

King County iMap Layer Groups and Layers

Shown in Layer List panel order

list revised August 22, 2018

King County Address Points
Property Layers
Parcel number labels
Parcel address labels
Parcels
Property sales in the last 3 years
King County property interests
Farmland preservation properties
Publicly owned lands
Current use taxation properties
Public benefit rating system and timber land parcels
Farm and agricultural parcels
Forest parcels
Administrative Areas
Zip Codes
Cities and unincorporated areas labels
Cities and unincorporated areas
Tribal lands
Electoral Districts
Voting precincts
King County Council districts
Congressional districts
Legislative districts
Seattle City Council districts
Seattle School Board director districts
School districts
Sewer districts
Water districts
Water and sewer districts
Fire protection districts
Hospital districts
King County District Court divisions
Rural library district
Park and recreation districts
Regional fire authorities
Elevation Contours
Environmentally Sensitive Areas
Tributary basins (2005 CAO)
Potential landslide hazard areas (2016)
Potential landslide hazard areas 50-foot buffer (2016)
Landslide hazards, incorporated KC (1990)
Potential steep slope hazard areas (2016)
Basin condition (2005 CAO)
Shoreline condition (2005 CAO)
Erosion hazard (1990 SAO)
Seismic hazard (1990 SAO)
Coal mine hazard (1990 SAO)
Stream (1990 SAO)
Wetland (1990 SAO)
Sensitive area notice on title
Chinook distribution
Wildlife network
Channel migration hazard areas
Flooding info
River gages
Flood photos
Flood photos pre-1990 decade
Flood photos 1990 decade
Flood photos 2000 decade
Flood photos 2010 decade
River facilities
Flood phases
FEMA preliminary floodway
FEMA preliminary 100-year floodplain
Flood other areas

Groundwater
Groundwater sources
Groundwater quality sampling sites
Groundwater management areas
Areas susceptible to groundwater contamination
Critical aquifer recharge areas
Sole source aquifer
Wellhead protection areas - one year time of travel
Wellhead protection areas - five years time of travel
Wellhead protection areas - ten years time of travel
Water service area
Hydrography
Hydrogages
Lake buoy
Lakes and large rivers
Streams
Channel migration hazard areas
Drainage basins
Water resource inventory areas
Landslides
River Corridor Mapping
Study Limits
Historical Landslides
Fans and Debris Flows
Lowland fans
Alpine fans less likely subject to debris flows
Alpine fans more likely subject to debris flows
Rock fall
Rock fall potential
Rock avalanche deposit
Deep-Seated Landslides
Watercourses (paths that water can travel downslope)
Toe of landslide along river (where bottom of slide is likely subject to erosion by a river)
Ponded water
Closed depressions (where water may pond)
Landslide outline (polygon contains all features of deep-seated landslide)
Top of main landslide (cliff like slopes on top of a slide)
Top of internal landslides (cliff like slopes on top of a smaller slide within a larger slide)
Headscarp and flanks (cliff like slopes on top and side of a slide)
Landslide body (where debris from a slide has gone)
Shallow Debris Slides (not visible at all scales)
Potential Landslide and Steep Slope Hazard Areas
Potential landslide hazard areas (2016)
Potential landslide hazard areas 50-foot buffer (2016)
Landslide hazards, incorporated KC (1990)
Potential steep slope hazard areas (2016)
Noxious Weeds
Class A and B designate weeds (2018 survey year)
Most widespread noxious weeds (2018 survey year)
All noxious weeds (2018 survey year)
Noxious weeds data (2018 - 1999 survey years)
Parks and Trails
Regional trails
Regional trails by type
Regional trails by name
Parks

Planning
Urban growth area
Agricultural production district
Forest production district
Unincorporated KC zoning
Zoning labels
Countywide growth pattern
Comprehensive plan land use
Community service areas
Urban potential annexation areas
Misc. designations
Centers
Rural towns
Rural forest focus areas
Urban separators (designated in CPPs)
Shoreline management designations
Snoqualmie Valley watershed improvement district
1994 Urban growth area
Reference Layers
Thomas Brothers map page
Thomas Brothers map row/column
Public land survey - townships
Public land survey - sections
Kroll map page
King County Roads
Bridges maintained by King County
Traffic cameras maintained by King County
Traffic signs maintained by King County
"Roadlog" - Roads maintained by King County
Freeways
Arterial streets
Local streets and roads
Stormwater Services
Stormwater facilities
Drainage studies
Neighborhood drainage projects
Surface water engineering projects
Surface water design manual
Flow control
Water quality
Landslide Hazards
Drainage complaints

≡ indicates an iMap layer group

- To see the layer names in a group, click the small arrow to the far left of the layer group name (▶) to expand the list of layers in that group.
- To view a layer, the box to the immediate left of the layer name must be checked, and the box for the layer group it belongs to must also be checked.
 - Stormwater Services
 - Stormwater facilities
- Some layers become visible only when the map is zoomed in to a certain scale level. Until then, the layer name is grayed out.
