SEWER CONSTRUCTION BEGINS SOON

Sewer construction work to begin on 102nd Avenue Southeast, Southeast Third, and Southeast Sixth Street

King County Wastewater Treatment Division and the City of Bellevue will begin construction activities to upgrade the 45-year old sewer trunk lines along Southeast Third Street and 102nd Avenue Southeast in Bellevue.

The King County Bellevue Influent Trunk and the City of Bellevue West Central Business District (CBD) Trunk lines will be upgraded to provide the required capacity to accommodate recent and projected growth in Bellevue. The existing sewer line, originally constructed in 1966, is corroded and has reached maximum capacity.

Dewatering tanks in public right-of-way

What you can expect:

- Closure of SE 6th Street starting Monday, June 20, 2011 for purposes of construction staging, approximately nine months.
- **Work hours will occur between 7 a.m. and 6 p.m. Monday to Friday, and 9 a.m. and 6 p.m. on Saturday if/when necessary.**
- Noise and other activity typical of a construction site: work crews, dust, trucks, construction materials, heavy machinery, and excavation equipment.
- Construction equipment parked in the public right-of-way including dewatering tanks.
- Traffic control and flaggers onsite daily to manage traffic flow and local access.

Department of Natural Resources and Parks
Wastewater Treatment Division

- One way traffic maintained northbound on the west side of 102nd Avenue Southeast to Southeast Third Street. Intermittent full road closures may be required at limited times during the construction period.
- Temporary covers in the roadway after hours in work areas; please drive slowly and watch for signs and flaggers.
- Coordination with public services to minimize impacts to mail delivery, recycling, waste pick-up, and bus service.
- Door hanger notification 48 hours prior to sewer service interruption or driveways blockages.
- Project website and construction updates
- One-on-one problem solving with residents directly impacted by construction activities.
- 24-hour project information hotline, 206-296-4081

Frequently Asked Questions

What are the anticipated work hours during sewer construction?

According to the City of Bellevue permit, crews can work from 7:00 a.m. to 6:00 p.m., Monday through Friday and 9:00 a.m. to 6:00 p.m. on Saturday. The contractor will work diligently to stay within these hours but there may be an occasional exception to address an unanticipated circumstance. Any work outside these hours will have prior written approval from the City of Bellevue Transportation Department. .

How will I get in and out of my driveway during sewer construction?

All driveways will be accessible from 5:30 p.m. to 8:00 a.m. When trench work is proceeding in front of a driveway during the daytime work hours, driveway access will be provided for 15 minute intervals at 10:00 a.m. and 3:00 p.m., and for a 30 minute interval at noon.

Who do I contact if I have questions, concerns, or need to coordinate access to my property?

- For urgent matters, please call the 24 Hour Construction Hotline: 206-296-4081.
- For general questions during regular business hours, please contact Shanon Kearney at 206-269-0229 x112, or Heidi Sowell at 206-684-1207
