Packet for Agenda Items 8 and 9

Preliminary 2019-20 MIDD Budget Adjustments

Preliminary MIDD Budget Adjustments for 2019-20 Summary of Changes since April 26 Meeting

Revisions to 2019-20 MIDD Budget Adjustments since April 26 Advisory Committee Meeting:

Form # Topic

1. Increase economic adjustment rates to 3.8% for 2019 and 3.3% for 2020.

The rate change aligns with revised PSB estimates, and affects amounts shown in all other modification forms.

3 & 6. Community-Driven Behavioral Health Grants Partial Startup in 2019 (SI-01)

This change was made in response to Advisory Committee input. In form #3, SI-01 is added as a small grants program slated for startup. In form #6, SI-01 is removed from the discussion of continued deferrals.

4. Smaller Policy Addition to Quality Coordinated Outpatient Care (Incentives) (SI-03)

Added funding for incentives through Quality Coordinated Outpatient Care was reduced to a lower level to accommodate other adjustments.

7. Non-Policy Proposed Adjustments

- f. PRI-05 name change is adjusted to "School-Based SBIRT."
- g. Personnel attribution is adjusted for RR-10 Behavioral Health Services and Supported Employment.
- h. TX-FTC and TX-ADC amounts are corrected to reflect prior changes.

Original Adjustments as Presented to the Advisory Committee on April 26:

Form # Topic

- 1. Economic Adjustments: 3.5% in 2019, 3.25% in 2020 (all initiatives)
- 2. South County Diversion Services/Center Partial Startup (CD-04)
- 3. Rural Behavioral Health Grants Partial Startup in 2019 (SI-02)
- **4.** Partial Continuation of 2018 One-Time Investments in Incentives and Non-Medicaid System Support (SI-03 and PRI-11)
- 5. Funding Swap to Prioritize Community-Based Juvenile Justice Behavioral Health Interventions (CD-02 and CD-16)
- **6.** Continued Deferral of Three Initiatives Not Yet Started (PRI-06, CD-09, and SI-01)

7. Non-Policy Proposed Adjustments

- a. Phase-Ins (CD-07 and CD-17, as well as CD-02 and CD-16)
- b. Crisis Solutions Center One-Time Investment Not Carried Forward Past 2018 (Medicaid Anticipated) (CD-06)
- c. Continuation of Council Additions (RR-14 and TX-CCPL)
- d. Parent Partners and Family Assistance Personnel Attribution Correction (CD-12)
- e. Splitting Peer Bridgers and Peer Support into Separate Initiatives (RR-11)
- f. Refining Initiative Names (PRI-05, CD-02, CD-16, CD-17, RR-11, SI-02, TX-RMHC, and TX-CCPL)

Financial Plan Notes

We have applied the March 2018 PSB biennial planning assumptions to Blended Labor, (21-22, 5.6%); Internal Service Rates, (21-22, 5.6%), Supplies, Contracted Services & Interfund Transfers, (21-22, 5.7%).

^{1 2015-2016} Actuals reflect year end information as of 12/31/2016 from EBS and are consistent with the Budgetary Fund Balance figures published by FBOD.

 $^{^{\}rm 2}~$ 2017-2018 Adopted Budget reflects the council approved budget per ordinance 18409.

³ 2017-2018 Current Budget reflects the council approved budget per ordinance 18409 and 2017 supplemental per ordinance 18544. Also reflects November 2017 council ordinance 18602 to add one-time funding of \$102,000 to District Court MIDD for Community Court Planning, \$200,000 to DCHS MIDD for Safe Places. Revenues reflect March 2018 OEFA forecast (not updated in EBS).

⁴ 2017-2018 Biennial-to-Date Actuals reflects actual revenues and expenditures as of 4/30/2018, using EBS report GL10, run 5/14/2018.

⁵ 2017-2018 Estimated is adjusted for the recently approved supplemental and reflects updated revenue forecast per the March 2018 OEFA.

⁶ Out year projections assume revenue growth per March 2018 OEFA forecasts and King County Office of Performance, Strategy and Budget planning assumptions.

Revenue Reserve is equal to 5.25% of MIDD tax receipts. In 2017-2018 the fund switched to a 60 day expenditure reserve (see also footnote 14).

⁸ The Services Stabilization Reserve was designated to fund MIDD 1 services during transition to MIDD 2 to avoid service disruptions for vulnerable populations.

⁹ Funding in the Emerging Issues Reserve will be appropriated by Council on an as-needed basis through the supplemental process. The Emerging Issues Reserve was reduced to reflect the November supplemental ordinance 18602 adding one-time funding of \$102,000 to District Court MIDD for Community Court Planning and \$200,000 to DCHS MIDD for Safe Places.

¹⁰ The Reappropriation Reserve sets aside unspent dollars from council approved supplemental requests approved in 2016 to be fully expended in 2017. These requests were approved in ordinance 18544 and are now shown as an increase to the current budget.

¹¹ A Medicaid Reconciliation Reserve has been created for initiatives with a lower Medicaid proportion than formally budgeted.

 $^{^{\}rm 12}$ Reserve for 2016 invoices received in 2017 and for Intensive Case Management in 2018.

¹³ Reserve for Core Services (May to December 2018), due to the uncertainty around Medicaid rates these funds may be utilized to maintain core services.

¹⁴ The Rainy Day Reserve is to provide a 60 day expenditure reserve in case operations are reduced or closed down. This plan was updated by DCHS staff on 5/14/2018.

Proposed Change: Economic Adjustments: 3.8% in 2019, 3.3% in 2020 ☐ Fiscal Change to Existing MIDD 2 Initiative(s): All Operating Initiatives ☑ Net Total Dollar Amount Change in Funding Level: Variable by initiative ☑ Net Percent Change in Funding Level: +3.8% in 2019 and +3.3% in 2020 ☐ Programmatic Change(s): ☐ Population Served or Impacted¹ ☐ Outcomes or Results ☐ Intervention ☐ Performance Measures ☐ One-Time Use of MIDD Funds ☐ Temporary Reallocation of Funds from Initiatives Initiative(s) whose funds are proposed to be reallocated: ☐ Undesignated or Underspent Funds ☐ Net Total Dollar Amount: \$ ☐ Proposed New Ongoing Initiative(s) ☐ Other (describe):

Revision Details:

a. High-level summary² of affected MIDD 2 initiative(s) prior to the change, if any This change would be applied across all currently operating MIDD initiatives. Please see the Implementation Plan initiative descriptions for more details on any particular

initiative: https://kingcounty.gov/depts/community-human-services/mental-health-substance-abuse/midd/initiatives.aspx.

b. Details of the proposed change, including:

i. Origination of the change³

All currently operating MIDD initiatives would receive economic adjustments estimated at 3.8% in 2019, and 3.3% in 2020. This change carries forward a principle instituted at renewal of MIDD 2, to provide regular economic increases across all MIDD initiatives whenever possible. The amount of the economic increase was intended to vary from year to year depending on economic conditions. In 2017, the economic adjustment was 2.5%, while in 2018 it was 2.6%.

ii. Reason/basis⁴

The percentage increases match revised wage inflation rates issued internally by the King County Office of Performance, Strategy, and Budget (PSB) in May 2018. The revision raises the rate slightly as compared to earlier data, including the Office of Economic and Financial Analysis (OEFA)'s Cost of Living Adjustment (COLA), last published in March 2018, as well as prior out-year planning guidance from PSB.

¹ "Populations served or impacted" should include geographic regions and/or cultural communities where applicable.

² One-paragraph summary adapted from the MIDD 2 Implementation Plan initiative description that also reflects any revisions that may have been made to the initiative prior to this proposed change.

³ How did the proposed change come to the County's attention as a needed action?

⁴ To the degree feasible, address under "reason/basis" the benefits of making the change, risks of not changing, and any tradeoffs or strategic questions. If the change represents partial funding of a larger request or concept, reference this.

iii. Timing⁵

Expedited action is not needed. Advisory Committee action at its June 7, 2018 meeting is sufficient.

- c. How the proposed change addresses the Advisory Committee's guiding principles for MIDD In setting economic adjustment amounts to meet and slightly exceed macroeconomic estimates, MIDD's 2019-20 budget will help providers and County partners continue to deliver services at existing levels as costs rise. This is consistent with the MIDD Advisory Committee guiding principles regarding sustainability of services, building on system strengths, and equity between community-based and County-based services.
- d. How the proposed revision impacts the original intent of affected initiative(s) The original intent of initiatives is not affected.
 - e. Funding impacts, if any

Funding levels will increase slightly in 2019 and 2020 in accordance with the economic adjustments.

f. Evaluation impacts, if any

Continuing economic adjustments allows performance targets to remain at current levels.

g. Next steps

If approved by the Executive and Council, these economic adjustments will be applied for the 2019-20 biennium.

h. Include staff analysis, if available

PSB wage inflation rates account for two factors – general wage increases as well as merit increases. The revised percentages were made available to King County departments in May 2018 as part of the County's ongoing budget development process. Published OEFA COLA values are calculated as 95% of the Seattle CPI-W (Consumer Price Index for Urban Wage Earners and Clerical Workers). See page 20 of: https://www.kingcounty.gov/~/media/business/Forecasting/documents/March2018 forecast pdfx.a shx?la=en.

Steering Committee Review:

Reviewed: 4/13/18

Reviewed as Amended: 5/22/18

Full MIDD Advisory Committee Review:

Reviewed: 4/26/18

Scheduled for Review as Amended, with Possible Action: 6/7/18

This proposed change was amended in May 2018 to increase the economic adjustment percentages from 3.5% to 3.8% for 2019, and from 3.25% to 3.3% for 2020.

⁵ Address whether expedited review and action is needed, and if so, explain why.

Proposed Change: South County Diversion Services/Center Partial Startup

☑ Fiscal Change to Existing MIDD 2 Initiative(s): CD-04 South County Diversion Services/Center ☑ Net Total Dollar Amount Change in Funding Level: \$ 1,688,203 biennial MIDD funding for 2019-20 (estimated); this initiative had been deferred in 2017-18. ☑ Net Percent Change in Funding Level: N/A (increase from \$0 adjusted amount). This funding level represents 83% of the Implementation Plan's original biennial amount for this initiative. **⊠** Programmatic Change(s): ☐ Population Served or Impacted¹ □ Outcomes or Results ☑ Intervention: certain program components, rather than the full range, may be implemented ☐ Performance Measures ☐ One-Time Use of MIDD Funds ☐ Temporary Reallocation of Funds from Initiatives Initiative(s) whose funds are proposed to be reallocated: ☐ Undesignated or Underspent Funds ☐ Net Total Dollar Amount: \$ ☐ Proposed New Ongoing Initiative(s) ☐ Other (describe):

Revision Details:

a. High-level summary² of affected MIDD 2 initiative(s) prior to the change, if any

CD-04 South County Diversion Services/Center was envisioned to provide crisis services to the southern region of King County serving individuals in behavioral health crisis who are coming into contact with first responders, as well as those individuals in south King County who may need a location for preventative and pre-crisis support and/or outreach. This allows for potential co-location and coordination of many crisis receiving and stabilization services accessible 24 hours a day, 7 days per week (24/7), including but not limited to on-site respite/crisis diversion and mobile crisis teams.

b. Details of the proposed change, including:

i. Origination of the change³

King County has been seeking opportunities to begin moving toward implementation of initiative CD-04 for some time. However, blending MIDD with other funding is needed to achieve the full vision of the initiative. CD-04 South County Diversion Services will be scaled to fit available funding from MIDD and any other sources, possibly including Medicaid and/or state capital funding. Depending on whether other resources can be leveraged, South County Diversion Services may or may not be facility-based. The scale and particular services designed for 2019-20 will be determined based on available funds.

¹ "Populations served or impacted" should include geographic regions and/or cultural communities where applicable.

² One-paragraph summary adapted from the MIDD 2 Implementation Plan initiative description that also reflects any revisions that may have been made to the initiative prior to this proposed change.

³ How did the proposed change come to the County's attention as a needed action?

ii. Reason/basis4

This programming was identified as a priority through the MIDD renewal process as well as by the Community Alternatives to Boarding Task Force in 2016. Although it was deferred due to environmental factors affecting MIDD broadly, it remains a needed service. Potential state capital funding for crisis diversion facilities became available to community agencies in the state's 2018 supplemental budget, creating a new possibility to blend multiple fund sources to support program startup.

iii. Timing⁵

Expedited action is not needed, as program planning and/or siting is likely to extend into 2019 before funds would be expended. Advisory Committee action at its June 7, 2018 meeting is sufficient.

- c. How the proposed change addresses the Advisory Committee's guiding principles for MIDD This change is consistent with the MIDD Advisory Committee guiding principles regarding diversion from criminal justice involvement through upstream interventions, building on strengths of the system, and being responsive to funding changes/opportunities.
- d. How the proposed revision impacts the original intent of affected initiative(s) The original intent of the initiative is not affected.

e. Funding impacts, if any

Funding is provided to begin implementation, but at a lower level than in the original Implementation Plan, as described above. Smaller-scale implementation will likely be necessary, at least in 2019-20, unless other funding is secured.

f. Evaluation impacts, if any

Evaluation of CD-04 will be aligned to the program components that are selected for implementation in 2019-20. It will likely following the approaches used for the similar CD-06 Crisis Diversion Center, Respite Beds, and Mobile Behavioral Health Crisis Team program as appropriate. MIDD 2 Policy Goal 1 (system use reduction) will remain the primary aim of CD-04, as identified in the Implementation Plan.

g. Next steps

If approved by the Executive and Council, MIDD funding will become available for initiative CD-04 programming during the 2019-20 biennium. King County will complete data analysis of the existing CD-06 program to identify the degree to which Medicaid could be used to expand operational funding for CD-04 beyond what MIDD can provide, subject to managed care organization approval. Meanwhile, King County will also partner with providers who may seek available state capital funding for crisis diversion facilities. Program model development may begin during 2018.

h. Include staff analysis, if available

The CD-04 South County Crisis Diversion Services/Center Implementation Plan initiative description (from 2017) is available at https://kingcounty.gov/~/media/depts/community-human-services/behavioral-services/MIDD/initiatives/CD-04.ashx?la=en. The Community Alternatives to Boarding Task Force's discussion of this programming recommendation (from 2016) is available at: https://kingcounty.gov/~/media/depts/community-human-services/behavioral-health/documents/cabtf/160609_Details_about_system_improvement_rec.ashx?la=en, pages 85-87. The early 2016 MIDD renewal briefing paper for the South County Crisis Diversion concept, which envisioned a much more expansive program array, is available at https://www.kingcounty.gov/~/media/depts/community-human-services/MIDD/MIDDBriefingPapers/CrisisDiversion/BP37516466SouthCountyCrisisCenter.ashx?la=en.

2

⁴ To the degree feasible, address under "reason/basis" the benefits of making the change, risks of not changing, and any tradeoffs or strategic questions. If the change represents partial funding of a larger request or concept, reference this.

⁵ Address whether expedited review and action is needed, and if so, explain why.

Reviewed: 4/26/18

Scheduled for Possible Action: 6/7/18

Proposed Change: Community-Driven Behavioral Health Grants and Rural Behavioral Health Grants Partial Startup in 2019

☑ Fiscal Change to Existing MIDD 2 Initiative(s): SI-01 Community-Driven Behavioral Health Grants and SI-02 Behavioral Health Services in Rural King County (renamed to Rural Behavioral Health Grants) ☑ Net Total Dollar Amount Change in Funding Level: \$438,933 biennial MIDD funding for 2019-20 (estimated) for each small grant initiative (SI-01 and SI-02). These initiatives had been formally deferred in 2017, and continue to be deferred so far in 2018, due to environmental factors affecting MIDD broadly. ✓ Net Percent Change in Funding Level: The 2019-20 estimated funding level constitutes 62% of the Implementation Plan's original biennial amount for this initiative. Although this change extends the 2017 deferral of initiatives SI-01 and SI-02 through 2018, it would also activate the programs starting in 2019. **⊠** Programmatic Change(s): ☐ Population Served or Impacted¹ ☐ Outcomes or Results ☑ Intervention: smaller-scale community-driven and rural small grant programs may be implemented ☐ Performance Measures ☐ One-Time Use of MIDD Funds ☐ Temporary Reallocation of Funds from Initiatives Initiative(s) whose funds are proposed to be reallocated: ☐ Undesignated or Underspent Funds ☐ Net Total Dollar Amount: \$ ☐ Proposed New *Ongoing Initiative(s)* ☑ **Other (describe):** Initiative name change from "Rural Behavioral Health Services in Rural King

Revision Details:

a. High-level summary² of affected MIDD 2 initiative(s) prior to the change, if any

<u>SI-01:</u> The Community-Driven Behavioral Health Grants program is envisioned to provide small grants to enable culturally specific organizations or culturally specific grassroots coalitions to support implementation of small-scale, local initiative(s) designed by community members to address key felt needs that relate to behavioral health treatment, prevention, recovery or service access. The program will build upon processes or structures employed by other King County small grants programs, and will be organized specifically to serve cultural and ethnic populations. Potential projects could include:

County" to "Rural Behavioral Health Grants" to align more closely with services to be provided.

 Community-initiated population health initiatives such as engagement efforts, classes, prevention/outreach campaigns, or one-time events related to behavioral health, and/or

¹ "Populations served or impacted" should include geographic regions and/or cultural communities where applicable.

² One-paragraph summary adapted from the MIDD 2 Implementation Plan initiative description that also reflects any revisions that may have been made to the initiative prior to this proposed change.

• Specific behavioral health services requested by a cultural or ethnic community that are expected to meaningfully address its self-identified needs.

<u>SI-02:</u> Initiative SI-02 is envisioned to provide small grants to support targeted community-initiated behavioral health-related services or programs designed by rural communities to address issues of common concern. The small grant program will serve the seven unincorporated community service areas (CSAs) in King County, as well as identified underserved cities and towns adjoining these CSAs who typically lack adequate access to behavioral health clinics and providers. Although the initiative is not designed or resourced to support full-scale behavioral health clinic sites, MIDD resources would enable local organizations or grassroots coalitions in these communities to design specific initiative(s) that address key felt needs that relate to behavioral health treatment, prevention, recovery or service access. Potential projects could include:

- Community-initiated population health initiatives such as engagement efforts, classes, prevention/outreach campaigns, or one-time events related to behavioral health, and/or
- Specific behavioral health services requested by a rural community that are expected to meaningfully address its self-identified needs.
 - b. Details of the proposed change, including:
 - i. Origination of the change³

King County has been seeking opportunities to begin moving toward implementation of initiatives SI-01 and SI-02. Starting up these small grant programs will begin to address the continued challenges faced by rural communities in bringing behavioral health-related programs and events to where they live, and by cultural and ethnic communities in accessing support to enable them to address felt needs regarding behavioral health in ways that are culturally specific and accessible. Although resources were not sufficient to support a full-scale launch, a partial launch in 2019 is possible within anticipated funding levels.

ii. Reason/basis⁴

Initiatives SI-01 and SI-02 hold promise to provide resources to support cultural/ethnic and rural communities to implement small-scale local prevention- and population health-related programming they envision. MIDD also seeks to respond to sustained policymaker, Advisory Committee, and community member interest in focusing some of its resources specifically on King County's rural areas and cultural and ethnic communities. The 2019-20 funding levels will support a smaller number of projects as the programs are implemented and refined.

iii. Timing⁵

Expedited action is not needed, as program design and community outreach is likely to extend until early 2019 before funds would be expended. Advisory Committee action at its June 7, 2018 meeting is sufficient.

- c. How the proposed change addresses the Advisory Committee's guiding principles for MIDD This change is consistent with the MIDD Advisory Committee guiding principles regarding community-driven, recovery-focused upstream prevention services.
- **d.** How the proposed revision impacts the original intent of affected initiative(s) The original intent of the initiatives are not affected.

³ How did the proposed change come to the County's attention as a needed action?

⁴ To the degree feasible, address under "reason/basis" the benefits of making the change, risks of not changing, and any tradeoffs or strategic questions. If the change represents partial funding of a larger request or concept, reference this.

⁵ Address whether expedited review and action is needed, and if so, explain why.

e. Funding impacts, if any

Funding is provided at a lower level than in the original Implementation Plan, as described above. Smaller-scale implementation will be necessary. In 2019-20, the programs may begin just with mini-grants of \$9,999 or less, in order to spread limited resources more broadly across communities.

f. Evaluation impacts, if any

The anticipated evaluation methods for the initiative are not affected.

g. Next steps

If approved by the Executive and Council, MIDD funding will become available for initiatives SI-01 and SI-02 programming during the 2019-20 biennium. As implementation of this initiative is approved, community engagement efforts will begin. DCHS will partner with Council offices, existing DCHS/Best Starts for Kids and CSA structures, other County groups and task forces that aim to expand equity and access for cultural and ethnic communities, and various community groups, as well as other means, to ensure that eligible communities are aware of these small grant opportunities.

h. Include staff analysis, if available

¹ "Populations served or impacted" should include geographic regions and/or cultural communities where applicable.

Revision Details:

a. High-level summary² of affected MIDD 2 initiative(s) prior to the change, if any

<u>SI-03:</u> As redesigned in late 2017, this initiative will focus on practice transformation incentives, to include clinical outcome measure implementation, and improving system performance in helping people gain and maintain stability in the community. As the system progresses toward fully integrated managed care, consistent implementation of common scales, assessing change in overall functioning and/or symptoms over time, will help the behavioral health system to measure care routinely, adjust client care based on measure results, and demonstrate key improvements and/or outcomes. Specific implementation benchmarks and timing will be determined in 2018 in consultation with providers. These aims are consistent with Council-approved initiative goals as described in the Implementation Plan. Outpatient treatment on demand incentives were funded through the 2018 one-time incentive pool, but would be embedded within this initiative beginning 2019.

<u>PRI-11:</u> This initiative provides behavioral health services to those who are not served by Medicaid, including undocumented individuals, incarcerated individuals, people on Medicare, people who are under 220 percent of the federal poverty level and have extremely high co-pays and deductibles in order to access service, people on Medicaid spend down (meaning they have to pay a certain amount of out-of-pocket expense every six months before Medicaid reimbursement kicks in), and people who are pending Medicaid coverage. In addition, this initiative provides essential services that are part of the treatment continuum not covered by Medicaid such as outreach, transportation and SUD peer support.

b. Details of the proposed change, including:

i. Origination of the change³

In late 2017, the MIDD Advisory Committee reviewed and endorsed both the use of SI-03 for incentives (after the incentive approach to SI-03 was suggested in a provider/AC design workgroup), and the creation of an incentive and system support pool for 2018 combining SI-03 funds with one-time funds. To the degree funds permit, incentive-related components of this pool are embedded within SI-03, and non-Medicaid system support components are embedded within PRI-11.

ii. Reason/basis⁴

<u>SI-03:</u> The change continues part of the one-time 2018 pool funding that supported outpatient treatment on demand incentives, this time through an increase to the funding for this initiative. As other practice transformation incentives remain in development, flexibility remains to continue outpatient treatment on demand incentives and design the rest of 2019-20 incentive program within these available funds. Using MIDD funds to provide additive incentives tied to key system goals is a key way that MIDD helps support system transformation associated with fully integrated managed care.

<u>PRI-11:</u> The change continues part of the one-time 2018 pool funding that supported expanded non-Medicaid services associated with expanded system capacity, this time through an increase to the funding for this initiative. MIDD plays an essential role in providing equitable treatment access for people without Medicaid, and the need for such funds will only increase as community capacity expands. <u>Prioritizing SI-03 and/or PRI-11 for 2019-20 Underspend if Any:</u> As incentives and non-Medicaid access are core components of MIDD's role in the behavioral health system as it transforms, these initiatives are recommended to receive priority consideration for one-time increases that may result from potential underspend in the MIDD fund in 2019-20.

² One-paragraph summary adapted from the MIDD 2 Implementation Plan initiative description that also reflects any revisions that may have been made to the initiative prior to this proposed change.

³ How did the proposed change come to the County's attention as a needed action?

⁴ To the degree feasible, address under "reason/basis" the benefits of making the change, risks of not changing, and any tradeoffs or strategic questions. If the change represents partial funding of a larger request or concept, reference this.

iii. Timing⁵

Expedited action is not needed, as these funding level changes would be implemented beginning in 2019. Advisory Committee action at its June 7, 2018 meeting is sufficient.

- c. How the proposed change addresses the Advisory Committee's guiding principles for MIDD This change is consistent with the MIDD Advisory Committee guiding principles regarding supporting the "triple aim" vision for health care in King County through integrated/transformational strategies, being open to new ways of achieving results, and being responsive to significant environmental changes in federal/state policy and funding.
- d. How the proposed revision impacts the original intent of affected initiative(s) The original intent of these initiatives is not affected.

e. Funding impacts, if any

Some but not all funds provided on a one-time basis will continue into 2019. SI-03 incentives will be structured to fit within available funds. The one-time pool from 2018 would end, as its activities would be embedded within SI-03 and PRI-11.

f. Evaluation impacts, if any

Consolidating funding additions for 2019-20 within established initiatives, rather than as a separate special project, supports ongoing evaluation and more effective reporting.

g. Next steps

If approved by the Executive and Council, these funding level changes will go into effect in January 2019. Meanwhile, design work on the incentive array for SI-03 continues during 2018.

h. Include staff analysis, if available

Respite Alternatives." Note that young adult homelessness prevention is addressed through initiative CD-17.

Revision Details:

a. High-level summary² of affected MIDD 2 initiative(s) prior to the change, if any

Note: both of these initiatives are new and were in the early phases of design at the time of the Implementation Plan. Program approaches continue to evolve, as reflected in the discussion below. CD-02: This initiative supports the development of a coordinated approach to serving youth under the age of 18 who are at risk of coming into contact with law enforcement, and/or at risk of juvenile justice system involvement, including those experiencing homelessness. It aims to expand and support the community-based behavioral health crisis system continuum to serve these at-risk youth more effectively.

<u>CD-16:</u> This program provides community-based treatment/crisis respite beds for youth under the age of 18 who are involved in the justice system, prioritizing those youth who may be held in detention. Community-based services and supports will be offered to stabilize the youth and family, with the intention of diversion from further justice system involvement related to behavioral health conditions.

b. Details of the proposed change, including:

i. Origination of the change³

Program design for both of these initiatives continues in consultation with community members, law enforcement, and County juvenile justice system improvement stakeholders. Evolving understanding of the relative need for and community interest in facility-based respite (CD-16) vs. community-based crisis response (CD-02) has resulted in this proposed swap of funding between these initiatives.

ii. Reason/basis⁴

Further consideration of the needs, opportunities, and costs to establish facility-based respite, and the potential effectiveness of expanding efforts to intervene upstream with families, has resulted in this recommendation to right-size CD-16 funding levels and redirect resources into CD-02's community-based interventions serving a similar population. MIDD CD-02 funds will help develop community-based programming which begins to provide skills and supports to youth and/or their families. This program is an upstream approach that will offer support, skills and resources upon a low-level law enforcement contact, actively engaging marginalized South King County ethnically diverse communities to both respond to the stigma of seeking behavioral health services and to develop community resources to assist the youth and/or family who are referred. Design processes for these community-based services are ongoing and will be conducted in coordination with key community and County stakeholders, including ongoing juvenile justice system reform efforts, to ensure that they fit with community needs. Juvenile justice system improvement recommendations (expected later in 2018) that are communitybased and behavioral health-related could be embedded as part of CD-02 programming. Facility-based respite services under CD-16 will continue at a funding level that supports current capacity and plans for modest expansion into another region of the County when opportunity arises. (Funding is also added to CD-02 to more appropriately attribute County personnel who work on this programming.)

iii. Timing⁵

Expedited action is not needed, as these funding level changes would be implemented beginning in 2019. Advisory Committee action at its June 7, 2018 meeting is sufficient. Needs and opportunities in these

² One-paragraph summary adapted from the MIDD 2 Implementation Plan initiative description that also reflects any revisions that may have been made to the initiative prior to this proposed change.

³ How did the proposed change come to the County's attention as a needed action?

⁴ To the degree feasible, address under "reason/basis" the benefits of making the change, risks of not changing, and any tradeoffs or strategic questions. If the change represents partial funding of a larger request or concept, reference this.

⁵ Address whether expedited review and action is needed, and if so, explain why.

program areas for 2018 as well as 2019-20 will continue to be monitored and brought forward as program design continues to evolve.

c. How the proposed change addresses the Advisory Committee's guiding principles for MIDD This change is consistent with the MIDD Advisory Committee guiding principles regarding support for community-driven approaches, upstream prevention services, and diversion and prevention of justice system involvement.

d. How the proposed revision impacts the original intent of affected initiative(s)

The intent of initiative CD-02 is narrowed to focus on minor youth, and will continue to evolve to align with broader juvenile justice system reform efforts, informed by community and stakeholder input. (MIDD's young adult homelessness prevention programming is now reflected in initiative CD-17.) The intent of CD-16 is unchanged although its scale is modified.

e. Funding impacts, if any

Funding for CD-02 increases significantly, while CD-16 funding decreases, as outlined above. The policy change here represents a fund swap between these two related initiatives, to reflect shifts in the recommended approach.

f. Evaluation impacts, if any

Evaluation approaches for these initiatives will be determined as the programming approaches and target populations are solidified.

g. Next steps

If approved by the Executive and Council, these funding level changes will go into effect in January 2019. Meanwhile, community-informed program design work for initiative CD-02 will continue, ensuring alignment with forthcoming juvenile justice system reform recommendations expected in fall 2018. Meanwhile, program design, referral approaches, and system partnerships needed for initiative CD-16 will continue to be further developed and refined.

h. Include staff analysis, if available

Revision Details:

П

a. High-level summary² of affected MIDD 2 initiative(s) prior to the change, if any

<u>PRI-06:</u> Zero Suicide was envisioned to involve a multi-stage project where the public health and behavioral health systems serving adults with serious mental illnesses will be supported in adopting a specific set of strategies, tools and training to transform these systems to eliminate patient safety failures and to close gaps in depression and suicide care.

<u>CD-09:</u> The King County BH Urgent Care Walk-In Clinic was envisioned to be an accessible and centrally located service for adults who are experiencing a behavioral health crisis and in need of immediate assistance, where people could self-refer by coming directly to the Clinic during established business hours including evenings, without appointments.

b. Details of the proposed change, including:

i. Origination of the change³

This change extends existing previous deferrals of these three initiatives through 2020, in light of environmental factors that contribute to continued behavioral health system uncertainty.

¹ "Populations served or impacted" should include geographic regions and/or cultural communities where applicable.

² One-paragraph summary adapted from the MIDD 2 Implementation Plan initiative description that also reflects any revisions that may have been made to the initiative prior to this proposed change.

³ How did the proposed change come to the County's attention as a needed action?

ii. Reason/basis4

In light of significant behavioral health system uncertainties, including threats to core Medicaid services, reduced MIDD revenue forecasts, and most notably an accelerated transition from financially separate physical health and behavioral health payment systems to a fully financially integrated managed care (FIMC) environment in 2019, several new MIDD 2 initiatives were deferred to support strategically significant efforts to prepare the behavioral health system for the current and forthcoming funding and policy landscape. Many of these environmental factors remain uncertain, and MIDD revenue projections for 2019-20 lag behind the rising cost of living in our region. As a result, although these initiatives remain an important component of the MIDD 2 vision, it is not prudent to proceed toward implementation during the 2019-20 biennium.

iii. Timing⁵

Expedited action is not needed. Advisory Committee action at its June 7, 2018 meeting is sufficient.

- c. How the proposed change addresses the Advisory Committee's guiding principles for MIDD This change is consistent with the MIDD Advisory Committee guiding principles regarding responsiveness to federal/state policy and funding changes.
- **d.** How the proposed revision impacts the original intent of affected initiative(s)

 Although the fundamental goals of these initiatives remain unchanged, their implementation will be deferred through 2020.

e. Funding impacts, if any

Funding levels are set at \$0 for both initiatives through 2020.

f. Evaluation impacts, if any

The specific evaluation methods for these initiatives have not yet been determined.

g. Next steps

If approved by the Executive and Council, implementation of these initiatives will be deferred through 2020.

⁵ Address whether expedited review and action is needed, and if so, explain why.

so this proposed change was amended in May 2018 to limit deferral to PRI-06 Zero Suicide Pilot and CD- 09 Behavioral Health Urgent Care Walk-In Clinic Pilot.

Non-Policy Proposed Adjustments for MIDD in 2019-20

7a. Phase-Ins (CD-07 and CD-17): Initiatives CD-07 (Multipronged Opioid Strategies) and CD-17 (Young Adult Crisis Facility, renamed to Young Adult Crisis Stabilization for 2019-20) are budgeted for 2019-20 using their fully phased-in amounts, consistent with the 2018 funding level shown in their Implementation Plan initiative descriptions. As a result, biennial amounts for 2019-20 for these initiatives are substantively higher than the biennial total for 2017-18. Biennial funding for CD-07 would increase from \$2,289,000 to \$3,247,681 including economic adjustments, while the biennial amount for CD-17 would increase from \$1,430,000 to \$2,011,775 including economic adjustments.

CD-07: https://kingcounty.gov/~/media/depts/community-human-services/MIDD/initiatives/CD-07.ashx?la=en.

CD-17: https://kingcounty.gov/~/media/depts/community-human-services/MIDD/initiatives/CD-17.ashx?la=en.

Note: Planned phase-ins also affected 2019-20 funding levels for initiatives CD-02 and CD-16, as noted in modification review form #5.

- **7b.** CD-06 One-Time Investment Not Carried Forward Past 2018 (Medicaid Anticipated): A 2018 one-time temporary increase in MIDD funding for CD-06 Adult Crisis Diversion Center, Respite Beds, and Mobile BH Crisis Teams by \$900,000 is not continued into 2019-20. Medicaid modeling for CD-06 suggests that the temporary increase could be substantively or fully replaced by Medicaid. In 2019-20, MIDD funding continues at \$10,991,404 including economic adjustments. CD-06: https://kingcounty.gov/~/media/depts/community-human-services/MIDD/initiatives/CD-06.ashx?la=en.
- **7c.** Continuation of Council Additions (RR-14 and TX-CCPL): Level funding (with economic adjustments) is maintained for Council-added initiatives RR-14 (Shelter Navigation Services) at \$1,055,127 for 2019-20, and TX-CCPL (Community Court Planning, renamed to Community Court Pilot for 2019-20) at \$215,246 for 2019-20. Council added one-time funding for both 2017 and 2018, so funding levels are carried forward in anticipation of continued policy direction.

 RR-14: https://kingcounty.gov/~/media/depts/community-human-services/MIDD/initiatives/TX-CCPL.ashx?la=en

 TX-CCPL: https://kingcounty.gov/~/media/depts/community-human-services/MIDD/initiatives/TX-CCPL.ashx?la=en
- **7d. Personnel Attribution Correction (CD-12):** A technical change is made to correct an inconsistency in the way personnel for CD-12 Parent Partners Family Assistance were attributed, the biennial funding level for this initiative is increased to \$1,107,071 for 2019-20 (from \$851,427 previously). This initiative allocation increase is intended to allow the correction to be made without impacting funding for contracted agencies.
- CD-12: https://kingcounty.gov/~/media/depts/community-human-services/MIDD/initiatives/CD-12.ashx?la=en
- **7e. Splitting RR-11 into Separate Initiatives:** Without changing funding levels, initiative RR-11 is split into two separate initiatives, RR-11a Peer Bridger Programs and RR-11b SUD Peer Support, to support more effective monitoring and separate evaluation of two very different programs. This split would be retroactive to 1/1/18 for evaluation and reporting purposes.

RR-11: https://kingcounty.gov/~/media/depts/community-human-services/MIDD/initiatives/RR-11.ashx?la=en

7f. Refining Initiative Names: Certain initiatives names' are refined in order to align the initiative name more closely with the goals/services provided. Name changes would be retroactive to 1/1/18 for evaluation and reporting purposes.

Initiative	Previous Name (Implementation Plan)	Revised Name for 2019-20
PRI-05	Collaborative School-Based BH Services: Middle and	School-Based SBIRT (Screening, Brief Intervention and
	High School Students	Referral to Treatment)
CD-02	Youth and Young Adult Homelessness	Youth Detention Prevention BH Engagement
CD-16	Youth BH Alternatives to Secure Detention	Youth Respite Alternatives
CD-17	Young Adult Crisis Facility	Young Adult Crisis Stabilization
RR-11a	RR-11 Peer Bridgers and Peer Support Pilot (combined)	RR-11a Peer Bridger Programs (separated)
RR-11b		RR-11b SUD Peer Support (separated)
SI-02	BH Services in Rural King County	Rural BH Grants
TX-RMHC	Regional MH Court	Regional MH Court and Regional Veterans' Court
TX-CCPL	Community Court Planning	Community Court Planning and Pilot

BH = Behavioral Health. MH = Mental Health. SUD = Substance Use Disorders.

7g. Personnel Attribution Adjustment (RR-10): In order to more appropriately attribute a portion of personnel associated with the RR-10 BH Employment Services and Supported Employment initiative, the biennial funding level for this initiative is increased to \$2,266,558 for 2019-20 (from \$2,122,818 previously). This adjustment aligns funding with

the position's functions, which include both Medicaid and MIDD activities. This initiative allocation increase allows the adjustment to be made without impacting funding for contracted agencies.

RR-10: https://kingcounty.gov/~/media/depts/community-human-services/MIDD/initiatives/RR-10.ashx?la=en

7h. Technical Corrections (TX-ADC and TX-FTC): Prior adjustments for TX-ADC Adult Drug Court and TX-FTC Family Treatment Court in 2017-18 had not been carried forward into 2019-20 in the April 26 draft. Funding levels were revised up to \$9,200,431 (for TX-ADC) and \$3,301,889 (for TX-FTC) to accommodate these technical updates.

TX-ADC: https://kingcounty.gov/~/media/depts/community-human-services/MIDD/initiatives/TX-ADC.ashx?la=en TX-FTC: https://kingcounty.gov/~/media/depts/community-human-services/MIDD/initiatives/TX-ADC.ashx?la=en TX-FTC: https://kingcounty.gov/~/media/depts/community-human-services/MIDD/initiatives/TX-FTC.ashx?la=en

Steering Committee Review:

Reviewed: 4/13/18

Reviewed as Amended: 5/22/18

Full MIDD Advisory Committee Review:

Reviewed: 4/26/18

Scheduled for Review as Amended, with Possible Action: 6/7/18

During May 2018, items 7g (Supported Employment personnel attribution) and 7h (Adult Drug Court and Family Treatment Court corrections) were added, and under item 7f, the proposed name for initiative PRI-05 was revised to School-Based SBIRT. It was also clarified that items 7e (splitting initiative RR-11) and 7f (initiative name refinements) would be retroactive to 1/1/18 for evaluation and reporting purposes.

MIDD Advisory Committee Guiding Principles for King County to Utilize in Developing and Implementing MIDD Activities (as updated 5/31/17)

- Responsive to significant environmental changes in federal/state policy and funding; filling gaps
- Driven by outcomes; informed by data
- Based in promising or best practices; evidence-based when possible
- Supports King County's vision for health care; reflects the triple aim: improved patient care experience, improved population health, and reduced cost of health care
- More upstream / prevention services
- Integrated, transformational services / strategies designed to serve our most disenfranchised populations
- Partnering between CJ / human services with shared goal to divert and prevent justice system involvement
- Community-based organizations on equal status with County for compensation
- Open to new ways of achieving results
- Build on strengths of the system
- Self-sustaining; partnerships that leverage sustainability when possible
- Recovery focused
- Community driven
- Client Centered
- Common goal (from MIDD Framework as "result of MIDD"): "People living with or at risk of behavioral health conditions are healthy, have satisfying social relationships, and avoid criminal justice involvement."
