**Night Stop Program**

For your added safety at night, you may request to be dropped off at a location along your route other than a regular bus stop. To do so, please go to the front of the bus and ask your driver at least one block before your desired stop. Safety considerations will determine if the driver can comply with your request. Night stop service is available only from 8 pm to 9 am and is for dropping off riders only. Night Stop is not provided in downtown Seattle.

**Night Rider Tip**

You can help drivers spot you when it is dark or during times of reduced visibility by wearing light-colored clothing and by standing in the most visible area of the bus stop. We don’t want you to miss us!

**Bike & Ride**

Metro buses have bike racks that hold three bikes. The racks are easy to use at no extra cost. Just follow the simple instructions posted near the rack. You may load or unload your bike anytime at any regular Metro bus stops, including downtown Seattle and the transit tunnel.

**Priority Seating**

All Metro buses are wheelchair accessible. Designated seats in the front of buses are reserved for seniors and people with disabilities. If you are occupying one of these seats when a person with greater need boards, please offer it to that person.

For more information about accessible service and bus-acceptable wheelchair scooter specifications, call 206-533-3000.
