      organization and the nature of the volunteer services to be performed. The department
      may use the KCEGP standard form located here for the volunteer service portion of the
      time request. This form does not replace generally accepted worksite procedures for
      requesting time off in advance, such as the PeopleSoft Absence request form.
b. Branches, separately elected, and departments may have further requirements for requesting and approving sick leave for volunteer service. District Court employees must submit all requests to the Office of the Presiding Judge.

c. If not using the KCEGP standard form, send an email to employeegiving@kingcounty.gov with a copy of the request and include the nonprofit four digit KCEGP code and nonprofit name.

B. Time-reporting

a. Benefit usage will be reported using a reason code in PeopleSoft.

b. Departments with feeder systems will manually choose the reason code.

C. Verification of Service

a. Employee’s supervisor may request that the employee obtain written proof of the completed service from the volunteer organization or school. This is available on the KCEGP standard form.

b. Supervisors should notify their employees in advance of the volunteering if they will be requesting written proof of service so that employees can obtain verification during service.

D. Detailed procedures for requests and time-keeping are kept on the King County Leave Administration webpage.
