7 M other fund transaction.

The projected undesignated fund balance is \$42.8 million, which is below the six percent minimum reserve policy by \$26.7 million and below the eight percent upper limit of the undesignated fund balance policy by \$40.9 million. The Rainy Day Reserve Fund is maintained in a separate fund at approximately \$26 million. The maintenance of the target reserve, the Rainy Day Reserve, and the Risk Reserve all support the County's bond ratings.

A list of additional financial plans for funds that were monitored in the 1st quarter financial monitoring process is attached to this letter and can be found on SharePoint at [King County Fund List](#). These financial plans will become available on SharePoint as 1st Quarter financial monitoring is completed for each fund.

This Budget Report supports the Strategic Plan Financial Stewardship Goal to “exercise sound financial management.”

This report required approximately 90 staff hours to produce, costing approximately \$7,500.

If you have any questions or comments, please contact me at (206) 263-9687.

Sincerely,

Dwight Dively
Director

Enclosure

2019-2020 General Fund Financial Plan Footnotes

- 2017-2018 Actuals reflects actual expenditures through 12/31/2018.
- 2019-2020 Adopted Budget is consistent with the budget system of record (PBCS), adopted revenue forecasts, and Ordinance 18835.
- Revenue estimates for 2019 - 2024 are based on forecasts adopted by the Forecast Council or interim forecasts published by the Office of Economic and Financial Analysis, whichever have been most recently updated, and revenue estimates provided by General Fund appropriation units. The percentages below are the expected percent change over the prior budget cycle. These are biennial growth rates.

	2019-2020	2021-2022	2023-2024
Property Tax	As Estimated	5.8%	4.9%
Sales Tax (including sales tax dedicated to criminal justice)	As Estimated	6.6%	13.0%
All Other	As Estimated	-3.8%	4.1%
<i>Blended Revenue Growth Rate</i>	As Estimated	1.5%	5.8%

- Property Tax forecasts for 2019 - 2024 are based on March 2020 Office of Economic and Financial Analysis (OEFA) forecast adopted by the Forecast Council and assume the current property tax structure and a collection rate of 99%.
- Sales Tax forecasts for 2019 - 2024 are based on the April 2020 interim forecast provided by the Office of Economic and Financial Analysis (OEFA).
- Expenditure estimates for 2021-2022 are based on the Proforma budget in PBCS. Expenditure estimates for 2023-2024 are based on the following assumptions. The percentages indicate the expected percentage change over the previous budget cycle.

	2019-2020	2021-2022	2023-2024
CPI (Seattle July to June CPI-U)	As Estimated	4.7%	5.2%
Blended Labor	As Estimated	2.4%	5.2%
Operating GF Transfers	As Estimated	0.0%	5.2%
<i>Blended Operating Growth Rate</i>	As Estimated	2.5%	5.0%

- CIP General Fund Transfers (in millions)

	2019-2020	2021-2022	2023-2024
Building Repair and Replacement	2.2	2.0	2.1
KCIT CIP	6.3	4.0	4.2
Expenditure of Designated Fund Balance	2.9	-	-
Total	11.4	6.0	6.3

- The debt service schedule for 2020 - 2024 is based on the following table:
(in millions)

Debt Service Elements	2019-2020	2021-2022	2023-2024
Existing Debt Issues	55.9	62.7	42.6
New Debt Issuance	0.1	1.8	9.2
Debt contingency for new issues and variable rate	0.1	1.0	1.0
Total Debt Service	56.1	65.6	52.9

Based on current projections, projected debt service expense will not exceed the County's policy that debt service should be less than 6% of General Fund expenditures.

- The 2019-2020 Adopted Budget includes vacancy assumptions in the majority of General Fund operating budgets. This is budgeted directly in appropriation units. An additional biennial underexpenditure assumption of \$32 million is included,

2019-2020 General Fund Financial Plan Footnotes

reflecting an assumed \$22 million in actual underexpenditures and a reappropriation rate of \$10 million per biennium.

- The Transfers/Anticipated Reappropriations line in 2017-2018 includes accounting adjustments of \$1.8 M to adjust to actual fund balance. For 2021 -2024, this line anticipates about \$10 M in anticipated reappropriations.

- Designations and subfund balances include the following for each of the years (in millions):

	2019-2020	2021-2022	2023-2024
Loans	0.0	0.0	0.0
Assigned for Capital Projects	0.0	0.0	0.0
Crime Victim Compensation Program	(0.7)	(0.7)	(0.7)
Drug Enforcement Program	(1.1)	(1.1)	(1.1)
Anti-Profiteering Program	(0.1)	(0.1)	(0.1)
Dispute Resolution	(0.0)	(0.0)	(0.0)
Wheelchair Access	(0.7)	(0.7)	(0.7)
Inmate Welfare Fund Balance	(2.1)	(2.1)	(2.1)
Total	(4.7)	(4.7)	(4.7)

- The Criminal Justice Incentive Reserve is for criminal justice agencies (PAO, DPD, District Court, Superior Court, DJA, DAJD) to access if they collaborate and develop meaningful and measurable ongoing cost reductions or process efficiencies. Appropriation to spend the reserve in 2019-2020 was authorized in the 2nd Omnibus Supplemental.
- The Credit Rating Reserve dedicates fees collected from other county funds to increase fund balance and maintain the county's bond rating. Other funds that have issued debt and benefit from the county's bond rating through lower interest contribute to this reserve based on the amount of outstanding principal on LTGO debt. 35% of the Credit Enhancement Fee is placed in this reserve. The goal for this reserve is to reach 1% of total outstanding GO debt backed by the full faith and credit of the General Fund.
- The South Park Bridge Post Annexation Operations reserve is intended to support King County's portion of ongoing operational costs of the South Park Bridge. These costs are assumed to begin in 2021 after the annexation of the North Highline Sliver and Triangle. The operating costs are currently in the Roads budget and the General Fund would transfer up to \$1 million per year to support these activities.
- The Risk Reserve sets aside fund balance to mitigate known and unknown risks.
- County policy requires undesignated fund balance of 6%-8% of certain revenues. Per county policy, the county will strive to maintain reserves in times of economic prosperity to offset times of declining revenue.

Scope Variance Comment

Current Scope

The Puget Sound Emergency Radio Network (PSERN) project will replace the existing land mobile radio system by implementing a cost effective network using state of the art technology that meets the high standards and requirements of multi-jurisdictional critical life safety responders and general governmental users throughout King County.

Scope includes construction of radio sites, network design, implementation of electronic equipment, system testing, training for end users, removal of KCERCS equipment and deployment of end user devices.

In 2019 the Joint Board approved adding 3 additional sites (King 5 - Motorola, Interurban Hotel - Motorola, Renton City Hall - PSERN), and two sites will be modified (Bellevue City Hall-PSERN and Northeast - PSERN) to increase the on-street coverage that enhances the coverage inside buildings in the metropolitan areas.

Baseline Scope

The Puget Sound Emergency Radio Network (PSERN) project will replace the existing land mobile radio system by implementing a cost effective network using state of the art technology that meets the high standards and requirements of multi-jurisdictional critical life safety responders and general governmental users throughout King County.

Scope includes construction of radio sites, network design, implementation of electronic equipment, system testing, training for end users, removal of KCERCS equipment and deployment of end user devices.

Schedule ● Red

Schedule Variance Comment

The project is currently reporting a 13 month delay in schedule. Leasing delays incurred thus far are impacting all downstream activities.

MPA-5. Closely Monitored Issues & Risk Summary

- DAS transition
 - > Buildings throughout King County need to make changes to prevent interference with PSERN as well as to ensure operability in each building. The project has a role in ensuring this work is done and because of the complexity of a myriad of issues this is a very significant task.
- Leasing Delays
 - > Leasing delays incurred thus far are impacting all downstream activities. Following leases for any given site are construction activities, equipment installation, testing activities, as well as system acceptance. The project has been working with the executive sponsor to prioritize and escalate leasing in order to minimize schedule delays.
- Site Development Delays
 - > Construction activities, equipment installation, testing activities, as well as system acceptance
 - > Snowfall can impact higher elevation sites.

Q1 2020 Baseline Detail Report

Agency: All, Fund: All, Year: 2020, Qtr: 1st Quarter, MPA Only: Yes, Project: All

1114757 PKS S: SCRT TWO RIVERS SEG A PKS SOUTH COUNTY REGIONAL TRA

Scope Variance Comment

Current Scope

The project will construct a segment of the Lake to Sound Trail from Naches Avenue SW in the City of Renton to the Green River Trail near Fort Dent Park in the City of Tukwila. Segment A of the Trail will be 1.2 miles in length and will include the construction of a 12-foot-wide, paved, non-motorized shared use path with 2-foot-wide gravel shoulders. The project will also make improvements to Monster Road including a pedestrian crossing with a high intensity activated flashing (HAWK) light and a new pedestrian bridge over the Black River. The project will include necessary drainage and driveway crossings. Funding for this segment comes from KC Parks levies, grants from the Federal Highway Administration (FHWA), a State grant from RCO as well as local contributions from the cities Renton and Tukwila.

Baseline Scope

The project will construct 1.2 miles of trail in Renton's Black River Forest. It connects to the Green River Trail at Tukwila's Ft. Dent Park.

Schedule Red

Schedule Variance Comment

This project must be constructed during a specific habitat window (July through December). The delay in approval of the State capital budget in 2017 delayed the award of a \$500,000 RCO (State Recreation and Conservation Office) grant for this project, impacting the project schedule. Interagency Agreements (ILA) were needed with the Cities of Renton and Tukwila for the project. Extended negotiations of the terms of the ILA with the City of Renton through 2017 and 2018 extended the project schedule. ILAs for both cities have been fully executed and construction is currently under way.

MPA-2. Contract Change Explanation

The contract Olson Brothers Excavating (OBE) was executed in April, 2019.

MPA-3. Current Quarter's Key Activities

Construction has been ongoing this quarter. Key construction activities included completion of multiple items including concrete and HMA paving, HAWK signal, traffic island, curb/gutter, roadway restoration, fence/canopy under railroads, restoration planting and mitigation planting. Substantial Completion was granted on 2/26/2020. Some landscape restoration work was postponed to April and is underway now. COVID-19 restrictions were issued in March causing some delay in completion of punch list items.

MPA-4. Next Quarter's Key Activities

Q1 2020 Baseline Detail Report

Agency: All, Fund: All, Year: 2020, Qtr: 1st Quarter, MPA Only: Yes, Project: All

1114757 PKS S: SCRT TWO RIVERS SEG A PKS SOUTH COUNTY REGIONAL TRA

Construction activity may not continue into the next quarter. Key construction activities include completion of restoration planting and mitigation planting and completion of punch list items. Change Order 2 will be completed during Q2. A third and final change order will likely be processed during Q3. While some closeout activities have begun, the bulk of closeout will occur in Q2.

MPA-5. Closely Monitored Issues & Risk Summary

Potential claims by the Contractor.

Scope Variance Comment

Current Scope

Sunset/Heathfield Pump Station Replacement & Forcemain Upgrade - The Sunset/Heathfield Pump Station Replacement and Forcemain Upgrade Project will increase the pumping capacity of the Sunset and Heathfield pump stations to 30 million gallons per day (mgd) by replacing pump station equipment and installing new force mains.

Baseline Scope

The Sunset/Heathfield Pump Stations and Forcemain Project as planned will increase the pumping capacity of the stations to as much as 30 million gallons per day (mgd). The 2007 Conveyance System Improvements Program Update recommended replacing the current pump stations and either paralleling or replacing the existing force mains.

Schedule

Yellow

Schedule Variance Comment

Substantial completion was delayed previously and is likely to be delayed again, due to vibration issues with the newly installed raw sewage pumps and impacts of the state-wide COVID-19 isolation order. The exact duration of the delay is still being determined but it's possible that substantial completion will move to the 2nd Qtr of 2021.

MPA-2. Contract Change Explanation

Engineering amendments to date are attributed to design complexity and refinements.

MPA-3. Current Quarter's Key Activities

1st Quarter 2020 1. Continued electrical and mechanical equipment replacement work at pump stations. 2. Provided regular electronic briefings and notices of work to interested community members. 3. Began demolition and installation of raw sewage pump 3 (of 4 total pumps) at both Sunset and Heathfield pump stations.

MPA-4. Next Quarter's Key Activities

2nd Quarter 2020 (projected). 1. Continue street and right-of-way restoration work. 2. Continue electrical and mechanical equipment replacements at pump stations. 3. Continue community relations notifications and briefings as needed. 4. Investigate and resolve ongoing raw sewage pump vibration issue.

MPA-5. Closely Monitored Issues & Risk Summary

Agency: All, Fund: All, Year: 2020, Qtr: 1st Quarter, MPA Only: Yes, Project: All

1114382 WTC NORTH CREEK INTERCEPTOR (WTC N CREEK INTERCEPTOR) STANDALONE

Scope Variance Comment

Current Scope

North Creek Interceptor - This project increases the capacity of part of the North Creek Interceptor Sewer serving southwestern Snohomish County. The project involves replacement of 10,000 LF of existing gravity pipe with larger gravity pipes, 36 to 48 inches in diameter. Both trenchless (open face shield tunneling and pipe ramming) and open trench construction methods are being used.

Baseline Scope

Complete the design, obtain permits and easements, and construct the new NCI, including about 10,000 feet of new 36 to 48 inch diameter sewer and connection to the existing sewers. Both trenchless (open face shield tunneling and pipe ramming) and open cut construction methods of pipe installation will be considered.

Schedule

Red

Schedule Variance Comment

In 2020, Q1 KC continues to provide additional information to Insurers on Builders Risk Artesian Water Claim (pending reevaluation of decision). Schedule impacted by protracted negotiations on the Corrective Action Plan for the "Lifted Carrier Pipe" (mediation being rescheduled for 2020 - Q2. Project team continues to work through punchlist with Contractor on installation and decommissioning of well reports and other close out activities.

Scope Variance Comment

Current Scope

Georgetown Wet Weather Treatment Station - The project consists of building a Wet Weather Treatment Station (WWTS), conveyance pipelines, and outfall structure to treat Combined Sewer Overflows (CSO's) prior to discharge into the Lower Duwamish Waterway. The WWTS includes an influent pump station, equalization basin, screening facility, CSO treatment process, and disinfection. Modifications to both the S. Brandon St. and S. Michigan St. Regulator Stations will be required for diversion of flows to the WWTS. Ancillary facilities include an odor control facility, electrical/controls building, and emergency generator. CSO treatment will consist of high rate primary treatment followed by ultra violet disinfection prior to discharge. RINs funded the following for this project: solar panels.

Q1 2020 Baseline Detail Report

Agency: All, Fund: All, Year: 2020, Qtr: 1st Quarter, MPA Only: Yes, Project: All

1121402 WTC GEORGETOWN WET WEATHER TREATMENT STATION (WTC GEORGETOWN WET WEATHER TS) STANDALONE

1. Contractor Pacific Pile & Marine requested substantial completion in March 2020. The project team worked with the contractor to prepare the punch list and substantial completion was issued on 3/31/20. 2. Design consultant Jacobs completed engineering analysis of deflection at equalization basin. Based on the preliminary findings of this analysis, no changes to the implementation process are currently anticipated. 3. The Project Team completed development of an action plan to address areas of improvement in advance of future USEPA site visits to monitor compliance with the WIFIA loan.. 4. King County met with Flatiron West in December 2019 to discuss schedule concerns and received a recovery schedule in March 2020. 5. Contractor JW Fowler continued work on the effluent pipeline upstream of Union Pacific Rail Road crossing. King County executed an agreement with UPRR to facilitate the crossing design review process. 6. King County will seek a domestic availability waiver from the USEPA for selected materials based on recent contractor correspondence. This work is to maintain compliance with the American Iron and Steel provisions associated with the projects federal funding. 7. King County submitted a workplan to UPRR in March 2020 that details the proposed River Street rail crossing design and approach. UPRR is reviewing this plan and will respond with comments before the end of April. 8. Contractor Flatiron West continued structural concrete and subsurface utility work. Conduit installation and electrical equipment layout began in March 2020. The contractor began rebar and falsework for the equalization basin top slabs and walls.

MPA-4. Next Quarter's Key Activities

Outfall- Complete all work and demobilize from site. Conveyance- Continue to negotiate with UPRR and continue effluent pipeline construction Treatment Station- 1. Continue duct bank installation between utility vaults and structures and continue installation of small diameter buried/concealed pipe. 2. Complete rebar and formwork for west wing and east walls at the IPS and EQ Basin and continue electrical equipment layout. 3. Place concrete for walls U1A and U1B within Ballasted Sedimentation and continue concealed power and control/instrumentation conduit installations. 4. Perform concrete leak test and repair UV Disinfection structure. Continue power and control/instrumentation conduit installations. 5. Place rebar, formwork and concrete for solids holding tank trough. 6. Place rebar, formwork and concrete for walls 4 and 6 at O&M building.

MPA-5. Closely Monitored Issues & Risk Summary

Treatment Plant - IPS Shaft material displacement - EQ basin settlement - The identification, characterization and disposal of unforeseen contaminated soils - Schedule delays and impact analysis negotiations - Ensure compliance with federal loan requirements for American Iron and Steel - Impacts to cost and schedule resulting from COVID-19 - Settlement with Prologis for ramp and asphalt damages Outfall - Demobilization and restoration monitoring Conveyance - Negotiation with UPRR regarding open cut crossing at River Street - The identification, characterization and disposal of unforeseen contaminated soils - The identification and mitigation of unforeseen utility conflicts - Impacts to cost and schedule resulting from COVID-19

Scope Variance Comment

Current Scope

This project is to design and construct an Eastlake site as a long term bus layover facility located along the east side of Eastlake Ave E within Washington State Department of Transportation (WSDOT) right-of-way. This project includes the following major elements: 1) approximately six 60-foot bus layover parking spaces within WSDOT I-5 ROW; 2) approximately six 60-foot bus layover parking spaces in Eastlake Ave E ROW., 3) roadway and intersection modifications as necessary to support the efficient operation of the facility, and 4) a comfort station/operations support multi-use building.

Baseline Scope

This project is to design and construct an Eastlake site as a long term bus layover facility located along the east side of Eastlake Ave E within Washington State Department of Transportation (WSDOT) right-of-way. This project includes the following major elements: 1) approximately six 60-foot bus layover parking spaces within WSDOT I-5 ROW; 2) approximately six 60-foot bus layover parking spaces in Eastlake Ave E ROW.

1134218 TDC INTERIM BASE STANDALONE

Scope Variance Comment

When the planning concept was first introduced, and the original scale of the project was developed, the scope(s) were very simple and not adequate for industrial use. Now that requirements and design have been corrected / updated, the scope(s) have changed.

Current Scope

This project involves the construction of a temporary 125-bus transit base adjacent to South Base. Transit base will include vehicle maintenance functions via prefabricated or modular buildings as well as operator spaces (break, locker, restroom, dispatch, chief, superintendent) and miscellaneous other business functions required for base operations beginning September 2020 (including safety, health and wellness, etc.)

Baseline Scope

This project involves the construction of a temporary 125-bus transit base adjacent to South Base.
