How to Read a Schedule
1. Locate the WEEKDAY, SATURDAY, or SUNDAY schedule block for the day of travel.
2. Timepoints are select bus stops along the route that correspond to times listed under each location and to timepoints data on the map. Timepoints are listed from the beginning of the route (on the left to the right) or the end of the route (on the right). If you are boarding at a stop between two timepoints, use the earlier time as a reference.
3. Bus stop number.
4. Read down the column to find the time your bus leaves the timepoint.
5. Read across the row to find the time your bus arrives at the next timepoint.
6. If there is a symbol (letter or character) after a time, look for the explanation under the heading Timetable Symbols.
7. A dash in the column means the bus does not serve that timepoint.
8. Refer to the Special Service Information section for any changes in routing or other unique aspects of service on this route.
