### Night Stop Program

For your safety at night, you may request to exit the bus at a location along your route other than a regularly scheduled stop. To do so, please go to the front of the bus and ask your driver at least one block before your desired stop. Safety considerations will determine if the driver can comply with your request. Night Stop service is available only from 6 p.m to 6 a.m and is for dropping off riders only. Night Stop is not provided in downtown Seattle.

### Night Rider Tip

You can help drivers spot you when it is dark or during times of reduced visibility by wearing light-colored clothing and by standing in the most visible area of the bus stop. We don’t want you to miss you!

### Snow/Emergency Service

During most snow conditions this route will operate via the snow routing shown in this timetable. In the rare event that Metro declares an emergency, this route will continue to operate as a designated Emergency Snow Network route. During such an event, if it is expected to operate with the same route number and follow the same snow routing as shown in this timetable, visit kingcounty.gov/metro/snow and sign up for Transit Alerts to stay informed during adverse conditions.

During the majority of the nevadas, this route operates per the recibo de nevadas que se muestra en este programa. En el caso poco frecuente de que Metro declare una emergencia, esta ruta seguirá operando como ruta designada de la Red de Emergencia para Nevadas. En ese caso, se espera que opere con el mismo número de ruta y que siga el mismo recibo para casos de nieve que se muestran en este programa. Visite kingcounty.gov/metro/snow y registrese para recibir Alertas de Transporte y mantenese informado durante las condiciones adversas.
