

PROCUREMENT REFORM

Progress Report

4th Quarter, 2016

Advancing Equity

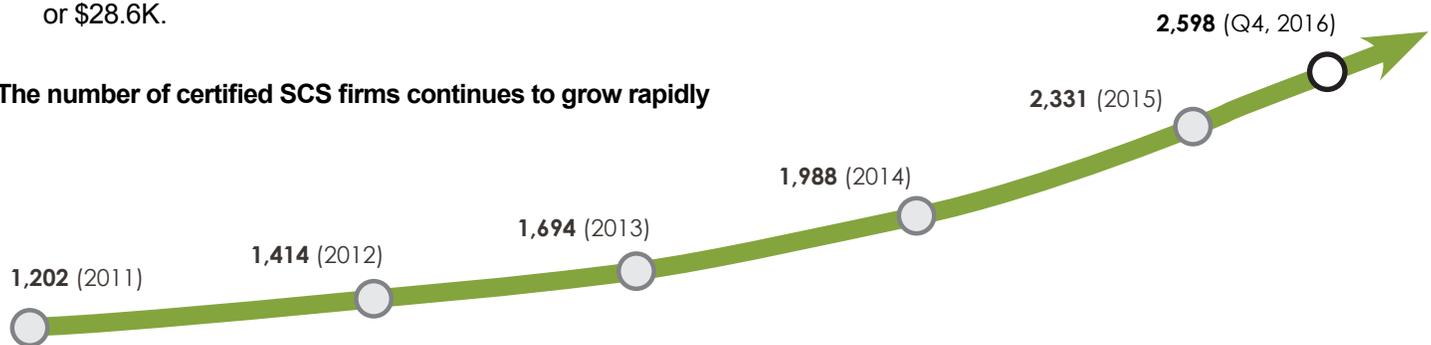

- The Small Business Accelerator program fosters competition among certified SCS firms to compete for designated contracts. Since launching the Accelerator in 2012, the County has awarded more than \$11 million to SCS firms as prime consultants.
- As of Q4 2016, more than \$6.8 million dollars has been awarded to certified minority and woman-owned businesses through the use of voluntary goals for construction services.
- King County, Sound Transit, Seattle Colleges, and the Port of Seattle are regional partners for one-stop certification for SCS firms, giving these small businesses access to more contracting opportunities.
- In 2016, Job Order Contracts has produced subcontract awards totaling \$7.4 million dollars. Of these dollars, SCS firms have received 12.5% or \$930K, minority businesses 4.0% or \$300K, and woman businesses 0.4% or \$28.6K.

We provide economical procurement solutions that reflect the values of our community.

Contracts processing time in Q4 — 2015 vs. 2016

Less time, more savings

“Autosourced” purchase orders account for 88% in Q3

This is great news because autosourcing allow agencies to immediately place their orders without waiting for our staff to process their requests, saving everyone time and money.

97% of purchases this quarter used a contract

We encourage agencies to purchase all goods and services “on contract” to maximize savings. Our buyers award competitive bids and lock in pricing that is the best value.
