Natural Resources and Parks
Wastewater Treatment Division

March 23, 2018

Lane closed on Clise Place West, work Saturday and Sunday at 32nd Ave. W. and Smith Cove Park

For the past few months, King County's contractor has been preparing for pipe installation. This work is expected to take place within the next couple of weeks.

Preparation work will intensify this weekend and into early next week at both work sites. Starting as early as Monday, March 26 crews will expand the 32nd Avenue West closure to include the northwest parking lane of Clise Pl. W. Crews will use this area to stage the full pipeline.

Once the full pipeline is ready to be installed, crews will also close a single lane of 32nd Ave. W. near the construction area and install the pipe. The pipe pull and installation may occur as early as the middle of next week.

Stay informed!

To receive the most up-to-date information, please sign up for our email updates by visiting the [project web page](#). As work may move quickly over the next couple of weeks, updates about the pipe installation schedule on 32nd Ave. W. will be sent via email.
