

King County Industrial Waste (KCIW) Industrial User Survey

MWPAAC Engineering and Planning Subcommittee
November 5, 2015

King County

Department of
Natural Resources and Parks

Wastewater Treatment Division

Industrial User Survey Purpose

- Meet EPA & Ecology requirements
- Create a master list of businesses in the service area.
 - (EPA requires we have a list of businesses, but not that we survey every business.)
- Inform businesses they are required to dispose of waste properly.
- Identify businesses that may require permits or authorization.

Survey changes since October 1 E&P

- Plain language
- More multiple choice questions
- Questions with easy answers: Tell us what's on your water bill; we will do the math
- Visual examples: sample water bills from some water districts
- Remove redundant questions

How MWPAAC can help

- Review survey questions today
- Help us share information about the survey with your agency staff
- Promote survey in your materials & web site

Working cooperatively with businesses to protect people, the environment, and the economy since 1969.
