

## NORTH MERCER ISLAND/ENATAI Sewer Upgrade Project

December 6, 2019

### **Tree and site survey along I-90 Trail and North Mercer Way starting as early as December 9**

As part of a sewer upgrade project in Mercer Island and Bellevue, King County Wastewater Treatment Division is surveying trees and existing conditions in and near the project area to plan tree mitigation in coordination with the City of Mercer Island and Washington State Department of Transportation. Beginning as early as December 9, a team of surveyors will walk along areas of the project alignment to tag trees and record data. See map on back for approximate survey locations.

#### **What to expect:**

- Work hours 7 a.m. to 3:30 p.m., weekdays
- Work is expected to take up to 10 days
- Two crew members wearing bright safety gear
- Crews using survey equipment to measure and photograph trees
- Trees will be tagged with circular aluminum markers. Trees are being tagged for location and follow up data collection.
- Trail and road access will be maintained
- A work truck will be parked on road shoulders; safety cones will be used around work vehicle

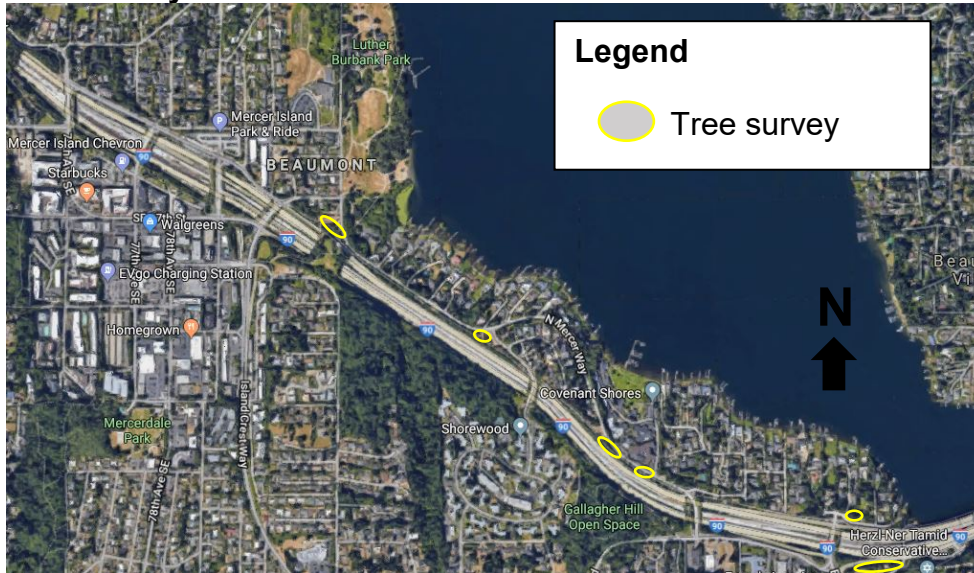

*Crews will use survey equipment to measure and photograph trees.*
