Introduction

Welcome to participation in the self-funded group health plan (hereafter referred to as "Plan") provided for You by Your employer. Your employer has chosen Regence BlueShield to administer claims for Your group health plan. Throughout this Booklet, Your employer may be referred to as the "Plan Sponsor."

EMPLOYER PAID BENEFITS

Your Plan is an employer-paid benefits plan administered by Regence BlueShield (usually referred to as the "Claims Administrator" in this Booklet). This means that Your employer, not Regence BlueShield, pays for Your covered medical services and supplies. Your claims will be paid only after Your employer provides Regence BlueShield with the funds to pay Your benefits and pay all other charges due under the Plan. The Claims Administrator provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

Because of their extensive experience and reputation of service, Regence BlueShield has been chosen as the Claims Administrator of Your Plan.

The following pages are the Booklet, the written description of the terms and benefits of coverage available under the Plan. This Booklet is effective January 1, 2019, or the date after that on which Your coverage became effective. This Booklet replaces any plan description, Booklet or certificate previously issued by Regence BlueShield and makes it void.

This Booklet is not the official Plan Document. If the Plan Document and this Booklet differ, the Plan Document will prevail. If Your Plan has a separate administrator (Plan Administrator), they also have a copy of the Plan Document.

The Plan is not subject to the Employee Retirement Income Security Act of 1974 as amended (ERISA).

Keep in mind that references to "You" and "Your" refer to both the Participant and Beneficiaries (except that in the Who Is Eligible, How To Enroll And When Coverage Begins, When Coverage Ends, COBRA Continuation of Coverage, and Other Continuation Options sections, where applicable, the terms "You" and "Your" mean the Participant only). The term "Agreement" refers to the administrative services contract between the Plan Sponsor and the Claims Administrator. Other terms are defined in the Definitions section or where they are first used and are designated by the first letter being capitalized.
Using Your Booklet

YOU SELECT YOUR PROVIDER AND CONTROL YOUR OUT-OF-POCKET EXPENSES

Your Plan allows You to control Your out-of-pocket expenses for each Covered Service. Here's how it works - You control Your out-of-pocket expenses by choosing Your Provider under two choices called: "In-Network," and "Out-of-Network."

- **In-Network.** Your Provider Network is: Preferred. When You see a Provider from the network, You save the most and Your out-of-pocket expenses will be lower when choosing an In-Network Provider and You will not be billed for balances beyond any Deductible, Copayment and/or Coinsurance for Covered Services.

- **Out-of-Network.** When You see an Out-of-Network Provider, Your out-of-pocket expenses will generally be higher than seeing an In-Network Provider. An Out-of-Network Provider may bill You for any balances beyond the Deductible, Copayment and/or Coinsurance (sometimes referred to as balance billing).

For each benefit, this Booklet indicates the Provider You may choose and Your payment amount. Definitions of each Provider type are in the Definitions section. You can go to regence.com for further Provider network information.

ADDITIONAL ADVANTAGES OF PARTICIPATION

Your Plan offers You access to valuable services. The advantages of Regence involvement as the Claims Administrator include access to discounts on select items and services, personalized health care planning information, health-related events and innovative health-decision tools, as well as a team dedicated to Your personal health care needs. You also have access to the Claims Administrator’s Web site, an interactive environment that can help You navigate Your way through health care decisions. **THESE ADDITIONAL VALUABLE SERVICES ARE A COMPLEMENT TO THE GROUP HEALTH PLAN BUT ARE NOT INSURANCE.**

- **Go to regence.com.** It is a health power source that can help You lead a healthy lifestyle, become a well-informed health care shopper and increase the value of Your health care dollar. Have Your Plan identification card handy to log on. Use the secure Web site to:
  - view recent claims, benefits and coverage;
  - find a contracting Provider;
  - participate in online wellness programs and use tools to estimate upcoming healthcare costs; and
  - discover discounts on select items and services.*

*Note that, if You choose to access these discounts, You may receive savings on an item or service that is covered by Your health plan, that also may create savings or administrative fees for the Claims Administrator. Any such discounts or coupons are complements to the group health plan, but are not insurance.

Understanding Your Benefits

In this section, You will find information to help You understand what is meant by Maximum Benefits, Deductibles, Copayments, Coinsurance and Out-of-Pocket Maximum. This section defines cost-sharing elements but, You will need to refer to the benefit section(s) to see exactly how they are applied.

MAXIMUM BENEFITS
Some benefits may have a specific Maximum Benefit. Benefits are covered until the specified Maximum Benefit (which may be a number of days, visits, services, dollar amount, or specified time period) has been reached.

Allowed Amounts for Covered Services provided are also applied toward any Deductible and against any specific Maximum Benefit.

You will be responsible for the total billed charges for benefits in excess of any Maximum Benefits, and for charges for any other service or supply not covered under this Plan, regardless of the Provider rendering such service or supply.

OUT-OF-POCKET MAXIMUM
You can meet the Out-of-Pocket Maximum by Your payments of Deductibles, Copayments and Coinsurance.

There are two Out-of-Pocket Maximum amounts: one for In-Network benefits and another for Out-of-Network benefits. Benefits and Deductibles accrued under one level of benefits do not also accrue to the other level of benefits. Out-of-Pocket expenses will apply toward both the In-Network and Out-of-Network Out-of-Pocket limit.

Any Deductible for emergency room and benefits listed in the Medical Benefits section that show under the Provider "All" will apply toward the In-Network Out-of-Pocket Maximum.

Amounts You pay for non-Covered Services and amounts in excess of the Allowed Amount do not apply toward the Out-of-Pocket Maximum. You will continue to be responsible for amounts that do not apply toward the Out-of-Pocket Maximum, even after You reach the Plan's Out-of-Pocket Maximum.

Once You reach the Out-of-Pocket Maximum, benefits subject to the Out-of-Pocket Maximum will be paid at 100 percent of the Allowed Amount for the remainder of the Calendar Year.

There are two Family Out-of-Pocket Maximum amounts: one for In-Network benefits and another for Out-of-Network benefits. The Family Out-of-Pocket Maximum for a Calendar Year is satisfied when more than two family members’ Deductibles, Copayments and Coinsurance for Covered Services for that Calendar Year total and meet the Family’s Out-of-Pocket Maximum amount. One Claimant may not contribute more than the individual Out-of-Pocket Maximum amount.

Prescription medication out-of-pocket amounts are specified in the Your Prescription Medication Benefits Administered By CVS Caremark section at the end of this Booklet.

COPAYMENTS
A Copayment means a flat dollar amount that You generally pay directly to the Provider at the time You receive a specified service. Copayments are not applied toward the Deductible.

Refer to the benefit section(s) to understand what Copayments You are responsible for.

Prescription medication copayment amounts are specified in the Your Prescription Medication Benefits Administered By CVS Caremark section at the end of this Booklet.

PERCENTAGE PAID UNDER THE PLAN (COINSURANCE)
Once You have satisfied any applicable Deductible and Copayment, the Plan pays a percentage of the Allowed Amount for Covered Services You receive, up to any Maximum Benefit. When payment is less than 100 percent, You pay the remaining percentage (this is Your Coinsurance). Your Coinsurance will be
based upon the lesser of either the billed charges or the Allowed Amount. The percentage the Plan pays varies, depending on the service or supply You received and who rendered it.

The Plan does not reimburse Providers for charges above the Allowed Amount. However, an In-Network Provider will not charge You for any balances for Covered Services beyond Your Deductible, Copayment and/or Coinsurance amount. Out-of-Network Providers, however, may bill You for any balances over the Plan payment level in addition to any Deductible, Copayment and/or Coinsurance amount. See the Definitions section for descriptions of Providers.

Prescription medication coinsurance amounts are specified in the Your Prescription Medication Benefits Administered By CVS Caremark section at the end of this Booklet.

**DEDUCTIBLES**
The Plan will begin to pay benefits for Covered Services in any Calendar Year only after a Claimant satisfies the Calendar Year Deductible. The Deductible is satisfied by incurring a specific amount of expense for Covered Services during the Calendar Year.

The Family Calendar Year Deductible is satisfied when three or more covered family members' meet the Family Deductible amount. One Claimant may not contribute more than the individual Deductible amount. The Plan does not pay for services applied toward the Deductible. Refer to the Medical Benefits section to see if a particular service is subject to the Deductible. Any amounts You pay for non-Covered Services, Copayments or amounts in excess of the Allowed Amount do not count toward the Deductible.

In addition, if Covered Services are incurred during the last three months of a Calendar Year and are applied toward the Deductible for that year, then any amount for Covered Services applied toward such Deductible during the last three months will be carried forward and applied toward the Deductible for the following year.

**HOW CALENDAR YEAR BENEFITS RENEW**
Many provisions of the Plan (for example, Deductibles, Out-of-Pocket Maximum, and certain benefit maximums) are calculated on a Calendar Year basis. Each January 1, those Calendar Year maximums begin again.

If Your Plan renews on a day other than January 1 of any year, any Deductible or Out-of-Pocket Maximum amounts You satisfied before the Plan's renewal date will carry over into the next plan year. If the Deductible and/or Out-of-Pocket Maximum amount increases during the Calendar Year, You will need to meet the new requirement less any amount already satisfied under the previous plan during the same Calendar Year.

Some benefits may have a separate Maximum Benefit based upon a Claimant's Lifetime and do not renew every Calendar Year. Those exceptions are noted in the benefit section(s).
Medical Benefits

This section explains how Your coverage pays for Covered Services. Referrals are not required under this Plan and nothing contained in this Booklet is designed to restrict Your choice of Provider for care or treatment of an Illness or Injury. Most benefits are listed alphabetically.

All covered benefits are listed under each benefit table.

Medical services and supplies must be Medically Necessary for the treatment of an Illness or Injury (except for any covered preventive care). All covered benefits are subject to the limitations, exclusions and provisions of this Plan. A Health Intervention may be medically indicated or otherwise Medically Necessary, yet not be a Covered Service. See the Definitions section for descriptions of Medically Necessary and of the kinds of Providers who deliver Covered Services.

In some cases, benefits or coverage may be limited to a less costly and Medically Necessary alternative item. Reimbursement may be available for new medical supplies, equipment, and devices You purchase from a Provider or from an approved commercial seller, even though that seller is not a Provider. New medical supplies, equipment, and devices, such as a breast pump or wheelchair, purchased through an approved commercial seller are covered at the In-Network level, with reimbursement based on the lesser of either the amount paid to an In-Network Provider for that item or the retail market value for that item. To learn more about how to access an approved commercial seller and reimbursable new retail medical supplies, equipment, and devices, visit the Web site or contact Customer Service.

If You choose to access new medical supplies, equipment, and devices through the Web site, the Claims Administrator may receive administrative fees or similar compensation from the commercial seller and/or You may receive discounts or coupons for Your purchases. Any such discounts or coupons are complements to the group health plan but are not insurance.

Some services may require preauthorization. Contracted Providers may be required to seek preauthorization from the Claims Administrator before providing some services for You. You will not be penalized if the Contracted Provider does not obtain preauthorization in advance from the Claims Administrator and the service is later determined to be not covered. Non-Contracted Providers are not required to obtain preauthorization prior to providing services. You may be liable for the cost of services provided by a Non-Contracted Provider if those services are not Covered Services nor Medically Necessary. You may request that a Non-Contracted Provider preauthorize services on Your behalf to determine Medical Necessity prior to receiving those services.

PREVENTIVE CARE AND IMMUNIZATIONS
Benefits will be covered if services are in accordance with age limits and frequency guidelines according to, and as recommended by, the United States Preventive Service Task Force (USPSTF), the Health Resources and Services Administration (HRSA), or by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention (CDC). In the event any of these bodies
adopts a new or revised recommendation, this Plan has up to one year before coverage of the related services must be available and effective under this benefit.

For a complete list of services covered under this benefit, including information about how to access an approved commercial seller, obtaining breast pumps and instructions for obtaining reimbursement for new breast pumps purchased from an approved commercial seller, retailer, or other entity that is not a Provider, visit the Web site or contact Customer Service.

If You choose to access new medical supplies, equipment, and devices through the Web site, the Claims Administrator may receive administrative fees or similar compensation from the commercial seller and/or You may receive discounts or coupons for Your purchases. Any such discounts or coupons are complements to the group health plan but are not insurance.

NOTE: Covered Services that do not meet these criteria (for example, immunizations for the purpose of travel, occupation, or residency in a foreign country) will be covered the same as any other Illness or Injury.

For the purpose of this benefit the "first treatment period" will be three months (42 treatments) of hemodialysis treatment (or 30 days of peritoneal dialysis treatment). Dialysis treatments that are applied toward any Deductible will be applied against the Maximum Benefit limit on these services. If more than 42

treatments are necessary in the first treatment period, the Claims Administrator must be contacted to approve the additional treatment and document Your progress. See the Supplemental Outpatient Treatment Period for coverage after the first 42 treatments in the first treatment period.

When Your Physician recommends dialysis, You should first contact the Claims Administrator to begin Case Management and confirm Your enrollment in the Supplemental Kidney Dialysis Program described below.

For any subsequent outpatient dialysis beyond the first treatment period, the Plan will provide supplemental coverage as described above.

In addition, a Claimant receiving supplemental dialysis is eligible to have Medicare Part B premiums reimbursed as an eligible expense for the duration of the Claimant's dialysis treatment, as long as the Claimant continues to be enrolled under Medicare Part B and continues to be eligible for coverage under this Plan. Proof of payment of the Medicare Part B premium will be required prior to reimbursement.

"Medicare allowed amount" is the amount that a Medicare-contracted provider agrees to accept as full payment for a covered service. This is also referred to as the provider accepting Medicare assignment.

Applicable sales tax for Durable Medical Equipment and mobility enhancing equipment is also covered. Durable Medical Equipment means an item that can withstand repeated use, is primarily used to serve a medical purpose, is generally not useful to a person in the absence of Illness or Injury and is appropriate for use in the Claimant's home. Examples include oxygen equipment, wheelchairs, and insulin pumps and their supplies. Durable Medical Equipment is not covered if it serves solely as a comfort or convenience item.
Reimbursement may also be available for new Durable Medical Equipment when obtained from an approved commercial seller, even though this entity is not a Provider. Eligible new Durable Medical Equipment purchased through an approved commercial seller is covered at the In-Network Provider level, with Your reimbursement based on the lesser of either the amount paid to an In-Network Provider for that item or the retail market value for that item. Claims for the purchase of Durable Medical Equipment will be submitted to the plan in the locale in which the equipment was received. To find ways to access new Durable Medical Equipment, including how to access an approved commercial seller, visit the Web site or contact Customer Service. If You choose to access new Durable Medical Equipment through the Web site, the Claims Administrator may receive administrative fees or similar compensation from the commercial seller and/or You may receive discounts or coupons for Your purchases. - to assure, within reasonable medical probability, no material deterioration of an Emergency Medical Condition is likely to occur during, or to result from, the transfer of the Claimant from a facility; and
- in the case of a covered female Claimant, who is pregnant, to perform the delivery (including the placenta).

Emergency room services do not need to be pre-authorized.

If admitted to an Out-of-Network Hospital directly from the emergency room, services will be covered at the In-Network benefit level. In addition to usual cost-sharing, You may remain responsible for any amount by which billed charges exceed the Allowed Amount; however, Out-of-Network anesthesiologist, emergency room physician, independent laboratory, pathologist, or radiologist Covered Services provided during the admission will be paid to billed charges.

Reimbursable transportation includes only commercial airfare, commercial train fare, or documented auto mileage (calculated per IRS allowances) to the treatment area and local ground transportation to and from treatment within that area during the course of treatment. Inpatient and outpatient services and supplies of a Hospital are covered for Illness and Injury (including prescription medications and services of staff Providers billed by the Hospital). Room and board is limited to the Hospital's average semiprivate room rate, except where a private room is determined to be necessary. If admitted to an Out-of-Network Hospital directly from the emergency room, services will be covered at the In-Network benefit level. In addition to usual cost-sharing, You may remain responsible for any amount by which billed charges exceed the Allowed Amount; however, Out-of-Network anesthesiologist, independent laboratory, pathologist, or radiologist Covered Services provided during the admission will be paid to billed charges.

If You are admitted as an inpatient directly from the emergency room and services were not covered at the In-Network level, contact Customer Service for an adjustment to Your claims.

Hospital confinement may not always be the best environment for treating an Illness. When You need significant long-term medical supervision, case managers or Your Providers may recommend alternative care and treatment or facilities that are:

- Not normally covered by the Plan;
- Covered by the Plan, but covered on a different basis from the original course of treatment; or
- Covered on the same basis as the original course of treatment.

In these situations, the Claims Administrator may approve coverage for alternative care and treatment that would otherwise not be covered or when Medically Necessary treatment can be delivered more cost-effectively. Substitution of such care can be made only with Your consent and the recommendation of Your Provider, and must be based on Your medical needs.

Case management provides intervention in cases of serious Illness or Injury. The Claims Administrator's case managers are experienced, licensed health care professionals who work with Your Physicians and other health care professionals to ensure You receive cost-effective and appropriate care.

Coverage for treatment of Substance Use Disorder Conditions includes the following:

- acupuncture services (when provided for Substance Use Disorder Conditions, these acupuncture services do not apply toward the overall acupuncture Maximum Benefit); and
- Prescription medications that are prescribed and dispensed through a substance use disorder treatment facility (such as methadone).

**Definitions**

The following definitions apply to this Substance Use Disorder Services benefit:

- **Residential Care** means care received in an organized program which is provided by a residential facility, Hospital, or other facility licensed, for the particular level of care for which reimbursement is being sought, by the state in which the treatment is provided.

- **Substance Use Disorder Conditions** means substance-related disorders included in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association. Substance use disorder is an addictive relationship with any drug or alcohol characterized by a physical or psychological relationship, or both, that interferes on a recurring basis with an individual's social, psychological, or physical adjustment to common problems. Substance use disorder does not include addiction to or dependency on tobacco, tobacco products, or foods.

- **Substance Use Disorder Services** mean Medically Necessary outpatient services, Residential Care, partial hospital program or inpatient services provided by a licensed facility or licensed individuals with the exception of Skilled Nursing Facility services (unless the services are provided by a licensed behavioral...
health provider for a covered diagnosis), home health services and court ordered treatment (unless the
treatment is determined by the Claims Administrator to be Medically Necessary).

For this Substance Use Disorder Services benefit, "medically necessary" or "medical necessity" is defined
by the American Society of Addiction Medicine patient placement criteria. "Patient placement criteria"
means the admission, continued service and discharge criteria set forth in the most recent version of the
Patient Placement Criteria for the Treatment of Substance Abuse-Related Disorders as published by the
American Society of Addiction Medicine.

For coverage of detoxification services and Emergency Medical Conditions, see the Detoxification and
Emergency Room benefits of this Booklet.

Telehealth (live audio-only communication, audio and video communication, and asynchronous (not live)
store and forward services), including at home, as permitted by law, between the patient and an In-
Network Provider is covered. Telehealth office visits are not covered when provided by a Provider who is
not contracted with the Claims Administrator to provide telehealth. Such office visits will be considered
Out-of-Network. Store and forward consultations between In-Network Providers are also covered. Contact
Customer Service for further information and guidance.

Audio-only communication is secure telephonic communication. Audio-only communication is covered if
there is a previously established patient-provider relationship. An audio-only communication must take
the place of an in-person visit that would be billable by the Provider.

Store and forward technology is secure one-way electronic transmission (sending) of a patient's medical
information from an originating site to a Provider at a distant site, which is later used by the Provider for
diagnosis and medical management of the patient. Store and forward services are the provider's
diagnosis and medical management of the patient that result from the use of store and forward
technology. You must have engaged in a live (in-person or synchronous audio and video communication)
visit with Your Provider before engaging in subsequent, related store and forward services with that
Provider. Coverage of store and forward services is limited to the services the Claims Administrator has
specifically contracted for that Provider to provide. Store and forward technology does not include
telephone, fax or email communication.

Provider's office; community mental health center; Skilled Nursing Facility; or renal dialysis center, except
an independent renal dialysis center.

Asynchronous (not live) store and forward technology is covered. Store and forward technology is one-
way electronic transmission (sending) of a patient's medical information from an originating site to a
Provider at a distant site, which is later used by the Provider for diagnosis and medical management of
the patient.

Care Management and Wellness Programs

Because of Regence's involvement as the Claims Administrator, You have access to the following Group-sponsored care management and wellness programs. Your employer has chosen to provide these benefits to You. To the extent any part of these programs is also a benefit under the Medical Benefits or other benefit of the Plan, the Medical Benefits or other benefit applies first and until that benefit is exhausted.

CASE MANAGEMENT
Receive one-on-one help and support in the event You have a serious or sudden Illness or Injury. An experienced, compassionate case manager will serve as Your personal advocate during a time when You need it most. Your case manager is a licensed health care professional who will help You understand Your treatment options, show You how to get the most out of Your available Plan benefits and work with Your Physician to support Your treatment plan.

To learn more or to make a referral to case management, call 1 (866) 543-5765.

ALTERNATIVE BENEFITS
Alternative benefits means benefits for services or supplies that are not otherwise covered under the Plan, but for which the Claims Administrator may approve coverage after case management evaluation and analysis. We may cover alternative benefits through case management if the Claims Administrator determines that alternative benefits are Medically Necessary and will result in overall reduced covered costs and improved quality of care. Before coverage of alternative benefits and before the processing of claims for alternative benefits, the Claims Administrator, You or Your legal representative and, if required by the Claims Administrator, Your Physician or other Provider must agree in writing to the specific terms and conditions for payment. Alternative benefits are approved on a case-specific basis only. The fact that the Plan may cover alternative benefits for You does not set any precedent for coverage of continued or additional alternative benefits for You, or anyone else covered under the Contract.

REGENCE CONDITION MANAGER
Regence Condition Manager is a support and education program for people with chronic conditions such as diabetes, heart disease, asthma and/or depression. The Claims Administrator's nurses and behavioral health care coordinators provide tailored educational materials, tools and other services to help You get on track with Your care—and stay there. They can help You understand the care plan You've developed with Your Physician, and make smarter choices for better health.

To learn more, call 1 (866) 543-5765.

REGENCE ADVICE 24
Registered nurses are available 24/7 to answer Your health-related questions and help You make informed decisions about when, where and if to seek care. If You're not sure whether to visit the emergency room, see Your doctor or treat Your condition at home, the nurses are there, day or night.

Claims Administration

This section explains administration of benefits and claims, including situations where Your health care expenses are the responsibility of a source other than the Plan.

SUBMISSION OF CLAIMS AND REIMBURSEMENT

When claims payment is due, the Claims Administrator decides whether to pay the Claimant, Provider and Claimant jointly, or the Provider directly, subject to any legal requirements.

In-Network Provider Claims and Reimbursement

You must present Your Plan identification card to an In-Network Provider, and furnish any additional information requested. The Provider will give the Claims Administrator the information needed to process Your claim.

An In-Network Provider will be paid directly for Covered Services. These Providers have agreed to accept the Allowed Amount as payment for Covered Services. Your share of the Allowed Amount is any amount You must pay due to Deductible, Copayment if any, and/or Coinsurance. These Providers may require You to pay Your share at the time You receive care or treatment.

Out-of-Network Provider Claims and Reimbursement

In order for Covered Services to be paid, You or the Out-of-Network Provider must first send the Claims Administrator a claim. If the treatment is for an Injury, include a statement explaining the date, time, place and circumstances of the Injury when You send the claim. Be sure the claim is complete and includes the following information:

- an itemized description of the services given and the charges for them;
- the date treatment was given;
- the diagnosis; and
- the patient's name and the group and identification numbers.

The Claims Administrator's standard policy is to make payment for Out-of-Network Provider claims by issuing a joint payee check to both the Claimant and the Provider or, with submission of sufficient documentation that the Claimant has already "paid in full", on a check issued solely to the Claimant. However, in some situations the Claims Administrator may choose to pay the nonparticipating Provider directly by check issued solely to the Provider.

Out-of-Network Providers may not agree to accept the Allowed Amount as payment for Covered Services. You are responsible for paying any difference between the amount billed by the Out-of-Network Provider and the Allowed Amount in addition to any amount You must pay due to Deductible, Copayment and/or Coinsurance. For Out-of-Network Providers, the Allowed Amount may be based upon the billed charges, as determined by the Claims Administrator, or as otherwise required by law.

Timely Filing of Claims

You must provide written proof of loss within one year after the date of service of the claim. If You can show that it was not reasonably possible to provide such proof and that such proof was provided as soon as reasonably possible, failure to furnish proof within the time required will not invalidate or reduce any claim. A claim that is not filed in a timely manner will be denied unless You can reasonably demonstrate that the claim could not have been filed in a timely manner. You may appeal a denial in order to demonstrate that the claim could not have been filed in a timely manner, as outlined in the Appeal process.

Ambulance Claims

When You or Your Provider submits a claim for ambulance services, it must show the location the patient was picked up from and the facility where he or she was taken. It should also show the date of service, the patient's name and the patient's group and identification numbers.
**Claims Determinations**  
Within 30 days of the Claims Administrator's receipt of a claim, You will be notified of the action taken. However, this 30-day period may be extended by an additional 15 days when action cannot be taken on the claim due to lack of information or extenuating circumstances. You will be notified of the extension within the initial 30-day period and provided an explanation why the extension is necessary. If additional information is required to process the claim, You will be allowed at least 45 days to provide it. If the Claims Administrator does not receive the requested information within the time allowed, the claim will be denied.

**OUT-OF-AREA SERVICES**  
The Claims Administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association. Whenever You access health care services outside the geographic area the Claims Administrator serves, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When care is received outside of the Claims Administrator's Service Area, it will be received from one of two kinds of Providers. Most Providers ("participating Providers") contract with the local Blue Cross and/or Blue Shield Licensee in that geographic area ("Host Blue"). Some Providers ("nonparticipating Providers") don’t contract with the Host Blue. This section explains below how the Plan pays both kinds of Providers.

**BlueCard Program**  
Under the BlueCard Program, when Covered Services are received within the geographic area served by a Host Blue, the Claims Administrator will remain responsible for doing what was agreed to in the administrative services contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating Providers.

When Covered Services are received outside the Claims Administrator's Service Area and the claim is processed through the BlueCard Program, the amount the Claimant pays for Covered Services is calculated based on the lower of:

- The billed charges for the Covered Services; or
- The negotiated price that the Host Blue makes available to the Claims Administrator.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to the Claimant's health care Provider. Sometimes, it is an estimated price that takes into account special arrangements with the Claimant's health care Provider or Provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing of claims, as noted above. However, such adjustments will not affect the price the Claims Administrator uses for the Claimant's claim because they will not be applied after a claim has already been paid.

**Value-Based Programs**  
If Covered Services are received under a Value-Based Program inside a Host Blue's service area, the Claimant will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to the Claims Administrator through average pricing or fee schedule adjustments.

For the purpose of this section, the following definitions apply.

- **Value-Based Program**: An outcomes-based payment arrangement and/or a coordinated care model facilitated with one or more local Providers that is evaluated against cost and quality metrics/factors and is reflected in Provider payment.
• Provider Incentive: An additional amount of compensation paid to a healthcare Provider by a Blue Cross and/or Blue Shield Plan, based on the Provider’s compliance with agreed-upon procedural and/or outcome measures for a particular group of covered persons.

• A Care Coordination Fee is a fixed amount paid by a Blue Cross and/or Blue Shield Licensee to Providers periodically for Care Coordination under a Value-Based Program.

Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees
Federal law or state law may require a surcharge, tax or other fee that applies to self-funded accounts. If applicable, any such surcharge, tax or other fee will be included as part of the claim charge passed on to the Claimant.

Nonparticipating Providers Outside the Claims Administrator’s Service Area
• Liability Calculation. When Covered Services are provided outside of the Claims Administrator’s Service Area by nonparticipating Providers, the amount the Claimant pays for such services will normally be based on either the Host Blue’s nonparticipating Provider local payment or the pricing arrangements required by applicable state law. In these situations, the Claimant may be responsible for the difference between the amount that the nonparticipating Provider bills and the payment that will be made for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for nonparticipating emergency services.

• Exceptions. In certain situations, other payment methods may be used, such as billed covered charges, the payment that would have been made if the health care services had been obtained within the Claims Administrator’s Service Area, or a special negotiated payment to determine the amount that will be paid for services provided by nonparticipating Providers. In these situations, the Claimant may be liable for the difference between the amount that the nonparticipating Provider bills and the payment the Claims Administrator will make for the Covered Services as set forth in this paragraph.

BLUE CROSS BLUE SHIELD GLOBAL® CORE
If You are outside the United States You may be able to take advantage of the Blue Cross Blue Shield Global Core when accessing covered health services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the United States in certain ways. For instance, although the Blue Cross Blue Shield Global Core assists You with accessing a network of inpatient, outpatient and professional Providers, the network is not served by a Host Blue. As such, when You receive care from Providers outside the United States, You will typically have to pay the Providers and submit the claims Yourself to obtain reimbursement for these services.

If You need medical assistance services (including locating a doctor or hospital) outside the United States, You should call the service center at 1 (800) 810-BLUE (2583) or call collect at 1 (804) 673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, will arrange a physician appointment or hospitalization, if necessary.

• Inpatient Services
In most cases, if You contact the service center for assistance, Hospitals will not require You to pay for covered inpatient services, except for Your applicable Deductible, Coinsurance, etc. In such cases, the Hospital will submit Your claims to the service center to begin claims processing. However, if You paid in full at the time of services, You must submit a claim to receive reimbursement for covered healthcare services.

• Outpatient Services
Physicians, urgent care centers and other outpatient providers located outside the United States will typically require You to pay in full at the time of services. You must submit a claim to obtain reimbursement for covered healthcare services.

• Submitting a Blue Cross Blue Shield Global Core Claim
When You pay for covered healthcare services outside the BlueCard service area, You must submit a claim to obtain reimbursement. For institutional and professional claims, You should complete a Blue Cross Blue Shield Global Core claim form and send the claim form with the Provider’s itemized bill(s)
to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of Your claim. The claim form is available from Us, the service center or online at www.bcbsglobalcore.com. If You need assistance with Your claim submission, You should call the service center at 1 (800) 810-BLUE (2583) or call collect at 1 (804) 673-1177, 24 hours a day, seven days a week.

**CLAIMS RECOVERY**

If a benefit to which You were not entitled is paid under the Plan, or if a person who is not eligible for benefits at all, is paid under the Plan, the Plan has the right, to recover the payment from the person paid or anyone else who benefited from it, including a Provider of services. The Plan's right to recovery includes the right to deduct the mistakenly paid amount from future benefits that would have been provided the Participant or any of his or her Beneficiaries, even if the mistaken payment was not made on that person's behalf.

The Claims Administrator regularly works to identify and recover claims payments that should not have been made (for example, claims that are the responsibility of another, duplicates, errors, fraudulent claims, etc.). All recovered amounts will be credited to the Plan.

This claims recovery provision in no way reduces the Plan's right to reimbursement or subrogation. Refer to the other-party liability provision in the Claims Administration section for additional information.

**SUBROGATION AND RIGHT OF RECOVERY**

The provisions of this section apply to all current or former Plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the Plan. No adult covered person hereunder may assign any rights that he or she may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the Plan. These provisions will apply to all claims arising from Your Illness or Injury, including, but not limited to, wrongful death, survival or survivorship claims brought on Your, Your estate's or Your heirs' behalf, regardless of whether medical expenses were or could be claimed. "You" or "Your" includes anyone on whose behalf the Plan pays benefits.

The Plan's right of subrogation or reimbursement, as set forth below, extend to all insurance coverage available to You due to an Injury, Illness or condition for which the Plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, Workers Compensation coverage, no fault automobile coverage or any first party insurance coverage).

Your health Plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage, excess coverage or similar contract or insurance.

No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health Plan's subrogation and reimbursement interest are fully satisfied.

**Subrogation**

The “Right of Subrogation” means the Plan is entitled to pursue any claims that You may have in order to recover the benefits paid by the Plan. Immediately upon paying or providing any benefit under the Plan, the Plan shall be subrogated to (stand in the place of) all of Your rights of recovery with respect to any claim or potential claim against any party, due to an Injury, Illness or condition to the full extent of benefits provided or to be provided by the Plan. The Plan may assert a claim or file suit in Your name and take appropriate action to assert its subrogation claim, with or without Your consent. The Plan is not required to pay You part of any recovery it may obtain, even if it files suit in Your name.

**Reimbursement**

If You receive any payment as a result of an Injury, Illness or condition, You agree to reimburse the Plan first from such payment for all amounts the Plan has paid and will pay as a result of that Injury, Illness or condition, up to and including the full amount of Your recovery. Benefit payments made under the Plan...
are conditioned upon Your agreement to reimburse the Plan in full from any recovery You receive for Your Injury, Illness or condition.

Constructive Trust
By accepting benefits (whether the payment of such benefits is made to You or made on Your behalf to any provider) You agree that if You receive any payment as a result of an Injury, Illness or condition, You will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of Your fiduciary duty to the Plan. No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health Plan's subrogation and reimbursement interest are fully satisfied.

Lien Rights
Further, the Plan will automatically have a lien to the extent of benefits paid by the Plan for the treatment of the Illness, Injury or condition upon any recovery whether by settlement, judgment or otherwise, related to treatment for any Illness, Injury or condition for which the Plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the Plan including, but not limited to, You, Your representative or agent, and/or any other source that possessed or will possess funds representing the amount of benefits paid by the Plan.

Assignment
In order to secure the Plan's recovery rights, You agree to assign to the Plan any benefits or claims or rights of recovery You have under any automobile policy or other coverage, to the full extent of the Plan's subrogation and reimbursement claims. This assignment allows the Plan to pursue any claim You may have, whether or not You choose to pursue the claim.

First-Priority Claim
By accepting benefits from the Plan, You acknowledge that the Plan's recovery rights are a first priority claim and are to be repaid to the Plan before You receive any recovery for Your damages. The Plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the Plan will result in a recovery which is insufficient to make You whole or to compensate You in part or in whole for the damages sustained. The Plan is not required to participate in or pay Your court costs or attorney fees to any attorney You hire to pursue Your damage claim.

Applicability to All Settlements and Judgments
The terms of this entire subrogation and right of recovery provision shall apply and the Plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the Plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses provided by the Plan. The Plan is entitled to recover from any and all settlements or judgments, even those designated as pain and suffering, non-economic damages and/or general damages only. The Plan's claim will not be reduced due to Your own negligence.

Cooperation
You agree to cooperate fully with the Plan's efforts to recover benefits paid. It is Your duty to notify the Plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to Your Injury, Illness or condition. You and Your agents agree to provide the Plan or its representatives notice of any recovery You or Your agents obtain prior to receipt of such recovery funds or within five days if no notice was given prior to receipt of recovery funds. Further, You and Your agents agree to provide notice prior to any disbursement of settlement or any other recovery funds obtained. You and Your agents shall provide all information requested by the Plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the Plan may reasonably request and all documents related to or filed in personal Injury litigation. Failure to provide this information, failure to assist the Plan in pursuit of its subrogation rights or failure to reimburse the Plan from any settlement or recovery You receive may result in the denial of any future benefit payments or claim until the Plan is reimbursed in full, termination of Your health benefits or the institution of court proceedings against You.
You shall do nothing to prejudice the Plan's subrogation or recovery interest or prejudice the Plan's ability to enforce the terms of this Plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the Plan or disbursement of any settlement proceeds or other recovery prior to fully satisfying the health Plan's subrogation and reimbursement interest.

You acknowledge that the Plan has the right to conduct an investigation regarding the Injury, Illness or condition to identify potential sources of recovery. The Plan reserves the right to notify all parties and his/her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

Workers' Compensation
If the entity providing workers' compensation coverage denies Your claim and You have filed an appeal, benefits may be advanced for Covered Services if You agree to hold any recovery obtained in a segregated account for the Plan.

Future Medical Expenses
Benefits for otherwise Covered Services may be excluded when You have received a recovery from another source relating to an Illness or Injury for which benefits would normally be provided. However, the amount of any Covered Services excluded under this provision will not exceed the amount of Your recovery.

Interpretation
In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the Plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction
By accepting benefits from the Plan, You agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the Plan may elect. By accepting such benefits, You hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of Your present or future domicile. By accepting such benefits, You also agree to pay all attorneys' fees the Plan incurs in successful attempts to recover amounts the Plan is entitled to under this section.

MAINTENANCE OF BENEFITS
The Maintenance of Benefits (MOB) provision applies when You have health care coverage under more than one plan (This Plan and an Other Plan). These plans are defined below.

The order of benefit determination rules govern the order which each plan will pay a claim for benefits. The plan that pays first is called the Primary Plan. The Primary Plan must pay benefits according to its policy terms without regard to the possibility that an Other Plan may cover some expenses. The plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all plans do not exceed 100 percent of the total Allowable Expense.

Maintenance of benefits is the form of coordination used by This Plan and it is important to note that this Maintenance of Benefits provision limits what This Plan will pay when it is in other than the Primary Plan position so that This Plan's payment will not cause the total benefits available under all plans to exceed what This Plan would have paid if it had been primary. This means that it is not necessarily advantageous for Your dependents to enroll under multiple plans because the total payments from all plans may not be more than what would have been paid had This Plan been the only coverage.

Definitions
For the purpose of this Section, the following definitions shall apply:

An Other Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no coordination of benefits among those separate contracts. However, if coordination of benefits rules do not apply to all contracts, or to all
benefits in the same contract, the contract or benefit to which coordination of benefits does not apply is treated as a separate plan.

- Other Plan includes: group, individual or blanket disability insurance contracts, and group or individual contracts issued by health care service contractors or health maintenance organizations (HMO), Closed Panel Plans or other forms of group coverage; medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law.
- Other Plan does not include: hospital indemnity or fixed payment coverage or other fixed indemnity or fixed payment coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for nonmedical components of long-term care policies; automobile insurance policies required by statute to provide medical benefits; Medicare supplement policies; Medicaid coverage; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under the above bullet points is a separate plan. If a plan has two parts and coordination of benefits rules apply only to one of the two, each of the parts is treated as a separate plan.

This Plan means the part of the Booklet providing the health care benefits to which the MOB provision applies and which may be reduced because of the benefits of Other Plans. Any other part of the Booklet providing health care benefits is separate from This Plan. A contract may apply one coordination of benefits provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another coordination of benefits provision to coordinate other benefits.

The order of benefit determination rules determine whether This Plan is a "Primary Plan" or "Secondary Plan" when You have health care coverage under more than one plan.

Allowable Expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any plan covering You. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering You is not an Allowable Expense.

When Medicare, Part A, Part B, Part C, or Part D is primary, Medicare's allowable amount is the Allowable Expense.

The following are examples of expenses that are not Allowable Expenses:

- The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable Expense, unless one of the plans provides coverage for private hospital room expenses.
- If You are covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement method, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
- If You are covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.

Closed Panel Plan is a plan that provides health care benefits to You in the form of services through a panel of providers who are primarily employed by the plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the Calendar Year excluding any temporary visitation.

Order of Benefit Determination Rules
When You are covered by two or more plans, the rules for determining the order of benefit payments are as follows. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any Other Plan. A plan that does not contain a coordination of benefits provision that is consistent with chapter 284-51 of the Washington Administrative Code is always primary.
unless the provisions of both plans state that the complying plan is primary, except coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage is excess to any other parts of the plan provided by the contract holder. Examples include major medical coverages that are superimposed over hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits. A plan may consider the benefits paid or provided by an Other Plan in calculating payment of its benefits only when it is secondary to that Other Plan.

Each plan determines its order of benefits using the first of the following rules that apply:

**Non-Dependent or Dependent.** The plan that covers You other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the plan that covers You as a dependent is the Secondary Plan. However, if You are a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering You as a dependent, and primary to the plan covering You as other than a dependent (for example, a retired employee), then the order of benefits between the two plans is reversed so that the plan covering You as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the Other Plan is the Primary Plan.

**Child Covered Under More Than One Plan.** Unless there is a court decree stating otherwise, when a child is covered by more than one plan the order of benefits is determined as follows:

- For a child whose parents are married or are living together, whether or not they have ever been married:
  - The plan of the parent whose birthday falls earlier in the Calendar Year is the Primary Plan; or
  - If both parents have the same birthday, the plan that has covered the parent the longest is the Primary Plan.

- For a child whose parents are divorced or separated or not living together, whether or not they have ever been married:
  - If a court decree states that one of the parents is responsible for the child’s health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods commencing after the plan is given notice of the court decree;
  - If a court decree states one parent is to assume primary financial responsibility for the child but does not mention responsibility for health care expenses, the plan of the parent assuming financial responsibility is primary;
  - If a court decree states that both parents are responsible for the child’s health care expenses or health care coverage, the provisions of the first bullet point above (for child(ren) whose parents are married or are living together) determine the order of benefits;
  - If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the child, the provisions of the first bullet point above (for child(ren) whose parents are married or are living together) determine the order of benefits; or
  - If there is no court decree allocating responsibility for the child’s health care expenses or health care coverage, the order of benefits for the child are as follows:
    - The plan covering the Custodial Parent, first;
    - The plan covering the spouse of the Custodial Parent, second;
    - The plan covering the noncustodial parent, third; and then
    - The plan covering the spouse of the noncustodial parent, last.

- For a child covered under more than one plan of individuals who are not the parents of the child, the provisions of the first or second bullet points above (for child(ren) whose parents are married or are...
living together or for child(ren) whose parents are divorced or separated or not living together) determine the order of benefits as if those individuals were the parents of the child.

**Active Employee or Retired or Laid-off Employee.** The plan that covers You as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The plan covering You as a retired or laid-off employee is the Secondary Plan. The same would hold true if You are a dependent of an active employee and You are a dependent of a retired or laid-off employee. If the Other Plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the Non-Dependent or Dependent provision above can determine the order of benefits.

**COBRA or State Continuation Coverage.** If Your coverage is provided under COBRA or under a right of continuation provided by state or other federal law, the plan covering You as an employee, member, subscriber or retiree or covering You as a dependent of an employee, member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the Other Plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the Non-Dependent or Dependent provision above can determine the order of benefits.

**Longer or Shorter Length of Coverage.** The plan that covered You as an employee, member, policyholder, subscriber or retiree longer is the Primary Plan and the plan that covered You the shorter period of time is the Secondary Plan.

If the preceding rules do not determine the order of benefits, the Allowable Expenses must be shared equally between the plans meeting the definition of This Plan or Other Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

**Effect on the Benefits of this Plan**
When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided will not total more than the amount that would have been paid had This Plan been the sole plan.

For example, say You are employed by the Plan Sponsor and You cover Yourself and Your spouse under This Plan, and Your spouse is also covered under his or her employer's plan. If Your spouse incurs an expense covered under both plans and Your spouse's plan is the Primary Plan, This Plan, when paying as the Other Plan, would either pay the amount which when added to the Primary Plan's payment would equal the amount This Plan would have paid had it been the Primary Plan or nothing if the Primary Plan's payment exceeded the amount This Plan would have paid had it been the Primary Plan.

**Right to Receive and Release Needed Information**
Certain facts about health care coverage and services are needed to apply these MOB rules and to determine benefits payable under This Plan and Other Plans. The Claims Administrator may get the needed facts from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and Other Plans covering You. The Claims Administrator need not tell, or get the consent of, any person to do this. You, to claim benefits under This Plan, must give the Claims Administrator any facts they need to apply those rules and determine benefits payable.

**Facility of Payment**
If payments that should have been made under This Plan are made by an Other Plan, the amount determined to be appropriate to satisfy the intent of this provision may be remitted to the Other Plan. The amounts paid to the Other Plan are considered benefits paid under This Plan. To the extent of such payments, this Plan is fully discharged from liability.

**Right of Recovery**
This Plan has the right to recover excess payment whenever it has paid Allowable Expenses in excess of the maximum amount of payment necessary to satisfy the intent of this provision. This Plan may recover excess payment from any person to whom or for whom payment was made or any other issuers or plans.
If You are covered by more than one health benefit plan, and You do not know which is Your Primary Plan, You or Your Provider should contact any one of the health plans to verify which plan is primary. The health plan you contact is responsible for working with the other plan to determine which is primary and will let You know within 30 calendar days.

CAUTION: All health plans have timely claim filing requirements. If You or Your Provider fail to submit Your claim to a secondary health plan within that plan’s claim filing time limit, the plan can deny the claim. If You experience delays in the processing of Your claim by the primary health plan, You or Your Provider will need to submit Your claim to the secondary health plan within its claim filing time limit to prevent a denial of the claim.

To avoid delays in claim processing, if You are covered by more than one plan You should promptly report to Your Providers and plans any changes in Your coverage.
Appeal Process

If You or Your Representative (any Representative authorized by You) has a concern regarding a claim denial or other action under the Plan and wishes to have it reviewed, You may Appeal. There are two levels of Appeal, as well as additional voluntary Appeal levels You may pursue. Certain matters requiring quicker consideration qualify for a level of Expedited Appeal and are described separately later in this section.

Appeal information specific to prescription medications is located in Your Prescription Medication Benefits Administered By CVS Caremark at the end of this Booklet.

APPEALS

Appeals can be initiated through either written or verbal request. A written request can be made by sending it to the Claims Administrator at: Attn: Appeals, Regence BlueShield, P.O. Box 2998, Tacoma, WA 98401-2998 or facsimile 1 (877) 663-7526. Verbal requests can be made by calling the Claims Administrator at 1 (800) 376-7926.

Each level of Appeal, except voluntary external review, must be pursued within 180 days of Your receipt of the Claims Administrator's determination (or, in the case of the first level, within 180 days of Your receipt of the Claims Administrator's original adverse decision that You are appealing). You, or Your Representative on Your behalf, will be given a reasonable opportunity to provide written materials. If You don't Appeal within this time period, You will not be able to continue to pursue the Appeal process and may jeopardize Your ability to pursue the matter in any forum.

If Your health could be jeopardized by waiting for a decision under the regular Appeal process, an expedited Appeal may be requested. See Expedited Appeals later in this section for more information.

First-Level Appeals

First-level Appeals are reviewed by a Claims Administrator employee or employees who were not involved in the initial decision that You are appealing. In Appeals that involve issues requiring medical judgment, the decision is made by the Claims Administrator's staff of healthcare professionals. For Post-Service Appeals, a written notice of the decision will be sent within 30 days of receipt of the Appeal. For Appeals involving a Pre-Service preauthorization of a procedure, the Claims Administrator will send a written notice of the decision within 15 days of receipt of the Appeal.

Second-Level Appeals

Second-level Appeals are reviewed by the Claims Administrator employee or employees who were not involved in, or subordinate to anyone involved in, the initial or the first-level decision. For Post-Service Appeals, a written notice of the decision will be sent within 30 days of receipt of the Appeal. For Appeals involving a Pre-Service preauthorization of a procedure, the Claims Administrator will send a written notice of the decision within 15 days of receipt of the Appeal.

VOLUNTARY EXTERNAL APPEAL - IRO

A voluntary Appeal to an Independent Review Organization (IRO) is available for issues involving medical judgment (including, but not limited to, those based on the Plan's requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness of a Covered Service; or the determination that a treatment is Investigational), but only after You have exhausted all of the applicable non-voluntary levels of Appeal, or if the Claims Administrator has failed to adhere to all claims and internal Appeal requirements. Voluntary External Appeals must be requested within four months of Your receipt of the notice of the prior adverse decision.

The Claims Administrator coordinates voluntary external Appeals, but the decision is made by an IRO at no cost to You. The Claims Administrator will provide the IRO with the Appeal documentation. The IRO will make its decision and provide You with its written determination within 45 days after their receipt of the request. Choosing the voluntary external Appeal as the final level to determine an Appeal will be binding in accordance with the IRO's decision and this section, except to the extent other remedies are available under State or Federal law.
The voluntary external Appeal by an IRO is optional and You should know that other forums may be utilized as the final level of Appeal to resolve a dispute You have under the Plan.

EXPEDITED APPEALS
An expedited Appeal is available if one of the following applies:

- the application of regular Appeal time frames on a Pre-Service or concurrent care claim could jeopardize Your life, health or ability to regain maximum function; or
- according to a Physician with knowledge of Your medical condition, would subject You to severe pain that cannot be adequately managed without the disputed care or treatment.

First-Level Expedited Appeal
The first-level expedited Appeal request should state the need for a decision on an expedited basis and must include documentation necessary for the Appeal decision. First-level expedited Appeals are reviewed by the Claims Administrator's staff of healthcare professionals who were not involved in, or subordinate to anyone involved in, the initial denial determination. A verbal notice of the decision will be provided to You and Your Representative as soon as possible after the decision, but no later than 72 hours of receipt of the Appeal. A written notification of the decision will be mailed to You within three calendar days of the verbal notification.

Voluntary Expedited External Appeal - IRO
If You disagree with the decision made in the first-level expedited Appeal and You or Your Representative reasonably believes that preauthorization remains clinically urgent (Pre-Service or concurrent), You may request a voluntary expedited external Appeal to an IRO. The criteria for a voluntary expedited external Appeal to an IRO are the same as described above for voluntary external Appeal.

The Claims Administrator coordinates voluntary expedited external Appeals, but the decision is made by an IRO at no cost to You. The Claims Administrator will provide the IRO with the Appeal documentation. Verbal notice of the IRO’s decision will be provided to You and Your Representative by the IRO as soon as possible after the decision, but no later than within 72 hours of its receipt of Your request, followed by written notification within 48 hours of the verbal notification. Choosing the voluntary expedited Appeal as the final level to determine an Appeal will be binding in accordance with the IRO’s decision and this section.

The voluntary expedited Appeal by an IRO is optional and You should know that other forums may be used as the final level of expedited Appeal to resolve a dispute You have under the Plan.

INFORMATION
If You have any questions about the Appeal process outlined here, contact Customer Service at 1 (800) 376-7926 or write to Customer Service at the following address: Regence BlueShield, P.O. Box 2998, Tacoma, WA 98401-2998 or facsimile 1 (877) 663-7526.

DEFINITIONS SPECIFIC TO THE APPEAL PROCESS
Appeal means a written or verbal request from a Claimant or, if authorized by the Claimant, the Claimant's Representative, to change a previous decision made under the Plan concerning:

- access to health care benefits, including an adverse determination made pursuant to utilization management;
- claims payment, handling or reimbursement for health care services;
- matters pertaining to the contractual relationship between a Claimant and the Plan; and
- other matters as specifically required by state law or regulation.

Independent Review Organization (IRO) is an independent Physician review organization which acts as the decision-maker for voluntary external Appeals and voluntary expedited Appeals, through an independent contractor relationship with the Claims Administrator and/or through assignment to the Claims Administrator via state regulatory requirements. The IRO is unbiased and is not controlled by the Claims Administrator.
Post-Service means any claim for benefits that is not considered Pre-Service.

Pre-Service means any claim for benefits which must be approved in advance, in whole or in part, in order for a benefit to be paid.

Representative means someone who represents You for the Appeal. The Representative may be an attorney, Your authorized Representative or a treating Provider. It may also be another party, such as a family member, as long as You or Your legal guardian authorize in writing, disclosure of personal information for the Appeal. No authorization is required from the parent(s) or legal guardian of a Claimant who is an unmarried and dependent child and is less than 13 years old. For expedited Appeals only, a health care professional with knowledge of Your medical condition is recognized as Your Representative. Even if You have previously designated a person as Your Representative for a previous matter, an authorization designating that person as Your Representative in a new matter will be required (but redesignation is not required for each Appeal level). If no authorization exists and is not received in the course of the Appeal, the determination and any personal information will be disclosed to You or Your treating Provider only.
Eligibility Appeals

Mail eligibility appeals to:

Benefits, Payroll and Retirement Operations
The Chinook Building, CNK-ES-0240
401 Fifth Avenue
Seattle, WA 98104-2333.

A Benefits, Payroll and Retirement Operations staff member will review Your appeal and notify You of the eligibility determination within these time frames:

- within 3 business days for urgent appeals (call 206-684-1556 to file an urgent appeal);
- within 14 days for pre-service appeals (within 30 days if You are notified that an extension is necessary);
- within 20 days for post-service appeals (within 40 days if You are notified that an extension is necessary); and
- within the time frames for urgent, pre-service or post-service appeals for concurrent appeals, depending on the nature of the claim.

If Your eligibility appeal is denied by King County, the notice will include the Plan provision behind the decision and advise You of Your right to obtain free copies of relevant documentation.

Benefits, Payroll and Retirement Operations has sole discretionary authority to determine benefit eligibility under the Plan, and its decision is final and binding. In reviewing Your claim, Benefits, Payroll and Retirement Operations applies the Plan terms and uses its discretion in interpreting Plan terms. Benefits are paid only if You meet the eligibility and participation requirements and Benefits, Payroll and Retirement Operations determines that You're entitled to benefits.

If You believe Your eligibility appeal was denied because relevant information or documents weren't considered, Benefits, Payroll and Retirement Operations offers You the option of filing an eligibility appeal addendum within 60 days after You receive the eligibility appeal denial notice. The addendum must include the relevant information or documents. Send eligibility appeal addenda to the same address as for eligibility appeals, but to the attention of the Benefits, Payroll and Retirement Operations manager.

The manager will review the additional information You provide, consult with appropriate county personnel and notify You in writing of the eligibility determination. The notice will indicate the specific Plan provision behind the decision and advise You of Your right to obtain free copies of related documentation.

It is the manager's exclusive right to interpret and apply the eligibility terms and exercise discretion to resolve all eligibility questions for county employees. The manager's decisions are final and binding.

If You disagree with Your eligibility appeal determination, You may file a grievance with Your union or initiate legal action. Any legal action must be taken within two years of the date You or Your dependent is denied Plan participation, or You forfeit Your right to legal action.
Who Is Eligible, How to Enroll and When Coverage Begins

This section explains how to enroll Yourself and/or Your eligible dependents when first eligible, during a period of special enrollment or during an annual enrollment period. It describes when coverage under the Plan begins for You and/or Your eligible dependents, though payment of any corresponding monthly costs is required for coverage to begin on the indicated dates.

INITIALLY ELIGIBLE, WHEN COVERAGE BEGINS
Coverage for You and Your enrolling eligible dependents will begin on the first day of the month following Your hire date, which is the first day You report to work. If Your hire date is the first calendar day of the month, coverage will begin on Your hire date.

Except as described under the special enrollment provision, if You and/or Your eligible dependents do not enroll for coverage under the Plan when first eligible or You do not enroll in a timely manner, You and/or Your eligible dependents must wait until the next annual enrollment period to enroll.

Employees
You become eligible to enroll in coverage on the date You have worked for the Plan Sponsor long enough to satisfy any required probationary period.

Dependents
Your Beneficiaries are eligible for coverage when You have listed them on the enrollment form or on subsequent change forms and when the Claims Administrator has enrolled them in coverage under the Plan. Dependents are limited to the following:

- The person to whom You are legally married (spouse).
- Your registered domestic partner or domestic partner for whom You have submitted an accurate and complete affidavit of qualifying domestic partnership.
- Your (or Your spouse's or Your domestic partner's) child who is under age 26 and who meets any of the following criteria:
  - Your (or Your spouse's or Your domestic partner's) natural child, step child, adopted child or child legally placed with You (or Your spouse or Your domestic partner) for adoption;
  - a child for whom You (or Your spouse or Your domestic partner) have court-appointed legal guardianship; and
  - a child for whom You (or Your spouse or Your domestic partner) are required to provide coverage by a legal qualified medical child support order (QMCSO).
- Your (or Your spouse's or Your domestic partner's) otherwise eligible child who is age 26 or over and incapable of self-support because of developmental disability or physical handicap that began before his or her 26th birthday, if You complete and submit the Claims Administrator's affidavit of dependent eligibility form, with written evidence of the child's incapacity, within 31 days of the later of the child's 26th birthday or Your Effective Date and either:
  - he or she is a Beneficiary immediately before his or her 26th birthday; or
  - his or her 26th birthday precede Your Effective Date and he or she has been continuously covered as Your dependent on group coverage since that birthday.

The Claims Administrator's affidavit of dependent eligibility form is available by visiting the Web site or by calling Customer Service. The Claims Administrator may request updates on the child's disability or handicap at reasonable times as considered necessary (but this will not be more often than annually following the dependent's 28th birthday).

NEWLY ELIGIBLE DEPENDENTS
You may enroll a dependent who becomes eligible for coverage after Your Effective Date by completing and submitting an enrollment request (and, for a non-registered domestic partner, an affidavit of qualifying domestic partnership) to the Claims Administrator. Application for enrollment of a new child by birth, adoption or Placement for Adoption must be made within 60 days of the date of birth, adoption or
Placement for Adoption if payment of additional premium is required to provide coverage for the child. Application for enrollment of all other newly eligible dependents must be made within 30 days of the dependent's attaining eligibility. Coverage for such dependents will begin on their Effective Dates. For a new child by birth, the Effective Date is the date of birth. For a new child adopted or placed for adoption within 60 days of birth, the Effective Date is the date of birth, if any associated additional premium has been paid within 60 days of birth. The Effective Date for any other child by adoption or Placement for Adoption is the date of Placement for Adoption. For other newly eligible dependents, the Effective Date is the first day of the month following receipt of the application for enrollment.

NOTE: The regular benefits of the Plan will be provided for a newborn child for up to 21 days following birth when delivery of the child is covered under the Plan. Such benefits will not be subject to enrollment requirements for a newborn as specified here, or the payment of a separate charge for coverage of the child. Coverage, however, is subject to all provisions, limitations and exclusions of the Plan. No benefits will be provided after the 21st day unless the newborn is enrolled according to the enrollment requirements for a newborn.

SPECIAL ENROLLMENT
There are certain situations when You may enroll Yourself and/or Your eligible dependents, even though You didn't do so when first eligible, and You do not have to wait for an annual enrollment period.

Note that loss of eligibility does not include a loss because You failed to timely pay Your portion of the cost of coverage or when termination of coverage was because of fraud. It also doesn't include Your decision to terminate coverage, though it may include Your decision to take another action (for example, terminating employment) that results in a loss of eligibility.

If You are already enrolled or if You declined coverage when first eligible and subsequently have one of the following qualifying events, You, (unless already enrolled), Your spouse (or Your domestic partner) and any eligible children are eligible to enroll for coverage under the Plan within 30 days from the date of the qualifying event (except that where the qualifying event is involuntary loss of coverage under Medicaid or the Children's Health Insurance Program (CHIP), You have 60 days from the date of the qualifying event to enroll):

- You and/or Your eligible dependents lose coverage under another group or individual health benefit plan due to one of the following:
  - an employer's contributions to that other plan are terminated;
  - exhaustion of federal COBRA or any state continuation; or
  - loss of eligibility, for instance, due to legal separation, divorce, termination of domestic partnership, death, termination of employment or reduction in hours, or meeting or exceeding the lifetime limit on all benefits of a former plan.

- You and/or Your eligible dependent lose coverage due to no longer residing, living, or working in the service area of that coverage (and, if the coverage is in the group market, no other benefit package was available through the sponsoring entity).

- You involuntarily lose coverage under Medicare, CHAMPUS/Tricare, Indian Health Service or a publicly sponsored or subsidized health plan (other than the Children's Health Insurance Program (CHIP), see below).

- You lose coverage under Medicaid or the Children's Health Insurance Program (CHIP).

For the above qualifying events, if enrollment is requested as specified, coverage will be effective on the day after the prior coverage ended.

If You are already enrolled or if You declined coverage when first eligible and subsequently have one of the following qualifying events, You, (unless already enrolled), Your spouse (or Your domestic partner) and any eligible children are eligible to apply for coverage under the Plan within 30 days from the date of the qualifying event (except that, where the qualifying event is You and/or Your Beneficiary becoming eligible for premium assistance under Medicaid or Children's Health Insurance Program (CHIP), or the Washington State Department of Social and Health Services (DSHS) determination that it is cost-effective...
for an eligible Beneficiary to have coverage under the Plan, you have 60 days from the date of the qualifying event to enroll):

- You marry or begin a domestic partnership; or
- You acquire a new child by birth, adoption, or Placement for Adoption.

If you are already enrolled or if you declined coverage when first eligible and subsequently have the following qualifying event, you (unless already enrolled), your spouse (or your domestic partner) and any eligible children are eligible to enroll for coverage under the Plan within 60 days from the date of the qualifying event:

- You and/or your dependent(s) become eligible for premium assistance under Medicaid or the Children's Health Insurance Program (CHIP).

For the above qualifying events, if enrollment is requested as specified, coverage will be effective on the first of the calendar month following the date of the qualifying event, except that where the qualifying event is a child’s birth, adoption, or Placement for Adoption, coverage is effective from the date of the birth, adoption or placement.

**ANNUAL ENROLLMENT PERIOD**

The annual enrollment period is the only time, other than initial eligibility or a special enrollment period, during which you and/or your eligible dependents may enroll. You must submit an enrollment form (and, in the case of a non-registered domestic partner, a completed affidavit of qualifying domestic partnership form) on behalf of all individuals you want enrolled. Coverage will begin on the Effective Date.

**DOCUMENTATION OF ELIGIBILITY**

You must promptly furnish or cause to be furnished any information necessary and appropriate to determine the eligibility of a dependent. Such information must be received before enrolling a person as a dependent under the Plan.

**RETIREE ELIGIBILITY**

If you have County health coverage on your last day of employment, it continues through the last day of the month in which you leave. When County-paid coverage ends and you begin drawing a retirement pension, you and your covered dependents can pay to continue coverage under the Retiree Medical Plan if you meet all of the following qualifications:

- You have County health benefits on your last day of employment.
- You have been a King County employee for at least five years of cumulative service.
- You are not entitled to Medicare.
- You are not covered under another group medical plan.
- You meet the requirements for formal service or disability retirement under the Washington State Public Employees Retirement Act or Seattle City Employees’ Retirement System (applies only if you elected to remain under the City of Seattle system by formal agreement between the County and City).

To qualify for Retiree Medical, you must retire from King County. Retirement is defined as:

"Retiring as a result of length of service, which means an employee is eligible, applies for, and begins drawing a pension benefit from LEOFF, PERS Defined Benefit Plan, PSERS or the Seattle City Employees’ Retirement System (for County employees who were formally grandfathered with continued participation in that plan) immediately upon terminating from County employment."
When Coverage Ends

This section describes the situations when coverage will end for You and/or Your Beneficiaries. You must notify the Claims Administrator within 30 days of the date on which an enrolled Beneficiary is no longer eligible for coverage.

No person will have a right to receive any benefits after the Plan terminates. Termination of Your or Your Beneficiary's coverage under the Plan for any reason will completely end all obligations to provide You or Your Beneficiary benefits for Covered Services received after the date of termination. This applies whether or not You or Your Beneficiary is then receiving treatment or is in need of treatment for any Illness or Injury incurred or treated before or while the Plan was in effect.

AGREEMENT TERMINATION
If the Agreement is terminated or not renewed, claims administration by Regence ends for You and Your Beneficiaries on the date the Agreement is terminated or not renewed (except, if agreed between the Plan Sponsor and Regence, Regence may administer certain claims for services that Claimants received before that termination or nonrenewal).

WHAT HAPPENS WHEN YOU ARE NO LONGER ELIGIBLE
If You are no longer eligible as explained in the following paragraphs, coverage ends for You and Your Beneficiaries on the last day of the month in which Your eligibility ends. However, it may be possible for You and/or Your Beneficiaries to continue coverage under the Plan according to the continuation of coverage provisions.

TERMINATION OF YOUR EMPLOYMENT OR YOU ARE OTHERWISE NO LONGER ELIGIBLE
If You are no longer eligible due to termination of employment or You are otherwise no longer eligible according to the terms of the Plan, coverage will end for You and all Beneficiaries on the last day of the month following the date on which eligibility ends.

NONPAYMENT
If You fail to make required timely contributions to the cost of coverage under the Plan, coverage will end for You and all Beneficiaries.

FAMILY AND MEDICAL LEAVE
If Your employer grants You a leave of absence under the Family and Medical Leave Act of 1993 (Public Law 103-3, "FMLA") the following rules will apply. You will be entitled to continued coverage under this provision only to the extent You are eligible for leave under the terms of the FMLA. If any conflicts arise between the provisions described here and FMLA, the minimum requirements of FMLA will govern. You and Your Beneficiaries will remain eligible to be enrolled under the Plan during the FMLA leave for a period of up to 12 weeks during a 12-month period as outline in Federal law. During the FMLA leave, You must continue to make payments for coverage through the Plan Sponsor on time (as applicable). The provisions described here will not be available if the Plan terminates.

If You and/or Your Beneficiaries elect not to remain enrolled during the FMLA leave, You (and/or Your Beneficiaries) will be eligible to be reenrolled under the Plan on the first day of the month following Your return to work date (unless You return on the first day of the month in which case benefit coverage begins on the date of return to work).

A person who does not return to active employment following FMLA leave may be entitled to COBRA continuation coverage. The duration of that COBRA continuation will be calculated from the date the person fails to return from the FMLA leave.

FAMILY AND MEDICAL LEAVE - OTHER
If Your employer grants You a leave of absence under eligible federal, Washington State or King County family medical leave laws you may be entitled to continued coverage under this provision only to the extent You are eligible. You and Your Beneficiaries will remain eligible to be enrolled under the Plan
during any period of applicable family and medical leave laws that require an offer of benefits and/or when in a paid leave status.

**LEAVE OF ABSENCE WITHOUT PAY**
If You are granted a leave of absence without pay, You may continue to receive coverage for up to 30 calendar days. After 30 calendar days has been exhausted, Your coverage ends unless You return to work, enter a paid status or are eligible for a family and medical leave law that provides medical benefits.

A leave of absence without pay is defined as a leave of absence that is unpaid and is not eligible for coverage under any applicable Federal, Washington State, or King County family medical leave law. Examples of applicable laws include FMLA, KCFML, WFLA, WFCA (King County Code 3.12.250). A leave of absence is an employer-granted period off work made at Your request during which You are still considered to be employed and are carried on the Plan Sponsor's employment records. A leave can be granted for any reason acceptable to Your employer.

**WHAT HAPPENS WHEN YOUR BENEFICIARIES ARE NO LONGER ELIGIBLE**
If Your dependent is no longer eligible as explained in the following paragraphs, his or her coverage will end on the last day of the month in which his or her eligibility ends. However, it may be possible for an ineligible dependent to continue coverage under the Plan according to the continuation of coverage provisions.

**Divorce or Annulment**
Eligibility ends for Your enrolled spouse and the spouse's children (unless such children remain eligible by virtue of their continuing relationship to You) on the last day of the month following the date a divorce or annulment is final.

**Death of the Enrolled Participant**
If You die, coverage for Your Beneficiaries ends on the last day of the month in which Your death occurs.

**Termination of Domestic Partnership**
If Your domestic partnership terminates after the Effective Date (including any change in status such that You and Your domestic partner no longer meet any of the requirements outlined in the definition of a dependent), eligibility ends for the domestic partner and the domestic partner's children (unless such children remain eligible by virtue of their continuing relationship to You) on the last day of the month following the date of termination of the domestic partnership. You are required to provide notice of the termination of a domestic partnership within 30 days of its occurrence. This termination provision does not apply to any termination of domestic partnership that occurs as a matter of law because the parties to the domestic partnership enter into a marriage (including any entry into marriage by virtue of an automatic conversion of the domestic partnership into a marriage).

**Loss of Dependent Status**
- Eligibility ends on the last day of the month in which an enrolled child exceeds the dependent age limit.
- An enrolled child will also lose eligibility on the date the child is removed from placement if there is disruption of placement before legal adoption.

**OTHER CAUSES OF TERMINATION**
Claimants may be terminated for any of the following reasons. However, it may be possible for them to continue coverage under the Plan according to the continuation of coverage provisions.

**Fraudulent Use of Benefits**
If You or Your Beneficiary engages in an act or practice that constitutes fraud in connection with coverage or makes an intentional misrepresentation of material fact in connection with coverage, coverage under the Plan will terminate for that Claimant.

**Fraud or Misrepresentation in Application**
Coverage under the Plan is based upon all information furnished to the Claims Administrator, for the benefit of the Plan by You or on behalf of You and Your Beneficiaries. In the event of any intentional
misrepresentation of material fact or fraud regarding a Claimant (including, but not limited to, a person who is listed as a dependent, but does not meet the eligibility requirements in effect with the Plan Sponsor), any action allowed by law or contract may be taken, including denial of benefits, termination of coverage and/or pursuit of criminal charges and penalties.
COBRA Continuation of Coverage

COBRA is a continuation of this coverage for a limited time after certain events cause a loss of eligibility. COBRA continuation does not apply to all groups.

If the Plan is subject to COBRA, COBRA continuation is available to Your Beneficiaries if they lose eligibility because:

- Your employment is terminated (unless the termination is for gross misconduct);
- Your hours of work are reduced;
- You die;
- You and Your spouse divorce or the marriage is annulled;
- You and Your domestic partner terminate the domestic partnership;
- You become entitled to Medicare benefits; or
- Your Beneficiary loses eligibility as a child under this coverage.

COBRA also is available to You if You lose eligibility because Your employment terminates (other than for gross misconduct) or Your hours of work are reduced. (A special COBRA continuation also applies to You and Your Beneficiaries under certain conditions if You are retired and Your employer files for bankruptcy.)

There are some circumstances involving disability or the occurrence of a second one of these events that can result in extension of the limited period of continuation following a termination of employment or reduction in working hours. COBRA also can terminate earlier than the maximum periods.

General Rules

Generally, You or Your Beneficiaries are responsible for payment of the full cost for COBRA continuation coverage, plus an administration fee, even if the Plan Sponsor contributes toward the cost of those not on COBRA continuation. The administration fee is 2 percent or, during any period of extension for disability, 50 percent.

In order to preserve Your and Your Beneficiary’s rights under COBRA, You or Your Beneficiaries must inform the Plan Sponsor in writing within 60 days of:

- Your divorce or annulment, termination of domestic partnership or a loss of eligibility of a child;
- Your initial loss of eligibility due to Your termination of employment or reduction in working hours and You experience another one of the events listed above; or
- a Social Security disability determination that You or Your Beneficiary was disabled for Social Security purposes at the time of a termination of employment or reduction in working hours or within the first 60 days of COBRA continuation following that event. (If a final determination is later made that You or Your Beneficiary is no longer disabled for Social Security purposes, You or Your Beneficiary must provide the Plan Sponsor notice of that determination within 30 days of the date it is made.)

The Plan Sponsor also must meet certain notification, election and payment deadline requirements. It is very important that You keep the Plan Sponsor informed of the current address of all Claimants who are or may become qualified beneficiaries.

If You or Your Beneficiaries do not elect COBRA continuation coverage, coverage under the Plan will end according to the terms described in the Booklet and claims under the Plan for services provided on and after the date coverage ends will not be paid.

Notice

The complete details on the COBRA Continuation provisions outlined here are available from the Plan Sponsor.

After You and/or Your Beneficiaries’ exhaust COBRA continuation coverage, an Individual policy may be available.
Other Continuation Options

This section describes situations when coverage may be extended for You and/or Your Beneficiaries beyond the date of termination.

**Medicare Supplement or Individual Contract**

When eligibility under the Plan terminates, You may be eligible for coverage under an individual insurance policy or a Medicare supplement plan through the Claims Administrator. Additional information is available by contacting Customer Service.

- If You are eligible for Medicare, You may be eligible for coverage under one of the Claims Administrator's Medicare supplement plans. To be eligible for continuous coverage, the Claims Administrator must receive Your application within 31 days following Your termination from the Plan. If You apply for a Medicare supplement plan within six months of enrolling in Medicare Part B coverage, the Claims Administrator will not require a health statement. After the six-month enrollment period, the Claims Administrator may require a health statement. Benefits and premiums under the Medicare supplement plan will be substantially different from the Plan.

- If You are not eligible for Medicare, You may be eligible for coverage under one of the Claims Administrator's individual plans. Benefits and premiums under the individual plan may be substantially different from the Plan.

If the Agreement terminates and the Plan Sponsor transfers its health care plan to another contract with the Claims Administrator or to another carrier and You are covered under that plan, this continuation option does not apply.

**Strike, Lockout or Other Labor Dispute**

If Your compensation is suspended or terminated directly or indirectly as the result of a strike, lockout or other labor dispute, You may continue coverage under the Plan for Yourself and Your Beneficiaries during the dispute for a period not exceeding six months, by making the necessary payments for Your coverage through the Plan Sponsor. This provision will not apply if You and Your Beneficiaries are eligible for COBRA.

If You are employed under a collective bargaining agreement and involved in a work stoppage because of a strike or lockout, Your coverage can be continued for up to six months. You must pay the full cost, including any part usually paid by the Plan Sponsor, directly to the union or trust that represents You. And the union or trust must continue to pay the Claims Administrator the payments according to the Agreement. This six months of continued coverage is instead of and not in addition to any continuation of coverage provisions of the Plan.
General Provisions and Legal Notices

This section explains various general provisions regarding Your benefits under this coverage.

CHOICE OF FORUM
Any legal action arising out of the Plan benefit option described herein must be filed in a court in the state of Washington.

GOVERNING LAW AND DISCRETIONARY LANGUAGE
The Plan will be governed by and construed in accordance with the laws of the United States of America and by applicable laws of the state of Washington without regard to its conflict of law rules. The Plan Administrator, the Plan Sponsor, delegates the Claims Administrator discretion for the purpose of paying benefits under this coverage only if it is determined that You are entitled to them and of interpreting the terms and conditions of the Plan. Final determinations pursuant to this reservation of discretion do not prohibit or prevent a claimant from seeking judicial review of those determinations in federal court. The reservation of discretion made under this provision only establishes the scope of review that a court will apply when You seek judicial review of a determination of the entitlement to and payment of benefits or interpretation of the terms and conditions applicable to the Plan. The Claims Administrator is not the Plan Administrator, but does provide claims administration under the Plan, and the court will determine the level of discretion that it will accord determinations.

PLAN SPONSOR IS AGENT
The Plan Sponsor is Your agent for all purposes under the Plan and not the agent of the Claims Administrator. You are entitled to health care benefits pursuant to the Plan. In the Agreement, the Plan Sponsor agrees to act as agent for You in acknowledging Your agreement to the terms, provisions, limitations and exclusions contained in this Booklet. You, through the enrollment form signed by the Participant, and as beneficiaries of the Plan, acknowledge and agree to the terms, provisions, limitations and exclusions described in this Booklet.

LIMITATIONS ON LIABILITY
In all cases, You have the exclusive right to choose a health care Provider. Since neither the Plan nor the Claims Administrator provides any health care services, neither can be held liable for any claim or damages connected with Injuries You suffer while receiving health services or supplies provided by professionals who are neither employees nor agents of the Plan or the Claims Administrator. Neither the Claims Administrator nor the Plan is responsible for the quality of health care You receive, except as provided by law.

In addition, the Claims Administrator will not be liable to any person or entity for the inability or failure to procure or provide the benefits of the Plan by reason of epidemic, disaster or other cause or condition beyond the Claims Administrator's control.

NO WAIVER
The failure or refusal of either party to demand strict performance of the Plan or to enforce any provision will not act as or be construed as a waiver of that party's right to later demand its performance or to enforce that provision. No provision of the Plan will be considered waived unless such waiver is reduced to writing and signed by one of the Plan Sponsor's authorized officers.

NONASSIGNMENT
Only You are entitled to benefits under the Plan. These benefits are not assignable or transferable to anyone else and You (or a custodial parent or the state Medicaid agency, if applicable) may not delegate, in full or in part, benefits or payments to any person, corporation or entity. Any attempted assignment, transfer or delegation of benefits will be considered null and void and will not be binding on the Plan. You may not assign, transfer or delegate any right of representation or collection other than to legal counsel directly authorized by You on a case-by-case basis.
NOTICES
Any notice to Claimants or to the Plan Sponsor required in the Plan will be considered to be properly given if written notice is deposited in the United States mail or with a private carrier. Notices to a Participant or to the Plan Sponsor will be addressed to the last known address appearing in the Claims Administrator's records. If the Claims Administrator receives a United States Postal Service change of address (COA) form for a Participant, it will update its records accordingly. Additionally, the Claims Administrator may forward notice for a Participant to the Plan Administrator or Plan Sponsor if it becomes aware that it doesn't have a valid mailing address for the Participant. Any notice to the Claims Administrator required in the Agreement may be given by mail addressed to the Claims Administrator's Customer Service address; however, any notice to the Claims Administrator will not be considered to have been given to and received by it until physically received.

NOTICE OF PRIVACY PRACTICES
A Notice of Privacy Practices is available by calling Customer Service or visiting the Claims Administrators Web site.

RELATIONSHIP TO BLUE CROSS AND BLUE SHIELD ASSOCIATION
The Plan Sponsor on behalf of itself and its Claimants expressly acknowledges its understanding that the Agreement constitutes an agreement solely between the Plan Sponsor and Regence BlueShield, which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans (the Association), permitting Regence to use the Blue Shield Service Mark in the state of Washington for those counties designated in the Service Area, and that Regence BlueShield is not contracting as the agent of the Association. The Plan Sponsor on behalf of itself and its Claimants further acknowledges and agrees that it has not entered into the Agreement based upon representations by any person or entity other than Regence BlueShield and that no person or entity other than Regence BlueShield will be held accountable or liable to the Plan Sponsor or the Claimants for any of Regence's obligations to the Plan Sponsor or the Claimants created under the Agreement. This paragraph will not create any additional obligations whatsoever on the part of Regence BlueShield other than those obligations created under other provisions of the Agreement.

REPRESENTATIONS ARE NOT WARRANTIES
In the absence of fraud, all statements You make in an enrollment form will be considered representations and not warranties. No statement made for obtaining coverage will void such coverage or reduce benefits unless contained in a written document signed by You, a copy of which is furnished to You.

RIGHT TO RECEIVE AND RELEASE NECESSARY INFORMATION AND MEDICAL RECORDS
It is important to understand that Your personal health information may be requested or disclosed by the Claims Administrator. This information will be used in accordance with the Claims Administrator's Notice of Privacy Practices. To request a copy, visit the Web site or contact Customer Service.

The information requested or disclosed may be related to treatment or services received from:

- an insurance carrier or group health plan;
- any other institution providing care, treatment, consultation, pharmaceuticals or supplies;
- a clinic, Hospital, long-term care or other medical facility; or
- a Physician, dentist, Pharmacist or other physical or behavioral health care Practitioner.

Health information requested or disclosed by the Claims Administrator may include, but is not limited to:

- billing statements;
- claim records;
- correspondence;
- dental records;
- diagnostic imaging reports;
- Hospital records (including nursing records and progress notes);
• laboratory reports; and
• medical records.

The Claims Administrator is required by law to protect Your personal health information, and must obtain prior written authorization from You to release information not related to routine health insurance operations. A Notice of Privacy Practices is available by visiting the Web site or contacting Customer Service.

You have the right to request, inspect and amend any records that the Claims Administrator has that contain Your personal health information. Contact Customer Service to make this request.

NOTE: This provision does not apply to information regarding HIV/AIDS, psychotherapy notes, alcohol/drug services and genetic testing. A specific authorization will be obtained from You in order for the Claims Administrator to receive information related to these health conditions.

WHEN BENEFITS ARE AVAILABLE
In order for health expenses to be covered under the Plan, they must be incurred while coverage is in effect. Coverage is in effect when all of the following conditions are met:

• the person is eligible to be covered according to the eligibility provisions described in the Plan Document; and
• the person has enrolled in coverage and has been enrolled by the Claims Administrator.

The expense of a service is incurred on the day the service is provided and the expense of a supply is incurred on the day the supply is delivered to You.

WOMEN’S HEALTH AND CANCER RIGHTS
If You are receiving benefits in connection with a mastectomy and You, in consultation with Your attending Physician, elect breast reconstruction, coverage under the Plan will be provided (subject to the same provisions as any other benefit) for:

• reconstruction of the breast on which the mastectomy was performed;
• surgery and reconstruction of the other breast to produce a symmetrical appearance; and
• prosthesis and treatment of physical complications of all stages of mastectomy, including lymphedemas.
Definitions

The following are definitions of important terms used in this Booklet. Other terms are defined where they are first used.

Definitions specific to prescription medications are located in the section titled Your Prescription Medication Benefits Administered By CVS Caremark at the end of this Booklet.

PROVIDER DEFINITIONS

For Providers of care, we use the following terms:

Contracted Provider means a Provider that has a contract with the Claims Administrator or whose contract the Claims Administrator may access through a network leasing agreement. These Providers may or may not be in Your network.

In-Network Provider means a Contracted Provider that is in Your Provider Network. Your Provider Network is: Preferred. In-Network Providers will not bill You for the amount above the Allowed Amount for a Covered Service. For services under the Gene Therapy and Adoptive Cellular Therapy benefit, In-Network Providers include only the Claims Administrator's identified Centers of Excellence for the particular therapy.

Non-Contracted Provider means a Provider that does not have a contract with the Claims Administrator or whose contract cannot be accessed through a network leasing agreement. If a Covered Service is provided by a Non-Contracted Provider, the Provider may bill You the amount above the Allowed Amount.

Out-of-Network Provider means Providers that are not In-Network. For reimbursement of these Out-of-Network Provider services, You may be billed for balances over the Claims Administrator's payment level in addition to any Deductible, Copayment and/or Coinsurance amount for Covered Services. For services under the Gene Therapy and Adoptive Cellular Therapy benefit, Out-of-Network Providers include any Provider that is not one of the Claims Administrator's identified Centers of Excellence for the particular therapy.

Physician means an individual who is duly licensed as a doctor of medicine (M.D.), doctor of osteopathy (D.O.), doctor of podiatric medicine (D.P.M.), or doctor of naturopathic medicine (N.D.) who is a Provider covered under the Plan.

Practitioner means a healthcare professional, other than a Physician, who is duly licensed to provide medical or surgical services. Practitioners include, but are not limited to, chiropractors, psychologists, registered nurse practitioners, certified nurse midwives, certified registered nurse anesthetists, dentists (doctor of medical dentistry or doctor of dental surgery, or a denturist) and other professionals practicing within the scope of their respective licenses, such as massage therapists, physical therapists and mental health counselors.

Provider means a Hospital, Skilled Nursing Facility, ambulatory services facility, Physician, Practitioner or other individual or organization which is duly licensed to provide medical or surgical services.

GENERAL DEFINITIONS

Allowed Amount means:

- For In-Network Providers, the amount that they have contractually agreed to accept as full payment for a service or supply.
- For Out-of-Network Providers, the amount the Claims Administrator has determined to be reasonable charges for Covered Services or supplies. The Allowed Amount may be based upon the billed charges, as determined by the Claims Administrator, or as otherwise required by law.

Charges in excess of the Allowed Amount are not considered reasonable charges and are not reimbursable. For questions regarding the basis for determination of the Allowed Amount, contact the Claims Administrator.
Ambulatory Surgical Center means a distinct facility or that portion of a facility licensed by the state in which it is located, that operates primarily to provide specialty or multispecialty surgical services to patients who do not require hospitalization and for whom the expected duration of services does not exceed 24 hours following admission. Ambulatory Surgical Center does not mean: 1) individual or group practice offices of private Physicians or dentists that do not contain a distinct area used for specialty or multispecialty outpatient surgical treatment on a regular and organized basis; or 2) a portion of a licensed Hospital designated for outpatient surgical treatment.

Beneficiary means a Participant's eligible dependent who is listed on the Participant's completed enrollment form and who is enrolled under the Plan.

Booklet is the description of the benefits of this coverage. The Booklet is part of the Agreement between the Plan Sponsor and the Claims Administrator.

Calendar Year means the period from January 1 through December 31 of the same year; however, the first Calendar Year begins on the Claimant's Effective Date.

Claimant means a Participant or a Beneficiary.

Covered Service means a service, supply, treatment or accommodation that is listed in the benefits sections in this Booklet.

Custodial Care means care for watching and protecting a patient, rather than being a Health Intervention. Custodial Care includes care that helps the patient conduct activities of daily living that can be provided by a person without medical or paramedical skills and/or is primarily to separate the patient from others or prevent self-harm.

Dental Services means services or supplies (including medications) provided to prevent, diagnose, or treat diseases or conditions of the teeth and adjacent supporting soft tissues, including treatment that restores the function of teeth.

Effective Date means the date Your coverage under the Agreement begins after acceptance for enrollment under the Plan.

Emergency Medical Condition means a medical condition that manifests itself by acute symptoms of sufficient severity (including severe pain) so that a prudent layperson who has an average knowledge of medicine and health would reasonably expect the absence of immediate medical attention at a Hospital emergency room to result in any one of the following:

- placing the Claimant's health, or with respect to a pregnant Claimant, her health or the health of her unborn child, in serious jeopardy;
- serious impairment to bodily functions; or
- serious dysfunction of any bodily organ or part.

Experimental/Investigational means a Health Intervention that the Claims Administrator has classified as Experimental or Investigational. The Claims Administrator will review Scientific Evidence from well-designed clinical studies found in Peer-Reviewed Medical Literature, if available, and information obtained from the treating Physician or Practitioner regarding the Health Intervention to determine if it is Experimental or Investigational. A Health Intervention not meeting all of the following criteria, is, in the Claims Administrator's judgment, Experimental or Investigational:

- If a medication or device, the Health Intervention must have final approval from the United States Food and Drug Administration as being safe and efficacious for general marketing. However, if a medication is prescribed for other than its FDA-approved use and is recognized as "effective" for the use for which it is being prescribed, benefits for that use will not be excluded. To be considered "effective" for other than its FDA-approved use, a medication must be so recognized in one of the standard reference compendia or, if not, then in a majority of relevant Peer-Reviewed Medical Literature; or by the United States Secretary of Health and Human Services. The following additional definitions apply to this provision:
- Peer-Reviewed Medical Literature is scientific studies printed in journals or other publications in which original manuscripts are published only after having been critically reviewed for scientific accuracy, validity and reliability by unbiased independent experts. Peer-Reviewed Medical Literature does not include in-house publications of pharmaceutical manufacturing companies.
- Standard Reference Compendia is one of the following: the American Hospital Formulary Service-Drug Information, the United States Pharmacopoeia-Drug Information or other authoritative compendia as identified from time to time by the federal Secretary of Health and Human Services or the Washington State Insurance Commissioner.

- The Scientific Evidence must permit conclusions concerning the effect of the Health Intervention on Health Outcomes, which include the disease process, Illness or Injury, length of life, ability to function and quality of life.
- The Health Intervention must improve net Health Outcome.
- Medications approved under the FDA's Accelerated Approval Pathway must show improved Health Outcomes.
- The Scientific Evidence must show that the Health Intervention is at least as beneficial as any established alternatives.
- The improvement must be attainable outside the laboratory or clinical research setting.

Facility Fee means any separate charge or billing by a provider-based clinic in addition to a professional fee for office and urgent care visits that is intended to cover room and board, building, electronic medical records systems, billing, and other administrative or operational expenses.

Family means a Participant and his or her Beneficiaries.

Health Intervention is a medication, service or supply provided to prevent, diagnose, detect, treat or palliate the following: disease, Illness, Injury, genetic or congenital anomaly, pregnancy or biological or psychological condition that lies outside the range of normal, age-appropriate human variation; or to maintain or restore functional ability. A Health Intervention is defined not only by the intervention itself, but also by the medical condition and patient indications for which it is being applied. A Health Intervention is considered to be new if it is not yet in widespread use for the medical condition and the patient indications being considered.

Health Outcome means an outcome that affects health status as measured by the length or quality of a person's life. The Health Intervention's overall beneficial effects on health must outweigh the overall harmful effects on health.

Hospital means a facility that is licensed as a general acute or specialty Hospital by the state in which the Hospital is located. A Hospital provides continuous 24-hour nursing services by registered nurses. A Hospital has an attending medical staff consisting of one or more Physicians. A Hospital under this definition is not, other than incidentally, a place for rest, a nursing home or a facility for convalescence.

Illness means a congenital malformation that causes functional impairment; a condition, disease, ailment or bodily disorder, other than an Injury; and pregnancy. Illness does not include any state of mental health or mental disorder (which is otherwise defined in this Booklet).

Injury means physical damage to the body inflicted by a foreign object, force, temperature or corrosive chemical or that is the direct result of an accident, independent of Illness or any other cause. An Injury does not mean bodily Injury caused by routine or normal body movements such as stooping, twisting, bending or chewing and does not include any condition related to pregnancy.

Lifetime means the entire length of time a Claimant is covered under the Plan (which may include more than one coverage) through the Plan Sponsor with the Claims Administrator.

Medically Necessary or Medical Necessity means health care services or supplies that a Physician or other health care Provider, exercising prudent clinical judgment, would provide to a patient to prevent, evaluate, diagnose or treat an Illness, Injury, disease or its symptoms, and that are:

- in accordance with generally accepted standards of medical practice;
clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's Illness, Injury or disease; and
not primarily for the convenience of the patient, Physician or other health care Provider, and not more costly than an alternative service or sequence of services or supply at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's Illness, Injury or disease.

For these purposes, "generally accepted standards of medical practice" means standards that are based on credible Scientific Evidence published in Peer-Reviewed Medical Literature generally recognized by the relevant medical community, Physician Specialty Society recommendations and the views of Physicians and other health care Providers practicing in relevant clinical areas and any other relevant factors. (If "Medically Necessary" or "Medical Necessity" is specifically defined in any benefit under the Medical Benefits section, such definition shall be applicable for purposes of that benefit instead of this definition.)

Participant means an employee of the Plan Sponsor who is eligible under the terms described in this Booklet, has completed an enrollment form and is enrolled under this coverage.

Placement for Adoption means an assumption of a legal obligation for total or partial support of a child in anticipation of adoption of the child. Upon termination of all legal obligation for support, placement ends.

Regence refers to Regence BlueShield.

Retail Clinic means a walk-in health clinic located within a retail operation and providing, on an ambulatory basis, preventive and primary care services. A Retail Clinic does not include an office or independent clinic outside a retail operation, or an Ambulatory Surgical Center, urgent care center, Hospital, Pharmacy, rehabilitation facility or Skilled Nursing Facility.

Scientific Evidence means scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff; or findings, studies or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes. However, Scientific Evidence shall not include published peer-reviewed literature sponsored to a significant extent by a pharmaceutical manufacturing company or medical device manufacturer or a single study without other supportable studies.

Skilled Nursing Facility means a facility or distinct part of a facility which is licensed by the state in which it is located as a nursing care facility and which provides skilled nursing services by or under the direction and supervision of a registered nurse.
Your Prescription Medication Benefits Administered By CVS Caremark

Your prescription medication coverage is administered through CVS Caremark. Regence BlueShield assumes no liability for the accuracy of your prescription drug benefits information. Please visit CVS Caremark’s website at visit [www.caremark.com](http://www.caremark.com) or contact CVS Caremark’s Customer Service at 1 (844) 380-8838 if you have questions.

Prescription drug services for King County members are provided by CVS Caremark, a pharmacy benefit manager that isn’t affiliated with Regence. CVS Caremark contracts with pharmacies that participate in its nationwide network. The network includes all major chain pharmacies and most independent pharmacies, as well as a mail-order service, which have agreed to dispense covered prescription drugs to plan members at a discounted cost and not to bill plan members for any amounts over the copays.

CVS Caremark issues a separate prescription card to King County members to use when filling prescriptions at network pharmacies or through the CVS Caremark mail-order service. If you don’t show your prescription card, the network pharmacy cannot confirm that you’re covered through CVS Caremark. In this case, you’ll need to pay the pharmacy in full and submit a claim to CVS Caremark for reimbursement. Please contact CVS Caremark customer service at 1 (844) 380-8838 or visit [www.caremark.com](http://www.caremark.com) for more information.

You may receive up to a 30-day supply from a retail network pharmacy. You may receive a 30-day, 60-day or 90-day supply per prescription or refill through the mail-order service. If you use the mail-order service, you pay the 90-day copay even if your prescription is written for less than a 90-day supply. For a list of participating network pharmacies, contact CVS Caremark.

**ACCESSING PHARMACY CARE**

You may receive network benefits or out-of-network benefits, but the level of coverage depends on the pharmacy you use.

**Retail Pharmacy Purchases**

To fill a prescription at a network pharmacy and receive network benefits:

- you must choose an CVS Caremark network pharmacy;
- show your CVS Caremark prescription card to the network pharmacist each time you fill or refill a prescription (your Regence medical card isn’t valid when you purchase prescription drugs); and
- pay the copay for each covered new prescription or refill. There are no claim forms to submit because the network pharmacy bills the plan directly.

For certain prescription drugs and quantities, your physician will need to obtain preauthorization from CVS Caremark.

If you fill a prescription at an out-of-network pharmacy, you must pay the cost of the prescription and submit a claim to CVS Caremark for reimbursement. CVS Caremark reimburses you at the rate it would pay a network pharmacy, less the appropriate copay. **Any amount in excess of this rate is your responsibility.**

**Mail-Order Purchases**

You may purchase maintenance drugs through the mail-order service. "Maintenance drugs" are drugs you must take on an ongoing basis. The first time you use the mail-order service, fill out the patient information questionnaire on the order form available from CVS Caremark. This form also includes options for payment. You need to complete this questionnaire only once.

Each time you order a new prescription, you can either:

- send the order form and prescription, together with your payment, directly to the address on the form; or
- have your physician fax the prescription directly from his/her office or call CVS Caremark directly.
Once you have submitted the order form, you may obtain refills through the CVS Caremark Website, mail in your refill slip or call CVS Caremark.

All prescriptions are processed promptly and usually arrive within 14 days. If you don’t receive your medicine within 14 days or if you have questions, contact CVS Caremark customer service.

Your plan covers 30-day fills of medications you take regularly at any pharmacy in our network. After that, you can choose to have 90-day supplies of your long-term medications delivered by CVS Caremark Mail Service Pharmacy or pick them up at any CVS Pharmacy (including those inside Target stores) at the mail order copay.

If you use the mail-order service, you pay the 90-day copay amounts even if your prescription is written for less than a 90-day supply. There’s no out-of-network mail-order service.

CVS Caremark is closed Sundays and holidays, including New Year’s Day, Memorial Day, Independence Day, Labor Day, Thanksgiving and Christmas.

A patient care coordinator will contact your doctor and work with you to schedule a delivery time for your medication.

**Coverage While Traveling Outside the U.S.**

If you will be traveling outside the United States, you can notify CVS Caremark in advance of your travel and obtain up to a three-month supply of your prescription drugs from a network pharmacy at the regular copay rate. CVS Caremark will allow you and your covered dependents to obtain an advance three-month supply of medications for foreign travel up to two times a year per person.

If you will be traveling abroad for longer than three months, be prepared to purchase your prescription drugs at the retail rate in those other countries after your supply runs out. When you return to the United States, you will need to submit a claim for reimbursement of prescription drug purchases you made in those other countries. Your purchase of prescription drugs in other countries will be treated as an out-of-network expense and will be reimbursed at the out-of-network rate. For purposes of claim reimbursement, Puerto Rico, Guam and the U.S. Virgin Islands are not considered foreign countries, but cruise ships are.

For more information about filing a claim for prescription drugs purchased outside the U.S., contact CVS Caremark before you travel.

**Coverage during a Natural Disaster**

When a natural disaster occurs, prescriptions drugs may be lost or destroyed, and home delivery may not be feasible. Under certain circumstances resulting from a natural disaster, CVS Caremark may choose to allow members living in affected areas to obtain prescription drugs ahead of the regular refill schedule. For more information about obtaining prescriptions during a natural disaster, contact CVS Caremark.

**FORMULARY**

Your copay for a particular prescription is based on a list of drugs called a formulary, which sets the copay for that particular prescription based on its inclusion or exclusion in the formulary. For a copy of the formulary, including formulary alternatives, contact CVS Caremark.

**PREAUTHORIZATION**

CVS Caremark doesn’t determine the maximum number of refills or period when a prescription is valid because these limitations are mandated by federal and state laws regulating pharmacy practices. To promote proper use of medications, preauthorization and quantity-level limits have been implemented for certain prescriptions under your King County pharmacy benefit.

You or your prescribing physician can find out if preauthorization is required by contacting CVS Caremark before you have a prescription filled. For you and your physician’s convenience, CVS Caremark customer service assistance is available 24 hours a day, seven days a week at 844-380-8838. Otherwise, your pharmacist or the CVS Caremark mail-order service will advise you of the preauthorization procedures required to fill the prescription.

CVS Caremark routinely reviews prescribing guidelines to ensure that drugs are clinically appropriate, and may limit the quantities of certain drugs to ensure proper utilization. The list of drugs requiring preauthorization is subject to change.

To preauthorize a prescription, your prescribing physician or his/her representative must initiate the process with a phone call to CVS Caremark.

During the course of the review process, your eligibility will be confirmed and your prescription records checked to see if the prescription meets the established criteria.

Preauthorization requests are evaluated using criteria approved by King County. The request is then approved, denied or held for further information. If more information is required, CVS Caremark will notify the requestor. Once the information is provided by your physician, your request will be approved or denied.
If the request is approved, CVS Caremark will notify your physician and immediately update its database so you can fill the prescription.

If the request is denied, an CVS Caremark clinical pharmacist will verify that the denial is valid according to plan criteria. CVS Caremark will then notify:

- your physician verbally if the request was received by phone call; or
- you and your physician in writing if the request was received by mail.

When you receive a written denial, you may appeal that decision.

If you obtain the drug from a retail pharmacy or mail-order service, CVS Caremark pays for the drug and for administration by your physician, if needed;
- injectable prescription drugs purchased at a retail pharmacy or through mail-order service as a specialty drug (for some, preauthorization may be required; some injectables may be covered under medical services for a patient at a hospital);

The following items are not covered by your King County prescription benefit:

• anorexiants/weight-loss medications;
• any over-the-counter medication unless otherwise noted;
• blood products;
• compound drugs of which at least one ingredient is not a covered prescription drug;
• cosmetic/hair loss medications;

• drugs for a covered child’s maternity care;
• infertility drugs, including Viagra (unless preauthorized);
• non-approved drugs and substances (those the FDA hasn’t approved for general use and has labeled “Caution—Limited by federal law to investigational use”); and
• treatment of sexual dysfunction regardless of cause, including, but not limited to devices, implants, surgical procedures, and medications.

**MANAGING YOUR MEDICATIONS**
Through a program called Medication Therapy Management Services, you may receive personal consultation on managing the interactions and potential complications of the multiple medications you’re taking. Without additional cost to you, you may ask certified pharmacists to:

• review your entire list of medications, including prescription, herbal and over-the-counter medications, to make sure you’re not taking medications that conflict with each other;
• answer your questions about correct dosage and frequency of dosage;
• answer your questions about risks and side effects from multiple prescriptions (certified pharmacists make one follow-up call to make sure you’re not experiencing complications);
• find a less expensive medication covered under King County; and
• answer questions about over-the-counter medications.

**FILING A CLAIM**
When you go to a network pharmacy, there’s no claim to file. However, if you fill a prescription at an out-of-network pharmacy, you’re responsible for paying the pharmacy in full and submitting a claim to CVS Caremark, which will reimburse you at the negotiated rate within its network. To obtain a claim form, contact CVS Caremark. For the group number to use when filing a claim, see Contact Information.

When submitting a pharmacy claim, you need to include a completed claim form, together with the original prescription receipt, containing the following information:

• patient’s name;
• NCPDP number (pharmacy’s number) if listed on label;
• prescription number;
• date filled;
• dollar amount;
• quantity;
• days’ supply; and
• NDC number (drug code).

After your claim is processed, you’ll receive written notice describing the approval (amount submitted, amount covered/allowed and amount of reimbursement) or the reason for denial. Payment for covered prescriptions is made directly to you. Reimbursement typically takes about 14 days.

For prompt payment, submit all claims as soon as possible to:
CVS Caremark Attn: Claims Department P.O. Box 52136 Phoenix, AZ 85072-2136

Generally, CVS Caremark will not pay a claim submitted more than 12 months after the date of service or the date expenses were incurred. If you can’t meet the 12-month deadline because of circumstances beyond your control, such as being legally incapacitated, submit the claim to King County along with a written explanation of the circumstances. The county will determine whether your claim should be considered for payment.

CLAIMS REVIEW AND APPEALS PROCEDURES

Claims Denied for Reasons Other Than Eligibility
If you disagree with the decision on your claim for prescription drug coverage, you (or your authorized representative) will have 180 days to file a written appeal after your receipt of the notice of adverse decision. The decision on your appeal will be based on all comments, documents, records and other information you submit, even if they weren’t submitted or considered during the initial claim decision.

Appeals of An Adverse Decision
Mail appeals of an adverse decision to:
CVS Caremark Attn: Prescription Claim Appeals
MC 109 PO Box 52084 Phoenix, AZ 85072-2084
Fax: 866-443-1172

You should include the reasons you believe the claim was improperly denied, and all additional facts and documents you consider relevant in support of your appeal. The following type of information is helpful when submitting your appeal so that it may be handled in a timely manner:

• employee’s full name;
• patient’s full name;
• your CVS Caremark ID Number (located on the front of your prescription card);
• the date(s) services were provided;
• your mailing address;
• your daytime phone number(s);
• your e-mail address (if you would like to provide it);
• relevant information regarding the nature of your appeal; and
• a copy of your Explanation of Benefits, if applicable.

A new decision-maker will review your denied claim - the appeal will not be conducted by the individual who denied the initial claim. The new decision-maker will not give deference to the original decision on your claim. The reviewer will make an independent decision about the claim. If your claim was denied on the basis of medical judgment, the reviewer will consult with a health care professional who has appropriate training and experience in the field of medicine involved in your claim.

For appeals of adverse decisions involving urgent care claims, the plan will accept either oral or written requests for appeals for an expedited review. All necessary information may be transmitted between CVS Caremark and you or health plan providers by telephone, fax or other available expeditious methods.
Notice of Decision on Appeal

After your appeal is reviewed by CVS Caremark, you’ll receive a notice of decision on appeal within the time frames specified below. The time frames for providing a notice of decision on appeal generally begin when all necessary information has been received to perform the review. Notice of decision on appeal will be provided in writing. Urgent care decisions may be delivered by telephone, fax or other expeditious methods. The time frames for providing a notice of decision on appeal are as follows:

- urgent care appeals. As soon as possible considering the medical urgency, but no later than 72 hours after CVS Caremark receives your appeal and all information necessary to perform review; and
- claim denial appeals. Within a reasonable period of time appropriate to the medical circumstances, but no later than 10 business days after CVS Caremark receives your appeal and all information necessary to perform review.

If the appeal is denied, legal remedies may be pursued, but you or your representative must first exhaust this claim appeal process. If legal action is taken, the suit must be filed within two years of the date of service on which the claim is based, or you forfeit your right to legal action.
DEFINITIONS

DESI drugs
"DESI (Drug Efficacy Study Implementation) drugs" are drugs that lack substantial evidence of effectiveness according to the FDA; but since they’ve been used and accepted for many years without significant safety problems, they continue to be used today.

Formulary
A formulary is a list of covered generic and brand-name prescription drugs.

Generic Medications
Generic medications contain the same active ingredient(s) as brand medications and are subject to the same Food and Drug Administration (FDA) standards of quality, strength and purity. Since generic medications may be available from many manufacturers, competition will lower the price of the medication, which saves you money.

Limitations
"Limitations" are restricting conditions such as age, time covered and waiting periods, which affect the level of benefits

Progressive medication management
"Progressive medication management" is a program for administering the use of medications so that the safest and most effective prescription drugs at the lowest cost are used, beginning with the use of generic drugs and progressing to the use of preferred and non-preferred drugs as medically necessary.

Specialty Medications
Specialty medications are medications that are used for the treatment of complex, rare and/or chronic conditions that may be expensive, require special handling, storage or administration and/or be available through limited or restricted distribution channels. You can find a list of specialty medications that are available through CVS Specialty Pharmacy at www.CVSSpecialty.com.

Specialty Pharmacy
A Specialty Pharmacy is a pharmacy that dispenses specialty medications and provides enhanced patient care and disease management for members utilizing specialty medications.
