### Finding in-network providers

If you receive care from an out-of-network/non-contracted provider, we will pay for the same services we cover in-network, as long as the services are medically necessary. For a decision about whether we will cover an out-of-network service, you or your provider can ask us for a pre-service organization determination before you receive the service. ## Medicare Part D prescription drugs—initial coverage phase

### Regence **MedAdvantage + Rx Classic** (PPO)

You pay a \$295 Part D prescription drug deductible annually (waived for Tier 6 drugs)

<b>Tier</b>	Preferred retail and mail order <b>30-day supply</b>	Preferred retail and mail order <b>90-day supply</b>	Standard retail <b>30-day supply</b>	Standard retail <b>90-day supply</b>
<b>1</b> Preferred Generic	You pay \$5	You pay \$10	You pay \$12	You pay \$24
<b>2</b> Generic	You pay \$13	You pay \$26	You pay \$20	You pay \$40

A 90-day supply is not available from out-of-network pharmacies or for the Tier 5 — Specialty Tier drugs. If you reside in a long-term care facility, you pay the same as at a standard retail pharmacy. You may get drugs from an out-of-network pharmacy, but may pay more than you pay at an in-network pharmacy.

---

## Initial coverage phase

---

After you pay your annual deductible (if your plan has one), you pay a copay or coinsurance for each prescription you fill. Your plan pays the rest. You enter the coverage gap when the total amount you and your plan pay for covered drugs reaches \$3,750.

---

## Coverage gap

---

The coverage gap begins after the total yearly drug cost (what you have paid and what our plan has paid) reaches \$3,750. After you enter the coverage gap, you pay 35% of the plan's cost for covered brand name drugs and 44% of the plan's cost for covered generic drugs until your costs total \$5,000—which is the end of the coverage gap. Not everyone will enter the coverage gap.

For more information on cost sharing in the coverage gap, please call us or access our Evidence of Coverage online.

---

## Catastrophic coverage

---

After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach \$5,000, you pay the greater of:

- 5% of the cost, or
- \$3.35 copay for generic (including brand name drugs treated as generic) and a \$8.35 copay for all other drugs

---
