

King County Family and Youth Council Meeting Notes

Aug 27th, 2019 4:30-6:30pm

Attendance: please see sign in sheet

Welcome & Introductions Gabe

Comfort agreement

New System Tri-Lead Courtney Simons

Wise Collaborative Courtney

The WISE Collaborative was moved up on the agenda because Courtney had to leave early. Sandy and Courtney explained what it was and asked that 4 members of the FYSPRT attend.

King County Update Kelli Nomura

Peggy raised her frustrations and concerns and about the FYSPRT's ability to get our priorities moving, and asked about the chain of accountability at the county when things aren't getting answered. Peggy also expressed concern about meaningful youth and family engagement, CCORS, and accountability for WISE implementation. Kelli, Sandy, and James were part of this discussion, and Kelli asked that we be clear about whether an issue is being brought by the whole group FYSPRT or just an individual.

Quarterly WISE Update Sandy Tomlin

Sandy gave her quarterly update and talked about the new agencies that are now starting to do WISE.

Community Concerns/Support Gabe

One new parent attended and wanted to share their story. We agreed to make time for that.

Towards the end of meeting, the parent who was attending for the first time was able to share her story about a CLIP placement wanting to discharge her daughter before she was ready. We talked about possible solutions and Sandy and Peggy agreed to create a challenge and solution form about it.

Peggy stayed after the meeting was over to talk with this parent more and offer support.

Next meeting September 24th, 2019 4:30-6:30pm @Sound Tukwila
