Manufactured Home Permits

The Department of Local Services, Permitting Division (Permitting) is responsible for the land and foundation permitting of manufactured (mobile) homes and other manufactured structures in the unincorporated areas of King County. The Washington State, Department of Labor and Industries (L&I) is responsible for the review and inspections of manufactured homes and manufactured structures.

This information applies to replacing or siting a manufactured home in the following situations:

- Replacing or siting a manufactured home in a mobile home park
- Permanent siting on a parcel or legal lot which is zoned for a single family residence
- Temporary construction residence
- Temporary manufactured home for medical hardship

King County Code requires that manufactured homes be certified by the U.S. Housing and Urban Development (HUD) and/or the Washington State, Department of Labor and Industries. Additional information can be found on the L&I “Find Labels” web site. A manufactured home located in King County before January 21, 1980, cannot be moved to a new location within King County without passing a minimum livability inspection by Permitting.
