EXECUTIVE SUMMARY

A. Fourth Quarter 2006 Highlights

This report presents fourth quarter 2006 utilization information for the 126 park-and-ride lots currently operating within the King County Metro Transit (Metro) service area. These park-and-ride lots represent a total capacity of 23,377 parking spaces.

Utilization numbers recorded for fourth quarter 2006 show that the total number of vehicles using park-and-ride lots each weekday increased by 844, up 6 percent over fourth quarter 2005. Factors contributing to the increase in usage include:

- More available parking. One thousand nine hundred and ninety six parking spaces have been added to the inventory since fourth quarter 2005, enabling more commuters to use park-and-ride lots.
- Higher gasoline prices. The price for regular gasoline on the West Coast rose by 17 percent between December 2005 and December 2006.*

While the number of vehicles using park-and-ride lots increased, the percentage of utilization decreased by three percent during the same time period. This is mainly the result of the increase of 1,996 new parking spaces, nine percent of the total inventory. The largest capacity increases occurred with the openings of Metro's 1,000-space Issaquah Highlands Park-and-Ride garage and Sound Transit's 1,200-space Federal Way Transit Center parking garage. Both of these lots opened in February 2006.

Monthly park-and-ride vehicle counts are taken by Metro Service Quality Supervisors and Sound Transit security staff. These monthly counts are averaged to show quarterly utilization. Trends in park-and-ride use are monitored and used when planning for new lots and changes in transit service.

B. Construction Updates

The Mercer Island and Issaquah park-and-ride lots remain closed for construction. Sound Transit is building park-and-ride garages in these lots. The Mercer Island Park-and-Ride Lot is expected to re-open in 2007 with a total of 450 spaces, an increase of 193 spaces or 43 percent. The Issaquah Park-and-Ride Lot will re-open as the Issaquah Transit Center in early 2008 with 800 parking spaces. This is an increase of 402 spaces or 50 percent.

New HOV ramps are under construction on I-405 at NE 128th street in the Totem Lake area. When completed, these ramps will provide improved access for buses, carpools and vanpools between the I-405 HOV lanes and the Kingsgate Park-and-Ride Lot. Transit service will exit directly from the I-405 HOV lanes, reducing the need to weave through traffic.

A project to increase layover space at the Bear Creek Park-and-Ride Lot has been completed. The number of general parking spaces was reduced by 24 to make room for the additional layover space. There are now 310 regular parking spaces and layover space for eight buses at this lot.

FOURTH QUARTER 2006/2005 COMPARISON

The following information shows the average number of vehicles using park-and-ride lots on a daily basis. Counts are performed once each month and averaged for the quarterly total.

Capacity for King County and State lots reflects spaces available; it does not include accessible spaces or spaces reserved for other uses. In Sound Transit lots the total number of spaces in each lot is included.

Also shown are the Lot Inventory Number, Lot Ownership (KC=King County, S=State, ST=Sound Transit) and alteration dates. These may reflect an expansion (E), restriping @, or modification (M)-usually a change in capacity.

The following information shows the average number of vehicles using park-and-ride lots per day.

Counts are performed once each month and averaged for the quarterly total.

Also shown are the lot inventory number, opening date and alteration dates.

Alteration dates may reflect an expansion (E), reduction (R) or modification (M)-usually a change in capacity.
