ARTICLE 1 – PREAMBLE

1.1 This Master Community Workforce Agreement ("CWA") is entered into on February 11, 2020 by and between King County, ("King County" or the "Owner") the Contractor(s) selected for covered projects, herein, ("Contractor"), or Prime Contractor for and on behalf of themselves and their Subcontractors ("Subcontractor"), and the Seattle/King County Building and Construction Trades Council, Northwest National Construction Alliance II, and the Local Unions acting on their own behalf and on behalf of their respective affiliates who become signatory hereto, (the "Union(s)" or "Local Union(s)") with respect to all construction as defined herein. The Owner, Contractor, Subcontractors and Unions may be referred to herein individually as a "Party" and collectively as the "Parties." Where appropriate, the term "Contractors" shall mean, collectively, the general contractor and all Subcontractors of every tier.

Nothing in this CWA shall modify, amend, or supersede any of the provisions set forth within the Contract between King County and the selected Contractor(s) and their Subcontractors, as identified within. This CWA meets the intent and obligations set forth in King County Ordinance 18672 which directs a Priority Hire Program and an agreement executed between King County and the Seattle Building and Construction Trades Labor Council and the Northwest Construction Alliance II.

1.2 It is understood by the parties to this CWA that when this CWA is signed by the King County Executive, or designee, it will become the policy of King County that the construction work covered by this Agreement will be contracted exclusively to the Contractor and its Subcontractors, of every tier, who agree to execute and be bound by the terms of this Agreement by Letter of Assent. The Contractor will monitor the compliance with this CWA by all Subcontractors of every tier. This CWA covers all King County public projects estimated to equal (\$5,000,000) five million dollars or greater, and shall track with King County Ordinance 18672 and such other criteria established by the Executive.

1.3 King County will implement this CWA by including appropriate provisions in the contract documents for covered work, as hereinafter defined. As a result, the successful Contractor, and its Subcontractors, of every tier, performing covered work will become a party to this Agreement. King County shall administer, and the Parties shall ensure compliance with this Agreement.

1.4 This CWA represents the complete understanding of the Parties, and no Contractor or Subcontractor is or will be required to sign any other agreement with a signatory Union as a condition of performing work within the scope of this Agreement. It is understood that this Agreement constitutes a self-contained, stand-alone agreement. No practice, understanding or agreement between a Contractor or Subcontractor and a Union party which is not specifically set forth in this Agreement will be binding on any other party except that if the CWA is silent on any issue the local crafts collective bargaining agreement (CBA) shall prevail.

1.5 The Unions agree that this CWA will be made available to, and will fully apply to any successful Contractor for work who becomes signatory hereto, without regard to whether that successful Contractor performs work at other sites on either a Union or a non-Union basis, and without regard to whether employees of such Contractor are or are not members of any project or at any location other than the project site as defined in this CWA. The Unions hereby pledge to work cooperatively with all businesses awarded work governed by this CWA, despite any other dispute they may have with a business over, for example, trust or benefit payments that arose on non-covered work.

ARTICLE 2 – PURPOSE

2.1 The Parties to this CWA, and the Contractors and Subcontractors who assent to work under this CWA, acknowledge to support the efforts of King County to increase employment opportunities for workers who reside in King County, to help increase social equity, workforce diversity, increase training and employment

opportunities for residents in the construction trades through Priority Hire, Apprenticeship, and Preferred Entry programs. The parties also agree to promote efficiency of construction operations performed for and within the County, and to provide for peaceful settlement of labor disputes and grievances without strikes or lockouts, thereby promoting the public interest in assuring the timely and economical completion of the projects. This CWA also supports the Contractors and its Subcontractors efforts and obligations to utilize women-owned and minority-owned firms certified by the State of Washington, and Small Contractors and Suppliers (SCS) meeting the eligibility criteria for King County's small contractor program under K.C.C. chapter 2.97.

2.2 King County Project Site(s) ("Project Site(s)" or the "Site(s)") shall be understood to refer to all King County public works projects, the location at which construction, equipment or services furnished by the selected Contractor(s) of every tier, will be performed, completed and or delivered.

The purpose of the CWA is to ensure that all construction work at the Project Sites, and the operation of existing facilities, will proceed continuously without interruption, efficiently, economically, and with due consideration for the protection of labor standards, wages and working conditions.

In recognition of the special needs of each Project and to maintain a spirit of harmony, labor management peace and stability during the term of this CWA, the Parties agree to establish and put into practice effective and binding methods for settlement of all misunderstandings, disputes or grievances that may arise between any Contractor, Subcontractor and the Unions, or their members, to the end that the Owner is assured of complete continuity of its operations and construction without slowdown or interruption of any kind. The Owner shall monitor the compliance with this Agreement by the Contractor who, through their execution of the Agreement or a Letter of Assent binding them to this Agreement, together with their Subcontractors, shall have become bound hereto.

2.3 The Parties are committed to providing open access to procurement opportunities for all contractors and to assuring an adequate supply of craft workers possessing the requisite skills and training in order to provide the ratepayers a project of the highest quality. Further, the parties agree to cooperate throughout the term of this Agreement to develop methods to reduce King County's construction and project administrative costs.

2.4 In accordance with King County Ordinance 18672 which requires a safe and respectful workplace, free from discrimination, harassment, humiliation, hazing and bullying against any person, a respectful workplace policy shall be included in all Construction Contracts.

ARTICLE 3 – UNION RECOGNITION AND REPRESENTATION

3.1 The Contractor recognizes the signatory Unions are the sole and exclusive bargaining representatives of all craft employees within their respective jurisdictions working on the Project within the scope of this CWA. This sub-section shall not alter the preexisting legal status of any bargaining relationship between any individual Contractor and signatory Union.

Authorized representatives of the Unions shall have reasonable access to the Project, provided they do not interfere with the work of employees, and further provided that such representatives fully comply with the visitor, safety and security rules and any environmental compliance requirements established for the Project, which shall be subject to review by the Project Administrative Committee (as described in Article 7). It is understood that because of the scope of the Projects and the type of work being undertaken, all visitors will be required to check in and may be limited to certain times or areas. They may also be required to be accompanied at all times while on the Project Sites. However, in such circumstances, project workers shall be allowed to confer privately with their authorized Union representatives. The Contractor recognizes the right of access set forth in this Section and such access will not be unreasonably withheld from an authorized representative of the Union.

3.2 The Unions signatory hereto shall have the right to designate a Steward for each Subcontractor signatory with that craft type, one (1) working journeyman as Steward for all related craft personnel, who shall be recognized as the Union's representative for a signatory hereto. Such designated Stewards shall be a qualified worker assigned to a crew and shall perform the work of their craft. Under no circumstances shall there be a non-working Steward on the Project.

3.3 The working Steward will be paid at the applicable prevailing wage rate for the job classification in which he/she is employed.

3.4 The Union may appoint a Steward for each shift, should multiple shifts be utilized.

3.5 A Steward for each craft of the signatory Unions employed on the Project shall be permitted on the Project Site at all times. They shall not be subjected to discrimination or discharge on account of proper Union activities. The Unions agree that such activities shall not unreasonably interfere with the Steward's work for the Contractor or its Subcontractors.

3.6 It is recognized by the Contractor that the employee selected as Steward shall remain on the job as long as there is work within the craft for which he/she is qualified, willing and able to perform. The Contractor shall be notified in writing of the selection of each Steward. The Contractor shall be responsible for notifying the Unions prior to terminating a Steward as follows:

For cause or voluntary quit: As soon as possible after it becomes known to the Contractor either by telephone call or electronic means;

Reduction in Force: Forty-eight (48) hours prior written notice.

3.7 A Steward may not cause or encourage work stoppage, and, if found guilty of instigating such action, will be subject to discipline by the Contractor, and/or the Contractor's Sub-contractors, up to and including discharge or/and removal from the Project.

3.8 A Steward's duties shall not include hiring and termination, nor shall he/she cause any interference with work progress.

3.9 A Steward shall be given the option of working all reasonable overtime within his/her craft and shift providing he/she is qualified to perform the task assigned.

6.2 The Prime Contractor and/or Subcontractors having previously attended a pre-job conference for a King County project may submit a request for a waiver to the Building Trades from attending the pre-job meetings provided they are performing the same scope of work.

6.3 The Contractor and any of its Subcontractors who fail to attend such pre-job conference prior to the commencement of work shall be considered in violation of this CWA. The appropriate Building Trades Council

and/or NCA II Representatives shall immediately notify the Owner of the violation, and the Owner shall require the Contractor to take corrective action regarding this matter.

ARTICLE 7 – PROJECT ADMINISTRATIVE COMMITTEE

7.1 The Parties to this CWA hereby recognize the necessity of cooperation and the elimination of disputes, misunderstandings or unfair practices on the part of any Party, and to secure this end, it is hereby agreed that a Project Administrative Committee (PAC) shall be established to be comprised of the Contractor's representatives, the Unions party to the CWA, a representative of the Building Trades Council, and the Owner's CWA Administrator, who shall meet at the Building Trades Council's office according to a mutually agreeable monthly schedule. The PAC is tasked with addressing safety, compliance with Priority Hire requirements, apprenticeship utilization, preferred entry, job progress and other relevant issues that will affect the project. The Contractor shall attend the PAC meetings as required, but not less than once each month, track performance meeting workforce requirements and goals, and maintain copies of Craft Worker Request Forms for the duration of the Project.

Representatives of Subcontractors, at every tier level, may also be required to attend PAC meetings. The Owner's CWA Administrator shall serve as the chair of the PAC. The Unions shall at such meetings present facts concerning any violations of any part of the CWA by the Contractor or its Subcontractors. Additionally, the Unions agree to notify the Owner's CWA Administrator upon discovery of a potential violation of this CWA. They shall also bring up any practice by the Contractor or the Contractor's Subcontractors, which in their opinion might lead to a misunderstanding or dispute between the Parties. The Contractor or the Contractor's Subcontractors shall bring in any complaints regarding failure of any employee or employees, or of the Unions to carry out any and all provisions of the CWA.

7.2 Any agreement or resolutions reached pursuant to the preceding paragraph shall not supersede, alter, modify, amend, add to or subtract from this Agreement unless specifically expressed elsewhere in this Agreement. Prior to being effective, any amendments or revisions to this CWA shall be in writing and signed by all the Parties hereto.

7.3 All Parties signatory to this CWA acknowledge the importance of attendance and active support of the PAC and agree to participate in the meetings as their responsibility on the Project requires.

7.4 The PAC shall meet as required, but not less than once each month, to review the operation of the CWA.

7.5 The PAC shall be convened within forty-eight (48) hours on an emergency basis at the request of any party to the CWA.

7.6 The Owner is a party in interest and shall be sent contemporaneous copies of all notifications required under this Article. At the Owners option, the Owner may initiate or participate as a full party in any proceeding brought under this Article.

ARTICLE 8 – AFFIRMATIVE ACTION

8.1 It is agreed that affirmative action shall be taken to afford equal employment opportunity to all qualified persons without regard to race, creed, color, sex, age, marital status, religion, sexual orientation, ancestry, veteran status, disability or national origin. This shall be applicable to all matters relating to hiring, training, promotion, transfer, or termination of employees. Furthermore, the parties agree to cooperate to the fullest extent to achieve the intent and purpose of the applicable regulations of Title VII, Civil Rights Act of 1964, and Executive

Order No. 11246, or such laws or Executive Orders as may supersede them. This Agreement is subordinate to US Equal Employment/Affirmative Action Regulations.

ARTICLE 9 – PRIORITY HIRE PROGRAM

9.1 The Owner has project specific Priority Hire requirements for all Covered Projects (Priority Hire Program) that directs the Contractor and Subcontractors to utilize qualified and competent workers from economically distressed ZIP codes (“Priority Hire Workers”). The Priority Hire Program is aligned with actions in the County’s 2016 Equity and Social Justice strategic plan co-created with employees and community partners, and is designed to prioritize the recruitment and placement of economically disadvantaged local workers on designated King County public works projects. The Program is intended to help address construction workforce shortages, diversify the construction workforce, and improve the well-being of individuals who live in geographical areas of economic distress, while focusing on participation by Apprentices and Journey level construction workers who have been historically underrepresented in the construction industry, including people of color,¹ women, and veterans for a specified share of total hours worked on covered projects.

9.2 The first month following issue of the notice to proceed and until the Contractor obtains written final acceptance from the Owner, the Contractor shall submit a monthly report for itself and all Subcontractors and suppliers to King County. The Contractor must report on meeting the requirements of Article 9, and the Construction Contracts in King County’s Diversity Compliance Management System (DCMS) as provided in the executed Construction Contract.

Contractors and Subcontractors must also report on employee demographics and other pertinent information requested by the Owner. Labor hours performed by workers living outside of Washington will be excluded from Priority Hire Worker calculations when determining whether the percentage requirements of total Priority Hire Worker hours have been achieved.

9.3 The Contractors failure to allow adequate time to comply with the requirements and processes of the CWA including Priority Hire are non-excusable delays. When a Contractor is not in compliance with the Priority Hire requirements, they must submit documentation to the County that supports its best efforts for meeting Priority Hire requirements and an action plan detailing methods and/or steps to be taken to achieve said requirements.

ARTICLE 10 – PREFERRED ENTRY PROGRAM

10.1 King County supports the development of a skilled construction workforce through appropriate Apprenticeship and Training Organizations, particularly for people of color, women, Priority Hire Workers and others facing significant employment barriers. The County also supports Pre-Apprenticeship programs in their goals to assist workers with particular barriers.

10.2 The Parties agree to construct and expand pathways to family wage jobs and careers in the construction industry for community residents through collaborative workforce development systems involving community-based training providers and WSATC registered apprenticeship programs. The purpose of this program is to facilitate a workforce reflective of the diversity of the County’s population.

10.3 The Preferred Entry program, as defined by this Agreement will identify individuals, especially women, people of color, disadvantaged youth and those from economically distressed ZIP codes as defined by King

¹ The term “people of color” also means “minorities” and is often the used term in King County code, ordinance and contract documents.

County, who are compliant with the entry standards for WSATC Apprenticeship programs that allow for preferred entry of qualified applicants into their programs. Preferred Entry Candidates shall be placed with contractors working on the project in accordance with each Union's dispatch procedures and JATC rules. The Parties recognize Preferred Entry Candidates as individuals that have completed a Washington State recognized pre-apprenticeship program and been accepted into a WSATC Apprenticeship program until they reach journey level status. The purpose of this program is to facilitate a workforce reflective of the population of King County, supporting goals of workforce inclusiveness.

Overall the Contractor must demonstrate that twenty percent (20%) of all Apprentice labor hours be performed by Preferred Entry Apprentices and shall come from a WSATC recognized Pre-Apprenticeship Program or other mutually agreed-upon programs that serve people living in economically distressed ZIP codes, minorities, disadvantaged youth, women and/or veterans. It is a goal that each Preferred Entry Apprentices be employed a minimum of 700 hours on each covered project, with the exception that King County may lower the goal to 350 hours on covered projects for specific scopes at their discretion. Contractors shall make good faith efforts or best efforts to achieve the minimum goal of 700 hours for Preferred Entry and will be reviewed monthly at the Project Administrative Committee (PAC) meeting.

Contractors agree to hire Preferred Entry Apprentices as early as possible in the Project. If Preferred Entry Apprentices are available, proceed with the hiring process, as described in Article 13 and provide appropriate documentation to King County. The hours worked by eligible Preferred Entry qualified Apprentices hired from distressed economic ZIP codes will count towards the Contractors' accomplishment of the Priority Hire Worker requirements.

ARTICLE 11 – HELMETS TO HARDHATS

11.1 The Contractors and the Unions recognize a desire to facilitate the entry into the building and construction trades of veterans who are interested in careers in the building and construction industry. The Contractors and Unions agree to utilize the services of the Center or Military Recruitment, Assessment and Veterans Employment ("Center") and the Center's "Helmets to Hardhats" program and other appropriate veteran's programs, to serve as a resource for preliminary orientation, assessment of construction aptitude, referral to apprenticeship programs or hiring halls, counseling and mentoring support network, employment opportunities and other needs as identified by the parties.

The Unions and Contractors agree to coordinate with the Center and other appropriate veteran referral sources, to create and maintain an integrated database of veterans interested in working on this Project and of apprenticeship and employment opportunities for this Project. To the extent permitted by law, the Unions will give credit to such veterans for bona fide, provable past experience.

The hours worked by qualified veteran applicants from within the economically distressed ZIP codes, as defined by King County, will count towards the Contractors' accomplishment of the Priority Hire Worker requirements.

ARTICLE 12 – APPRENTICESHIP

12.1 The parties recognize the need to maintain continuing support of Apprenticeship programs designed to develop adequate numbers of competent workers in the construction industry. Such programs enable workers to enter the labor pool fully qualified to earn a family wage on construction jobs. The Unions agree to support and enhance such programs to provide training and job opportunities to these new workforce entrants. The Contractors will employ Apprentices in their respective craft to perform work customarily performed by the craft in which they are registered and within their capabilities.

The Contractor and their Subcontractors shall submit a plan for participation of WSATC registered Apprentices to the Owner. The Contractor and each Subcontractor shall estimate the total contract labor hours to be worked on the Project and shall include the anticipated Apprenticeship participation by craft and hours. Diversity goals for the use of Apprentices are identified in Section 12.2 (c) of this Article. The Contractor must report on meeting the requirements of Article 12 in King County's Diversity Compliance Management System (DCMS) as written in the executed Construction Contract.

12.2 The Owner shall establish a minimum Apprenticeship Utilization Requirement (AUR), with the goal of not less than fifteen percent (15%) per craft as required in King County Code (KCC) Title 12, Chapter 12.16; Sections 12.16.155 through 12.16.180 on a contract by contract basis. The Contractor shall ensure that no less than the established AUR be performed by Apprentices registered with the Washington State Apprenticeship Training Council (WSATC).

Consistent with any restrictions contained in applicable State or Federal law and regulations, including those governing equal employment opportunity, prevailing wage, and apprenticeship requirements and limitations, the parties will jointly use good faith efforts or best efforts to meet or exceed the following for apprenticeship utilization:

- (A) The Contractor and Subcontractors at all tier levels shall be required to make best efforts to achieve the project specific AUR of all labor hours to be performed by apprentices.
- (B) Good faith efforts or best efforts means the strongest possible efforts that the contractor and its subcontractors can reasonably make to meet the established apprentice requirement and hiring goals.
- (C) The Owner has Apprentice voluntary hiring goals for target populations for public works projects as set out in King County Code, Title 12; Section 12.16.156 Apprentice Utilization Goals, and also in the executed King County Construction Contracts.

ARTICLE 13 – UNION REFERRALS & HIRING PROCEDURES

13.1 For Local Unions having a job referral system, the Contractor agrees to comply with such system, and it shall be used exclusively by the Contractor and Subcontractors. Such job referral system will be operated as set forth herein in a nondiscriminatory manner and in full compliance with federal, State, and local laws and regulations which require equal employment opportunities and nondiscrimination, and referrals shall not be affected by obligations of Union membership or the lack thereof.

13.2 By Contractor or Subcontractor request, the Unions shall prioritize dispatch of Priority Hire Workers who are residents of King County's Priority Hire ZIP codes. (Exhibit 5)

13.3 The Contractor may reject any referral for any lawful nondiscriminatory reason provided it complies with Article 15.8 regarding reporting pay. 15.7 It will not be a violation of the CWA when the Contractor or Owner considers it necessary to shut down the Project in whole or in part to avoid the possible loss of human life because of an emergency situation that could endanger the employee's life and safety. In such cases, employees will be compensated only for the actual time worked. All hours worked on a make-up day to complete the forty (40) hours for the standard work week, shall be paid at the straight time rate of pay. Any hours in excess of the standard work week worked on Saturday shall be paid at time and one-half of the straight time rate of pay. For make-up day work the full crew must be scheduled. A Local Union complying with this obligation shall not be liable for unauthorized acts of employees it represents. The failure of the Contractor to exercise its right in any instance shall not be deemed a waiver of its right in any other instance.

20.4 In the event of any work stoppage, strike, picketing or other disruptive activity in violation of this Article, the Contractor may suspend all or any portion of the Project work affected by such activity at the Contractor's discretion and without penalty.

20.6 In lieu of, or in addition to, any other action at law or equity, any Party may institute the following procedure when a breach of this Article is alleged, after the Union(s) or Local Union(s) has been notified of the fact:

- (A) The Party invoking this procedure shall notify (to be mutually determined) who the parties agree shall be the Arbitrator under this procedure. Notice to the Arbitrator shall be by the most expeditious means available, with notice by facsimile, email or any other effective written means, to the Party alleged to be in violation and the International Union Representative, or their designee, and/or Local Union.
- (B) Upon receipt of said notice, the Arbitrator shall set and hold a hearing within twenty-four (24) hours if it is contended the violation still exists.
- (C) The Arbitrator shall notify the Parties by email, facsimile, or any other effective written means, of the place and time chosen for this hearing. Said hearing shall be completed in one session. A failure of any party or parties to attend said hearing shall not delay the hearing of evidence or issuance of an Award by the Arbitrator.
- (D) The sole issue at the hearing shall be whether or not a violation of this Article has in fact occurred. The award shall be issued in writing within three (3) hours after the end of the hearing and may be issued without an Opinion. If any party desires an Opinion, one shall be issued within fifteen (15) days, but its issuance shall not delay compliance with, or enforcement of the award. The Arbitrator may order cessation of the violation of this Article, and such Award shall be served on all parties by hand or registered mail upon issuance.
- (E) Such award may be enforced by any court of competent jurisdiction upon the filing of this CWA and all other relevant documents referred to herein above in the following manner. Facsimile or expedited mail or personal service of the filing of such enforcement proceedings shall be given to the other Party. In the proceeding to obtain a temporary order enforcing the Arbitrator's award as issued under Section 20.6 of this Article, all Parties waive the right to a hearing and agree that such proceedings may be ex parte. Such agreement does not waive any Party's right to participate in a hearing for a final order of enforcement. The Court's order or orders enforcing the Arbitrator's Award shall be served on all Parties by hand or by delivery to their last known address by registered mail.
- (F) Any rights created by statute or law governing arbitration proceedings inconsistent with the above procedure, or which interfere with compliance therewith, are hereby waived by the Parties to whom they accrue.
- (G) The fees and expenses of the Arbitrator shall be borne by the Party or Parties found in violation, or in the event no violation is found, such fees and expenses shall be borne by the moving Party.
- (H) If the Arbitrator determines that a work stoppage has occurred in accordance with Section 20.6 (D) above, the Party or Parties found to be in violation shall pay as liquidated damages the following amounts: For the first shift in which the violation occurred, \$10,000; for the second shift, \$10,000; for the third shift, \$10,000; for each shift thereafter on which the craft has not returned to work, \$10,000 per shift. 21.3 All jurisdictional disputes shall be resolved without the occurrence of any strike, work stoppage, or slow-down of any nature, and the Contractor's assignment shall be adhered to until the dispute is resolved. Individuals violating this section shall be subject to immediate discharge.

21.4 Each Contractor will be required to conduct a pre-job conference, coordinated by the Owner's CWA Administrator, with the Building and Construction Trades Council prior to the initial commencement of work, and on an as needed basis for projects with multiple phases and/or start dates. The purpose of this pre-job conference is to promote communication and provide the parties an opportunity to review the work prior to the start of construction. The Contractors will be advised in advance of all such conferences and shall participate.

21.5 Any award or resolution made pursuant to this procedure, shall be final and binding on the disputing Unions and the involved Contractor under this CWA only, and may be enforced in any court of competent jurisdiction in accordance with the Plan. Such award or resolution shall not establish a precedent on any construction work not covered by this CWA. In all disputes under this Article, the Contractor shall be considered a party in interest.

ARTICLE 22 – GRIEVANCE PROCEDURE

22.1 This CWA is intended to provide close cooperation between management and labor. Each of the Unions will assign a representative to this Project for the purpose of completing the construction of the Project economically, efficiently, continuously, and without interruptions, delays, or work stoppages.

22.2 The Contractors, Unions, and the employees, collectively and individually, realize the importance to all Parties to maintain continuous and uninterrupted performance of the work of the Project, and agree to resolve disputes in accordance with the grievance arbitration provisions set forth in this Article.

22.3 Any question or dispute arising out of and during the term of this CWA (other than trade jurisdictional disputes) shall be considered a grievance and subject to resolution under the following steps:

(A) Step 1. When any employee subject to the provisions of this CWA feels they have been aggrieved by a violation of this CWA, through their local Union Business Representative or job steward, shall, within ten (10) working days after receiving notice of the occurrence of the violation, give notice to the work-site representative of the involved Contractor stating the provision(s) alleged to have been violated. The Business Representative of the local Union or the job steward and the work-site representative of the involved Contractor shall meet and endeavor to adjust the matter within three (3) working days after timely notice has been given. The Representative of the Contractor shall keep the meeting minutes and shall respond to the Union Representative in writing at the conclusion of the meeting but not later than twenty-four (24) hours thereafter. If they fail to resolve the matter within the prescribed period, the grieving

party may, within forty-eight (48) hours thereafter, pursue Step 2 of the Grievance Procedure, provided the grievance is reduced to writing, setting forth the relevant information concerning the alleged grievance, including a short description thereof, the date on which the grievance occurred, and the provision(s) of the CWA alleged to have been violated. Should the Local Union(s) or any Contractor(s) have a dispute with the other party and, if after conferring, a settlement is not reached within three (3) working days, the dispute may be reduced to writing and proceed to Step 2 in the same manner as outlined herein for the adjustment of an employee complaint.

(B) Step 2. The International Union Representative or designee and the involved Contractor(s) shall meet within seven (7) working days of the referral of a dispute to this second step to arrive at a satisfactory settlement thereof. Meeting minutes shall be kept by the Contractor. If the parties fail to reach an agreement, the dispute may be appealed in writing in accordance with the provisions of Step 3 within seven (7) working days thereafter.

(C) Step 3. If the grievance has been submitted but not adjusted under Step 2, either Party may request in writing, within seven (7) working days thereafter that the grievance be submitted to the mutually agreed upon Arbitrator. The decision of the Arbitrator shall be final and binding on all Parties. The fee and expenses of such Arbitration shall be borne equally by the Contractor(s) and the involved Local Union(s). Failure of the grieving party to adhere to the time limits established herein shall render the grievance null and void. The time limits established herein may be extended only by written consent of the parties involved at the particular step where the extension is agreed upon. The Arbitrator shall have the authority to make decisions only on issues presented, and shall not have authority to change, amend, add to or detract from any of the provisions of this CWA.

22.4 The Owner and Contractor shall be notified of all actions at Steps 1, 2 and 3 and shall, upon their request, be permitted to participate in all proceedings at these steps.

ARTICLE 23 – GENERAL SAVINGS CLAUSE

23.1 If any article or provisions of this Agreement shall be declared invalid, inoperative or unenforceable by any competent authority of the executive, legislative, judicial or administrative branch of the Federal or any State government (including such authorities as established within Project enabling legislation referred to under Article I within this Agreement), the Contractors and the Union shall suspend the operation of such article or provision during the period of its invalidity and shall substitute, by mutual consent in its place and seal an article or provision which will meet the objections to its validity and which will be in accord with the intent and purpose of the article or provision in question.

23.2 If any article or provision of this Agreement shall be held invalid, inoperative or unenforceable by operation of law or by any of the above mentioned tribunals of competent jurisdiction, the remainder of this agreement or the applications of such article or provision to persons or circumstances other than those as to which it has been held invalid, inoperative or unenforceable shall not be affected thereby.

ARTICLE 24 – DRUG FREE WORKPLACE

24.1 The parties to this CWA agree that the Contractor shall implement a Drug Free Workplace Policy and Program for the duration of this CWA. Such policy will be administered in accordance with the provisions of the Alcohol and Drug Policy included as Exhibit 1 to this CWA. The drug and alcohol testing program implemented must be equal to or better than the King County program. All drug and alcohol testing procedures must be administered by an independent third-party agency approved in advance by the CWA Administrator. The CWA Administrator has the right and authority to conduct an audit of the administration of the drug and alcohol testing procedures being implemented.

ARTICLE 25 – TERMS OF AGREEMENT

25.1 This Community Workforce Agreement shall become effective upon execution and shall continue in full force and effect for each Covered Project(s) for a period of five (5) years, and until the Project(s) are completed or abandoned by the Owner. Either party desiring to extend this CWA beyond the term, shall make such intention known to the other party by written notice no earlier than six months prior to the expiration date. The Parties may mutually agree in writing to amendments or modifications to this agreement

The Owner and the Unions recognize that if any provision of this agreement shall be held invalid in any court or other Government action, the remaining provisions shall not be affected. Upon such invalidation, both parties agree to meet to re-negotiate such parts or provisions affected.

25.2 During the completion phase of the Project, the following procedures will remain in effect:

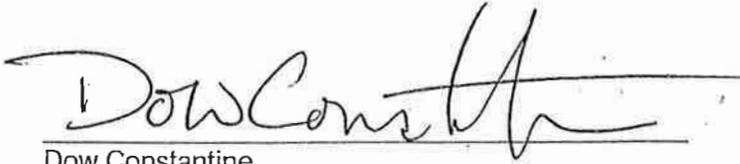

- (A) Turnover:** Construction of any phase, portion, section or segment of the project shall be deemed complete when such phase, portion, section or segments has been turned over to the Owner by the Contractor(s) and the Owner has accepted such phase, portion or segment. As areas and systems of the project are inspected and construction tested and/or approved by the owner, the agreement shall have no further force or effect on such items or areas, except when a Subcontractor is directed by the Contractor(s) or the Owner to engage in repairs or modifications required by its's contract(s) with the Owner.
- (B) Notice:** Written notice of each final acceptance received by the Contractors(s) will be provided to the Building Trades Council with a description of what portion, segment, etc., has been accepted. Final acceptance may be subject to a "punch list" and in such case, the agreement will continue to apply to each such item on the list until it is completed to the satisfaction of the Owner and a letter of completion/final acceptance is given by the Owner to the Contractor(s). A copy of the "punch list" will be available to the Unions.
- (C) Termination:** Final termination of all obligations, rights, liabilities and disagreements shall occur upon receipt by the Building Trades Council of a written notice from the Owner or Contractor(s) saying that no work remains within the scope of the agreement for the Contractor(s) or their successor(s).

4. Employees are required to submit to an alcohol and/or drug test when directed by King County; and, prohibited from tampering or attempting to tamper with such alcohol and/or drug test.

B. Each King County covered employee, pursuant to the Drug Free Workplace Act is required to notify his/her supervisor, within five (5) calendar days of any conviction, that he/she has been convicted of a drug crime occurring in the workplace.

C. Each covered employee, under King County's own authority.

4. Under King County's own authority, violations will result in discipline in accordance with Section XIII.

Section II - Covered Employees

As required by the regulations issued pursuant to the Omnibus Employee Testing Act of 1991, King County must conduct drug and alcohol testing for all covered employees. Covered employees are those employees who occupy positions which perform a 'safety-sensitive' function and applicants for a safety-sensitive position. 'Safety-sensitive' functions are defined as:

- A.** Operating revenue service vehicles, including operation when the vehicle is not in revenue service;
- B.** Operating nonrevenue service vehicles when operation of such vehicles requires the driver to hold a Commercial Driver's License (CDL);
- C.** Controlling the dispatch or movement of a revenue service vehicle;

D. Maintaining (including repairs, overhaul and rebuilding) a revenue service vehicle or equipment used in revenue service;

E. Carrying a firearm for transit security purposes; or

F. Any position aboard a vessel that requires the person filling that position to perform one or more safety sensitive duties or operation of a vessel on either a routine or emergency only basis as well as Crew members that are responsible for the safe handling of passengers.

A list of all covered positions/classifications, by King County Department, is attached as Appendix 9.2. In addition, all employees of independent contractors who perform services for King County Department of Transportation, Transit Division in positions which are safety-sensitive as outlined above will also be subject to the testing requirements outlined in this program.

Section III - Education

Every covered King County employee will receive a copy of King County's Prohibited Drug Use and Alcohol Misuse Policy and this Prohibited Drug and Alcohol Misuse Education and Testing Program. Transit employees will receive a minimum of sixty (60) minutes of training regarding the Prohibited Drug Use and Alcohol Misuse Education and Testing Program and the effects of prohibited drug use and alcohol misuse. Detailed information on alcohol misuse will be provided, specifically referencing the effects of alcohol misuse which impacts an individual's biological, emotional, psycho-social well-being. The effects of misuse can be seen in an individual's work performance, attitude and social interaction.

All King County supervisory personnel who are designated to determine whether reasonable suspicion exists to require a covered employee to undergo alcohol and/or drug testing will also receive a minimum of one-hundred and twenty (120) minutes of training on the physical, behavioral, speech, and performance indicators of probable prohibited drug use and alcohol misuse.

Section IV - Substances Tested

A. Alcohol

Employees subject to alcohol testing will have a sample of their breath tested for the presence of the intoxicating agent in beverage alcohol, ethyl alcohol or other low molecular weight alcohols including methyl or isopropyl alcohol. Alcohol testing must be accomplished just before a covered employee performs safety sensitive duties, during that performance, or just after a covered employee has performed safety sensitive duties. Any refusal to submit to an alcohol test, and all positive alcohol tests (.04 or greater), will be reported immediately by the testing facility to the King County Drug and Alcohol Program Manager as required by law.

King County, under its own authority, considers a breath alcohol level of .02 - .039 a King County alcohol violation of this policy. Employees with a King County alcohol violation are subject to discipline and requirements specified in section XIII-Consequences. Any King County alcohol violation (.02 - .039), will be reported immediately by the testing facility to the King County Drug and Alcohol Program Manager (Program Manager).

B. Drugs

Employees subject to drug testing will have a sample of their urine tested for the presence of five (5) drugs, as follows:

1. Marijuana
2. Cocaine
3. Opiates
4. Amphetamines
5. Phencyclidine

All covered employees shall be subject to drug testing anytime while on duty. All drug tests will be reported by the testing laboratory to a medical review officer (MRO) who will evaluate the results. After evaluation and interpretation, all verified positive test results will be reported by the MRO to the employee and the King County Drug and Alcohol Program Manager. Any refusal to submit to a drug test, will be immediately reported by the collection site to the King County Drug and Alcohol Program Manager. All verified negative-dilute results will be

treated as verified negative results except as follows: a negative-dilute result with creatinine concentration greater than or equal to 2mg/dL but less than or equal to 5mg/dL requires an immediate recollection under direct observation.

With respect to verified positive drug tests, employees will be notified by the MRO that they have seventy-two (72) hours following this notification in which they can request, at their own expense, that a split urine specimen be tested by another Department of Health and Human Services (DHHS) certified testing laboratory. However, in the event that the split sample test is negative, the employee will be reimbursed for the test.

Failure to request testing of the split specimen within seventy-two (72) hours of being notified of a positive test by the MRO will result in the test results from the original specimen being accepted as the final test results.

Section V - Types of Testing

The following tests will be required of all covered employees in accordance with King County alcohol and drug testing procedures:

- A.** Pre-employment tests
- B.** Post-accident tests
- C.** Random tests
- D.** Reasonable suspicion tests
- E.** Return to duty/Follow-up tests

The King County alcohol and drug testing procedures will incorporate all requirements outlined in the federal regulations 49 CFR Part 40 as amended to ensure employee confidentiality, the integrity of the testing process, safeguard the validity of the test results, and ensure that test results are attributed to the correct covered employee. Prior to performing each test, King County will notify each employee that the alcohol or controlled substances testing is required by the FTA, the FMCSA or the USCG.

It is King County Policy that employees who are required to submit to federal drug/alcohol testing will be subject to discipline in accordance with Section XIII if they:

1. Refuse to test as defined in Section XII.
2. Attempt to alter, taint or otherwise provide a false sample; or
3. Do not appear immediately and complete a random drug and/or alcohol test following notification to appear for such tests; or
4. Test positive for the presence of one or more of the substances listed in Section IV.

Section VI - Pre-employment Tests

A. The following persons will be subject to pre-employment testing in accordance with King County alcohol and drug testing procedures:

1. Applicants selected for hire into one of the covered positions listed in Section II.
2. Current King County employees selected for assignment into one of the covered positions listed in Section II, if not previously employed in one of these positions.

Individuals identified in Section VI.A., will be informed that they are subject to pre-employment drug testing at the time they apply for a covered position. Such persons, once a job offer is made will have urine sample collected and tested for evidence of the substances listed in Section IV.

B. For individuals noted in Section VI.A.1., and 2, tests may be conducted as part of a routine pre-employment physical examination. The time, date and location of the physical examination and drug test will be announced in advance of the test. Individuals applying for positions which do not require a routine pre-employment physical examination will be notified, in advance, of the time, date and location of the drug test only. King County must receive a negative drug test result prior to employee performing a safety-sensitive function. If a test is canceled, King County shall require employee/ applicant to take another pre-employment test and must receive a verified negative result.

C. Disqualification from King County Employment

1. It is King County policy that applicants for initial hire will be disqualified from King County employment if they:

A. fail to appear for the physical examination and urine collection on the designated day unless excused by King County for good and verifiable cause;

B. refuse to test as defined in Section XII;

C. attempt to alter, taint, or otherwise provide a false sample; or

D. test positive for the presence of one of the substances listed in Section IV.B.

E. refuse to consent to allow King County to obtain the drivers' previous employers' information on positive controlled substances and/or alcohol test results and refusal to be tested within the previous two (2) years for employees subject to FTA and/or USCG regulations or within the previous three (3) years for employees subject to FMCSA regulations; or

F. have tested positive or have refused to be tested when required by a previous employer within the last (2) years for employees subject to FTA and USCG regulations or within the last three (3) years for employees subject to FMCSA regulations and have not successfully completed required recommendations of a substance abuse professional.

1. Current employees subject to pre-employment testing will be disqualified from the position they are seeking if they commit one of the acts listed in 1.a - 1.f. of Section VI.C.1 above. Current employees subject to pre-employment testing will also be subject to discipline in accordance with Section XIII if they commit one of the acts listed in 1.c and 1.d in Section VI.C.1 above.

2. Persons who are disqualified from the position that required the pre-employment test shall be disqualified from applying for any covered King County position for a period of six (6) months. Applications from such persons will thereafter only be accepted if accompanied by a current, written statement from a qualified substance abuse professional verifying that s/he has successfully completed a referral, evaluation and treatment plan as described in Sections 655.63, 382.503 or 16.370.

3. When a covered employee/applicant has not performed a safety-sensitive function for 90 consecutive calendar days, regardless of the reason, and the employee has not been in the random pool, the employee shall take a pre-employment drug test. King County must have a verified negative result prior to the employee performing safety-sensitive work.

4. Applicants who test positive or refuse to test as defined in Section XII will be referred to a Substance Abuse Professional as required by 49 CFR part 40.

Section VII - Post-Accident Tests

All surviving employees in covered positions as identified in Section II will be subject to post-accident alcohol and drug testing in accordance with King County alcohol and drug testing procedures.

A. A King County safety officer, supervisor or other qualified person shall be responsible for making a determination as to whether a post-accident drug and alcohol test is required at the time any covered employee is involved in an accident. An 'accident' requiring an alcohol and drug test is any accident where:

1. A fatality has occurred;

2. a non-fatal accident involving a "transit" rubber-tired bus, automobile, van or non-revenue service commercial motor vehicle has occurred in which injuries were sustained requiring the injured person to immediately receive medical attention away from the scene or any vehicle involved in the accident is disabled and towed away unless it is determined, using the best information available at the time of the decision, that the covered employee's performance can be completely discounted as a contributing factor to the accident.

OR

3. A non-fatal accident involving a non-transit commercial motor vehicle operating on a public road that requires the driver to carry a commercial driver's license (CDL) has occurred in which:

A. the driver receives a citation for a moving traffic violation within 8 hours (to test for alcohol) or within 32 hours (to test for controlled substances)

AND

B. injuries were sustained requiring the injured person to immediately receive medical attention away from the scene or any vehicle involved in the accident is disabled and towed away

OR

4. A non-fatal accident involving a fixed-guideway rail car, trolley car or streetcar, or involving a vessel* has occurred in which:

A. injuries were sustained which required the injured person to immediately receive medical attention away from the scene

OR

B. the fixed-guideway vehicle or the vessel is removed from revenue service

OR

5. **Serious Marine Incident* - any reportable marine casualty as defined in 46 CFR 4.03-1 and 46 CFR 4.05-1, involving a vessel in commercial service, which results in any of the following:

A. One or more fatalities.

B. An injury to a crewmember, passenger, or other person which requires professional medical treatment beyond first aid and, in the case of a person employed on board a vessel in commercial service, which renders the individual unfit to perform routine vessel duties

C. Damage to property, as defined in 46 CFR 4.05-1, in excess of \$100,000

D. The actual or constructive total loss of any vessel subject to Coast Guard Inspection

E. The actual or constructive total loss of any self-propelled vessel, not subject to inspection by the Coast Guard, of 100 gross tons or more

F. A discharge of oil of 10,000 gallons or more, into a navigable waterway

G. A release of a hazardous substance equal to or greater than its reportable quantity into the navigable waters of the United States, or into the environment of the United States, whether or not the release resulted from a marine casualty.

King County is responsible for determining what personnel were directly involved in a *Serious Marine Incident*. This determination should be based on the operation being performed at the time of the accident, and what personnel could have or should have had a role in that operation. A guideline is to test any personnel whose negligence cannot be discounted as contributing to the serious marine incident. A law enforcement officer has the authority to further name personnel as being directly involved in a *Serious Marine Incident* and as such, direct them to submit to alcohol and drug testing.

A. King County will also test any covered employee whose performance could have contributed to the accident.

B. An employee required to submit to post-accident drug and alcohol testing must be tested as soon as possible. Drug tests must be conducted within thirty-two (32) hours following the accident; alcohol tests must be conducted within eight (8) hours of the accident. If an alcohol test is not completed within two hours, King County shall prepare and maintain a record stating the reason. If an alcohol test is not completed within 8 hours, King County shall cease attempt to administer test and maintain a record stating the reason. A covered employee who is required to submit to a reasonable suspicion alcohol and drug test under Section IX need not be required to also submit to a separate post-accident drug and alcohol test under this Section.

C. A covered employee must remain readily available for post-accident drug and alcohol testing, including notifying King County of his/her location if he/she leaves the scene of an accident prior to submission of these tests. Failure to remain readily available for post-accident testing constitutes a refusal. Post-accident testing is delayed while the covered employee assists in the resolution of the accident or receives medical attention following the accident.

D. An employee required to submit to a post-accident drug and alcohol test, will be transported by King County to the collection site. The employee must provide a urine and breath sample unless it is determined by medical personnel present that the employee is medically unable to provide the required samples. Following the test, the employee will be relieved of duty with pay pending King County's receipt of the results of the tests from the MRO.

Section VIII - Random Tests

A. King County will maintain a listing of the names of all employees in the covered positions listed in Section II. During each calendar year, alcohol and/or drug tests will be administered to these employees on a random-selection basis in accordance with the federal alcohol and drug testing regulations required testing rates and King County's alcohol and drug testing program. King County may have separate pools to ensure random testing is performed as required by different federal regulations. King County shall insure that random drug and alcohol tests conducted will be unannounced and that the dates for administering random tests are spread reasonably throughout the calendar year. Testing can be conducted on all days and hours during which safety sensitive work is performed.

B. A computer based random number generator, which is a scientifically valid method, is used for random selections. All covered employees shall have an equal chance of being selected each time selections are made. King County shall test at least the minimum random testing rate requirement for both drug and alcohol tests. Federal Transit Administration (FTA), Federal Motor Carrier Safety Administration (FMCSA) and U S Coast Guard (USCG) rates may vary. Covered employees shall be placed in separate pools, based on their DOT mode, if the rates are not the same.

C. Employees selected for random alcohol and/or drug tests will be provided with transportation and are required to report immediately to the collection site where they will be required to provide a breath and/or urine sample.

Section IX - Reasonable Suspicion Test

A. All employees in the covered positions listed in Section II may be required to submit to a reasonable suspicion alcohol and/or drug test.

B. Employees who are reasonably suspected by a supervisor of violating King County's Prohibited Drug Use and Alcohol Misuse Policy will be required to submit to an alcohol and/or drug test in accordance with King County alcohol and drug testing procedures. A trained supervisor who makes a determination that a test is required will be required to complete a form indicating the grounds for his/her suspicion. The determination must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odor of the employee.

C. Employees will be transported by King County to the collection site and will be required to provide a breath and/or urine sample. Following completion of the test, employees will be transported home and relieved of duty with pay pending King County's receipt of the results of the test from the MRO and consultation with EAP.

Section X - Return to Work Testing

Employees who have been disciplined in accordance with Section XIII as a result of their first positive test indicating the presence of one or more of the substances listed in Section IV, or a King County alcohol violation, or return to work after a violation other than a first positive through the grievance process, will be required, prior to returning to work, to take a return to duty alcohol and/or drug test with a verified negative result in accordance with King County alcohol and drug testing procedures as required by 49 CFR part 40.

Under King County authority, all return to duty testing for King County alcohol violations (.02-.039) will be performed using Non-Federal Breath Alcohol Test and Custody and Control Forms.

Section XI - Follow-up Testing

Current employees who have been disciplined in accordance with Section XIII as a result of a positive alcohol and/or drug test or a King County alcohol violation (.02-.039) required under Section V, upon return to work shall be subject to a minimum of six (6) unannounced drug and/or alcohol follow up tests during the first twelve (12) months following the employee's return to work, and further testing as recommended by the substance abuse professional up to a maximum of sixty (60) months as required by 49 CFR Part 40. In addition, employees who have been disciplined in accordance with Section XIII will also be subject to the testing requirements of Section V.

Under King County authority, all follow-up testing for King County alcohol violations (.02-.039) will be performed using Non-Federal Breath Alcohol Test and Custody and Control Forms.

Section XII - Refusal to Test

The following are behaviors which constitute a refusal to test. A refusal to test constitutes a violation of this policy and the Federal regulations and a verified positive drug/alcohol test result.

A. Refusal to submit to submit (to an alcohol test). A covered employee is considered to have refused to take an alcohol test if s/he:

1. Fails to appear for any test within a reasonable time, as determined by the employer, after being directed to do so by the employer (except for pre-employment);
2. Fails to remain at the testing site until the testing process is complete (except for pre-employment when an employee/applicant leaves before the testing process begins);
3. Fails to attempt to provide a breath specimen for any test required by 49 CFR Parts 382 or 655, or 46 CFR Parts 4 or 16;
4. Fails to provide a sufficient breath specimen, and the physician has determined, through a required medical evaluation, that there was no adequate medical explanation for the failure;
5. Fails to undergo a medical examination or evaluation, as directed by the employer as part of the insufficient breath procedures outlined in 40.265;
6. Fails to sign the certification at Step 2 of the Alcohol Testing Form (ATF); or
7. Fails to cooperate with any part of the testing process.

An employee who refuses to take an alcohol test violates DOT agency regulations and incurs the consequences specified under those regulations.

B. Refusal to submit (to a drug test). A covered employee is considered to have refused to take a drug test if s/he:

1. Fails to appear for any test within a reasonable time, as determined by the employer, after being directed to do so by the employer (except for pre-employment test);
2. Fails to remain at the testing site until the testing process is complete (except for pre-employment when an employee/applicant leaves before the testing process begins);
3. Fails to attempt to provide a urine specimen for any test required by 49 CFR Parts 382 or 655 or 46 CFR Parts 4 or 6;
4. In the case of a directly observed or monitored collection in a drug test, fails to permit the observation or monitoring of the specimen.
5. fails to provide a sufficient amount of urine when directed, and the physician has determined, through a required medical evaluation, that there was no adequate medical explanation for the failure;
6. Fails or declines to take a second test King County or collector has directed him/her to take;
7. Fails to undergo a medical examination or evaluation, as directed by the MRO as part of the verification process, or as directed by the DER as part of the "shy bladder" procedures outlined in 40.193 (except for pre-employment unless the employee/applicant's pre-employment test was conducted following a contingent offer of employment);
8. Fails to cooperate with any part of the testing process (e.g., refuse to empty pockets when so directed by the collector, behave in a confrontational way that disrupts the collection process, fail to wash hands after being directed to do so by the collector.)
9. For an observed collection, fail to follow the observer's instructions to raise clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if the employee has any type of prosthetic or other device that could be used to interfere with the collection process.
10. Possess or wear a prosthetic or other device that could be used to interfere with the collection process.

11. Admits to the collector or MRO that the employee adulterated or substituted the specimen.

If the MRO reports that an employee has a verified adulterated or substituted test result, the employee has refused to take a drug test. An employee has refused to take a drug test, s/he has violated DOT agency regulations and incurs the consequences specified under those regulations.

Section XIII - Consequences

Current employees who have a confirmed positive drug or alcohol test (.04 or greater), or who have refused to a test as defined in Section XII, or who have a confirmed King County alcohol violation (.02-.039) will be immediately removed from duty. The employee will be provided with information from King County's employee assistance program (EAP) regarding resources available for evaluating and resolving problems associated with prohibited drug use and alcohol misuse, including the names, addresses and telephone numbers of Substance Abuse Professionals and treatment programs as required by 49 CFR Part 40.

A. Termination

Circumstances that warrant termination of employment include but are not limited to:

1. Section XIV - Confidentiality

All testing will be conducted in accordance with the federal regulations to ensure test results are accurate and reliable. Further, King County will carry out this policy in a manner which respects the dignity and confidentiality of those involved.

King County takes seriously its commitment to provide safe conditions to the public and its employees. Recognizing this commitment, King County maintains employee assistance programs which can provide access to professional services in an effort to aid any employee who has an alcohol or chemical dependency problem. C. Test results shall be reported to the King County Program Manager or designee via a secure fax machine, or other means as appropriate, on a daily basis.

The laboratory, MRO and King County shall disclose information related to a positive drug test of an individual to the individual, the employer or the decision maker in a law suit, grievance or other proceeding initiated by or on behalf of the individual and arising from a verified positive drug test.

Questions about King County's prohibited drug use and alcohol misuse education and testing program and/or King County's employee assistance programs should be addressed to Lori Jones, the Program Manager.

Section XV - Modifications

It is King County policy that the Program Manager is authorized and directed to promulgate such modifications, amendments and revisions to the King County Drug and Alcohol Program as s/he deems necessary after a review process and concurrence by the affected departments to carry out the provisions of regulations issued pursuant to the Omnibus Transportation Employee Testing Act of 1991 and to enact such additional policies and procedures as may be necessary to insure King County's compliance with state and federal law affecting drug and alcohol matters. Nothing herein is intended to waive a union's legal right to bargain over modifications, amendments and revisions to the extent that they are mandatory subjects of bargaining.

Section XVI - Effects of Alcohol

The **return to work letter** must be presented to the marine employer before allowing a mariner that had a non-negative test result, to return to work in a **safety sensitive position.**

Examples of this type of crewmember may include card dealers, bartenders, game operators and service personnel aboard excursion or gaming vessels. Any person filling a safety sensitive position is subject to U.S. Coast Guard drug and alcohol testing. All crewmembers, that are responsible for the safe handling of passengers, are considered to be filling safety sensitive positions as well.

THE PLAN FOR THE SETTLEMENT OF JURISDICTIONAL DISPUTES IN THE CONSTRUCTION INDUSTRY

The Building and Construction Trades Department, AFL-CIO, on behalf of its fifteen affiliated National and International Unions and their Local Unions, have joined with five employer associations ¹ to establish the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry (the Plan). The jurisdictional disputes procedure has been in effect since 1984 and replaced such predecessor plans as the Impartial Jurisdictional Disputes Board and the National Joint Board. The Building and Construction Trades Department's Constitution requires all jurisdictional disputes between crafts to be settled pursuant to the Plan. As the Plan is a voluntary dispute resolution mechanism, however, a case will not be processed unless the employer agrees to be bound to the Plan.

When a jurisdictional dispute arises, the National or International unions have five days to resolve the matter. Anytime within the five day period, the involved National or International Unions or the contractor responsible for making the assignment may request the matter be arbitrated. The parties then have three days to select an arbitrator from a permanent panel of arbitrators knowledgeable in the construction industry. Once selected, the arbitrator must hold the hearing within seven days. The arbitrator issues a decision within three days of the close of the hearing. ³ The arbitrator may not award back pay or damages for miss-assignment of work nor may any party bring an independent action for damages based on the arbitrator's award. The losing party pays the fees and expenses of the arbitrator. The arbitrator's decision is final and binding. There is no appeal procedure.

The Plan prohibits work stoppages, slowdowns, NLRB and court actions, and grievances under a collective bargaining agreement where the issue involves a jurisdictional dispute or assignment of work by a stipulated contractor. If a union engages in such activity, the Plan provides for expedited arbitration to resolve the matter. Upon notice by the contractor of an impediment to job progress, the Administrator informs the appropriate General President. If the General President is unable to stop the impediment, the Administrator selects an arbitrator to hold a hearing within 24 hours. The sole issues at the hearing is whether there has been an impediment to job progress. The arbitrator must issue a decision within three hours after the close of the hearing. If court enforcement of arbitrator's decision is necessary, the Administrator is authorized to file a court action to enforce the decision.

- 1** Mechanical Contractors Association, National Constructors Association, National Electrical Contractors Association, National Erectors Association, and Sheet Metal and Air Conditioning Contractors National Association.
- 2** An employer may stipulate to the Plan by the terms of a collective bargaining agreement, signing a separate form, or by membership in an employers' association which binds its members to the Plan.
- 3** The criteria utilized by Plan arbitrators in rendering decisions are: 1) whether a previous decision or agreement of record between the parties to the dispute governs; 2) if not, whether there is an applicable agreement between the crafts governing the case; and 3) if not, the arbitrator then considers the established trade practice and prevailing practice in the locality. In addition, the Plan provides that because efficiency, cost or continuity and good management are essential to the well-being of the industry, the arbitrator shall not ignore the interest of the consumer or the past practice of the employer.

A third type of dispute processed under the Plan involves changes in original assignment. Under the Plan, a contractor may not change an assignment of work from one craft to another unless directed by a Plan arbitrator or there is agreement between the crafts involved. The Administrator decides all original assignment questions. The sole issue is whether there has been a change in assignment, not whether the assignment was correct. Any party may appeal an original assignment determination of the Administrator to a Plan arbitrator.

WHEREAS, the parties wish to amend the Master Community Workforce Agreement to: (a) clarify the rights afforded to non-represented employees, and (b) incorporate and clarify requirements regarding prevailing wages, including the applicable prevailing wage rate where there is more than one collective bargaining agreement for any craft.

NOW THEREFORE, in accordance with sections 7.2 and 25 of the Agreement, the parties agree to amend the Agreement as follows:

1. Delete existing **Section 13.5**

2. Delete existing **Section 13.8.F**, and replace with the following:

The Contractor agrees to deduct any applicable dues or representation fee from the pay of any employee who executes a voluntary authorization for such deductions and to remit the dues and fees to the Union(s).

3. Delete existing **Section 17.2** and replace with the following:

The Contractor(s) and each Subcontractor will recognize the applicable Prevailing Wage Rate Determined by the Industrial Statistician in accordance with WAC 296-127-011 as the minimum rates to be paid to all craft employees, including general foreman, foreman and apprentices during the life of the project.
