Subdivision Exemption Request Instructions

There are various exemptions that allow property owners to create, or have recognized, new parcels outside of the subdivision process. Most common exemption processes include the following applications:

- Determination of Legal Lot Status (KCC 19A.08.070)**
- Determination of Innocent Purchaser Status (KCC 19A.08.090) **
- Testamentary Division (KCC 19A.08.040)
- Exempt Forty (40) Acre Segregation (KCC 19A.08.040)
- Public Agency Segregation (KCC 19A.08.040)
- Boundary Line Adjustments (KCC 19A.08.040 & 19A.28) **

**Instructions and application forms are available from the Department of Permitting and Environmental Review (Permitting) Web site at www.kingcounty.gov/permits or by calling 206-296-6600.

For additional information on the processes listed above, see Permitting customer information bulletins and permit application information, also available from the Permitting Web site at www.kingcounty.gov/permits.

Using any of the exemption processes to obtain a legal lot status does not imply or guarantee that the new parcel is buildable or ready for development. To address those questions, you need to obtain Health approval and follow the prescribed permit processes that allow a specific development to occur.
