1                   AN ORDINANCE that adopts the 2011 Annual Budget and  
2                   makes appropriations for the operation of county agencies  
3                   and departments and capital improvements for the fiscal  
4                   year beginning January 1, 2011, and ending December 31,  
5                   2011.

6                   **PREAMBLE:**

7                   These tough economic times require individuals, families and  
8                   governments to tighten their belts and make difficult choices on how to  
9                   spend money. These realities are the same for King County. The 2011  
10                  budget reduces expenses and services in every corner of county  
11                  government. The 2011 budget eliminates more than 300 jobs and  
12                  implements painful cuts, such as reducing the number of prosecutors and  
13                  sheriff's deputies, as well as court probation officers, court clerks, juvenile  
14                  probation officers and court reporters.  
15                  Additionally, deep reductions to services for at-risk mothers, and early learning  
16                  and after-school programs provided through the children and family commission  
17                  were required.  
18                  Along with these reductions, the council and executive are budgeting for  
19                  greater efficiency in how the work of the county is accomplished. The

20 2011 budget honors the commitments of those King County employees  
21 who voluntarily gave up their cost of living increases. Because of this  
22 partnership between the county and our employees, the county was able to  
23 save some vital programs and services such as family court, alternatives to  
24 incarceration programs and public defense services.

25 Despite these difficult cuts, the council and the executive have not lost  
26 sight of their shared duty to protect the county's most vulnerable residents.

27 The council, through this budget, is able to maintain limited support to  
28 vital programs that provide services to survivors of domestic violence and  
29 sexual assault, as well as reprioritizing funds to maintain the juvenile  
30 domestic violence program Step Up.

31 Acknowledging the ongoing nature of this recession, the council is  
32 exercising fiscal discipline by not spending the major reserves, including  
33 the county's \$31 million cash reserves and the \$15 million rainy day fund.

34 In addition, the council's budget establishes a \$1.5 million criminal justice  
35 reserve for emergent public safety needs.

36 The 2011 budget, as adopted by the King County council, addresses our  
37 immediate needs, sets careful priorities and limits expenditures. This budget does  
38 all it can to preserve our quality of life while preparing for fiscal challenges in the  
39 coming years.

40 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

41 SECTION 1. Findings: The council makes the following findings of fact:

42           A. King County government is responsible for providing a variety of services to  
43 all residents of the county. These include: regional services, such as criminal justice,  
44 public health and wastewater treatment; subregional services through contracts with  
45 many suburban cities for police protection, jail services and municipal court services; and  
46 local services to unincorporated areas, such as sheriff protection, agriculture, roads,  
47 surface water management, local parks and land use regulation.

48           B. Under the King County Charter, the metropolitan King County council sets  
49 policy and adopts budgets for the county. The 2011 budget totals \$5.1 billion, of which  
50 \$621 million is in the general fund.

51           C. King County faces a projected 2011 general fund revenue shortfall of \$55  
52 million. The shortfall is primarily attributable to state law limiting the growth of county  
53 property tax collections to one percent annually plus new construction. This rate of  
54 growth is insufficient to meet the increasing costs of providing services. The imbalance  
55 between increasing costs and decreasing resources results in a structural gap.  
56 Compounding this ongoing structural gap is the continuing recession that has depressed  
57 revenues from retail sales and real estate taxes. The combined shortfall of these major  
58 revenue sources requires King County to significantly reduce services in 2011 and  
59 beyond.

60           D. The metropolitan King County council established the service, operational and  
61 budget priorities for King County government and its employees through Ordinance  
62 16897, which established the King County Strategic Plan 2010 - 2014.

63           E. The council adopted Motion 13202 establishing council priorities. This  
64 budget addresses these priorities through the following:

65           1. Trust in Government.

66           **Employee Sacrifices:** More than ninety percent of all King County employees  
67 have agreed to forgo their cost of living adjustment (COLA) for 2011. Each of these  
68 employees rose to the challenge of doing his or her share to preserve services to the  
69 public. They should be commended for their true dedication to "sharing the pain" in this  
70 year's budget. Altogether, these actions will preserve \$23.5 million in services across all  
71 county agencies for 2011. Of that amount, \$6.2 million of the savings is in the general  
72 fund.

73           2. Financial Stewardship.

74           **Efficiencies:** The executive's proposed budget included level of service  
75 reductions to address the \$55 million shortfall in the county's general fund with further  
76 projected reductions of three percent in 2012 and 2013. Within this adopted budget the  
77 legislative branch, similar to other agencies, has taken a 9.5 percent overall reduction to  
78 the 2011 proposed status quo budget. This legislative branch reduction was achieved by  
79 implementing the first phase of business process redesign and realignment within the  
80 legislative branch. This has begun with eliminating vacant positions, reducing  
81 administrative expenses and reducing office and facility use charges through space  
82 consolidation. This reduction also includes setting a baseline for councilmember offices.  
83 To achieve additional three percent reductions over the subsequent two years, the council  
84 is committed to further this analytic approach by developing the framework for the 2012  
85 and 2013 legislative branch budgets within the first three quarters of 2011.

86           This budget implements a new office of performance, strategy and budget, linking  
87   King County government's performance and budget decision making while also reducing  
88   expenses through reorganizing two offices into a single management structure.

89           Furthermore, the council recognizes the need to improve the operations of the  
90   county's detention facilities. The county will improve operations by better managing the  
91   secure detention population and reducing jail costs, while maintaining safe and humane  
92   detention facilities.

93           **Facility and Technology Savings:** The council's budget makes further  
94   reductions beyond those included in the executive's proposed budget to preserve more  
95   direct services to the residents of King County. Nevertheless, the council expects  
96   technology services to be provided more efficiently.

97           The council also cut some county construction projects to focus resources on  
98   preserving direct services. In other cases, the council recognized projects were necessary,  
99   but reduced the funding as much as possible.

100          **Administrative Reductions:** The council thoroughly analyzed countywide  
101   administrative overhead costs and identified reductions that will preserve more direct  
102   services for King County residents.

103          **Predictability in Permitting:** The council implemented flat-rate fees for most  
104   building permits. This will allow for financial predictability when King County residents  
105   build or remodel their homes, or make changes to their property.

106          **AAA Bond rating:** The credit rating agencies recently reaffirmed the county's  
107   AAA bond rating. Through fiscal restraint, the council has not spent any of the county's  
108   \$15 million rainy day fund or any of its six percent cash reserve, which amounts to an

109 additional \$31 million in reserves. These cash reserves prepare the county for unforeseen  
110 emergencies and are vital to maintain the county's high credit rating, which saves  
111 taxpayers millions of dollars every year.

112       **Solid Waste Management:** This budget recognizes that a transfer station system  
113 upgrade is needed and will entail a significant funding obligation. While a rate  
114 adjustment to address those costs is anticipated, a rate adjustment was not proposed for  
115 2011 in light of ongoing regional and national economic constraints. The budget includes  
116 a proviso requiring a rate study and rate proposal by March 30, 2011, which will address  
117 the revenue obligation for the transfer station upgrade, as well as fund balance issues,  
118 contracted participation terms by cities, comparative rate levels with other major regional  
119 solid waste utilities and options for eventual waste disposal.

120       3. Safe, Healthy and Vibrant Communities.

121       **Criminal Justice Reserve:** The council has great concern about the criminal  
122 justice agency reductions that were necessary to balance the 2011 budget. Throughout  
123 2010, the council heard about many potential and troubling impacts that could result from  
124 these reductions. In order to allow the county to be in the best position to quickly  
125 respond to the most pressing and emergent criminal justice and public safety needs in  
126 2011, the council has set-aside a \$1.5M reserve in this budget.

127       **Public Defense:** The council and defender agencies determined more efficient  
128 practices to handle lower-level civil cases. This ensures that the county fulfills its  
129 constitutional obligations to provide a public defender for indigent people.

130           **Prosecuting Attorney:** The executive's proposed cuts were mitigated by  
131 prosecuting attorney's office staff voluntarily giving up pay increases. Attorney  
132 caseloads will increase, making it more difficult to prosecute crimes.

133           **District Court:** The court reduced probation officers by one third. Elimination  
134 of these positions means that some offenders will go without probation supervision.

135           **Family Court Operations:** The council worked with the superior court to  
136 preserve family court services, which provide mediation, parent coaching and evaluation  
137 and child advocacy to troubled families.

138           **Protecting the Vulnerable:** This budget continues to support domestic violence  
139 shelters along with legal aid and services for sexual assault survivors. The council has  
140 also taken a proactive approach to the growing youth prostitution problem, providing  
141 shelter beds that will help take youths off the streets, away from prostitution.

142           **King County Sheriff Office:** This budget restores several positions in the  
143 sheriff's office using savings associated with sheriff employees that agreed to forgo their  
144 cost of living adjustment increase for 2011. These positions include a fire investigator, a  
145 records and evidence specialist and 3 communications operators in the 911 call center.  
146 The council generally accepted the sheriff's proposal regarding how and where to make  
147 reductions in the 2011 KCSO budget including an associated loss of 28 deputies. This  
148 budget does include specific direction from the council that the sheriff prioritize the  
149 equivalent of 2 deputy positions for investigation of property crimes.

150           4. Equity and Social Justice.

151           **Ensuring Fairness:** This budget furthers the county's equity and social justice  
152 initiative, in accordance with Ordinance 16948, by requiring regional equity in the  
153 distribution of cultural and recreational resources and opportunities.

154           SECTION 2. **Effect of proviso or expenditure restriction veto.** It is hereby  
155 declared to be the legislative intent of the council that a veto of any proviso or  
156 expenditure restriction that conditions the expenditure of a stated dollar amount or the use  
157 of FTE authority upon the performance of a specific action by an agency shall thereby  
158 reduce the appropriation authority to that agency by the stated dollar or FTE amount.

159           SECTION 3. The 2011 Annual Budget is hereby adopted and, subject to the  
160 provisions hereinafter set forth and the several amounts hereinafter specified or so much  
161 thereof as shall be sufficient to accomplish the purposes designated, appropriations are  
162 hereby authorized to be distributed for salaries, wages and other expenses of the various  
163 agencies and departments of King County, for capital improvements, and for other  
164 specified purposes for the fiscal year beginning January 1, 2011, and ending December  
165 31, 2011, out of the several funds of the county hereinafter named and set forth in the  
166 following sections.

167           SECTION 4. Within the fund appropriations are sums to cover merit pay and  
168 labor settlements. The county executive is authorized to distribute the required portions  
169 of these funds among the affected positions in each operating fund effective January 1,  
170 2011. In the event cost-of-living adjustments are greater than funding provided, all  
171 budgets shall be augmented as required from funds available to the county not otherwise  
172 appropriated, but only if an ordinance shall be forwarded to the council appropriating the  
173 funds by appropriation unit.

229 This proviso requires the executive to provide a report relating to the release of  
230 performance bonds that are administered by the department of development and  
231 environment services, the roads division and the water and land resources division. The  
232 report should address the current process that often results in increased costs to  
233 developers or to unanticipated county costs to repair infrastructure. The executive should  
234 collaborate with the Master Builders Association, the department of transportation, the  
235 department of natural resources and parks and the department of development and  
236 environmental services in preparing this report. The report should evaluate the data

-----------	-------

P1 PROVIDED THAT:

Of this appropriation, \$100,000 shall not be expended or encumbered until the executive transmits and the council adopts a motion that references the proviso's ordinance, section and number and states that the executive has responded to the proviso. This proviso requires a report on the implementation of a new service delivery model for family support contempt of court cases.

266           The office of performance, strategy and budget, working with representatives  
267   from the office of the public defender, superior court, the prosecuting attorney's office,  
268   defense agencies and council staff, shall collaboratively review the contempt of court  
269   services model and shall prepare a report that includes, but is not limited to, a detailed  
270   description of the newly implemented public defense staffing model for handling family  
271   support contempt of court cases, including descriptions of defender agency staff  
272   responsibilities and how the county will track process measures such as numbers of cases,  
273   numbers of continuances, number of staff assigned and any other measures necessary to  
274   evaluate the process. The report shall include any recommendations to amend the  
275   processes in order to maintain services, to reduce costs or to allow for the more-effective  
276   use of existing resources.

277           The executive must file the motion and report called for in this proviso by April  
278   30, 2011, in the form of a paper original and an electronic copy with the clerk of the  
279   council, who shall retain the original and provide an electronic copy to all  
280   councilmembers, the council chief of staff and the lead staffs for the law, justice, health  
281   and human services committee and the budget and fiscal management committee or their  
282   successors.

283           **P2 PROVIDED FURTHER THAT:**

284           Of this appropriation, \$100,000 shall not be expended or encumbered until the  
285   office of performance, strategy and budget, in collaboration with the sheriff's office,  
286   superior court, facilities management division and council staff conducts a feasibility  
287   analysis, and provides a report, on alternatives associated with providing restricted  
288   employee access to multiuse King County government buildings that house courtrooms.

289 The analysis and report should include consideration of superior court order 04-2-12050-  
290 1 SEA and the Washington State Courthouse Public Safety Standards 2009 report, and  
291 should identify issues, options and costs related to employee access alternatives. The  
292 report shall include, but not be limited to, a feasibility analysis of a restricted employee  
293 key-card activated access point.

294 The executive shall file the report required to be submitted by this proviso by June  
295 1, 2011, in the form of a paper original and an electronic copy with the clerk of the  
296 council, who shall retain the original and provide an electronic copy to all  
297 councilmembers, the council chief of staff and the lead staff for the budget and fiscal  
298 management committee or its successor. Upon receipt, the clerk shall provide a proof of  
299 receipt to the director of the office of performance, strategy and budget.

300 P3 PROVIDED FURTHER THAT:

307 from superior court, district court, the prosecuting attorney's office, defense agencies, the  
308 mental illness and drug dependency (MIDD) program, the department of community and  
309 human services, the department of adult and juvenile detention, jail health services and

311 recommendations for implementing a pilot project providing specialty court services for

312 veterans. The report shall include, but not be limited to: (1) a review of existing county  
313 services for veterans; (2) a review of services provided by other jurisdictions to veterans;  
314 (3) an analysis of the feasibility of creating a specialty veterans court versus creating a  
315 veterans docket or calendar in an existing county therapeutic court; and (4)  
316 recommendations for criminal justice system dispositional alternatives involving  
317 veterans. The report shall also include recommendations for implementation of any other  
318 program related to the federal Veterans Justice Outreach Initiative.

319 Concurrent with transmittal of the report and plan, the executive must transmit  
320 any necessary legislation to implement a pilot project providing specialty court services  
321 to veterans in King County as part of the 2012 budget.

322 The executive must file the motion, report and plan and the separate legislation  
323 required by this proviso by June 1, 2011, in the form of a paper original and an electronic  
324 copy with the clerk of the council, who shall retain the original and provide an electronic  
325 copy to all councilmembers, the council chief of staff and the lead staff for the law,  
326 justice, health and human services committee or its successor.

327 **P4 PROVIDED FURTHER THAT:**

328 Of this appropriation, \$100,000 shall not be encumbered or expended until the  
329 executive transmits legislation revising the county's general fund debt management  
330 policies and the council adopts legislation that references the proviso's ordinance, section  
331 and number and states that the executive has responded to the proviso.

332 The executive shall transmit to the council the legislation required by this proviso  
333 by March 31, 2011, filed in the form of a paper original and an electronic copy with the  
334 clerk of the council, who shall retain the original and provide an electronic copy to all

councilmembers, the council chief of staff and the lead staff for the budget and fiscal management committee or its successor.

P5 PROVIDED FURTHER THAT:

Of this appropriation, \$100,000 shall not be expended or encumbered until the executive transmits and the council adopts a motion that references the proviso's ordinance, section and number and states that the executive has responded to the proviso. This proviso requires that the office of performance, strategy and budget provide a plan to consolidate the six unincorporated area councils into one unincorporated area commission along with legislation to effectuate the consolidation. The plan must be developed in collaboration with the existing unincorporated area councils and contain recommendations on: (1) how and to what level the unincorporated area commission should be funded; (2) the membership and oversight of the commission; (3) the goals, purpose and role of the commission; (4) staff support of the commission; and (5) how and when the commission will report on its work to the council and executive.

The executive must transmit to the council the required plan and associated legislation by April 15, 2011, filed in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff and the lead staffs for the budget and fiscal management committee and the general government and oversight committee or their successors.

P6 PROVIDED FURTHER THAT:

Of this appropriation, \$100,000 shall not be expended or encumbered until the office of performance, strategy and budget, in collaboration with the office of the public

defender, conducts an analysis and explanation of that analysis of the costs to implement  
The Spangenberg Project consultant report entitled King County, Washington Public  
Defender Case-Weighting Study Final Report, dated April 30, 2010.

The executive shall file the analysis and explanation required to be submitted by  
this proviso by January 31, 2011, in the form of a paper original and an electronic copy  
with the clerk of the council, who shall retain the original and provide an electronic copy  
to all councilmembers, the council chief of staff and the lead staffs for the budget and  
fiscal management committee and the law, justice, health and human services committee  
or their successors. Upon receipt, the clerk shall provide a proof of receipt to the director  
of the office of performance, strategy and budget.

**P7 PROVIDED FURTHER THAT:**

Of this appropriation, \$100,000 shall not be expended or encumbered until the  
executive transmits and the council adopts a motion that references the proviso's  
ordinance, section and number and states that the executive has responded to the proviso.  
This proviso requires that the office of performance, strategy and budget and the  
department of community and human services provide a report that includes information  
on all contracts specified within the county's adopted community services operating or  
community services division budgets, or both, for the years 2008, 2009 and 2010. The  
report must contain, by year: (1) a tabular list of all community services division and  
community services operating contracts from 2008 through 2010; (2) the amount of  
funding for each entity specified in the adopted budget ordinance and all budget  
supplemental ordinances by year from 2008 through 2010; (3) the actual amount of  
funding contracted with each entity by year; (4) any differences between the amount

381 budgeted for each contract, the amount actually contracted, and the amount actually paid  
382 on each contract, including all carryover and encumbrance amounts, by year; and (5) an  
383 indication of whether and the manner in which the council was informed of any  
384 differences between the adopted amounts and the amounts actually paid in each instance  
385 where a difference between the budgeted contract and paid contract amount exists. The  
386 report should make recommendations to the council for how and when the department  
387 will communicate such differences to the council in the future.

388         The executive must transmit to the council the report and motion required by this  
389 proviso by May 15, 2011, filed in the form of a paper original and an electronic copy  
390 with the clerk of the council, who shall retain the original and provide an electronic copy  
391 to all councilmembers, the council chief of staff and the lead staffs for the budget and  
392 fiscal management committee and the law, justice, health and human services committee  
393 or their successors.

394         **P8 PROVIDED FURTHER THAT:**

395         Of this appropriation, \$100,000 shall not be expended or encumbered until the  
396 executive transmits an ordinance that references the proviso's ordinance, section and  
397 number and states that the executive has responded to the proviso. The ordinance  
398 required by this proviso shall be developed in consultation with the office of labor

793 department's secure adult detention programs that, at a minimum, addresses, identifies

794 and evaluates alternatives and national models, including, but not limited to: (1) the  
795 optimal use of county secure detention capacity, including examples of the most cost  
796 effective staffing models for secure housing units; (2) examples of how other similarly  
797 situated jurisdictions address declines or increases in secure detention population; (3) a  
798 review of the county's secure detention classification system, comparing it to other  
799 jurisdictions and national best practices; (4) examples of how other jurisdictions have  
800 successfully reduced jail operating costs; and (5) alternative fee-setting strategies for  
801 contract jail services. The report shall reflect the following objectives for the county's  
802 secure adult detention system: (1) identify efficiencies that will lead to significant cost  
803 savings without jeopardizing the safety and security of the jails; (2) maintain safe, secure  
804 and humane detention facilities that comply with legal and regulatory requirements; (3)  
805 manage jail costs through efficient operations; (4) ensure adequate and affordable  
806 regional jail capacity, with shared risks and a fair sharing of costs with King County

809       The executive must transmit to the council the motion and the report required by  
810 this proviso by September 30, 2011, filed in the form of a paper original and an electronic

821 mapping" is defined as a technique that identifies both barriers to efficient operation and  
822 duplication of effort and also offers benchmarks for how operations can be improved) of  
823 the department's intake, transfer and release workload that identifies workload  
824 components and maps key processes for inmate intake, transfer and release at both of the  
825 county adult detention facilities. The report should also contain data on the time and  
826 resources required to provide security supervision and to complete other operational tasks  
827 through the use of time motion or random moment study, and should also set benchmark  
828 performance targets for each of the component operations. The report should make  
829 recommendations for staffing and shall identify any other resources needed to address  
830 current workload and any changes in the nature and the volume of the workload that  
831 would indicate the need to add or reduce resources. The report shall also show how the  
832 time and resources data will be used for facility utilization and operations planning,  
833 budget development, contract fee setting and contract revenue projections. This required  
834 report must be reviewed by the King County auditor before transmittal and must  
835 incorporate any changes or comments suggested by the auditor.

For the third quarterly report, the final \$250,000 of the expenditure restriction is available for encumbrance or expenditure after the executive transmits and the council adopts a motion that references the proviso's ordinance, section and number and states that the executive has responded to the proviso.

If any report is not transmitted by the dates required in this proviso, \$250,000 in appropriation authority shall lapse for each such untimely report.

The quarterly reports required to be submitted by this proviso must be filed in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff and the lead staff for the budget and fiscal management committee or its successor. Upon receipt of the first two quarterly reports, the clerk shall provide a proof of receipt to the director of the office of performance, strategy and budget.

**P4 PROVIDED FURTHER THAT:**

Of this appropriation, \$140,000 shall not be expended or encumbered until the executive transmits a proposed ordinance and the council adopts legislation that references the proviso's ordinance, section and number and finds that the executive has responded to the proviso. This proviso requires the executive to include in the proposed

ordinance new policies directing procurement and contract services section of the finance and business operations division to require the use of the King County print shop by county agencies, including the review of all existing contracts with external printing vendors who provide services similar to those provided by the print shop, and denial of all agency requests for external printing vendors unless the service requested is such that the King County print shop is unable to reasonably provide the service. The proposed ordinance will also contain a policy to define acceptable use of external printing vendors for services that the King County print shop is unable to reasonably provide, a market analysis of the print shop's fees for services and a market analysis of the time required by the print shop to complete printing services.

The executive should transmit to the council the proposed ordinance required by this proviso by June 1, 2011, filed in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff and the lead staff for the government accountability and oversight committee or its successor.

**P5 PROVIDED FURTHER THAT:**

Of this appropriation, \$100,000 shall not be expended or encumbered until the executive transmits a report that: (1) analyzes the county's current policies related to leasing versus owning real property; and (2) based on that analysis, identifies revisions to those policies for consideration by the council.

The executive must transmit to the council by June 30, 2011, the report in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief

of staff and the lead staff for the budget and fiscal management committee or its successor. Upon receipt, the clerk shall provide a proof of receipt to the director of the office of performance, strategy and budget.

P6 PROVIDED FURTHER THAT:

Of this appropriation, \$250,000 shall not be expended or encumbered until the executive has transmitted and the council adopts legislation that references the proviso's ordinance, section and number and states that the executive has responded to the proviso. This proviso requires proposed amendments to update the King County space plan, which were due according to K.C.C. 20.12.100 on March 1, 2010. Because of the reduction in the number of county agency positions over the past two years as a result of budgetary limitations, these amendments must include an analysis of space that can be consolidated, facilities mothballed or surplus and a recommended strategy for disposition.

The executive must transmit to the council the required space plan amendments and legislation by March 1, 2011, filed in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff, the director of strategic policy initiatives and the lead staff to the budget and fiscal management committee or their successors.
