This Annual Report of the King County Department of Adult & Juvenile Detention includes PREA information for the Adult Jails (KCCF & RJC), Juvenile Facility, and Work Release (WER).

PREA Intent, Purpose & Background
PREA was established in 2003 to address the problem of sexual abuse and sexual harassment of persons in the custody of U.S. correctional agencies. Major provisions of PREA include the development of standards for detection, prevention, reduction and punishment of prison rape. The Act applies to all public and private institutions that house adult or juvenile offenders and is also relevant to community-based agencies. DAJD has adopted a zero tolerance policy on issues pertaining to sexual abuse and sexual harassment involving inmates and is working continuously to implement new policies, training requirements for staff and inmates, and developing standards for detection, prevention, reduction and punishment of prison rape.

PREA: Prison Rape Elimination Act

PREA Allegation/Report: Counts each and every victim and suspect involved in PREA Cases to ensure all distinct attributes (race, gender, age, etc.) are acknowledged and included in the data provided. The data in these tables will not match the exact number of PREA Cases due to multiple victims or suspects included in some PREA Cases.
**PREA Case:** A situation or set of incidents that may involve the same victims and suspects on particular incident date(s). We see each PREA Case as a set of alleged actions linked together by virtue of the same incident date and suspect(s) or different dates involving the same victim and suspect over time.

**RJC:** Regional Justice Center

**SAIRC:** Sexual Abuse Incident Review Committee

**Important Information:** The following data will use the term “PREA Case” and “PREA Allegations/Reports” differently. The term “PREA Case” counts as a situation or set of incidents that may involve the same victims and suspects on particular incident date(s). We see each PREA Case as a set of alleged actions linked together by virtue of the same incident date and suspect(s) or different dates involving the same victim and suspect over time. The term “PREA Allegations/Reports” counts each and every victim and suspect involved in PREA Cases to ensure all distinct attributes (race, gender, age, etc.) are acknowledged and included in the data provided. The data in these tables will not match the exact number of PREA Cases due to multiple victims or suspects included in some PREA Cases.

Sexual Abuse Incident Review Committee

The Sexual Abuse Incident Review Committee (SAIRC) was formed by DAJD in February 2013 to comply with PREA Standards 115.86 (Adult), 115.386 (Juvenile) and 115.286 (Community Confinement/WER) Sexual Abuse Incident Reviews. According to these standards, DAJD must conduct a sexual abuse incident review at the conclusion of each sexual abuse investigation except when the allegation is determined as unfounded. These reviews typically occur within 30 days of the conclusion of a PREA Case investigation. The review team includes upper-level management (with input from line supervisors) and medical or mental health practitioners. For each investigation the SAIRC reviews the following criteria:

1. Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse;
2. Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility;
3. Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse;
4. Assess the adequacy of staffing levels in that area during different shifts;
5. Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.

Summary of Corrective Actions

During 2014, several changes were initiated to become compliant with PREA standards and prepare for the first DAJD PREA Audit that occurred at the Adult Facilities (KCCF and MRJC) in May. These efforts included: policy and procedure review and updates, form refinement, establishing formal processes for response to reports of sexual assault, establishing coordinated responses with internal and external agencies, enhancement of PREA training and specialized training in Transgender Policies, etc. Below are some corrective actions and information by facility/location:

King County Correctional Facility (KCCF)

- Transgender Policy Training;
- New Inmate Orientation Video – includes a specific updated section on PREA;
- Completion of all PREA Audit Corrective Actions.
Regional Justice Center (RJC)

- Refinement of relevant policies;
- Establishment and clarity of processes, procedures and forms;
