**Are you FISCALLY FIT?**

It’s as important as staying physically fit. What if the worst happened tomorrow?

Regardless of life stage, your family may benefit from life insurance to cover medical bills, funeral costs and estate management expenses.

Other considerations, based on life stage, include the following.

**Single and in your 20s**
Life insurance can help pay off student loans, car payments, credit cards or other debts.

**Married with young children**
Life insurance will help your spouse maintain your home, current lifestyle and provide for your children’s support.

**Single parent and sole breadwinner**
Life insurance will help a caregiver cover your childcare costs and other living expenses and fulfill plans for their future education.

**Married with no children**
Life insurance can provide the money to meet financial obligations and help your spouse hold onto the assets and lifestyle you’ve both worked hard to achieve.

No matter what your situation, you’ll have financial responsibilities that will need to be covered in the event of your unexpected death and loss of paycheck.
