Statement in favor

Your Yes Vote is a commitment to our community that ensures the Northshore School District continues to be a great public-school system. We have one of the highest graduation rates in the state, contributing to increased property values, lower crime rates and a higher quality of life.

Approving this levy will renew our commitment to give all our students the tools to prepare for college, work and life in the global marketplace.

Our state and federal governments are faltering on their commitment to fully fund basic education. Four of the mandated 24 credits required for graduation for the class of 2019 and beyond are unfunded. Local levy dollars fund programs like special education, academic intervention services, advanced learning, music, drama, sports and clubs that comprise over 20% of NSD's budget.

Local commitment to education will continue to benefit Northshore graduates and community members for decades to come. Today’s students deserve the opportunity to thrive like the generations before them.

These are local tax dollars that will stay right here in our local schools! This is a replacement levy, there is not an increase in local taxes.

Vote Yes to continue our community's legacy of supporting quality education in Northshore.

Proposition No. 2  
General Obligation Bonds - $275,000,000

The Board of Directors of Northshore School District No. 417 approved a proposition for bonds. This proposition authorizes the District to acquire, construct and equip a new 30 classroom building, a new K-5 school on the District's Maltby site, a new Inglemoor High School performance and instructional building, upgrade safety and security, make building and capital improvements, to issue $275,000,000 of general obligation bonds maturing within a maximum term of 20 years, and to levy excess property taxes annually to repay the bonds, as described in Resolution No. 763. Should this proposition be:

Approved
Rejected

The complete text of this measure is available at the Elections Office or online at kingcounty.gov/elections.

Explanatory statement

Passage of Proposition No. 2 would allow Northshore School District No. 417 to borrow $275,000,000 by issuing general obligation bonds. In accordance with Resolution No. 763 approving this proposition, the bonds will pay for renovations, upgrades and new construction of school facilities to meet the needs of the growing District, and improvements to energy efficiency of school buildings in the District. Capital projects include acquiring, constructing and equipping a new 30 classroom building, a new K-5 school on the District’s Maltby site, a new Inglemoor High School fine arts center, upgrading athletic fields, improvements to outdoor instructional spaces including playfields, tracks, tennis courts and athletic fields, and other needed building improvements, including, but not limited to classroom modifications, to enable District facilities to meet instructional program needs. The bonds would be repaid out of annual property tax levies over a period of up to 20 years. The exact amount of such annual levies for these bonds would depend on the amount of principal paid each year and on the interest rates available at the time the bonds are sold.

Statement in favor

Northshore School District is experiencing explosive growth due to increased development and housing density. For school year 2016-2017, the school district gained 700 new students, across grades K-12, enough to fill a complete new school. This bond will provide important security upgrades that are necessary for student safety.
This bond will pay for a new K-5 school located off Maltby Road to ease overcrowding. It will add 30 flexible use classrooms to be shared by Skyview Middle and Canyon Creek Elementary schools, helping us adapt to changing populations trends. This bond will fund new instructional spaces and a performing arts center at Inglemoor High School providing hundreds of students access to the arts and ensuring equity across our high schools. More than 3,000,000 square feet of buildings support our 22,000 students district wide. By providing essential maintenance and operational upgrades to those facilities, we save taxpayers money by keeping energy costs low and preventing the need for rebuilding.
Neighboring districts have increased the amount of money they are requesting from taxpayers while NSD’s strategy is to keep tax increases minimal.
Vote Yes to continue our community’s legacy of supporting quality education in Northshore.

Vote Yes to ensure our community commitment to provide Northshore students the technology needed for success. Technology, like buildings, is not funded through state and federal taxes.

Our world and the technology needed to master it are ever-changing. This renewal technology levy provides the infrastructure, equipment and access our students and teachers need to thrive in a technological world.

We need to provide students with access to computing devices when and where they need them. Technology gives our students the ability to learn, practice and grow relevant skills that they will use in the workforce of today and tomorrow. All students, regardless of economic background, deserve access to the learning tools and skills for success.

We need to update our web-based communications systems to ensure effective two-way communication between teachers and parents.

We need to support our teachers by providing them the training they need to teach and lead students the responsible and appropriate use of technology.

Students, teachers and our community benefit from ongoing training which ensures the safety of our students and our quality of life in this technological age.

Vote Yes to continue our community's legacy of supporting quality education in Northshore.
