

FREMONT SIPHON

replacement project

King County
Department of Natural Resources and Parks
Wastewater Treatment Division

Meet SWIZY – the Fremont Siphon Replacement Project’s microtunneling machine!

King County’s Fremont Siphon Replacement Project team invites you to meet SWIZY the new microtunneling machine about to begin work installing the new Fremont Siphons under the Ship Canal.

- See the machine up close
- Learn how it works
- Ask the project team questions
- Help decorate SWIZY before it goes to work

Microtunneling machines like SWIZY help provide safe, reliable sewer service that protects the environment.

MEET SWIZY THE MICROTUNNELING MACHINE

Date: Tuesday, February 16

Time: 11:30 a.m. – 1:30 p.m.

Location: Fremont Canal Park at 2nd Ave. N.W. and N.W. Canal St.

For more information: call: 206-205-5428 or email: doug.marsano@kingcounty.gov
